

Capital Guaranteed Membership Plans for World Blockchain Bank Partners, Entrepreneurs & Families!

PLAN 1: Your Financial Freedom Starts Here:

Secure Financial Freedom for Generations

At World Blockchain Bank, we are committed to empowering families around the world to achieve lasting financial independence. Our **Blockchain Legacy Trust Initiative** offers more than just hope—it provides real, tangible opportunities to secure your family's future.

"Each family member who establishes a Legacy Trust with World Blockchain Bank receives 1,000,000 World Blockchain Bank Tokens (WBBT) as a complimentary gift. These tokens are included free of charge as part of our commitment to empowering families and do not require any additional investment or payment."

Included in your Blockchain Legacy Trust establishment is access to our 50% Annual Profit Sharing Pool, which is equally divided between all members. For just \$50 per year, we are making financial empowerment accessible to everyone.

Key Benefits:

- ✓ **Generational Wealth:** Equip your family with the financial resources needed to thrive, with token allocations that grow in value and secure financial stability.
- ✓ **Profit Sharing:** Participate in a generous 50% annual profit share distributed equally among all partners, aligning your family's success with the growth of World Blockchain Bank.
- ✓ **Independence from Corporate and Governmental Influence:** Rest assured that your financial interests are protected and prioritized, with a commitment to serving families rather than external entities.

Join the millions who trust World Blockchain Bank to safeguard their financial future. Discover if you qualify and take the first step towards generational prosperity today.

The Guaranteed Income Protected Investment Bond (GIPIB) from World Blockchain Bank represents a pioneering investment opportunity that combines the traditional stability of bonds with the innovative advantages of blockchain technology. With a focus on high yields, robust security, and flexible repayment options, the GIPIB is designed for investors seeking both growth and peace of mind.

Overview of World Blockchain Bank

World Blockchain Bank is leading a financial revolution by leveraging blockchain technology to redefine banking and investment services. Our mission is to empower individuals and families worldwide to achieve financial security and prosperity through innovative, high-yield financial products and blockchain trust registrations valid in 172 nations. By integrating digital assets with conventional banking, we offer clients a transparent, efficient, and growth-oriented platform.

Investment Opportunity: Guaranteed Income Protected Investment Bond

The GIPIB offers a fixed annual interest rate of 12%, making it one of the most attractive investment options in today's market. With flexible payment options, robust security backing, and the potential for profit sharing, this bond represents a unique opportunity to secure and enhance your financial future.

Minimum Investment: \$10,000

To attract committed investors and maintain the exclusivity of this offering, the minimum investment amount is set at \$10,000. This aligns with our strategic objectives and targets individuals and entities serious about leveraging innovative financial solutions to enhance their portfolios.

Detailed Features

Fixed Interest Rate and Payment Options

- **High Fixed Returns:** The GIPIB offers a guaranteed return of 12% per annum, providing a stable and substantial income stream that outperforms traditional savings accounts and investment products.
- **Flexible Payment Options:** Investors can choose annual or maturity payouts in USD/EUROS or leading cryptocurrencies like USDC/USDT and World Blockchain Bank Tokens (WBBT), allowing them to tailor their cash flow according to personal financial needs.

Security Pledge and Asset Backing

- **2:1 Security Pledge:** The bond is backed by a 2:1 security pledge of WBBT, meaning that for every dollar invested, two dollars worth of WBBT are pledged as collateral, providing a substantial safety net.
- **Asset Backing:** Secured by tangible assets, including real estate and blockchain trusts, ensuring that all principal and interest payments are backed by real and digital assets.

Repayment Methods and Benefits

- **Repayment Flexibility:** World Blockchain Bank reserves the right to select the repayment method to align with business model requirements and cash

flow management. Options include USD/EUROS, USDC/USDT, or WBBT tokens.

- **Benefits of WBBT Repayment:** Opting for repayment in WBBT enhances liquidity, reduces transaction costs, and promotes the adoption of WBBT, with additional profit-sharing and incentive opportunities for investors.

Investor Benefits

High Yield and Fixed Returns

- Enjoy a reliable income stream with a fixed 12% annual return, protecting your capital against inflation and ensuring consistent growth.
