ITSL PRESIDENT

**EMMAN
BARRAMEDA**

ITSL PRESIDENT
A.Y 2024-2025

FROM THE PRESIDENT

This academic year, we embraced the challenge of fulfilling the ITSL Mission and Vision through our tagline, “Connecting Minds, Coding Our Futures.” To make this happen, we approached the academic year with a clear vision: to build strong connections with the tech industry through our various initiatives. This was made possible through the support of our org partners and our ITSL Adviser, Prof. Richelle E. Go, our Dean, Dr. Joy SG. Cruz, our Campus Director Dr. Joanne Concepcion, the ITSL Officers, and most especially, all of our Ka-ITs who actively supported our activities.

Beyond this, the academic year was dedicated to connecting our students with the tech industry and raising awareness—particularly through our alumni. We prioritized building meaningful relationships that would benefit us now academically and in the years to come through engaging webinars and collaborations with industry speakers and alumni who generously shared their time and expertise.

As your President, together with Vice President Vin Orbeta and the entire ITSL Officers, we are truly grateful for the progress we’ve made in connecting our students to the tech industry and bringing valuable knowledge to our Ka-ITs. None of this would have been possible without the collective efforts of our officers, adviser, dean, and most importantly—you, the students.

With that, we proudly present to you our Annual Accomplishment Report for the Academic Year 2024-2025.

01 CAPSTONE SUCCESS

Online Mentoring Session | Hosted by ITSL

Date: September 21, 2024

Mentors: Erickson Sicosana, Emman Barrameda and Jared Son Vicente

Attendees: 75 3rd Year IT and IS Students

In collaboration with: ISSL and StuDevPH

Evaluation: 4.73 out of 5

ABOUT

- This session helps students navigate the capstone journey, shares practical tips from mentors, and inspires confidence through real experiences.

02 ELEVATING WIREFRAMING DEVELOPMENT

Online Webinar | In-collaboration with ISSL

Date: September 27, 2024

Resource Speaker: Mr. Ted Raphael Pabiona

Attendees: 120 2nd and 3rd Year Students from IT & IS

In collaboration with: ITSL and StuDevPH

Evaluation: 4.53 out of 5

ABOUT

- This session introduces key wireframing techniques using Figma, shares practical UI/UX tips, and helps students design intuitive, project-ready interfaces.

03 AYTITANONG | TEACHER'S DAY EPISODE

October 5, 2024

Aired Date: October 5, 2024

Aired Time: 3 minutes, 48 seconds

Interviewers: Deputy Mary Angeline Balasoto,
PIO Fidel Izak Adriano

Views: 4.5K views

ABOUT

- AYTITanong was an ITSL commentary session where students shared their opinions on topics to strengthen connections within the organization, fostering better communication and collaboration with the IT Students.

04 EMPOWERING NEXT GENERATION

Online Webinar | Hosted by ITSL

Date: October 12, 2024

Resource Speaker: Ms. Darla David

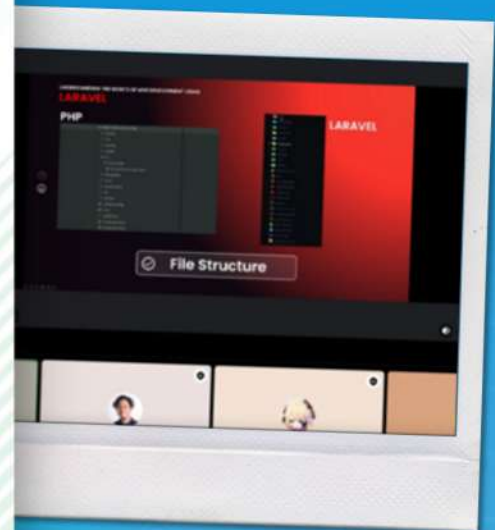

Attendees: 80 1st Year Students from IT & IS

In collaboration with: ISSL

Evaluation: 4.74 out of 5

ABOUT

- This light webinar gives 1st-year IT & IS students helpful tips, study strategies, and motivation to succeed in tech. It also highlights the importance of teamwork and continuous learning in their journey.

05 UNDERSTANDING THE BASICS OF LARAVEL

Online Webinar | In-collaboration with ISSL

Date: November 9, 2024

Resource Speaker: Mr. John Lester Legazpi

Attendees: 53 2nd & 3rd Year IT & IS Students

In collaboration with: ITSL and StuDevPH

Evaluation: 4.44 out of 5

ABOUT

- This session explains the difference between Vanilla PHP and Laravel, teaches how to set up Laravel Project, and shows how to use Eloquent for easy database tasks.

06 AYTI TANONG | 1ST SEMESTER EXPERIENCES

December 14, 2024

Aired Date: December 14, 2024

Aired Time: 5 minutes, 38 seconds

Interviewers: Deputy FrancJohn Hercules Asuncion,
Deputy Mary Angeline Balasoto, VP Vin Aaron Orbeta

Views: 3K views

ABOUT

- AYTI Tanong was an ITSL commentary session where students shared their opinions on topics to strengthen connections within the organization, fostering better communication and collaboration with the IT Students.

08 INTRO TO UI/UX LOW-CODE PLATFORMS

Online Webinar | In-collaboration with ISSL

Date: January 18, 2025

Resource Speaker: Mr. Art San Diego

Attendees: 228 IT and IS Students

In collaboration with: ITSL

Evaluation: 4.69 out of 5

ABOUT

- This session introduced low-code tools that make app building easier, even without coding. Students learned the basics of UI/UX design, explored key features like drag-and-drop components, explored the hands-on demo, and examined real-world examples to inspire future projects.

09 TECH CAREER STORIES PODCAST

with Sir Art San Diego

Aired Date: January 29, 2025

Aired Time: 30 minutes, 33 seconds

Interviewer: ITSL Pres., Emman Barrameda

Views: 2.5K views

Evaluation: 4.69 out of 5

ABOUT

- The Tech Career Stories - Podcast was a monthly series where IT alumni shared their experiences and career insights, offering advice and inspiration to current students. It connected alumni with students to guide their academic and professional journeys.

TECH CLASH

TECH
HIGHLIGHT

MySQL

MySQL is a popular open-source relational database management system (RDBMS) used for storing and organizing data in a structured way. It's widely used in web applications, e-commerce platforms, and content management systems.

FUN FACT 🤖

The name "MySQL" is a combination of "My" (the name of the company's co-founder, Michael Widenius) and "SQL" (the Structured Query Language)
