GREENLAND NATIONAL PARK & FJORD EXPEDITION

Day 1
Reykjavík

Day 2
Denmark Strait

Day 3-10
Northeast Greenland National
Park & Scoresby Sund

Day 11-12
Denmark Strait

Day 13
Reykjavík

Set out on a 13-day Arctic adventure from Reykjavík to the untouched wilderness of East Greenland. Explore the majestic Scoresby Sund fjord system and, ice conditions permitting, venture into the world's largest national park—Northeast Greenland National Park. Along the way, experience serene landscapes, drifting icebergs, and rare Arctic wildlife, with a chance to visit the remote community of Ittoqqortoormiit.

DAY 1

Reykjavík

Explore the World's Northernmost Capital

Your adventure begins in Reykjavík.

Reykjavík is a laid-back city of art, culture and history. Exploring this delightful place is well worth your time. Stroll past the boutiques and outdoor shops along Laugavegur, gaze in awe at the striking Hallgrímskirkja Church and drop into the fascinating Reykjavík Art Museum.

If you have time, we recommend booking a Pre-Program with us to discover some of Iceland's natural highlights before your cruise begins.

DAY 2

At Sea

Getting Ready for Greenland

As we sail into the Greenland Sea on our way to the world's largest island, it's time to relax, find your sea legs and get acquainted with the onboard facilities.

The Expedition Team will give talks about your upcoming adventure and explain the protocols of respectfully visiting wildlife habitats and Indigenous Arctic communities. In the lecture hall, you'll find out what to expect in the epic landscapes of East Greenland National Park and the stunning fjords of Scoresby Sund.

If you're feeling active, head to the gym and work out with a view. On the other hand, you could try out the sauna, relax in a hot tub, indulge yourself at the onboard eateries or just find a quiet corner to read a book with a hot drink. Love science? Then join one of our onboard Citizen Science projects, a fun and engaging way to contribute to global research.

DAY 3-10

**Northeast Greenland National
Park and Scoresby Sund**

Explore the Wild East

We'll spend the next 10 days exploring Greenland's remote and pristine east coast. Start with the towering peaks and icy waters of Scoresby Sund, the world's largest fjord system. Ice conditions permitting, visit the remote settlement of Ittoqqortoormiit, one of the most isolated communities on Earth, and experience life on the edge of the Arctic.

If the sea ice allows, continue north into the vast Northeast Greenland National Park—the largest and most pristine national park on the planet. With little sign of human presence and rich Arctic wildlife, it offers a rare sense of peace and wonder. Each day brings new possibilities, from small-boat cruises and shore landings to nature walks and wildlife sightings, all guided by your expert Expedition Team.

DAY 11-12

Denmark Strait

HEADING BACK TO ICELAND

After exploring the remote beauty of Greenland, we'll set our course back to Iceland. Spend the days at sea recapping your experiences with your new friends, studying nature in the Science Center, listening to a lecture or two, or just relaxing on deck. Look out for the seabirds that follow our ship and keep an eye out for whales.

East Greenland's beauty is sure to have left its mark on you, so reflect on what you've seen – from the delicate ecology of the fjord systems to the ethereal elegance of the floating ice.

DAY 13

Reykjavík

End of the Expedition

We say a fond farewell to MS Spitsbergen as we end our expedition cruise in the lovely city of Reykjavík. With its interesting museums, stylish galleries, restaurants and geothermal pools, there's so much to enjoy in Iceland's capital.

And if you want to discover more of Iceland, you can join our optional Post-Program before you head home. Or simply extend your stay to enjoy more of Reykjavík and its surrounding geothermal attractions. It's a great place to end an epic journey!
