SOFA DESIGN

DIVANI

A house without furniture is only an ample space. We as a furniture company provide people comfort and beautiful furniture with high-quality materials.

Sofa- is a type of furniture that has a variety of styles and names. It can be called a couch, settee, loveseat, and many more. This comfortable upholstered furniture is used in the living room where family members gather and sit together to bond. We own more than 60 models of a sofa designed in both fabric and eco-leather.

Bed- is the most important piece of furniture in every house. Since sleep is an essential function for each of us, this furniture must be comfortable at any cost. We possess 30 models of bedrooms, all flat packed in cartons. Usually, our orders can be delivered in two weeks, with monthly 600 sofa sets, and 400 bedrooms per month.
