# TOWN OF DEDHAM

Town Moderator, Dan Driscoll

Town Meeting Representative,

Welcome to the 2023 Spring Annual Town Meeting. Dedham has both a Fall Annual Town Meeting and a Spring Meeting. The most significant difference between the two is that the Town's budget is debated at the Spring Meeting.

There has been much public (including social media) discussion about Dedham's tax bill and spending decisions. Based on what I read, it appears that the process for developing and approving the budget is not always well understood.

The budget that is contained in this Warrant Book is one that reflects the work of the Town Manager, the department heads, and the School Department. That Town Manager's budget is then presented to the Finance and Warrant Committee who conduct open, public hearings where every line item can be questioned. The Finance and Warrant Committee and Town officials spend several months re-working the numbers and, inevitably, reduce the spending that was originally requested. At Town Meeting, you are asked to vote on the version of the budget that has been recommended by the Finance and Warrant Committee. This will be the time for you to question and debate any of the proposed expenditures. You may offer amendments to the proposed budget lines.

There are really two budgets that will be considered at Town Meeting. The operating budget, which contains the costs of personnel, purchased services, supplies and other such costs are in Article 3. Article 4 contains the big-ticket items, the capital costs such as renovations, large equipment and other substantial projects that have a longer life. These requests have been reviewed by both the Capital Expenditures Committee and the Finance and Warrant Committee. For the first time, these two committees worked side by side this year in evaluating the requested expenditures.

Both committees are made up entirely of citizens of the Town. Town officials appear before these committees but do not have a vote in determining the projects and costs that are recommended to you. Ultimately the 273 Town Meeting Representatives make the final decision.

There is a lot to absorb in the Warrant Book. As always, feel free to contact me at [djdriscoll29@gmail.com](mailto:djdriscoll29@gmail.com) or 617-510-1797 with questions or concerns.

## TOWN OF DEDHAM

### Finance and Committee Chair, Dave Roberts

Dear Town Meeting Representatives and the Citizens of Dedham,

There are thirty-two articles on the Spring 2023 Warrant. Twenty-six are within the purview of the Finance and Warrant Committee (FWC). Articles twelve through sixteen are within the jurisdiction of the Planning Board.

The FWC conducted nine public hybrid hearings on all articles including presentations from department heads regarding their budget submissions. In addition, the FWC held hearings on proposed capital requests and heard from proponents, and any opponents, of each article.

As per established practice, the recommendations of the FWC are contained at the end of each article. I would like to take this opportunity to bring to your attention the following information and recommendations.

Article 3: Not unlike surrounding communities, Dedham continues to face challenges and uncertainty due to a number of outside factors. Supply chain issues, coupled with record inflation and increasing utility costs are budget drivers that impact municipalities including ours.

The Town Manager's initial level service budget recommendation reflected a 5.6% increase over FY'23. This included a 6.9% increase for the School Dept. Given the latest increases to the average residential taxpayer, the FWC requested information and implications, of a 1% budget reduction to the projected Average Single Family Home's tax bill. This 1% reduction equaled a \$990,000 reduction in spending, divided equally between the Town and School Department. The Town's recommendation includes a reduction in legal services, a reduction to yard waste collection and postponed vehicle replacements for the Facilities Department. To achieve their reduction, the School Department will maintain class size ratios but may have some reduction in staff. By a 9-0 vote, the FWC recommended the Town Manager's budget, with the above reductions, which represents an increase of 4.75% for FY2024.

These were difficult decisions but we recognize the challenges so many residents face in this current economic climate and we want to be responsive to their needs.

On behalf of the FWC, we would like to recognize and thank the preparation, guidance and assistance of Town Manager Leon Goodwin, Assistant Town Manager Nancy Baker, Finance Director John Arnett, Management Analyst Brady Winsten, and Assistant to Administration Doreen LaBrecque. The committee would like to acknowledge Interim School Superintendent Dr. Ian Kelly and Assistant Superintendent for Business Matt Wells for their assistance during our hearings. If you have questions regarding the FWC recommendations, please do not hesitate to contact me at [bostate72@gmail.com](mailto:bostate72@gmail.com).

Regards,

David Roberts, Chair

**C. Insert new definition in Section 10.1 following the definition of “Dwelling Unit”:**

**ELECTRIC VEHICLE CHARGING STATION** - An electric component assembly or cluster of component assemblies designed specifically to charge batteries within electric vehicles by permitting the transfer of electric energy to a battery or other storage device in an electric vehicle. There are three levels of electric vehicle charging stations:

- Level 1 charges through a 120-volt (V), alternating-current (AC) plug.
- Level 2 charges through a 240V, AC plug.
- Level 3 charges through a 480V, direct-current (DC) plug.

No additional parking spaces shall be required for electric vehicle charging stations and parking spaces associated with electric vehicle charging stations shall be counted as parking spaces for purposes of determining compliance with the minimum parking requirements under the Zoning Bylaw, or take any other action relative thereto. **Referred to Planning Board for study and report.**

**RECOMMENDATION  
OF THE PLANNING  
BOARD:**

That it be so voted.

**DESCRIPTION OF  
ARTICLE**

The purpose of Article 12 is to regulate and define electric vehicle charging stations, known as EV charging stations in Dedham. The current zoning bylaw does not regulate EV charging stations. Due to increased demand for this infrastructure, adopting new regulations in the zoning bylaw will provide homeowners, businesses, and the Building Department with predictability and clarity regarding installing EV charging stations.

# ARTICLE THIRTEEN: PROPOSED AMENDMENT TO SECTION 10.1 OF THE ZONING BYLAWS

By the Planning Board. To see if the Town will vote to amend Section 10.1 of the Dedham Zoning Bylaws by inserting the following definition:

Human Occupancy - Use of a building by people sleeping, cooking, bathing, using sanitary facilities, and similar dwelling purposes; for carrying out trade, profession, industry, or business but not including the portion of the building with more than one-half its height measured from finished floor to finished ceiling below the grade of the adjoining building and not considered a story when used exclusively for personal or commercial storage, mechanical, equipment and utilities, or where there is no common human presence.

or take any other action relative thereto. **Referred to Planning Board for study and report.**

## RECOMMENDATION OF THE PLANNING BOARD:

That it be so voted with the insertion of additional language shown in bold and deleting language shown in strikethrough, as follows:

~~Human Occupancy - Use of a building by people sleeping, cooking, bathing, using sanitary facilities, and similar dwelling purposes; for carrying out trade, profession, industry, or business but not including the portion of the building with more than one-half its height measured from finished floor to finished ceiling below the grade of the adjoining building and not considered a story when used exclusively for personal or commercial storage, mechanical, equipment and utilities, or where there is no common human presence.~~ **Such portions of a building used by people for sleeping, cooking, bathing, sanitary facilities, and similar dwelling purposes or for carrying out a trade, profession, industry, or business, provided, however, the portion of the building with more than one-half its height measured from finished floor to finished ceiling below the grade used exclusively for storage, mechanical equipment and utilities associated with allowable use of said building, or where there is no common human presence, shall not be considered areas of human occupancy and shall not be counted as a story of a building.**

## DESCRIPTION OF ARTICLE

Article 13 would add a definition of “Human Occupancy” to the Definitions (Section 10) of the Dedham Zoning Bylaw. Currently, there is no definition of “Human Occupancy” in the Town of Dedham Zoning Bylaw. Adding a definition would provide consistency and clarity for developers, Town departments, and Town boards.

## **ARTICLE FOURTEEN: PROPOSED AMENDMENT TO DEDHAM ZONING MAP & CHAPTER 280 OF THE ZONING BYLAWS**

By the Planning Board. To see if the Town will vote to amend the Dedham Zoning Map to add a new overlay district entitled Multi-Family Housing Overlay District (MFHOD), consisting of sub-districts MFHOD-1 (Low Density) and MFHOD-2 (High Density), as depicted on a plan on file with the Town Clerk, and further to amend the Dedham Zoning Bylaws, Chapter 280, to establish requirements for such District for the purpose of complying with the Commonwealth's Multi-Family Housing Requirement for MBTA Communities, as set forth in G.L. Chapter 40A, Section 3A, as follows:

### **A. Insert in Section 2.1(b) a new overlay district as follows:**

8) Multi-Family Housing Overlay District (MFHOD) superimposed over the other zoning districts or part thereof so that the provisions of this Bylaw pertaining to such underlying districts remain in effect, except where the MFHOD regulations impose different or additional, greater or more restrictive requirements.

### **B. Insert a new Article XIV, as follows:**

#### **Article XIV Multi-Family Housing Overlay District (MFHOD)**

##### **§ 280-14.1 Purpose.**

The Multi-Family Housing Overlay District (MFHOD) is established to allow for and encourage the development of multi-family housing by right, and to comply with the requirements for MBTA Communities as set forth in G.L. c.40A, §3A. The requirements set forth herein shall be applied so as to encourage the development of multi-family housing projects of a scale, density and aesthetic that are compatible with existing surrounding uses and minimize impacts to sensitive land. To the extent possible, multi-family housing shall allow for safe, accessible, and convenient access to transit stations for pedestrians and bicyclists.

##### **§ 280-14.2 MFHOD Boundaries; Sub-Districts.**

The boundaries of the MFHOD are depicted on the Zoning Map on file with the Town Clerk. The MFHOD is further divided into two subdistricts: MFHOD-1 and MFHOD-2, as depicted on the Zoning Map and described herein.

##### **§ 280-14.3 Applicability.**

The provisions of the Multi-Family Housing Overlay District (MFHOD) shall apply to all land within the MFHOD, and shall apply uniformly to subdistricts MFHOD-1 and MFHOD-2 except as expressly distinguished in this Article. Any matter not addressed herein shall be governed by the provisions of the Zoning Bylaw applicable to underlying zoning districts. In the event of any inconsistency between the provisions of the MFHOD and any other provisions of the Zoning Bylaw, the provisions of the MFHOD shall govern. The provisions of this Zoning Bylaw pertaining to those zoning districts underlying this overlay district shall remain in effect.

##### **§ 280-14.4 Definitions.**

The definitions set forth herein shall apply solely within the MFHOD, and shall control in any instance where they may be inconsistent or conflict with other definitions in the Zoning Bylaw.

#### **Multi-Family Housing Overlay District (MFHOD) Affordable Unit**

A multi-family housing unit that is subject to a restriction in its chain of title limiting the sale price or rent, or limiting occupancy to an individual or household of a specified income, or both. Affordable units may be, but are not required to be, eligible for inclusion on DHCD's Subsidized Housing Inventory.

## **Multi-Family Housing**

Shall have the meaning set forth in G.L. c.40A, §1A, as it may be amended. As presently defined, “Multi-family housing” means a building with 3 or more residential dwelling units or 2 or more buildings on the same lot with more than 1 residential dwelling unit in each building.

## **Residential Dwelling Unit**

A single unit providing complete, independent living facilities for one or more persons, including permanent provisions for living, sleeping, eating, cooking and sanitation.

### **§ 280-14.5 Use regulation.**

**A. Allowed Use.** Land within the MFHOD may be used for either:

- 1) Multi-Family Housing, as of right, subject to the requirements set forth herein and such further requirements of the underlying zoning district that are not inconsistent with the requirements of this MFHOD; or
- 2) A use allowed in the underlying district by right or by special permit, to which the requirements of the underlying district shall apply.

Multi-Family Housing in the MFHOD shall be not subject to the requirements for a Planned Residential Development, Planned Commercial Development, or a Major Nonresidential Development of this Zoning Bylaw.

**B. Site Plan Review.** Site plan review shall apply to all uses in the MFHOD in accordance with **§ 280-9.5** Site Plan Review of the Dedham Zoning Bylaw. Where site plan review applies to Multi-Family Housing use in the MFHOD, the following further requirements shall apply in addition to those in **§ 280-9.5**.

- 1) The Planning Board may enlist a peer review architect during the site plan review process to ensure the building design of a MFHOD project is compatible with existing community characteristics and representative of building design best practices.

### **§ 280-14.6 Dimensional requirements.**

The following dimensional requirements shall govern Multi-Family Housing within the MFHOD. These requirements shall supersede any contrary or inconsistent requirements in the Zoning Bylaw including, but not limited to, the requirements set forth in Article IV. The requirements of § 280-4.4 and § 280-4.7 shall not apply to Multi-Family Housing in the MFHOD.

Shall mean housing affordable to moderate income households, as defined below.

**AFFORDABLE TO PERSONS OR FAMILIES QUALIFYING AS MODERATE INCOME or MODERATE-INCOME HOUSEHOLDS**

**C. Preference:**

1) The Affordable Units may be Local Action Units developed in compliance with and approved pursuant to the requirements for the same as specified by Commonwealth of Massachusetts Department of Housing and Community Development (DHCD), or successor agency, or (if approved by the Planning Board) affordable dwelling units developed under such additional programs adopted by the Commonwealth of Massachusetts or its agencies. All such affordable dwelling units shall count toward the Town of Dedham's requirements under Sections 20-23 of Chapter 40B of the General Laws of Massachusetts, and shall be listed on the Subsidized Housing Inventory (SHI) maintained by DHCD. The developer shall assist the Town in the preparation of any forms required.

2) To the extent permitted by applicable law, and after approval by DHCD, otherwise qualified Dedham residents shall have a first opportunity and preference for the affordable dwelling units in an Inclusionary Project. For purposes of this requirement, "Dedham residents" shall be defined as a current Town of Dedham resident (as established through certification by the Dedham Town Clerk based on census, voting registration, or other acceptable evidence), or a current employee of the Town of Dedham or business establishment located in Dedham, or households with children attending the Dedham Public Schools.

**§ 280-14.12 Modification of dimensional, landscaping and parking requirements.**

Where soil conditions, lot shape, topography, architectural or structural conditions make literal compliance with the dimensional, landscaping and/or parking of this Zoning Bylaw as they concern Multi-Family Housing in the MFHOD impracticable or infeasible, the Planning Board may approve a site plan showing alternative means of complying with the objectives of the Zoning Bylaw, and may allow the use of alternative land-scaping, buffers, or parking, provided it determines that such alternatives to be in the public interest and not inconsistent with the intent and purpose of the Zoning Bylaw. For any modification, the Planning Board shall make detailed written findings of:

**A.** Specific conditions that render literal compliance with the terms of this Bylaw impracticable or infeasible.

**B.** The specific alternative means of complying with the terms of this Bylaw.

**C.** An analysis of the manner in which the modification is in the public interest and not inconsistent with the intent and purposes of this Bylaw.

or take any other action relative thereto. **Referred to Planning Board for study and report.**

**RECOMMENDATION  
OF THE PLANNING  
BOARD:**

That it be so voted with the insertion of additional language shown in bold and deleting language shown in strikethrough, as follows:

280-14.11(B.): In determining the number of moderate-income units to be provided, a fractional share of 0.4 or more shall be regarded as a whole unit and a fractional share of ~~0.3 or less~~ **than 0.4** shall require no contribution to satisfy the fractional share.

**DESCRIPTION OF  
ARTICLE**

The purpose of Article 14 is to establish a new Multi-Family Overlay District (MFHOD) centered around the MBTA Dedham Corporate Center Station, in order to comply with the state's MBTA Communities legislation. The MBTA Communities legislation requires each municipality with MBTA subways, commuter rails, and buses to provide at least one zoning district of reasonable size in which multi-family housing is permitted as of right and meets other criteria. Dedham currently does not provide multi-family housing without a special permit from the Planning Board. Article 14 would provide the zoning changes necessary for compliance. Failure to comply will make the Town ineligible for certain State funding opportunities and render it liable to further enforcement of the statutory requirement.

### RECOMMENDATION OF THE PLANNING BOARD:

That is be so voted with the insertion of additional language shown in bold and deleting language shown in strikethrough, as follows:

Each violation of this bylaw shall be subject to a penalty of ~~\$300~~ **of not less than \$100 and not more than \$300** per violation, per day, and shall otherwise be enforced in accord with Section 1-6 of the General Bylaws.

### DESCRIPTION OF ARTICLE

The Petitioners of Article 19 seek to amend the definition of "Motel or Hotel" of Section 10 (Definitions) of the Dedham Zoning Bylaw. The current definition limits the stay of a guest in hotel or motel with "independent cooking facilities" to not more than four continuous months or more than six months in a calendar year. Article 19 proposes an amendment to the definition so stay restrictions would apply equally to all hotels or motels (and not just those with independent cooking facilities). In addition, Article Nineteen provides for a specific daily penalty of \$300 for any violation. Currently, Section 280-9.1.B of the Dedham Zoning Bylaw provides for a daily fine of "not more than \$300" for violations.

## ARTICLE TWENTY: PROPOSED MORATORIUM ON NEW DEVELOPMENT

By District One Town Meeting Representative William Shaw McDermott. To see if the Town will vote to impose a Moratorium that is limited in duration, scope and purposes as follows:

In view of the report of the Planning Board in 1980, reflected in the Town Report of 1989; the Open Space Plan of 1991; the build out study prepared by the Metropolitan Area Planning Council ("MAPC") in 2001; the analysis prepared in the 2009 Master Plan of areas of Potential Development on vacant Residential Lane (Table 3.3); the analysis of potential development on vacant land being refined by the MAPC for the "Designing Dedham 2030" Master Plan, in light of the 26 house Planned Residential Development on Lowder Street in the SRA zoning district;

In consideration of the 43 years history since 1980 of the reduction of undeveloped land from the then calculated 2000 acres and the reduction of potentially developable residential acres in 2001 from over 880 acres to under 200 acres today, with today's remaining undeveloped acreage more evenly distributed as between zoning district Single Resident A on one hand and zoning districts Single Resident B and General Resident on the other;

In light of population trends for the town for 2020 to 2050, as reflected in the foregoing town reports and studies and, the 2014 housing study entitled "The Town of Dedham: Yesterday, Today and Tomorrow" prepared by the Northeastern University School of Public Policy & Urban Affairs, and data from the United States Census Bureau;

And in further consideration of the need to study the effects of land development on the increased burden of traffic and constraints on water usage in the Town;

And in further consideration of the availability of federal and local sources of funding to study these critical issues of traffic and water;

Be it resolved that the Town imposes a limited Moratorium of one year in duration from the enactment of this Article on the issuance of special permits for new development projects on undeveloped residential land exceeding five acres in size, for the purpose of evaluating the impacts of land development in the town on traffic and water, or take any other action relative thereto.

## MUNICIPAL FINANCE TERMINOLOGY

The following terms are frequently used in the Annual Town Report and at Town Meeting. Definitions are provided in order to provide an understanding of their meaning:

**CAPITAL OUTLAY EXPENDITURE EXCLUSION:** A type of tax override that allows towns to raise funds for capital projects. Its rules are similar to those for debt exclusions, except the cost is only added to the levy for the year in which the project is undertaken.

**CHERRY SHEET:** Named for the cherry colored paper on which the Massachusetts Department of Revenue traditionally has printed it, listing the amounts of state and county assessments, as well as the estimated state distribution (State Aid).

**DEBT EXCLUSION:** A debt exclusion allows towns to raise funds to pay for debt incurred by the town. The amount of the payment is added to the levy for the life of the debt, and is not included in calculations of the new levy limit for future years. A debt exclusion requires a two-thirds majority vote to borrow at town meeting and requires a majority vote at a special town election.

**EXCESS LEVY CAPACITY:** If a community sets its levy below its levy limit, the difference between them is called excess levy capacity. The levy limit is not affected by excess capacity, however, meaning that in future years a town can tax up to that limit regardless of the previous levy. For example, a one percent levy increase one year allows the town to raise the levy by 4 percent the next year - the normal 2 ½ percent, plus the 1 ½ percent not taxed the year before.

**FREE CASH:** The amount certified annually by the State Bureau of Accounts by deducting from Surplus Revenue (formally the "Unreserved Fund Balance" or "Excess and Deficiency") all uncollected taxes of prior years. Surplus Revenue is the amount by which the cash accounts receivable and other assets of the Town exceed the liabilities and reserves. Surplus revenues build up mainly from unexpended balances of general appropriations and from excess receipts from non-tax sources (Local Receipts) over estimated receipts. Free Cash may be appropriated by vote of the Town Meeting.

**GENERAL OVERRIDE:** Residents can vote to increase tax levies beyond the levy limit, as long as the community is below the levy ceiling. The increase is included in the levy for that year and added to the base used to calculate future levy limits. An override requires a majority vote of the town at a special town election.

**GENERAL STABILIZATION FUND:** This fund serves as a general financial reserve for the Town. Money may be appropriated to the Fund up to ten percent of the preceding year's tax levy, but the Fund may not exceed ten percent of the total tax valuation of the Town. The Fund may be used for any legal purpose by a two-thirds vote of the Town Meeting. Interest earned remains in the Fund.

**LEVY CEILING:** The maximum amount a community may levy under all conditions. A community's levy ceiling is 2 ½ percent of the aggregated valuation of all taxable properties.

**LEVY LIMIT:** The maximum amount a community may levy in a year. The levy limit can increase only by 2 ½ percent each year, plus adjustment for new growth and the addition of the debt service for previously voted tax overrides, such as debt exclusions.

**MAJOR CAPITAL FACILITIES STABILIZATION:** This is another special purpose reserve created by vote of Town Meeting. Expenditures may be made from the fund only on a two-thirds vote of Town Meeting. It is a management policy of the Town that this fund be used for major construction or renovation of buildings estimated to cost \$4 million or more.

Municipal Finance Terminology continued on next page →

**MITIGATION STABILIZATION:** These are special purpose reserves created by vote of Town Meeting. Like the General Stabilization Fund, expenditures from these funds require a two-thirds vote of Town Meeting.

**MWRA:** The Massachusetts Water Resources Authority was established in 1985 to provide water supply services and sewer collection, treatment and disposal services to the region. To fund its operations and debt the MWRA sets user rates and assesses each town in the area according to the metered flow of water through the sewers. Dedham funds its sewer assessment from billings based upon a metered water use rate set by the Selectmen. The Town is not assessed water use charges.

**NEW GROWTH:** A community can increase its levy limit annually based on new development and other growth in the tax base. Property that has increased in value because of new construction, new subdivision parcels and condominium conversions, and new properties are all considered new growth. An increase in property value assessed during triennial reevaluation (appreciation) is not considered new growth.

**OTHER AVAILABLE FUNDS:** Certain receipts, when received by the Town, must be set aside and reserved for particular appropriation. These include the Endicott Estate Receipts, Sale of Cemetery Lots and Graves, and Parking Meter Receipts. In addition, funds from the Overlay Surplus (the accumulated amount of the overlay for various years not used or required to be held in the overlay account) may be used by a town to offset budget requests for the next year. Also, all unused balances from prior years' Special Article Appropriations may be transferred to meet a new appropriation.

**OVERLAY SURPLUS:** The Overlay is the amount from the property tax levy in excess of appropriations and other charges. It is used to cover abatements and exemptions granted locally or on appeal. The Overlay Surplus is the unused portion of previous years' overlays.

**PROPERTY TAX LEVY:** The total revenue a community raises through property taxes. Often just called the "levy," it is the largest source of revenue for most Massachusetts cities and towns. This is different from the tax rate, which is the tax amount charged individual properties per \$1,000 of property valuation. The tax rate is set each year by the town.

**RESERVE FUND:** This fund is established by the Town Meeting and may be composed of (a) an appropriation (not exceeding 5% of last year's levy), (b) money transferred from existing accounts or funds, or (c) both. The Reserve Fund amounts to an omnibus appropriation, to be transferred by vote of the Finance Committee for extraordinary or unforeseen expenditures where the Committee decides such expenditures would be approved by Town Meeting. "Extraordinary" covers items, which are not in the usual line, or are great or exceptional. "Unforeseen" includes items which were unforeseen at the time of the Town Meeting, when appropriations were voted.

## **MGL Ch. 44, Section 20 - Proceeds from sale of bonds; restrictions on use; disposition of premiums**

Section 20. The proceeds of any sale of bonds or notes shall be used only for the purposes specified in the authorization of the loan; provided, however, that such proceeds may also be used for costs of preparing, issuing and marketing the bonds or notes, except as otherwise authorized by this section. If a balance remains after the completion of the project for which the loan was authorized, the balance may at any time be appropriated by a city, town or district for any purposes for which a loan may be incurred for an equal or longer period of time than that for which the original loan, including temporary debt, was issued. Any balance not in excess of \$50,000 may be applied, with the approval of the chief executive officer, for the payment of indebtedness. If a loan has been issued for a specified purpose but the project for which the loan was authorized has not been completed and no liability remains outstanding and unpaid on account thereof, a city, by a two-thirds vote of all of the members of the city council, or a town or district, by a two-thirds vote of the voters present and voting thereon at an annual town or district meeting, may vote to abandon or discontinue the project and the unexpended proceeds of the loan may be appropriated for any purpose for which a loan may be authorized for an equal or longer period of time than that for which the original loan, including temporary debt, was issued. Any premium received upon the sale of notes, less the cost of preparing, issuing and marketing the notes, and any accrued interest received upon the delivery of the notes, shall be applied to the first payment of interest on the note. Any premium received upon the sale of bonds, less the cost of preparing, issuing and marketing the bonds, and any accrued interest received upon the delivery of bonds shall be: (i) in the case of bonds sold by a city or town that have been excluded under section 21C of chapter 59, or bonds sold by a regional school district for which 1 or more member cities or towns have so excluded their share of the bond, applied by the treasurer to pay costs of the project being financed by the bonds and to reduce the amount authorized to be borrowed for the project by like amount; or (ii) in the case of any other bonds, applied by the treasurer to pay costs of the project being financed by the bonds and to reduce the amount authorized to be borrowed for the project by like amount; provided, however, that in the case of a bond under clause (ii), if any such premium or accrued interest is not so applied, any such premium or accrued interest shall be appropriated to pay costs of a project for which the city, town or district has authorized a borrowing or may authorize a borrowing. Notwithstanding this section, any premium and accrued interest received on account of an issue of bonds, less the cost of preparing, issuing and marketing the bonds, not in excess of \$50,000 may be applied, with the approval of the chief executive officer in a city or town, for the payment of indebtedness. Notwithstanding this section, no appropriation from a loan or balance thereof shall be made that would increase the amount available from borrowed money for any purpose to an amount in excess of any limit imposed by general law or special act for that purpose. Additions to the levy limit for a debt exclusion are restricted to the true interest cost incurred to finance the excluded project.

## **MGL Ch. 44, Section 53E1/2 - Revolving Funds**

Section 53E1/2. Notwithstanding section 53, a city or town may authorize by by-law or ordinance the use of 1 or more revolving funds by 1 or more municipal agencies, boards, departments or offices, which shall be accounted for separately from all other monies in the city or town and to which shall be credited any fees, charges or other receipts from the departmental programs or activities supported by the revolving fund. Expenditures may be made from such revolving fund without further appropriation, subject to the provisions of this section; provided, however, that expenditures shall not be made or liabilities incurred from any such revolving fund in excess of the balance of the fund or in excess of the total authorized expenditures from such fund, and no expenditures shall be made unless approved in accordance with sections 41, 42, 52 and 56 of chapter 41.

Interest earned on any revolving fund balance shall be treated as general fund revenue of the city or town. No revolving fund may be established under this section for receipts of a municipal water or sewer department, a municipal hospital, a cable television access service or facility or for receipts reserved by law or as authorized by law for expenditure for a particular purpose. Revolving fund expenditures shall not be made to pay wages or salaries for full-time employees unless the revolving fund is also charged for the costs of fringe benefits associated with the wages or salaries so paid; provided, however, that such prohibition shall not apply to wages or salaries paid to full-time or part-time employees who are employed as drivers providing transportation for public school students; provided further, that only that portion of a revolving fund which is attributable to transportation fees may be used to pay the wages or salaries of those employees who are employed as drivers providing transportation for public school students; and provided further, that any such wages or salaries so paid shall be reported in the budget submitted for the next fiscal year.

A revolving fund shall be established pursuant to this section by by-law or ordinance. The by-law or ordinance shall specify for each fund: (1) the programs or activities for which the revolving fund may be expended; (2) the departmental receipts in connection with those programs or activities that shall be credited to the revolving fund; (3) the board, department or officer authorized to expend from such fund; and (4) any reporting or other requirements the city or town may impose. The establishment of any fund shall be made not later than the beginning of the fiscal year in which the fund shall begin. Notwithstanding this section, whenever, during the course of any fiscal year, any new revenue source becomes available for the establishment of a revolving fund under this section, such a fund may be established in accordance with this section upon certification by the city auditor, town accountant, or other officer having similar duties that the revenue source was not used in computing the most recent tax levy.

The city or town shall, on or before July 1 of each year, vote on the limit on the total amount that may be expended from each revolving fund established under this section. In any fiscal year, the limit on the amount that may be spent from a revolving fund may be increased with the approval of the city council and mayor in a city or with the approval of the board of selectmen and finance committee in a town.

Upon termination of a revolving fund, the balance in the fund at the end of that fiscal year shall revert to surplus revenue at the close of the fiscal year.

The director of accounts may issue guidelines further regulating revolving funds established pursuant to this section.

## General Bylaw Section 39-40 – Expenditure Limitation

A. Expenditures from each revolving fund set forth herein shall be subject to the limitation established by Town Meeting, or any increase therein, all as may be authorized in accordance with G.L. c. 44, § 53E1/2.

B. Fiscal year spending limits for such revolving funds shall be set as follows:

**[Amended 11-21-2018 ATM by Art. 15; 5-20-2019 by Art. No. 12]**

**Re: Planning Board Report to Town Meeting  
Zoning Articles 12-20  
2023 Spring Town Meeting**

Dear Town Meeting Representative:

The Planning Board is charged with the duty of holding public hearings and evaluating proposed amendments to the Dedham Zoning By-Law and the Zoning Map. The Board then votes to determine its Recommendations for Town Meeting, which become the original motions in the Town Meeting Warrant.

It is the Board's tradition to create a Report for Town Meeting Members to summarize and explain zoning articles. There are three (3) Planning Board-sponsored zoning articles (12, 13, and 14) and six (6) citizen petitioned zoning articles (15-20) in the 2023 Spring Town Meeting Warrant. You'll find a summary and the Planning Board's Recommendations in the enclosed Report. This full report will be printed in your warrant book along with an FAQ about Article 14 and a zoning map to help you understand the charts in Article 12. To access those documents online you can the Town Meeting Spring 2023 resources general page at: <https://www.dedham-ma.gov/government/town-meeting>

Planning Board members will also be available at the "mini" Town Meeting on May 8, 2023 and Town Meeting on May 15, 2023 to answer any questions you may have.

If you have specific questions or concerns prior to Town Meeting, please contact Jeremy Rosenberger, Planning Director at (781) 751-9241.

Sincerely,

John R. Bethoney  
Chairman  
On behalf of the Planning Board

**Planning Board Report to Town Meeting - May 2023**

This report summarizes the proposed three (3) Planning Board-sponsored zoning amendments (Articles 12, 13, and 14) and six (6) citizen petitioned zoning amendments (Articles 15-20) that appear on the 2023 Spring Town Meeting Warrant and the Planning Board's Recommendations to Town Meeting. Please note at the end of this report is a Zoning Map to help you understand the zoning tables for Article 12 and an "FAQ" for Article 14.

---

**Article 12 Purpose**

The purpose of Article 12 is to regulate and define electric vehicle charging stations, known as EV charging stations in Dedham. The current zoning bylaw does not regulate EV charging stations. Due to increased demand for this infrastructure, adopting new regulations in the zoning bylaw will provide homeowners, businesses, and the Building Department with predictability and clarity regarding installing EV charging stations.

**Background Summary**

The current zoning bylaw does not regulate EV charging stations. The Planning Board seeks to update the Dedham Zoning Bylaw to regulate EV charging stations due to continued and growing demand for electric vehicles. By 2030, it is anticipated that 25-30 percent of new car sales will be electric vehicles. Dedham has seen demand for different types of charging stations, including at residential homes and in commercial and multi-family developments.

Planning and Zoning Department staff researched best practices of other communities that already regulate EV charging stations to create a bylaw that makes sense for Dedham.

Article 12 would add EV charging stations to the accessory use table (Table 1) of the Dedham Zoning Bylaw. There are three levels of EV charging. Levels 1 and 2 are 240 volts and under, either a regular outlet or the type of outlet that powers an electric clothes dryer. Level 1 and 2 chargers would be allowed by-right as an accessory residential use in all zoning districts.

Level 3 EV chargers use 480 volts, such as those seen in the parking lot at Town Hall, would be allowed as an accessory residential use by Special Permit in all zoning districts. This means if someone wanted to install a supercharger in their residence, they would need to apply for approval for a "Special Permit" from the Zoning Board of Appeals to do so. For nonresidential uses, charging Levels 1, 2, and 3 would be allowed by-right in all zoning districts. Parking spaces with EV chargers would count toward the parking requirement of a given development.

Additionally, Article 12 would add a definition of “Electric Vehicle Charging Station” to the Definitions (Section 10) of the Dedham Zoning Bylaw.

### **Planning Board Recommendation**

The Planning Board held the required public hearing regarding Article 12 on March 22, 2023 and April 12, 2023. On April 12, 2023, the Planning Board voted unanimously (5-0) to recommend to Town Meeting that Article 12 be so voted.

---

### **Article 13 Purpose**

Article 13 would add a definition of “Human Occupancy” to the Definitions (Section 10) of the Dedham Zoning Bylaw. Currently, there is no definition of “Human Occupancy” in the Town of Dedham Zoning Bylaw. Adding a definition would provide consistency and clarity for developers, Town departments, and Town boards.

### **Background Summary**

This issue came up during a hearing about a mixed-use proposal, in which the applicant wanted to have storage in the basement. Dedham’s Building Commissioner alerted the Planning Board that our current zoning bylaws do not specify whether a basement used for storage would be considered human occupancy, which would impact how many additional stories the building could contain.

Recognizing this gap in our existing bylaws, the Planning Board seeks to improve the bylaws for future projects. Article 13 defines “human occupancy” to clarify what counts as a building story. This is applicable in Zoning Bylaw Section 4.2(B.) which regulates the height of buildings in nonresidential zoning districts.

Article 13 defines human occupancy and provides clarity that basements used only for storage, mechanical equipment, and utilities would not be counted as a story.

At the public hearing for Article 13, the Planning Board recommended that the definition of Human Occupancy be amended to the following language:

“Such portions of a building used by people for sleeping, cooking, bathing, sanitary facilities, and similar dwelling purposes or for carrying out a trade, profession, industry, or business, provided, however, the portion of the building with more than one-half its height measured from finished floor to finished ceiling below the grade used exclusively for storage, mechanical equipment and utilities associated with allowable use of said building, or where there is no common human presence, shall not be considered areas of human occupancy and shall not be counted as a story of a building.”

### **Planning Board Recommendation**

The Planning Board held the required public hearing regarding Article 13 on March 22, 2023 and April 12, 2023. On April 12, 2023, the Planning Board voted unanimously (5-0) to recommend to Town Meeting that Article 13 be so voted as amended.

---

### **Article 14 Purpose**

The purpose of Article 14 is to establish a new Multi-Family Overlay District (MFHOD) centered around the MBTA Dedham Corporate Center Station, in order to comply with the state’s MBTA Communities legislation. The MBTA Communities legislation requires each municipality with MBTA subways, commuter rails, and buses to provide at least one zoning district of reasonable size in which multi-family housing is permitted as of right and meets other criteria. Dedham currently does not

provide multi-family housing without a special permit from the Planning Board. Article 14 would provide the zoning changes necessary for compliance. Failure to comply will make the Town ineligible for certain State funding opportunities and render it liable to further enforcement of the statutory requirement.

### **Background Summary**

In 2020, then Governor Baker enacted Chapter 358 of Acts of 2020 which established the MBTA Communities zoning law, requiring cities and towns like Dedham to zone a district “of reasonable size” for multi-family housing near a MBTA commuter rail station. The law was created because eastern Massachusetts has a housing shortage and traffic problems which put local economies at risk and have raised housing prices out of reach of many working- and middle-class families.

The law requires towns and cities to support transit-oriented development (TOD), which is a strategy to create a mixture of housing, office, and retail in a walkable neighborhood within close range of public transportation. Dedham is no stranger to the idea of TOD— in 2015 the Planning Board sponsored a study to understand how TOD might help further the goals of the 2009 Master Plan. Several suggestions from that study, such as adding sidewalks to Rustcraft Road and joining the Complete Streets Program, have already been implemented.

The MBTA Communities legislation aims to encourage more TOD projects by eliminating some of the traditional zoning barriers to developing housing, such as a “special permit.” Some types of development in Dedham, such as Mixed-use (residential and non-residential/commercial) require a special permit from the Planning Board in order to be built. The MBTA Communities legislation requires that Dedham create a zone that allows housing to be built “by right.” This means projects would not need a special permit, though the development would still need to comply with all of the requirements in our zoning bylaws including things like building height, massing, landscaping, parking, etc.

The Zoning change proposed in Article 14 reflects two years of research and discussion. This includes two joint meetings of the Planning Board and Select Board, meetings with Town Counsel, an in-depth analysis and report by outside consultants, and several Planning Board meetings to discuss Dedham’s options. Throughout, the number one priority was to determine if there was a way to comply with the legislation that would not change the character of Dedham’s neighborhoods.

The legislation requires that the multi-family housing zone be primarily located within half a mile of a MBTA commuter rail station, and that, based on Dedham’s population, the zone has the capacity to contain 1,569 residential units (apartments, condominiums, or townhouses.) The Planning Board guided the consultants to focus on the area surrounding the MBTA Dedham Corporate Center Station for several reasons. That area is not only close to public transit but also close to I-95, it has shopping nearby to maximize the benefits of transit-oriented development and minimize traffic impacts, and there are already 1,147 residential units built or permitted (slated to be built) in that area.

### **Proposed Zoning Change**

Article 14 would establish a new Multi-Family Overlay District (MFHOD) around Legacy Place and the Dedham Corporate Center train station. The MFHOD encourages the development of multi-family housing that is compatible with the surrounding uses in terms of scale, density, and aesthetic, while minimizing impacts on environmentally sensitive areas such as wetlands, water bodies, and wildlife. It also promotes safe, accessible, and convenient access to transit stations for pedestrians and bicyclists.

The proposed MFHOD zoning map amendment is included at the end of the Planning Board report.

**The Planning Board has been studying whether and how to achieve compliance with MBTA Communities Act for 2 years, including:**

- Preliminary Select Board & Planning Board Discussion (March 2021)
- Follow-up Select Board & Planning Board Discussion (March 2022)
- Issued “MBTA Communities Impact Analysis” RFQ (April 2022)
- Hired consultant Stantec (June 2022)
- Presentations by Stantec to Planning Board (November 2022 and January 2023)
- Town submitted “Action Plan” for proposed compliance (January 2023)
- Planning Board submitted Spring 2023 Town Meeting zoning articles to establish a “Multi-Family Housing Overlay District”
- Stantec submitted final report in (March 2023)

***On March 2, 2023, Planning Board Chair John Bethoney and Planning Director Jeremy Rosenberger gave a detailed report about the proposed MFHOD to the Select Board. At that same meeting, the Select Board voted to endorse the Multi-Family Overlay District (MFHOD) as proposed.***

*The State deadline for MBTA Communities zoning adoption and submission of materials is December 31, 2024 in order to avoid penalties.*

At the public hearing for Article 14, the Planning Board recommended inserting the language shown in bold and deleting the language shown in strikethrough, as follows:

“280-14.11(B.): In determining the number of moderate-income units to be provided, a fractional share of 0.4 or more shall be regarded as a whole unit and a fractional share of ~~0.3 or less~~ **than 0.4** shall require no contribution to satisfy the fractional share.”

### **Planning Board Recommendation**

The Planning Board held the required public hearing regarding Article 14 on March 22, 2023 and April 12, 2023. On April 12, 2023, the Planning Board voted unanimously (5-0) to recommend to Town Meeting that Article 14 be so voted as amended.

### **Article 15 Purpose**

The Petitioners of Article 15 propose to “restore” the “Aquifer Buffer for the Bridge Street Well Field” to the boundaries shown in the 1991 Dedham Open Space Master Plan. It should be noted the Petitioner’s likely intention is to “restore” the “Aquifer Protection Overlay District” (APOD) instead of the “Aquifer Buffer”, as there is no “Aquifer Buffer” found with the Dedham Zoning Bylaws.

### **Background Summary**

The APOD is an overlay district shown on the Town of Dedham Zoning Map. The goal of the APOD is to provide an extra layer of protection for Zone II well-head protection areas, which are determined by hydro-geologic modeling and regulated under the Mass Department of Environmental Protection (DEP.) As set forth in the Dedham Zoning By-Law (Section 280-8.2), the purpose of the APOD “is to protect the town’s water resources by preserving and maintaining the quality and volume of existing and potential groundwater supply and groundwater recharge areas within the town.” The Dedham Zoning By-Law goes on to regulate various uses allowed as of right, allowed by special permit, or prohibited in the APOD.

The first APOD was established in Dedham by adoption of Article 35 of the 1990 Dedham Annual Town Meeting. Article 35 was submitted by the Dedham Westwood Water District (DWWD). 1990’s

Article 35 described the APOD as being shown on a plan entitled “Aquifer Protection District Bridge Street Well Field in the Town of Dedham, MA”, prepared by Weston and Sampson Engineers, Inc. dated December 18, 1989. In 1997, Town Meeting approved two changes to the APOD boundaries: 1) a reduction of the 1990 Bridge Street Well Field APOD to match the boundaries as recommended by the Conservation Commission and DWWD and 2) adding an additional area to the APOD called the “Fowl Meadow Well Field.” No changes have been made to the APOD since 1997.

The Planning Board and Planning Director studied the history of the APOD extensively in preparation for the public hearing on this article, including multiple meetings with Town Counsel, the Executive Director of the DWWD, and the Town Manager. Board members were provided transcripts of the 1997 Town Meeting discussion of that article as well as documentation from the Attorney General approving the 1997 changes to the APOD.

At the public hearing for Article 15, Planning Board members expressed an interest in ensuring the APOD matched the *current* needs for Zone II well-head protection areas, as determined by hydro-geologic modeling, rather than reverting to a boundary that appears outdated. Planning Board members expressed an interest in researching this matter in consultation with the Conservation Commission with the goal of revising the APOD to meet current modeling results at a future Town Meeting. **At the conclusion of the public hearing, the proponent requested that the Planning Board vote to indefinitely postpone Article 15.**

#### **Planning Board Recommendation**

The Planning Board held the required public hearing regarding Article 15 on March 22, 2023 and continued to April 12, 2023. At that meeting, the Planning Board voted unanimously (5-0) to recommend that Town Meeting indefinitely postpone Article 15.

---

#### **Article 16 Purpose**

The Petitioners of Article 16 propose to amend Section 280-3.1 (Principal Uses) of the Dedham Zoning By-Law by adding a new Section 280.1.(F.) that requires applicants of certain development projects to present a conceptual plan to Town Meeting prior to submitting an application for a special permit to the Planning Board. The submitted Article affects only development projects in residential areas requiring both a special permit and Major Site Plan Review.

In discussion at the public hearing for Article 16, Planning Board members expressed concern that this would create an unnecessary level of bureaucracy in practice and would be unlikely to pass review by the Attorney General. Members suggested that if the goal was to ensure Town Meeting members knew about development projects, there were better ways to accomplish that goal. **At the conclusion of the public hearing, the proponent requested that the Planning Board vote to indefinitely postpone Article 16.**

#### **Planning Board Recommendation**

The Planning Board held the required public hearing regarding Article 16 on March 22, 2023 and continued to April 12, 2023. At that meeting, the Planning Board voted unanimously (5-0) to recommend that Town Meeting indefinitely postpone Article 16.

---

#### **Article 17 Purpose**

The Petitioners of Article 17 propose to amend Section 3.1 (Principal Uses) of the Dedham Zoning By-Law by adding a new Section 3.1.(G.) requiring the Planning Department, upon receipt of a

special permit application, to “immediately” send written notice of the application by mail to “all residents” within a 1-mile radius of certain development projects.

In researching Article 17 and in consultation with Town Counsel, Planning Board members learned most Massachusetts towns and cities abide by the Commonwealth’s requirement of noticing abutters within a 300 feet radius, rather than expanding it, to avoid legal liability.

**At the conclusion of the public hearing, the proponent requested that the Planning Board vote to indefinitely postpone Article 17.**

**Planning Board Recommendation**

The Planning Board held the required public hearing regarding Article 17 on March 22, 2023 and continued to April 12, 2023. At that meeting, the Planning Board voted unanimously (5-0) to recommend that Town Meeting indefinitely postpone Article 17.

---

**Article 18 Purpose**

The Petitioners of Article 18 propose to amend the Dedham Zoning By-Law by adding a new Section 280-3.1.(H.) relative to notification of proposed “Zoning Bylaw legislation”. If adopted, Article 18 would require the Planning Department to “proactively” provide such notice at least a month prior to the “submission of such for approval by Town Meeting” to all “residents/occupants” of the zoning district affected by the proposed amendment.

**At the conclusion of the public hearing, the proponent requested that the Planning Board vote to indefinitely postpone Article 18.**

**Planning Board Recommendation**

The Planning Board held the required public hearing regarding Article 18 on March 22, 2023 and continued to April 12, 2023. At that meeting, the Planning Board voted unanimously (5-0) to recommend that Town Meeting indefinitely postpone Article 18.

---

**Article 19 Purpose**

The Petitioners of Article 19 seek to amend the definition of “Motel or Hotel” of Section 10 (Definitions) of the Dedham Zoning By-Law. The current definition limits the stay of a guest in hotel or motel with “independent cooking facilities” to not more than four continuous months or more than six months in a calendar year. Article 19 proposes an amendment to the definition so stay restrictions would apply equally to all hotels or motels (and not just those with independent cooking facilities). In addition, Article Nineteen provides for a specific daily penalty of \$300 for any violation. Currently, Section 280-9.1.B of the Dedham Zoning By-Law provides for a daily fine of “not more than \$300” for violations.

In discussion at the public hearing, Planning Board members confirmed that the fine would be levied to the hotel/motel and not the resident. The Planning Board recommended that the language be amended to strike “..of \$300..” and insert in its place “..of not less than \$100 and up to \$300..”

**Planning Board Recommendation**

The Planning Board held the required public hearing regarding Article 19 on March 22, 2023 and April 12, 2023. On April 12, 2023, the Planning Board voted unanimously (5-0) to recommend to Town Meeting that Article 12 be so voted as amended.

---

**Article 20 Purpose**

The Petitioner of Article 20 proposes a one-year moratorium (ban) on the issuance any special permits for new development projects on undeveloped residential land of five (5) acres or more. Article 20 states that the purpose of this moratorium is to provide time to study the impacts on traffic and water in the Town.

At the public hearing and in discussion, Planning Board members raised several questions and concerns about Article 20. Members noted the Board was in the midst of reviewing the proposed 2030 Master Plan, which had not recommended a moratorium among tools to deal with traffic concerns or planning for future droughts and pollution as part of the Town's climate mitigation efforts. Members also expressed concerns including but not limited to the large expense of a town-wide traffic study given current budget shortfalls and a lack of identified funding; setting unrealistic expectations that the town could secure funding for and complete comprehensive traffic and water studies in a one year period; and sending an unintended message to residents and developers that they should be worried about Dedham's water supply.

Every member stated they were committed to continuing and ongoing study of traffic congestion, speed and safety and expressed a commitment to continue planning at a local and regional level for how local water suppliers can prepare for extreme droughts and floodings as well as increased contamination from PFAS and other toxins. Members expressed the opinion that a moratorium was not required to address those concerns, and voted to indefinitely postpone Article 20.

**Planning Board Recommendation**

The Planning Board held the required public hearing regarding Article 20 on March 22, 2023 and continued to April 12, 2023. At that meeting, the Planning Board voted unanimously (5-0) to recommend that Town Meeting indefinitely postpone Article 20.

**TOWN OF DEDHAM  
PLANNING BOARD**

**Spring Town Meeting 2023  
Article 14 FAQ**

***Does passing Article 14 require Dedham to build 1,569 new units of housing?***

No, it does not. The MBTA Communities legislation requires Dedham to establish a zoning district where 1,569 units *could* be built. The proposed Multi-Family Housing Overlay District (MFHOD) already contains 1,147 dwelling units that have been built, permitted, or proposed. The MFHOD contains the Legacy Place properties, 124 Quabish Road property, MBTA Dedham Corporate Center Station parking lot, the Jefferson Station property, the Avens (formerly Avalon) property, Extra Space Storage property and the Fairfield Marriott property.

***What is an “overlay district”?***

An overlay district is a zoning technique that keeps the underlying zoning district requirements but allows for additional regulations; multi-family housing would not be the only use that could be built in the new zone, the overlay district just adds the potential to build multi-family housing.

***Does “by right” mean developers could build whatever they want?***

No, it does not. Any new developments using the Multi-Family Housing Overlay District would still be required to meet standards set by the Planning Board, such as height, setbacks, landscaping, and parking. New projects would also need to go through site plan review with the Planning Board. Site plan review is a process to ensure safe pedestrian, traffic, and public safety circulation; quality of building design and materials; sufficient thought to snow storage; trash management; and landscaping. Article 14 also allows the Planning Board to require new projects to undergo additional review from engineering and architectural consultants, at the developer's expense.

***How would passing Article 14 impact the neighborhood surrounding Endicott Station?***

Article 14 does not change zoning in any part of town other than adjacent to the MBTA Dedham Corporate Center Station and Legacy Place.

**What happens if Dedham does not pass Article 14?**

Failure to comply with the MBTA Communities requirement would mean Dedham could no longer receive funds from state grant programs, including the Housing Choice Initiative, Local Capital Projects Funds, and MassWorks. In addition, the Attorney General recently stated that in addition to losing grant opportunities, towns and cities that don't comply may be subject to civil enforcement action and risk liability under federal and state fair housing laws.

**The map shows the zone has sections for “low density” and “high density.” What does that mean?**

The legislation requires that new zoning allow for at least 15 units to be built per acre, which is considered low density for these purposes. Fifteen units/acre is similar density to some of the townhouse developments we already have in Dedham, such as in the Manor and Riverdale. Some areas of the MFHOD that would be established by Article 14 are designated as low density, such as the area closest to Robinwood Lane. The Planning Board felt it was important to ensure anything built next to that neighborhood would have a similar low-rise, open-air character. Other parts of the district are zoned to allow 30 acres/unit, which is similar to the density of the Avens apartments, formerly called Avalon.

## **MGL Chapter 40A, Section 3A - Multi-family zoning as-of-right in MBTA communities**

Section 3A. (a)(1) An MBTA community shall have a zoning ordinance or by-law that provides for at least 1 district of reasonable size in which multi-family housing is permitted as of right; provided, however, that such multi-family housing shall be without age restrictions and shall be suitable for families with children. For the purposes of this section, a district of reasonable size shall: (i) have a minimum gross density of 15 units per acre, subject to any further limitations imposed by section 40 of chapter 131 and title 5 of the state environmental code established pursuant to section 13 of chapter 21A; and (ii) be located not more than 0.5 miles from a commuter rail station, subway station, ferry terminal or bus station, if applicable.
