Lead Generation Experts With a Reputation of Over 40 Years

What We Do...

HomePros Guide is a home improvement/service magazine, fully dedicated to your industry, that has built a strong and trusted reputation over more than 40 years in business. Our hand-selected homeowners are the top 20% of the most desired single family dwelling homes and neighborhoods. With audited and verified proof of mailing, we distribute "by rooftop", not saturation mailing, to target the perfect audience based on home values, income, age of home, and credit rating.

When it comes to advertising your business, there are many routes. Not only can we support your marketing initiatives via print, we can also provide a fully customizable digital campaign focused on targeting your ideal audience.

At HomePros Guide, we are proud to partner with the Twin Cities' most reputable home improvement contractors, service providers and home lifestyle companies with an 85% retention rate year over year! Let us help you too! With our reputation, timing, and audience, our readers have come to us when they need home repairs or improvements. They turn to us. They'll turn to you.

Contact a HomePros Guide multi-media marketing specialist today to learn more about how your brand can connect with your perfect audience.

90% of our advertisers are able to cover the price of the ad with one or two jobs.
