INTRODUCTION

WELCOME!

I'm delighted to introduce our 2026 Summer Season, which will see us returning to Clifton Village's beautiful Mall Gardens for a fourth year running, playing a major role in our 10th anniversary year programme.

Taking place over four days this July, our open-air, undercover garden cinema returns with a rich programme of feel-good summer films and cult classics, including a day (Thursday 2nd) dedicated to films with a Bristol connection, 80s blockbusters, family favourites and of course our popular Vintage Screenings (combining film screenings with themed wine tastings) "on tour" again.

With two cinemas, state-of-the-art LED screens, wireless headphones, and covered event space, you'll be sure to enjoy your film in comfort.

After the popularity of last year's inclusion of wine exhibitors, I'm very pleased to announce that this year's Summer Season will incorporate the inaugural Clifton Wine & Drinks Fair, showcasing a myriad of winemakers,

spirits, beers & ciders, and non-alcoholic options. Access to the Fair is included with your ticket to any film, so be sure to read more about it in this programme and take some time before/after your film to enjoy.

Read on to find out more about the films, with more announcements to come - we look forward to seeing you there!

Owen Franklin
Festival Director

THURSDAY 2ND JULY - 12:15
 FILM STARTS 12:30

📍 THE LEXUS PAVILION

WATCH TRAILER

Our Bristol In Focus programming begins with a screening of the 1950 adaptation of *Treasure Island*. This swashbuckling adventure begins with scenes shot on location in Bristol's Floating Harbour, and also includes Geoffrey Keen among the cast, who was educated locally and made his stage debut in the city.

Besides the local links, this was Disney's first ever fully live-action film and the first colour adaptation of Robert Louis Stevenson's novel, making it a notable milestone in pop culture history as the studio moved beyond its animation roots – plus Robert Newton's legendary performance as Long John Silver has forever linked the West Country accent with "pirate talk"...!

THE TITFIELD THUNDERBOLT

EALING COMEDY | TRAINS | U

THURSDAY 2ND JULY - 12:45
 FILM STARTS 12:55

📍 SCREEN 2

We always enjoy screening Ealing Comedies, and this screening, opening Screen 2's programme for our Bristol In Focus day, has a strong local link that you may not have realised...

The Titfield Thunderbolt tells the story of villagers trying to keep their local railway running in the face of closure by British Railways; their misadventures

are the epitome of the quintessential, mildly anarchic wit of Ealing Comedies. The film was shot on the recently closed Camerton Branch of the Bristol and North Somerset Railway, and even features Temple Meads doubling in for a fictional station. It's a winning combination of local history and the spiritedness that defines the Ealing hallmark.

SOME PEOPLE

60s CULTURE | BRISTOL | PG

THURSDAY 2ND JULY - 14:45
FILM STARTS 14:55

📍 SCREEN 2

You can't get much more "Bristol In Focus" than Clive Donner's slice-of-life drama *Some People!* Shot entirely on location in Bristol and showcasing everywhere from South Bristol Baths to Lockleaze – and even featuring a test flight of the Bristol 188 – it's a time capsule view into a bygone era of the city.

Besides the fascinating reminder of 60s Bristol, it's also a snapshot of early 60s teen culture, as seen through the eyes of Kenneth More's aeronautical engineer-turned-youth worker (and as commissioned by the Duke of Edinburgh Award Scheme!). A quirky, charming piece of British cinema, with a memorable soundtrack to boot.

📍 THE LEXUS PAVILION

WATCH TRAILER

Our Bristol In Focus programme in the Lexus Pavilion programme continues with the film noir classic *The Third Man*. Joseph Cotton and Orson Welles lead this murky drama that winds through the streets and sewers of post-WWII Vienna (filmed almost entirely on location), but Trevor Howard steals every scene as the irritable Major Calloway, who becomes embroiled in the conspiracy surrounding the death of an American in suspicious circumstances.

Howard was educated at Clifton College, just down the road from The Mall Gardens, and there is a plaque in his honour on the nearby Redgrave Theatre. He called *The Third Man* his proudest achievement in a long and diverse career spanning over 100 films – so it feels fitting to include this seminal piece of British cinema history in our Bristol In Focus lineup.

Usually held in Averys Wine Merchants' historic wine cellar, this July our Vintage Screenings are going on tour, to Screen 2 in The Mall Gardens. Following a sparkling wine on arrival, the film will be accompanied by a themed tasting of four carefully selected wines.

Following a sell-out screening in January, we're hosting another 80th anniversary screening of Alfred Hitchcock's

Notorious. This gripping espionage thriller has hints of both film noir and romantic melodrama, and the central trio of standout performances from Ingrid Bergman, Bristol's very own Cary Grant and Claude Rains make this one of Hitchcock's finest films. Given the importance of a wine cellar to the plot and Grant's local links, we'll be pairing it with wines that have a rich history linked with Bristol...

As part of our Bristol In Focus programme, we're delighted to be bringing the hilarious action satire (and firm Festival favourite) Hot Fuzz back to Clifton Summer Screenings this July after a sellout screening back in 2023. Filmed locally in writer/director Edgar Wright's childhood hometown of Wells, this brilliantly lampoons every beat in the long list of 'buddy cop' movie tropes.

Take the Somerset setting and add Bristol University alumnus Simon Pegg, Bristol Old Vic Theatre School alumna Olivia Colman, and native Bristolians Bill Bailey and Stephen Merchant to the cast, and you've got the finest (and quite possibly the only) West Country blockbuster ever made! As part of our Bristol In Focus programming - and after a sellout screening in Averys earlier this year - we're screening Mel Brooks' outrageous

satire of Westerns, the legendary Blazing Saddles this July. The Wild West comedy might feel removed from The West Country, but did you know that star Gene Wilder trained just down the road from Clifton Village, at Bristol Old Vic Theatre School? We'll be pairing this Oscar-nominated comedy with wines from the frontiers of the Wild West - but that doesn't necessarily mean they'll be American...

Our Bristol In Focus programming in the Lexus Pavilion concludes with a screening of Richard Curtis' hilarious BAFTA-nominated hit Notting Hill. The beloved romcom was directed by the late Roger Michell, who was educated at Clifton College, where he first began writing and directing short plays long before his award-winning career.

Hugh Grant and Julia Roberts shine in this heartwarming tale of unlikely romance, backed up by an ensemble cast of British talent (including a scene-stealing Rhys Ifans) – and since one of the film's iconic scenes involves an after-hours visit to the local park, we can't think of a more appropriate setting for this screening than The Mall Gardens.

With its influence extended well into present day pop culture (hello, *Stranger Things*) and its jukebox soundtrack – naturally including Ben E. King's song of the same name – it's a perfect encapsulation of childhood nostalgia with more depth and pathos than many of its 80s peers, which has only got better with age. We're pleased to present a 25th anniversary screening of modern fairy tale *The Princess Diaries*. Follow Mia Thermopolis, a seemingly ordinary teen (albeit with a knack for awkward moments), as she learns she's heir to the throne of a European kingdom and must navigate school, friendship, and royal life all at once.

Bursting with heart, humour, and starring Anne Hathaway in her film debut, this modern classic shows that even royalty can be relatable. Whether it's your first coronation or your tenth, *The Princess Diaries* is a celebration of self-discovery, confidence, and the magic in being yourself.

WATCH TRAILER

The final day of our 2026 Summer Season begins with a 30th anniversary screening of Matilda. Danny DeVito directs and co-stars in this spellbinding story of the little girl with a big heart – and seemingly magical powers – who uses her abilities to mischievously wreak revenge on bullies, villains and ne'er-do-wells.

There are no weak links in the cast, but Mara Wilson as the eponymous heroine squaring up to Pam Ferris' turn as the tyrannical headmistress Miss Trunchbull is a hero-villain duo for the ages! Joyful, empowering, and endlessly rewatchable, Matilda is a big screen delight for children and inner children alike, and a reminder that even the smallest people can change their world.

📍 SCREEN 2

WATCH TRAILER

One of the greatest comedy films of all time – and one of the most controversial – returns to our schedule this summer. The Pythons' inimitable take on the Biblical epic, centred around a very ordinary man mistaken for the Messiah, caused outrage upon its release, but has weathered the critics to become a must-see staple of British filmmaking.

Almost every line is quoteworthy, almost every scene is laugh-out-loud funny, and we'll never tire of mentioning the fact that John Cleese was born and educated locally either. Whether you know every word off by heart like a parrot (Norwegian Blue) or have somehow managed to get this far in life without watching it – you're invited to hear Brian's sermon!

WATCH TRAILER

Our Sunday programme in the Lexus Pavilion continues with a 40th anniversary screening of the ultimate love letter to teenage rebellion, Ferris Bueller's Day Off. Anchored by Matthew Broderick's magnetic performance, we're invited on a day skipping school that becomes an adventure sprawling across Chicago.

Between the laugh-out-loud gags, 80s swagger and vividly imagined city backdrop, there are some more tender moments that accentuate the importance of savouring the present while it lasts. It's a pitch-perfect comedy that remains both a highlight of the decade and a timeless reminder that sometimes the best lessons happen outside the classroom.
