

Anton Automobile Repairs

Since 1980

Anton

Company Introduction

COMPANY PROFILE

Intelligent servicing starts with the selection of a perfect place. We love everything related to cars, and in our garage, we offer the best services and highly-trained professional. Anton Automobile is a full-service auto and truck preventive maintenance and auto repair center in Mussafah. We specialize in vehicle maintenance services, electrical services, transmission services, heavy duty services and much more. We are the first garage to be certified in **ISO 14001:2015**, **ISO 9001:2015** and **OHSAS 18001:2007**.

Anton's certified experts has over 100 combined years of experience and the knowledge to service and repair even the most challenging automotive problems on all makes and models. Our technicians are trained and certified. We use the latest technology to assess the situation and offer you alternatives. Turn to Anton for all your auto repairs & vehicle maintenance needs. We guarantee all our work and know you will be delighted with the outcome.

About us

COMPANY PROFILE

We were found...

Established on 20th June 1980 by our founder Mr. K P Antony making us one of the first five garages to open its doors in Abu Dhabi emirate. Due to our hard work and honesty in providing excellent service at competitive rates without compromising the quality, we are now one of the largest multi-brand garage. No matter the hardship we have faced we have always prevailed because of the trust customers put in us.

Our Values

PREMIUM QUALITY

We are persistent on the quality of service that is provided to all our customers. We believe quality is the key to success in maintaining such a large clientele.

AUTHENTICITY

We take pride in our roots. We are one of the first 5 garages in UAE. Our history is our inspiration to become the best in the market.

RELIABILITY

We want to be your trusted partner for all your car solutions.

UNDERSTANDING

We are always ready to listen to what our customer wants and give them what they want at competitive rates.

Mission

“We would like to provide dealership quality work, but in a more personal and friendly atmosphere. We only do the work that is needed to fix your problem.”

Vision

“We want to be the moral compass for all garages in the UAE.”

“Either We will find a way, or We will make one”

At Anton we provide a professional vehicle service for all makes and models of cars, vans, mini buses and trucks. Our high standard of servicing ensures that your vehicle is maintained in line with the manufacturer's specifications. Whilst each manufacturer will have their own guidelines of recommended service intervals, it is also advisable to consider your annual mileage and driving conditions. We are always happy to discuss this with you prior to booking your care for service. During the service your vehicle will be inspected and checked by our highly trained technicians. If our inspection identifies any faults we will contact you to discuss each element and provide a detailed quotes for parts and labour.

More information about us

With regard to automobile repairs & maintenance, we are well equipped to provide better service to our customers. Our garage is more than spacious to accommodate more than 50 vehicles at a time. We also have excellent facilities and latest technology to cater for any repair/maintenance jobs of Light Vehicles, Heavy Vehicles and all brands of civil equipment and cranes.

We have an excellent facilities with mechanical, denting, body building, painting, electrical & air conditioning sections. We have more than 25 well experienced technicians. We are also ready to provide Road Breakdown services either by bringing the vehicle to our garage or repairing the vehicle at site.

What we do?

COMPANY SERVICE

MECHANICAL SERVICES

From monthly visual inspections to comprehensive service checks, keeping an eye on every day wear and tear can stop small problems from becoming expensive headaches.

PAINTING SERVICES

Our service is your best bet and comes with a three-year warranty. This five stage painting process will resist chipping and is much more resilient than enamel finishes.

ELECTRICAL SERVICES

Diagnosing electrical problems is more of an intellectual job than it is turning a wrench. Ninety percent of solving an electrical problem will be done without ever opening your toolbox.

Computer Scanning

We can get to the heart of your troubles. Using the latest state-of-the-art technology, our diagnostic equipment will plug into your engines control unit and check for any fault codes and identify any engine management issues.

A/C Services

Have your cooling gas topped up or the system cleaned out. With specialized mechanics and a computerized-fault detecting system.

DENTING SERVICES

When it comes to collisions, our repair costs average up to 33% less than dealerships and other body shops. Whether you want to economically restore your older vehicle's original appearance, touch up your vehicle or return your damaged car to showroom condition.

PREVENTIVE MAINTANANCE

COMPANY SERVICE

We are giving...

Simple maintenance can keep your car working for many miles. From monthly visual inspections to comprehensive service checks, keeping an eye on every day wear and tear can stop small problems from becoming expensive headaches. As soon as you feel there is something wrong with your car like any kind of irregular noise, vibration, shimmer, or you note some leak or any warning light comes on while driving or anything that seems to be irregular- have your car inspected at as soon as you can-it might be unsafe to drive. It's advisable to check any small problem before it will cause something serious.

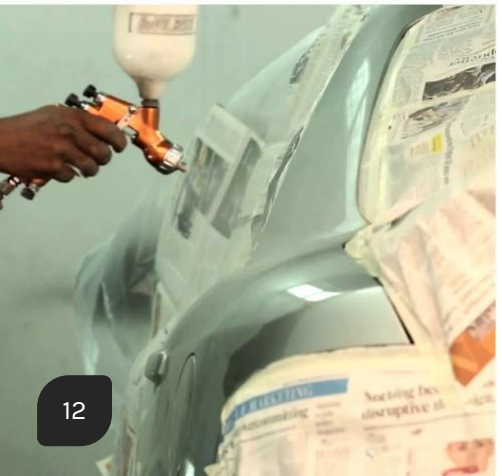

COMPREHENSIVE MAINTANANCE

COMPANY SERVICE

We are giving...

Anton Auto Repair Workshop offers comprehensive and affordable car maintenance packages to keep your car driving smoothly and safely. Our performance standards adhere to manufacturer's guidelines, ensuring the right services for your vehicle at the right time.

Although you should always refer to your owner's manual for recommended maintenance intervals and elements, the standard suggested maintenance program is to have minor check-ups every 5000Kms, with slightly more comprehensive check-ups at regular intervals.

01 Body Building

From a mobile freezer to a mobile cargo storage our technician can build one from scratch in 2weeks.

02 Painting

Our technicians have over 10 years of experiance. We are equipped with lesonal mixing machine which give over 30,000 shades for you to choose from.

03 Detailing

Polishing annually helps to keep you car's brand new look. We have comprehensive packages for 3M polish and ceramic coatings.

Dent Repair

We believe in denting the right way, and not just using the putty. A good dent job helps to maintain the paint quality.

Brake Disc Polishing

Our Kwikway Brake lathe can polish a brake disc in 20min, helping us to provide a speedy service to all our customers.

Paint Mixing Machine

Our partnership with lesonal help us to recreate any paint colour for any car brands from any era.

Engine Overhauling

The process of removing, repairing the damaged and setting back up. Get more mileage from your engine

Computer Scanning

Considering the large number of systems that use electricity in order to operate, being able to quickly diagnose electrical problems can be a real asset.

Get it fixed right the first time

If you want the quality you would expect from the dealership, but with a more personal and friendly atmosphere, you have found it.
