

A photograph of a stone house with a conservatory. The conservatory has a dark brown frame and a tiled roof. It is built on a stone base and surrounded by a black metal railing. The house has a stone wall and a dark roof. The conservatory is situated on a lawn with a stone path leading to it.

Abbey & Burton Glass

Est. 1972

Backed by over 50 years of experience, we deliver premium warm roof and replacement conservatory roof solutions that enhance comfort, efficiency and style. Our expertly crafted systems transform outdated conservatories into beautiful, year-round living spaces , combining modern performance with trusted installation and lasting quality.

TILED ROOF

VEGA GLASS PANELS

LOOK INSIDE

Our tiled replacement conservatory roofs are designed to blend seamlessly with your home, with a wide choice of tiles or slates to suit your property. Internally, the ceiling is fully plastered and ready for you to paint once dry, creating a clean, modern finish. You can also add roof windows to increase natural light and optional LED spotlights to brighten the space during darker evenings.

SHINGLE TILES

TITANIUM GREY

RAVEN

BRAMBLE BROWN

RUSTIC BROWN

RUSTIC TERRACOTTA

TARTAN GREEN

SMOKED OAK

Each shingle is manufactured from premium-grade Aluzinc steel and finished with a durable stone-coated surface, protected by a clear acrylic overglaze for long-lasting performance, strength, and visual appeal.

This lightweight roofing panel is crafted to replicate the timeless look of natural slate, installed in a broken bond pattern from right to left for an authentic finish.

SLATE

OAK

CHARCOAL

ASH

AMETHYST

It has all the characteristics you can expect from a traditional slate such as authentic finish, riven edges and in the traditional slate colour.

Unlike natural slate, LiteSlate synthetic slate roofing won't crack, break, chip or delaminate through its ground-breaking design and cutting-edge manufacturing process.

Externally, our tiled replacement conservatory roofs are available in a wide range of tiles or slates to perfectly match your home. Internally, the ceiling is fully plastered, ready for you to simply paint once dry. You can also increase natural light with optional roof windows, and complete the space with stylish LED spotlights to create the perfect atmosphere, day or night.

Enjoy the perfect balance of comfort and natural light with our tiled conservatory roof, combined with optional glass panels or skylights. Designed with excellent thermal performance and solar control, it helps keep your conservatory cool in summer and warm in winter. Low-maintenance and practical, it also removes the need for regular roof cleaning, giving you a bright, comfortable space all year round.

Our soffit eaves option creates a traditional overhang finish that blends seamlessly with your property. Optional external downlighters enhance your conservatory and are available in cool or warm white, with an optional twilight sensor for automatic evening lighting.

YOUR OPTIONS

3 Facet Victorian

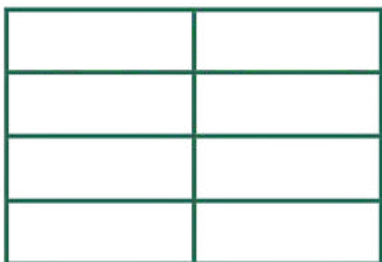

P-Shaped

Edwardian

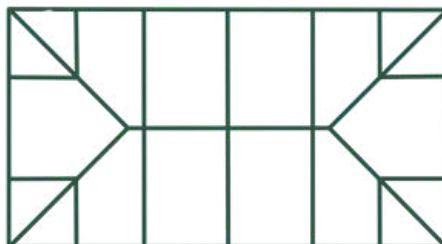

5 Facet Victorian

Gable-Ended

Lean-To

Double Hipped Edwardian

Advanced Ventilated Roof System

Our innovative multi-layered design transforms your conservatory into a comfortable, usable living space all year round.

Energy-Saving Efficiency

With U-values as low as 0.15, the fully insulated roof minimises heat loss, helping reduce energy bills while keeping your space warm and efficient.

365-Day Comfort

Rain or shine, enjoy a conservatory that stays cool in summer and cosy in winter with a high-performance tiled roof system.

CLEVER INSIDE

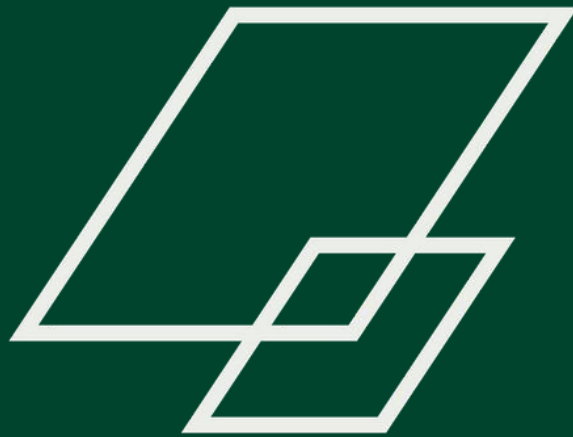

Less Noise. Less Glare. More Enjoyment.

Unlike traditional glass or polycarbonate roofs, the Abbey & Burton Glass tiled roof reduces glare and dampens noise from rain or hail , so you can relax in peace, whatever the weather.
