Alpine Fresh has you dreaming of a secluded mountain on a spring morning - peaceful moments during which you breathe in the scent of the new day.

Mountain Sun is reminiscent of hot summer days spent by a cooling mountain lake. The laughter of summer - no matter how cold the winter gets.

Glacial Water has the scent of a waterfall that sends wonderfully fresh water cascading down the steep Glarus mountain slopes and into the valley below.

Swiss Herbs has the scent of the healing herbs found in farmhouse gardens - an aromatic and calming fragrance.

Mountain Breeze has the aroma of a gentle summer wind blowing over flowering meadows.

At Weseta, we consistently focus our actions on environmental and climate protection. We adhere to the principle of sustainability in the selection of raw materials as well as in production, manufacturing and distribution. Resources are used carefully and responsibly. The electrical energy for our production facility in Engi is generated CO₂-free in our own hydroelectric power plant. We also choose our partners carefully and ensure a sustainable value chain throughout.

Our eco-certifications are a sign of a living culture in our company.
