Garett Beauty Smile Pen

Whitening gel refill kit (Smile Connect and Smile Charge)

Tooth discoloration occurs naturally and continuously – it is caused by, for example, drinking tea, coffee or wine. Therefore, it is worth repeating whitening treatment every few months. You can use your Garrett lamp many times – just stock up on an additional whitening gel set. It will allow you to perform another treatment. The gentle formula makes whitening completely safe for enamel!

The kit includes:

- 3 x 2 ml whitening gel in the Garrett Beauty Smile Pen brush applicator

Gel ingredients:

Deionized water, glycerol, propylene glycol, sodium bicarbonate, sodium chloride, aloe vera juice, pomegranate seed extract, chamomile flower extract, citric acid, xanthan gum, carbomer, menthol.

Garett Beauty Smile Gel

Whitening gel refill kit (Smile Lite)

With the Garrett Beauty Smile Lite lamp, you can repeat the whitening treatment at any time. You will need a whitening gel refill kit; the gel has exactly the same formula as those included with the lamp. It is a simple and effective way to maintain the result or lighten the enamel again.

The kit includes:

- 3x 3 ml whitening gel in the Garrett Beauty Smile Gel applicator

Gel ingredients:

Deionized water, glycerol, propylene glycol, sodium bicarbonate, sodium chloride, aloe vera juice, pomegranate seed extract, chamomile flower extract, citric acid, xanthan gum, carbomer, menthol.

Garett Beauty Smile Strips teeth whitening strips

Can teeth whitening get even easier? Garrett Beauty Smile Strips is a kit that will give you a more beautiful smile without having to use a lamp. Make your teeth more beautiful while working, resting or doing the housework. Just apply the strips for 30 minutes and repeat the procedure every day for 14 days. You can check the result using the shade chart provided!

Garett Beauty Smile Strips give you:

- an extremely simple way to whiten your teeth,
- whitening without having to use a lamp,

Microdermabrasion

Microdermabrasion is one of the most popular treatments performed in beauty salons. It is highly valued for its versatility and spectacular results. Now you can do it in the comfort of your own home – faster, cheaper and just as effectively. Home microdermabrasion devices remove the top layers of dead skin from the epidermis, stimulating it to regenerate. As a result, the skin becomes smoother and much more radiant. This solution is recommended for people who are facing the first signs of aging, acne lesions and scars, and enlarged pores. It is also a way to deeply cleanse the skin, preparing it for further cosmetic treatments. Microdermabrasion enables the active ingredients from your serum or cream to work much more powerfully!

Cordless automatic curling iron

It is a woman's prerogative to change her mind, and this also applies to her hairstyle. Those with straight hair dream of romantic curls and a brand new look, even for one evening. In moments like these, an automatic curling iron is indispensable. It provides a perfect and lasting curl, which can be achieved very easily. Let yourself go a little crazy and get a hairstyle that will completely transform you!

Cordless automatic curling iron

Garett Beauty Curly

Dream curls without unnecessary effort? Garrett Beauty Curly is an automatic curling iron that will help you get the results you have always dreamed of. Enjoy salon-style hair in just a few moments – you do not need any skills for this. All you need to do is place a strip of hair in the device and press the button – the curler will wind the hair on the hot barrel to create a perfect spiral. A sound will signal the end of styling. When you hear it, just release the strip and move on to the next one. This way, you will get the head of curls you want very quickly. Furthermore, the device can be operated with one hand! The temperature control option, protection against hair tangling and the LCD display on which you can check all the settings are definitely added benefits.

Garett Beauty Curly gives you:

- an automatic curling iron – it winds the hair itself and monitors the curling time, meaning that you can get a great hairstyle with minimal effort,
- cordless styling device – the built-in battery allows you to style your hair away from power sockets, even in the car or in a tent,
- styling that is safe for your hair – the temperature control will help you get the desired results and at the same time protect your hair from excessive heat.

The kit includes:

- Beauty Curly automatic curling iron,
- 2 hair clips,
- comb,
- tool for measuring strips of hair,
