WOLVES AND WILDLIFE OF YELLOWSTONE

Orbridge

Dear Georgia Tech Alumni and Friends,

We are pleased to invite you on a thrilling wintertime expedition to Yellowstone National Park for a unique opportunity to witness packs of wolves in their pristine natural habitat. Aboard specially equipped vehicles that allow for both comfort and proximity to incredible wildlife, you'll have a chance to view wolves, bison, elk, an array of bird species and other magnificent creatures that call the park home.

Visiting Yellowstone in winter is an experience that transcends words. The air is crisp with the scent of pine trees and the promise of adventure. A serene hush envelops the snow-covered landscapes, providing the perfect backdrop to nature's drama unfolding before your eyes.

In addition to daily park exploration, you'll marvel at awe-inspiring geothermal features including the travertine terraces at Mammoth Hot Springs, iconic Old Faithful at Yellowstone's Upper Geyser Basin, and mud pots and fumaroles at Grand Teton National Park. You'll also meet an award-winning wildlife photographer at his studio and hear his stories of amazing animal encounters.

This is a small-group expedition and space is limited. With significant savings of more than \$1,000 per couple, we anticipate this tour will fill quickly.

To reserve, visit gtalumni.orbridge.com or call 866-639-0079.

Sincerely,

Your Expedition Leaders

From their vast knowledge of the best wildlife viewing spots to identifying the wolves' signs and tracks, your two expert Orbridge Expedition Leaders, who are naturalist guides, will make all the difference in your wildlife expedition. Enriched by their expertise, you'll bring home a deeper understanding of the apex predator's reintroduction to Yellowstone, along with a new appreciation of the drama and beauty of nature's hierarchy.

Activity Level: This itinerary has early morning starts. The majority of the program's activities take place outdoors with extended time walking on varying terrain. It is our expectation that guests can withstand cold temperatures; walk on uneven, frozen, or snow-covered terrain; climb in and out of all-terrain vehicles; and manage stairs without assistance. (Maximum elevation: 8,391 feet at the Continental Divide)

What Guests Are Saying...

This was one of the best experiences of my lifetime! All the arrangements went smoothly. The guides were great people and knew so much about this environment and its wildlife. The people on the tour were smart and easy to spend so much time with. I want to go back again! For me, to experience Yellowstone with so few people around was just the best.
