

DISCOVER WHY **WESTMINSTER COLLEGE (MO)**
IS YOUR IDEAL DESTINATION AS AN

international STUDENT

welcome to WESTMINSTER

Welcome to Westminster College

At Westminster College, our mission is to equip graduates with the intellectual, ethical, professional, and social foundations for leadership and service in a global community. Our caring campus community prioritizes student well-being and personal growth. Westminster's unique blend of classic Midwestern charm and famous historic landmarks make the College a welcoming place for all.

Who Thrives at Westminster?

Westminster is a perfect fit for international students who:

- **Focus on global leadership** and international awareness, ideal for students interested in diplomacy, history, or global affairs, with strong pre-professional programs in law, medicine, business, and political science.
- **Utilize support services** designed to make the most of the college experience. Tutors, math and writing labs, student success center, career readiness advisors, and more are here to enhance your experience.
- **Enjoy sports** and perhaps participate on one of our 22 NCAA Division III teams.
- **Value small class sizes**, 10:1 student to faculty ratio.
- **Prioritize a safe campus environment** that fosters diverse perspectives.

“What truly sets Westminster apart is its supportive community. From coaches to faculty to fellow students, I've been welcomed with open arms and continually encouraged in my academic, athletic, and personal growth.”

Carli Regier, Class of 2028

At Westminster College, our mission is to equip graduates with the intellectual, ethical, professional, and social foundations for leadership and service in a global community. Our caring campus community prioritizes student well-being and personal growth.

Key Attractive Majors to Consider

- **Accounting/Business:** Delivers transferable business skills idea for global markets.
- **Biology and Biochemistry:** Offers globally in-demand skills for healthcare and research, with hands-on lab experience.
- **Engineering:** Dual-Degree Engineering establishes a strong foundation in mathematical structure and analytical thinking.
- **Exercise Science:** Provides pathways to global health and wellness careers with practical internships.
- **Political Science:** Appeals to students interested in global governance, fostering critical debate.
- **Psychology:** Psychology builds a strong understanding of human behavior across cultures.

Opening Doors to Graduate Degrees in Collaboration With:

- **Washington University in St. Louis** (4+1 program in Accountancy; Dual Degree program in Engineering)
- **Missouri S&T** (Dual Degree Engineering)
- **Culver-Stockton College** (Dual Degree Exercise Science/Master's in Athletic Training)
- **Goldfarb School of Nursing** (Dual Degree in Nursing)
- **Logan University of Chiropractic** (Collaboration toward Doctor of Chiropractic)

Students majoring in either Security Studies or Political Science with a Security Studies track may take courses through Missouri State's Defense and Strategic Studies Graduate Department.

How We Help You to Thrive as an International Student

Westminster knows that all students are incredibly important. Our liberal arts foundation complements your major, preparing you for advanced studies or professional programs. You'll benefit from our robust support systems designed to help you adapt to U.S. academic life and transition seamlessly to graduate programs at larger institutions if desired.
