CASAMONTE

INTRODUCTION

Casamonte was founded on the belief that true artistry is a collaborative journey. Inspired by the timeless interplay of texture and design, Casamonte partners with distinguished artists and designers to craft surfaces that are both transformative and enduring. Through these partnerships, we have crafted collections that transcend trends, standing as timeless testaments to the power of design to inspire and connect. With every collection, we invite our customers to see their spaces not just as places, but as canvases for self-expression and stories waiting to be told.

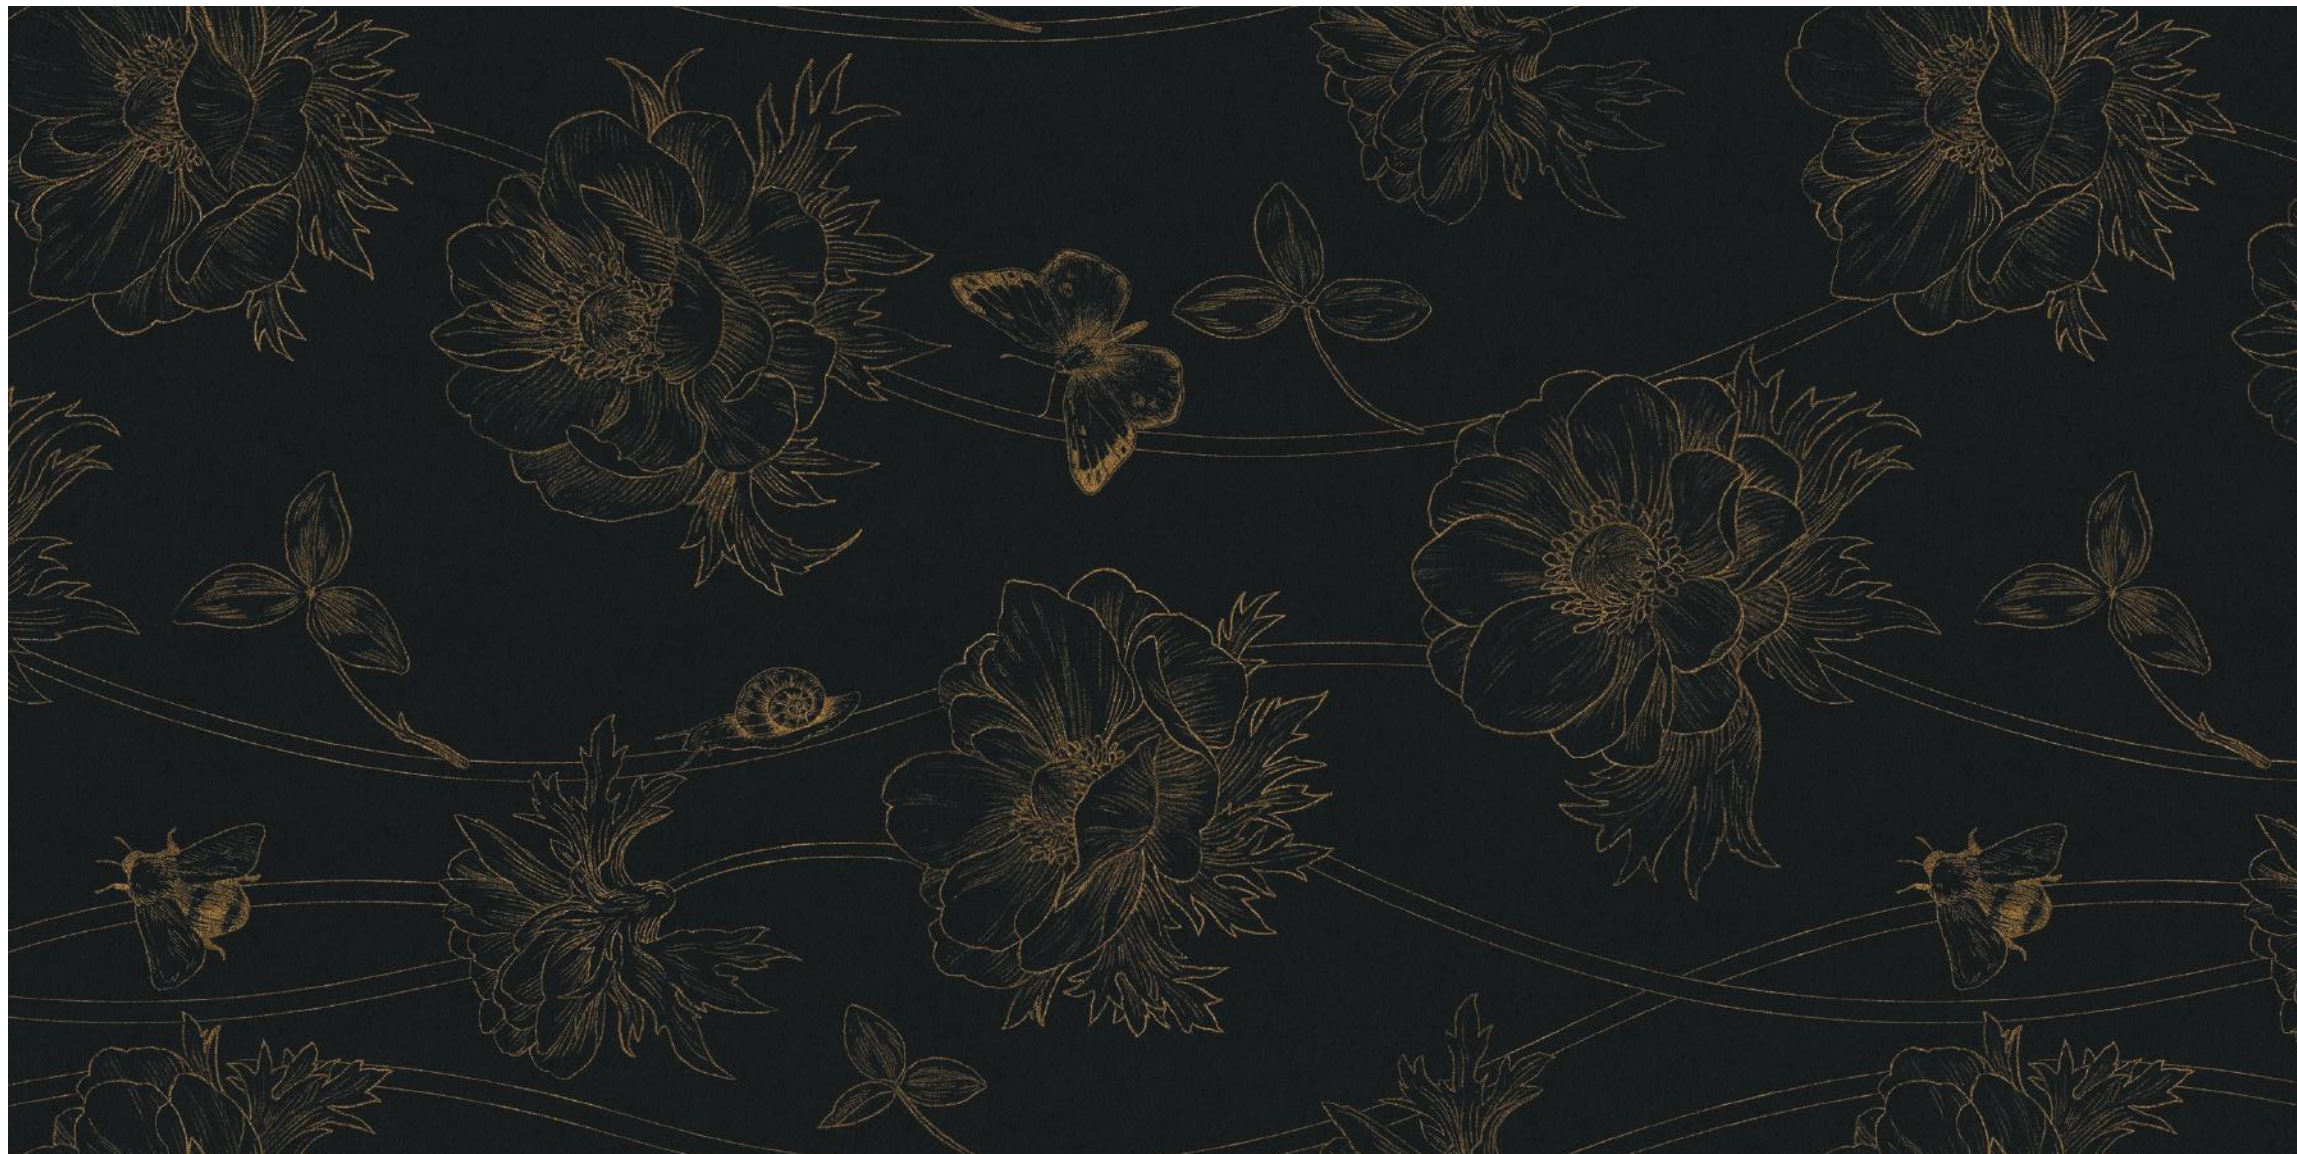

TECNOGRAFICA

The Technografica Collection by Casamonte is a masterful fusion of Italian artistry, innovative design, and natural inspiration. Co-created with the renowned design house Technografica, this exclusive wallcovering collection captures the essence of refined living through intricate textures, organic motifs, and timeless craftsmanship. Each design — from the delicate florals of Golden Flowers to the serene landscapes of Branches and the tropical elegance of Palm Leaves — transforms walls into immersive works of art. With a palette curated to evoke sophistication and calm, and a tactile quality that brings spaces to life, the Technografica Collection invites you to experience your surroundings as a canvas for pure expression. Perfect for luxury interiors seeking depth, dimension, and storytelling, these wallcoverings embody Casamonte’s vision of "The Art Form of Texture" and Technografica’s dedication to design innovation.

GOLDEN FLOWERS

The Golden Flowers design from Tecnografica exudes luxury and refinement, combining bold floral outlines with delicate golden detailing. Large blossoms unfold across the surface, accompanied by butterflies and bees, which add a touch of natural poetry. The fine metallic-style linework contrasts elegantly against the background, creating depth and dimension with a timeless decorative effect. Available in White, Mint, Peacock, Avio, Powder, Blue, Bordeaux, and Coal, each variation transforms the design's mood—White feels fresh and luminous, Mint and Peacock bring vibrant sophistication, Avio and Blue lean serene and elegant, Powder offers softness and romance, Bordeaux radiates richness and drama, while Coal emphasizes bold contrast and contemporary opulence. Together, these palettes allow the pattern to adapt seamlessly from light, airy interiors to dramatic statement walls. The first wallcovering displayed in each design group is shown at the actual pattern ratio.

3D JUNGLE

The 3D Jungle design from Tecnografica is a bold botanical design that layers oversized monstera and fern leaves to create striking depth and movement. The textured surface enhances its three-dimensional effect, giving the impression of foliage gently overlapping in a tropical canopy. Available in White, Gray, Beige, Black, and Green, each variation shifts the atmosphere—White feels fresh and airy, Gray delivers modern sophistication, Beige offers warmth and subtle elegance, Black creates a dramatic and luxurious statement, while Green brings the lush vibrancy of nature indoors. This versatility makes 3D Jungle a dynamic choice for interiors that aim to combine natural inspiration with contemporary style. The first wallcovering displayed in each design group is shown at the actual pattern ratio.

BRANCHES

The Branches design from Tecnografica offers a delicate and poetic interpretation of nature. Fine, hand-drawn branches extend gracefully across the surface, dotted with subtle leaves and perched birds that add quiet movement and life. The background carries a soft woven texture, giving the design depth and a tactile quality. Available in White, Brown, Gray, and Powder, each variation shifts the atmosphere—White feels airy and serene, Brown is warm and grounding, Gray is refined and contemporary, and Powder brings a gentle, romantic softness. Together, these options make Branches a versatile choice for interiors that seek elegance, tranquility, and a timeless connection to nature. The first wallcovering displayed in each design group is shown at the actual pattern ratio.

WATERCOLOR FLOWERS

The Watercolor Flowers design from Tecnografica captures the soft, fluid beauty of hand-painted florals. Each bloom appears brushed in gentle strokes, giving the impression of fresh petals and foliage rendered in delicate washes of pigment. The design balances spontaneity with elegance, as the translucent layers create a sense of depth and natural movement. Available in Blue, Pink, and Red, the palette transforms the mood—Blue feels calm and serene, Pink offers romance and delicacy, while Red brings warmth, vibrancy, and expressive charm. This versatility makes Watercolor Flowers ideal for interiors seeking an artistic, graceful touch infused with natural lightness. The first wallcovering displayed in each design group is shown at the actual pattern ratio.

PALM LEAVES

The Palm Leaves design from Tecnografica available in 4 different variations each offering a distinct mood. In Sand, the design feels warm and sunlit, with soft neutrals highlighting the tropical fronds. Earth introduces deeper, grounded tones that emphasize natural richness and organic depth. Snow presents a lighter, almost ethereal interpretation with crisp contrasts, evoking a fresh and airy atmosphere. Ash leans into cooler, muted shades that bring a modern, understated elegance to the leafy composition. Together, these variations allow designers to adapt the same lush botanical motif to a wide range of interiors, from vibrant and warm to sleek and contemporary. The first wallcovering displayed in each design group is shown at the actual pattern ratio.
