

GIRLS' PREP

Co-curricular 2025-2026

WELCOME FROM THE HEAD

We are pleased to be able to provide such an extensive co-curricular programme which offers the girls so many opportunities to broaden their experiences and try something new. While the prep school years are a time to develop keen interests and passions, I am also keen that the girls have the courage to try new things and surprise themselves by their acquisition of new skills.

I hope your daughter enjoys the many clubs available to them and am excited to see their new interests developing. ■

KS2 ART CLUB

Each art session is based on a famous artist or art form. We learn a few facts about the artist's technique and life, and then the pupils create their own interpretation of what we have looked at. This includes sculpture, painting, drawing 2D and 3D. Art Club can be enjoyed by all, either as a time to have fun

(as there is no right or wrong way to paint), or as a place to help your child work on her skills and portfolio if she does wish to apply for an Art Scholarship. ■

Additional Information:

Pupils need to wear an apron or old shirt.

STAGE CRAFT

Props, Puppetry & Masks!

It's time to make and make believe with this very exciting makers club! Over the course of the term, your child will be briefed about a different and exciting theatrical production. Through model making and artistry, we will learn how to create items used for stage productions and how to bring these items to life through play! We will also take a look at set design and how to create a visual and immersive world. As well as using a variety of different materials and methods that contribute towards your child's cognitive development, they shall also be documenting their creations, designs and process in their very own scrapbooks! This club is a must for those excited by performance, design and crafting! ■

We take a dynamic approach to learning the beautiful game. We look to tailor each session to best serve each individual pupil within the class. Our aim is to build both their capabilities and confidence in an environment which is fun. Our sessions include games with chess clocks, tactical training exercises, lateral thinking puzzles, giant team chess and much more. ■ **Additional Information:** All equipment and materials will be provided by the club.

MINDLAB

Mindlab is an enjoyable club where the girls have the chance to engage in strategy games within group settings. These activities require the girls to use critical thinking, problem-solving, and decision-making skills as they develop strategies, plan their moves, and respond to evolving game scenarios. Such mental tasks enhance logical reasoning, spatial awareness, and strategic thinking abilities. Additionally, playing strategy games in a group helps the girls learn cooperation and negotiation skills. ■

STEM (Science, Technology, Engineering and Mathematics) Club is open to Years 5 and 6 girls with a keen interest in these topics. The aim of the club is to engage the girls with practical experiments and projects, creating links between the subjects and demonstrating their relevance in the real world. The girls will also be involved in promoting STEM within the School and have the opportunity to study key people, from both the past and present, whose work has influenced these subjects. ■

ROBOTICS AND PROGRAMMING

An innovative approach, allowing pupils to explore programmable robotics in dynamic creative ways. Technology is advancing rapidly, giving way to a new generation of ways to build, create and invent. Our aim is to introduce pupils to the tools that are available, inspire them with what is possible, and let their imaginations run wild. Technology used: Ozobot, Micro Bit, Otto DIY Smartbot.

In our Virtual Reality Design Club, students take on the role of developers, building skills that empower them to bring their imaginations to life. Using CoSpaces, they can design and create anything from 3D tree houses and interactive mazes to intricate works of art or even entire solar systems. This hands-on experience allows students to explore their creativity through technology in an exciting and innovative way. ■

DANCE AND DRAMA

At Surbiton High Girls' Preparatory School, we believe in a holistic education and thus Dance and Drama is an essential part of our curriculum. The benefits of performing arts permeate every area of our lives, both personal and social, and therefore it is crucial that our girls be exposed to this subject at a young age. Our girls are taught practical and theoretical skills that will be of value far beyond their schooling careers. We focus on the development of motor skills, spatial awareness, rhythm, communication, vocalisation, improvisation, effective acting techniques and the expression of the whole body, all with the end goal

of developing confident, creative individuals. Pupils from Reception to Year 6 are given opportunities to perform both in and outside the classroom, both in formal Dance and Drama lessons, as well as in co-curricular Dance Clubs and Drama Clubs. Every year, Surbiton High Girls' Prep School hosts a Key Stage 1 Nativity play and Year 4 and Year 6 major productions, often taking the form of a musical. In addition to this, Year 3 and Year 5 have the opportunity to perform in their own Dance and Drama Showcase. There are also opportunities for performance in Inter-House Competitions, Poetry Day recitals and class assemblies. ■

GYMNASTICS

All pupils can participate in gymnastics at Surbiton High School, from complete beginners through to those competing at the highest level. We provide the opportunity for all girls and boys to progress according to their ability, and take part competitively or purely for recreational purposes.

Gymnastics is a great way to keep fit and is proven to be a great foundation for many other sports. It improves flexibility,

strength, coordination and spatial awareness. Participation also teaches pupils the qualities of hard work, discipline, sportsmanship and dedication.

Our Gymnastics Clubs run after school on different nights according to age/ability.

See Mrs Osborn (Head of Gymnastics). ■

Girls of any ability are welcome to attend these classes. The sessions are structured with clear progressions. This is a recreational session aiming to develop general gymnastics skills, fitness and fun. ■

Netball is the most popular team sport for women in many Commonwealth countries and its popularity is matched at the Girls' Preparatory School. All Years 3 to 6 pupils at the Girls' Preparatory School are invited to play netball as part of the co-curricular programme. Teams are selected based on individual abilities, but we deliver fun and challenging coaching for all standards. Training sessions are weekly and there are

plenty of opportunities to compete against other schools in matches and tournaments. The A-teams are expected to attend additional training within school hours and also with external clubs. ■

The Hockey Programme at the Girls' Preparatory School is expanding rapidly. We offer weekly hockey training for all Years 3 to 6 pupils throughout the Autumn and Spring Terms as part of the co-curricular programme. Coaching will focus on developing skills and applying these in game situations. There are additional opportunities for all pupils to represent the School, teams for which will be chosen based on ability. The A-teams are expected to attend additional training with external clubs. ■

PREP SKI CLUB

Surbiton High School Prep Ski Club is one of the largest prep school ski programmes in the country. Our objective as a club is to provide a platform of opportunity for all pupils, whether they are complete beginners wanting to learn a new skill, wanting to improve their technique ready for a family holiday,

or want to develop into a ski racer, this club provides a platform to cover it all.

We offer year-round skiing at the local dry ski slope in Esher, as well as exploring different slopes and surfaces with our Prep Schools race squads. ■

FOOTBALL CLUB

This session provides the opportunity for girls in Years 3 and 4 to be introduced, in a friendly, supportive environment, to the sport of football. The focus of the club is ensuring that the pupils who participate enjoy the game, irrespective of their ability, and are given the chance to develop

their coordination and basic skills at their own pace through the playing of a wide range of fun, football-related games. This club is the perfect way to help with increasing the girls' confidence that football can be a sport for them to participate in, both inside and outside the school environment. ■

TENNIS CLUB

The club is a great way for players to develop core skills around movement and coordination; vital for the girls' athletic development. Alongside this, the girls will be taught all the

basic tennis shots, progressing to rallying and playing mini matches against coaches and other players. ■

RESIDENTIAL TRIPS

Residential trips away form a vital part of every child's personal and social development. They have the opportunity to build on their independence and self-confidence, strengthen friendships and take on challenges that safely push them out of their comfort of zones. In addition, every trip is full of adventure and fun, making lifetime memories for every girl.

In Year 3, the girls go away for a one-night trip to Thames Young Mariners, experiencing a night under canvas along with raft building and campfire. In Year 4, they go further afield for a two-night trip to Upton Court in Berkshire, experiencing culture and life in the Tudor times. Year 5 girls go camping for three nights in Dorset, overlooking the beautiful Swanage coastline, visiting and experiencing first hand its many geographical and historical features. In Year 6, at the start of the year, the girls visit a

Chateau in Northern France for a fully immersive language experience where they take part in a variety of language and cultural activities such as bread, crêpe and French mayonnaise making, along with a market trip and a visit to a First World War museum. Later in the year, the girls also visit the UK Sailing Academy (UKSA) in Cowes, Isle of Wight, taking part in a variety of water sports including: dinghy sailing, keelboating, stand-up paddleboarding, windsurfing and kayaking. ■

HOUSE SYSTEM

The House system is an important part of school life. Each of the girls belong to one of three Houses – Arundel, Balmoral or Caernarvon. There are a number of competitions across the year in which the girls compete against each other while representing their House. These are fun, yet competitive and vary each term. Recent battles have included a selection of sporting competitions, as well as our joint Prep School Annual Singing Competition. Every year culminates in Sports Day which is always hotly contested! Our Pre-Prep girls take part in the big day alongside the Boys' Pre-Prep School.

Each House is led by a teacher and two House Captains. The Year 6 girls are given the opportunity to put themselves forward as the most eligible candidates to lead their House to victory. Voting takes place each September and the elected Captains are responsible for leading their House for the rest of the year. Throughout each term, all the girls in the School are keen to receive House points that go towards the weekly totals; the certificates for these are written by their House Captains, fostering a great sense of community pride ■

CHARITIES

At Surbiton High Girls' Preparatory School, we actively encourage and support girls to participate in a range of fundraising activities. Numerous fundraising events are held and celebrated throughout the year, reinforcing the School's motto, 'May love always lead us,' and supporting the ethos to serve and respect others.

At the start of the academic year, all girls are given the opportunity to nominate a charity for the School to support over the course of a term. They are required to give a short presentation to the Charity Committee, detailing the reasons why the charity is important to them and why we should support them. They also outline their ideas for fundraising events. Six to eight of these charities are shortlisted, and are then presented to the whole School, who then have the unenviable task of voting for the two pupil-chosen charities that will be supported over the coming year.

In addition, a few years ago, our Year 6 leadership team were instrumental in

developing a relationship with a local homeless charity called SPEAR, whom we support year on year, bringing the total number of charities supported each year to three.

We invite a representative from the charities to present an assembly to the School in order to broaden the girls' knowledge of the importance of the charity.

The girls have displayed kindness, understanding and generosity through our charity events this year. These have included cake sales, Gunge the teacher, Sponsored wheel-a-thon, Charity Week, Girls' Prep Cookbook and the annual Year 6 Enterprise Marketplace. The Christmas Shoeboxes for SPEAR along with the Year 6 sleepover in the hall and annual Harvest Festival donations were also a great success and continued to help us raise awareness of and support our local homeless charity. We continue, as a community, to build awareness of why we support our charities and how we can contribute to the wider community. ■

THE PUPIL LEADERSHIP TEAM

Every September, Year 6 leaders are chosen to run our Pupil Leadership team (PLT). These girls are joined by a representative from each class (from Year 1 upwards) who are elected by their class at the start of the year. The PLT meet regularly with the Head and Deputy Head to discuss their forms, any concerns they may have, and their suggestions to improve school life. In Key Stage 2, the representatives use their iPads, and in Key Stage 1, a suggestion book, for members to record their ideas for improving the School, which are discussed each week. An annual survey is conducted by United Learning which then feeds into a number of action points and projects that the team lead upon throughout the year.

Charity Committee

At the heart of our School's ethos is teaching our girls the importance of doing good deeds for others, using love and

citizenship as our guiding forces. Therefore, we have a separate Charity Committee to ensure that our charitable work is focused and genuinely worthwhile. Not only does the Committee play an instrumental role in shortlisting the chosen charities for the forthcoming year, but they then meet regularly to organise the various charity events that the School puts on. Charity Committee members are vital to the successful fundraising that we, as a School, have done and continue to achieve for our local and wider community.

Form Captains

Every form also nominates girls to be chosen as Form Captains. Their role is to support and assist their teachers and peers within the classroom. They are also given control of a small budget, which they are encouraged to spend on improving their Form Room. Girls are encouraged to 'apply' for these positions and to consider what qualities they have that are suitable for the role. ■

Eco club are looking at ways to encourage birds into our playground

Why take part?
Bird populations are a great indicator of the health of the environment. That's why it's so important to take part in surveys like Big Garden Birds to help keep all eyes on the up and down of the wildlife where we live.

What did you see?

How many birds of the same kind did you see at the same time?

House sparrow	Blackbird
Blue tit	Robin
Great tit	Chaffinch
Starling	Pigeon
Wren	Great tit

What to look out for
Which birds you'll see can vary depending on where you live, what food you see and where your food is placed. But one thing's for certain: spend a little time preparing the ideal environment for our feathered friends and you're sure to give nature a home in your garden.

7 million birds counted last year alone

Around half a million people took part last year

We are almost ready to apply for our Silver award, we just need to write and agree our Eco code!

As part of our commitment to providing the best educational opportunities for the individual pupils within our School, there are a variety of Breakfast and After School English and Maths Clubs throughout the year. Girls will be invited to attend the sessions most suited to their needs. ■

The younger child should be collected from Creche by 3.40pm, in time to collect the older sibling from their school at 3.45pm.

Prep Study Hall is available to all pupils in Years 3 to Year 6 and by booking pupils into After School Club. This will be held at School on Mondays, Tuesdays and Thursdays, enabling pupils to complete homework in a supervised quiet classroom until 4.15pm. Pupils can be collected from School at 4.15pm or transfer to After School Club to complete any outstanding homework. ■

HOLIDAY CAMP

Our Prep Holiday Camp is an excellent way for your children to enjoy their break from school by engaging in a wide variety of fun activities with familiar people in familiar surroundings. We welcome all children from Reception to Year 6 attending Surbiton High Prep Schools, along with their siblings and friends.

Run by our dedicated Prep School team, each day is bursting with a variety of activities designed to ignite curiosity and keep children engaged for hours. From sports and creative sessions to practical life skills and mindfulness, there is something for every child to get involved in.

Here is what your child can look forward to:

- **Staying Active:** A dynamic range of activities to keep energy levels high.
- **Building Confidence:** Discover and master new skills in a supportive setting.
- **Making Friends:** Socialise, collaborate, play, and have fun in

a safe and welcoming environment.

- **Exploring New Interests:** Try exciting new activities that spark creativity and curiosity.
- **Enhancing Well-Being:** Mindfulness and kindness are at the heart of what we do.
- **Feeling at Home:** Supported by the Surbiton High School team, who know and care for your child.

Give your child a holiday experience they will remember—full of laughter, and discovery. We cannot wait to see them there!

If you would like to book your son/daughter into Holiday Camp please do so via SchoolsBuddy (<https://surbitonhigh.schoolsbuddy.net/Dashboard>), on a first-come, first-served basis. You can choose individual days or a whole week. If you would like to book a sibling who does not attend one of our Prep Schools, please contact our Holiday Club Team via prepholidaycamp@surbitonhigh.com. ■
