ENGAGING MAGNETIC BOARDS

The magnetic elements within these boards can be manipulated into place using the magnetic pens to help test and train brains, encourage blood flow to the hands and provide a sensory experience.

Magnetdots

Place your chosen design to the front of the pack, then insert the 7 double-sided activity cards into the bottom of the board. From here you can lift the counters into the corresponding coloured guides using the magnetic applicator. Ideal for hand-eye coordination and for keeping fingers and brains active.
