B.C.'s complete field trip resource*

YMCA Camp Elphinstone offers the best of the great outdoors

With fresh air, open skies and a diverse ecosystem, the Pacific Northwest is an ideal environment for exploration and discovery. That's why the YMCA transforms their summer overnight camp, YMCA Camp Elphinstone, to an outdoor learning haven for children and youth during the school year.

Located on the beautiful Sunshine Coast of B.C., two kilometres north of the Langdale ferry terminal and just a 40-minute ferry ride from Horseshoe Bay in West Vancouver, YMCA Camp Elphinstone boasts more than 140 acres of oceanfront property, lush rainforest and quiet creeks. It's no wonder they've been providing unique outdoor experiences to kids since 1907.

Their outdoor education programs are designed to get kids active and learning outside. Through meaningful, experiential learning, YMCA staff facilitate a wide variety of hands-on activities and students are challenged outside the traditional classroom. Programming is carefully planned to provide quality learning opportunities and is designed to meet provincial prescribed learning outcomes.

Y staff work with educators to ensure that programming is developmentally appropriate and schedules are planned to achieve group goals. Some examples of the most popular types of programming, favoured by educators, include: marine beach study, discovery hike or voyageur canoeing. And of course, kids can't get enough of their climbing wall, archery

ranges, and camp fires!

Y staff are also able to play a hands-off role should educators wish to take the lead in facilitating learning experiences (certain activities require Y staff due to safety). The Y boasts an impressive staff team, with highly trained leaders, with expertise in areas such as wildlife safety and healthy child development.

YMCA Camp Elphinstone is able to accommodate up to 450 participants and offers two types of accommodation – lodges and cabins – all of which offer electricity and heat. Lodges feature private washrooms, cozy lounges, mini kitchenettes and lockers to secure belongings. Cabins have washrooms and showers nearby in a separate building.

The Y makes sure kids are full with healthy and nutritious meals during their stay, serving appetizing, kid-friendly meals served family or buffet style. Participants can expect meals such as pancakes or scrambled eggs and hash browns for breakfast, macaroni and cheese or tacos for lunch, and chicken and potatoes or stir-fry for dinner. Meals also include endless salad bars at lunch and dinner or cereal and fruit bars at breakfast. They are able to accommodate most dietary needs, including vegetarian, vegan, lactose or gluten intolerant, diabetic and celiac at no additional cost. Single meals are available for day-use only groups.

Prices range depending on the type of accommodation and time of year – low season rates are offered November through April. Since the YMCA is a charity, they also offer financial assistance made possible through fundraising efforts in the community, to ensure that all kids get a chance to experience learning in the great outdoors. They also have a slew of recommendations on ways for groups to fundraise their trip.

Spaces book quickly, so inquire early to secure dates and get a customized quote. To learn more, contact 604-886-2025, elphinstone@gv.ymca.ca or visit their website (gv.ymca.ca/outdoor-education).

YMCA Camp Elphinstone
1760 YMCA Road, Gibsons BC

Outdoor Education Programs
September to June

An outdoor education experience like no other

Located on the beautiful Sunshine Coast of BC, YMCA Camp Elphinstone is just two kilometres north of the Langdale ferry terminal on the shores of Howe Sound and a 40-minute ferry ride from Horseshoe Bay in West Vancouver. With 144 acres of oceanfront property, lush rainforest and quiet creeks, YMCA Camp Elphinstone has been offering outdoor experiences for children and youth to learn, grow and explore since 1907.

PROGRAMMING *Quality learning outdoors*

Programming is carefully planned to provide quality learning opportunities and meet learning outcomes. Highly skilled and trained staff are available to deliver or support programming.

Structured activities: cover specific content through activities like our discovery hike or marine beach study that teach about the ecosystem or marine wildlife.

Skill development: develop skills in archery or orienteering, or participate in activities like high ropes or voyager canoeing that develop leadership and encourage communication.

Physical activity: we get kids moving through court sports, kayaking, wall climbing and much more.

ACCOMMODATION *Cozy lodges and rustic cabins*

Our facilities accommodate up to 450 participants. Our two types of accommodation – cabins and lodges – are heated and have electricity.

Lodges: Each lodge sleeps 32 people in eight bedrooms, and features four private washrooms with showers. Lodges also boast a cozy lounge area with fireplace, fridge, microwave, coffeemaker and lockers to secure personal belongings.

Cabins: Each cabin sleeps 12 people. Washrooms and showers are located close by in a separate building.

MEALS *Delicious and nutritious cuisine*

Our large dining hall serves tasty meals in family or buffet style, and includes endless salad and fruit bars. Coffee, tea, water and fruit are available 24 hours a day. Single meals are also available for day groups.

Dining options: Our kitchen operates on a standard menu plan which consists of healthy and filling camp favourites.

Dietary restriction friendly: We are able to cater to most dietary needs, including vegetarian, vegan, lactose or gluten intolerant, diabetic and celiac, at no additional cost.

Contact us to get a customized quote for your group.

Online Field Trips with BCAITC

Are you looking for online field trip options? Look no further!

BC Agriculture in the Classroom Foundation (BCAITC) offers dozens of fun and education 10- to 25-minute videos showcasing a range of BC grown agriculture commodities like apples, blueberries, cranberries, eggs, honey, hazelnuts, chicken, and more.

Students can get the inside scoop on BC farms and learn how food makes its way from farm to table with this video collection!

Plus, educators can use related K-12 curriculum-linked lesson plans, activities, and recipes to extend the learning! Find links videos and 500+ more free classroom resources at www.bcaita.ca.

P.S. Watch www.bcaita.ca for news on our 2023 Ag Adventures live field trips in the Fraser Valley!

WWW.BRIDALFALLSWATERPARK.COM

- Bridal Falls Water Park is located in Bridal Falls next to Camperland RV Resort.
- Take exit #135 or #138 off Highway #1, 10 minutes east of Chilliwack. Phone 1-888-883-8852 or visit our web site at www.bridalfallswaterpark.com.
- Bridal Falls offers schools special group rates.
- The water park is open weekends in June then everyday until the September long weekend.
- The park is available for groups during the week days in June to ensure maximum sliding fun.
- Bridal Falls is ideal as there are no stairs to climb. Teachers are able to see and keep a visual on their students or group at all times.
- Bring your own lunches to save money.

YOUR UNFORGETTABLE WINTER FIELD TRIP DESTINATION

Reconnect with nature through outdoor adventure

Book Now: 604-668-5935

45 mins East of Hope, BC

WWW.MANNINGPARK.COM

RECONNECT WITH NATURE THROUGH OUTDOOR ADVENTURE THIS WINTER!

Nestled in the heart of the Cascade Mountains and only 45 minutes east of Hope, BC, Manning Park Resort is an ideal destination for your next field trip. For over 30 years, Manning Park Resort has been welcoming students to fall in love with winter through outdoor recreation. With customized programming and excellent instruction, there is truly something for everyone.

ALPINE SKIING & SNOWBOARDING

Learn how to Alpine ski, snowboard or improve your abilities with our top-notch instruction. Manning Park Resort has some of the best snow conditions in B.C. and a wide variety of terrain and rental equipment for beginners to advanced levels, offering students the best possible conditions to experience the sport.

SNOW TUBING

Located at the Ski Area, The Polar Coaster is Manning Park Resort's very own lift-access tube park! Enjoy a fun day of tubing on four beginner and advanced groomed runs.

NORDIC SKIING

This is cross-country skiing at its finest—in forests and valleys, with a scenic mountain backdrop. Join our Nordic team for guided cross-country ski lessons and learn to experience the trails of the Provincial Park in a whole new way.

SNOWSHOEING

If you can walk, you can snowshoe! Experience the magic of trekking through a Provincial Park on your own two feet. Take part in a guided tour to access some of the over 300km of trails, ranging in all difficulties.

Ridge Wilderness lives by the belief that building independence and confidence both in the wilderness and on the water, are invaluable life skills.

Ridge offers a variety of day and overnight canoe based adventures, canoe lessons, first aid courses, Duke of Edinburgh Adventurous Journeys, wilderness skills workshops both onsite at your school or out on one of BC's beautiful lakes!

Our programs are led by highly experienced guides and instructors who are passionate about sharing their knowledge and expertise in hopes to inspire the next generation to get outside.

The benefits of safe, skilled, exploration for the mind and body cannot be shared enough!

Let our team of Ridge experts customize a program for you today!

Call **604-477-4663** or email **adventures@exploreridge.com**.

EDUCATIONAL OUTDOOR EXPERIENCES!

With everything going on in the world right now, outdoor education is more important than ever. At Sasquatch Mountain in Hemlock Valley, we're passionate about getting kids outdoors to learn and play. We work with local school districts to ensure that our programs align with curriculum requirements and are designed to be FUN, EDUCATIONAL, SAFE, and AFFORDABLE.

GETTING TO SASQUATCH MOUNTAIN

Hemlock Valley Road is now better than ever! Over the course of the past six months, there have been safety upgrades, drainage repairs and significant improvements made by the BC Ministry of Transportation and Associated Engineering.

Unable to get transportation through your district?

No problem, we have bus and shuttle options with experienced winter drivers that will pick up and drop off your group right at school ensuring everyone gets home safely. Contact our Group Specialists and they can set you up.

SAFETY FIRST IN ALL AREAS!

Student safety is our number one priority. We're taking a number of steps to make the mountain one of the safest places to be this winter. To minimize risk and contact during COVID, precautionary measures are in place including reduced group lesson sizes, an online orientation prior to arriving and educating guests/students on how to safely distance and conduct themselves in the mountain setting.

SNOWSHOE TREKS

Experience the only mountain offering chairlift guided access to natural backcountry snowshoe treks.

Choose your own adventure:

- Aboriginal Cultural Trek
- French Canadian Culture Trek (for French-immersion classes)
- Snow survival 101 (learn the basics)
- Cardi-snow boot camps (a fitness focused trek for PE students)
- Custom build your own trek

TUBING

Eight lanes of sliding fun at our carpet lift-operated tube park! One of the biggest in BC!

SKI/BOARD

Certified instructors lead small groups to maximize learning in our single and multi-day programs. Before arrival, each group takes part in an online orientation which teaches them about mountain safety and alpine responsibility.

Call or email our Group Specialists today for further information or to reserve your space at
groups@sasquatchmountain.ca | 604-797-0227.

Don't miss out on our Educators Appreciation Weekend where teachers, educators and support staff get free lift tickets for ski/board or snowshoeing on January 16th/17th, 2021 (conditions apply).

RSVP by emailing the Group Specialist email above.

Stillwood Camp and Conference Centre has run overnight summer camps and retreats for many years, which have brought joy, community, and a full camp experience to many people over the years.

Back in 2015, it was decided that an important aspect was missing from the camp programs: Outdoor Education. Stillwood enlisted Dr. Tracey Dobb's help to bring this new vision to fruition. Tracey, with her passion for the outdoors and the next generation, began building a program which would help youth to learn about the outdoor world beyond that of the technological world that seems to grip society. Her dream, in coordination with Stillwood, was to see a passion and love for the outdoors come alive in kids. Bringing a knowledge of how important nature is to life.

Outdoor skills have been forgotten, and the beauty of creation shadowed by the busy lives kids lead these days. Between school, extra-curricular activities, sports, and social media, there is no time for wonder anymore. But Stillwood believes that a longing still lives within our youth, and that it just takes one spark to ignite it once again.

Stillwood's outdoor education comprises our Outdoor Program, our Team-building program, and our Camp-in-a-day program. Our hands-on, outdoor educational programs will give unique learning experiences and opportunities for growth with your students. We would love the chance to teach them the beauty of nature and important wilderness skills at our fully functional retreat centre.

Besides our education programs, we have full service accommodations, catering, and many activities such as high-ropes, a climbing tower, archery, and more. We strive to help your class have the most valuable and impactful experience possible, while encountering the great outdoors.

Our programs contain a variety of modules that can be custom-tailored to meet your class needs. We would be delighted to have you come up for a tour, and to give you some further information. If you're interested, or would simply like to know more, we are just an email away at outdoored@stillwood.ca

For more information or to reserve contact outdoored@stillwood.ca

Kids love playing in the sand because it's an open-ended medium that allows children of any skill or cognitive level to play, imagine, explore and build.

6 Pack Beach
is indoors, where it's
never too hot or too
cold and you won't
ever have to worry
about the weather.

What better way
than playing in a
safe and controlled
environment?

We can
accommodate
groups of as
few as 10 kids
up to 150.

We also include
all the beach toys
you can imagine
– balls, pails,
shovels, parachute,
tug-o-war rope
and more!

To book call
604-321-6800 or email
staff@6packbeach.com.

VISIT UBC

PACIFIC MUSEUM OF EARTH

Take a tour through 4.5 billion years of Earth's history, discover the topography of the moon and Mars using our interactive OmniGlobe, touch a real dinosaur bone, be informed about the hazards of natural disasters, gaze at dazzling mineral and gem displays, and learn about the mineralogical guts of your smartphone—all in one visit to the PME.

Our outreach programs cover several topics within Process of Science, Life Science, Physical Science, and Earth and Space Science as outlined under the BC curriculum prescribed learning outcomes. Groups can book an hour-long hands-on workshop during which students will learn how to identify minerals and rocks, how fossils are preserved, or how and why volcanoes erupt explosively. In addition to a workshop, your group can book a guided tour of the museum's exhibits and an exclusive 30-minute show-and-tell of our famous OmniGlobe.

Our programs can accommodate groups of 1-25 students and are extremely affordable - \$100 for a group of 25 students—that's \$4 per student!

Find out more at: pme.ubc.ca/educationalprograms

BEATY BIODIVERSITY MUSEUM

Feel the softness of an owl wing; observe the rainbow in the colours of beetles; and, if you are brave enough, smell 20-year-old blubber recovered from our blue whale skeleton! Explore an active research collection used by world-class biodiversity scientists.

Best of all, check off topics used within the BC curriculum including plants, evolution, adaptation, journaling, fine arts, habitats, and ecosystems. Schools can take a museum-led program or opt for a self-guided visit. Find lesson plans to use before, during, and after your visit on our Educator Resource Page (beatymuseum.ubc.ca/educator-resources).

Spend a full day at the museum by combining a program with a range of daily activities, including documentaries, hands-on activities, and the opportunity to use the museum as an alternative class space.

Field trips for the museum are cost-effective, starting at only \$8 per student plus tax. The Beaty Biodiversity Museum can accommodate class sizes of 15-30 students per group.

Find out more at: beatymuseum.ubc.ca/learn

BRINGING BRITISH COLUMBIA'S AVIATION PAST INTO THE FUTURE

Canadian Museum of Flight

at the Langley Airport
Hangar #3—5333 216th Street

www.canadianflight.org 604 532 0035

Inspiring,
educational,
and ...
It's just plane fun!

The Canadian Museum of Flight

Inspiring ... students of all ages

Our 'aviation discovery centre' is the ideal platform on which to inspire young people towards STEM – beautiful objects, sophisticated design, living science.

We offer diverse educational opportunities, informal, semi-formal and formal. Visiting groups can draw upon our classroom, display spaces, equipment (e.g our wind tunnel), demonstration items (e.g. which wood would you choose?), videos. Our knowledgeable volunteers can be available to help explore it all.

Please, get in touch and chat about what we can do for you!

COASTAL CLIMBING CENTRE

Coastal prides itself in offering the most affordable climbing field trips in the Lower Mainland. These sessions are led from start to finish by our qualified instructors, who take care of all the technical aspects of the sport, enabling the students to experience a safely managed and enjoyable climbing experience.

For teachers who would prefer that their students become more involved in the technical aspects of climbing, we also offer multi-session group instruction packages. Over the course of three or more sessions, your students will learn how to use the equipment correctly, communicate by using the proper commands, tie knots appropriate to climbing, and belay each other safely.

SCHOOL PROGRAMS

with the

FRASER RIVER DISCOVERY CENTRE

Connect with our home, the Fraser River Basin and explore a variety of topics, from endangered sturgeon to Indigenous fishing techniques, with our interactive and place-based school programs!

AT THE CENTRE

Visit us in-person at our interpretive centre on the New West Quay!

ONLINE

Join us for a fully interactive and live online program!

AT YOUR SCHOOL

We'll deliver hands-on programs in your classroom or on school grounds!

IN A KIT

Lead a lesson yourself with our adaptable lesson plans and educational materials!

Visit fraserriverdiscovery.org/education to book your program!

THE FRASER RIVER DISCOVERY CENTRE (FRDC)

is a not-for-profit interpretive centre whose mission is to bring together the many voices of the Fraser, to discover, celebrate, and inspire passionate stewards of the river. The FRDC has two floors of interactive exhibits and hosts education and public programs as well as special events. In 2020 the FRDC entered into a Memorandum of Understanding with the Musqueam Band with the intent to develop the Fraser River Discovery Centre as x^wtatəlləm, a Place of Learning about the Indigenous heritage and teachings of the Fraser River. The FRDC is a perfect stop along the New Westminster boardwalk and a unique window into the past, present, and future of the mighty Fraser River!

Gulf of Georgia National Historic Site

The Gulf of Georgia Cannery National Historic Site offers school programs exploring the social, political and natural history of Canada's west coast fishing and canning industries. We have a range of programs with different focal points, including Indigenous Peoples, sustainability and critical thinking on challenging issues, where students will learn about adaptation to change historically and in the present. Visit our website for school resources and programs offered in English and French.

Le site historique national Gulf of Georgia Cannery offre des programmes scolaires explorant l'histoire sociale et politique ainsi que les ressources naturelles de la pêche et de son industrie en Colombie-Britannique. Nous avons une gamme de programmes qui mettent l'accent sur les peuples autochtones, la pêche durable et la pensée critique sur des questions difficiles, où les étudiants apprendront l'adaptation au changement historique et actuel. Visitez notre site internet pour découvrir nos ressources en ligne et la description de nos différents programmes, offerts en anglais et en français.

For more information and to book, call 604.664.9234 or visit gulfofgeorgiacannery.org/learn

The A, Bee, C's of Honeybees

We bring the amazing world of the honeybees to the forefront of education through hands on activities and explorations.

Showcase the relationship between humans and honeybees.

Feature the honeybee as an integral species in our food web.

Explore the honeybee and other pollinators as a keystone species in Earth's ecosystem.

The Experience for Students

Enjoy a presentation from our expert staff on the importance of honeybees in our world

See what the honeybees are doing up close with our live observation hive

Learn about bees while playing our interactive games and activities

Taste a variety of honey and learn about the many products of the beehive

All students take home a wildflower seedling to plant in their own yard to help support the bees

ECOLOGY CENTRE

nature education in Lynn Canyon Park

DISCOVER

CONNECT

EXPLORE

ecologycentre.ca

The Ecology Centre is a nature museum nestled in the lush temperate rainforest of Lynn Canyon Park in North Vancouver. Our experienced naturalists have been offering curriculum-linked nature education for grades K through 12 since 1971.

Visit the Ecology Centre in Lynn Canyon Park and get outside! Or bring the outdoors in with one of our virtual programs.

During an Ecology Centre program you can:

DISCOVER the secrets of the temperate rainforest.

CONNECT with nature in a meaningful way.

EXPLORE the Ecology Centre and Lynn Canyon Park.

Fall programs begin booking the first Wednesday of September. Spring programs begin booking the first Wednesday of February.

CONNECT with Nature

metrovancover | REGIONAL PARKS

From Langley to Bowen Island, **Metro Vancouver's regional parks** protect a diversity of landscapes and habitats. Regional Parks has a team of staff ready to help you connect with nature. Adventures and discoveries await you in Metro Vancouver's regional parks – no matter what your age or interest. Field trips, tours and workshops are a great way to get the most out of your park experience and create fun, lasting memories. Whether you choose towering forests, tranquil ponds or beautiful beaches, regional parks are fun and exciting classrooms. Our field trips provide hands-on, place-based education to heighten your students' sensory awareness and increase their critical inquiry skills while exploring and having fun connecting to nature. Your students will experience the physical and mental health benefits of spending time in inspiring natural spaces.

Our programs reveal the natural world through exploration and discovery, and are offered year-round. If you can't make it to a regional park in person, we also offer virtual field trips – same engaging professional park interpreters and hands-on learning – in an online setting (available seasonally).

For more information, visit metrovancover.org (search “park field trips”).

If you have any questions, email Programs.Info@metrovancover.org.

our dynamic
earth

to book a virtual, in-person, or in-school visit
go to www.pme.ubc.ca

follow us on
  

 **pacific
museum
of earth**

The Pacific Museum of Earth is Vancouver's premier Earth Science museum. We offer both virtual & in-person field trip options with a new option this Fall: in-school programming, where we bring our workshops to you! We cater to ALL AGES and deliver memorable experiences that your students won't forget.

Learn about:

- Palaeontology
- Geology
- Volcanology
- Seismology
- Mineralogy
- Planetary History

We have stunning exhibits filled with some of the most beautiful minerals you've ever seen. Come touch a real dinosaur bone, the oldest rock on Earth, and experience the wonder of the only OmniGlobe in the country. What's an OmniGlobe? Come & find out!

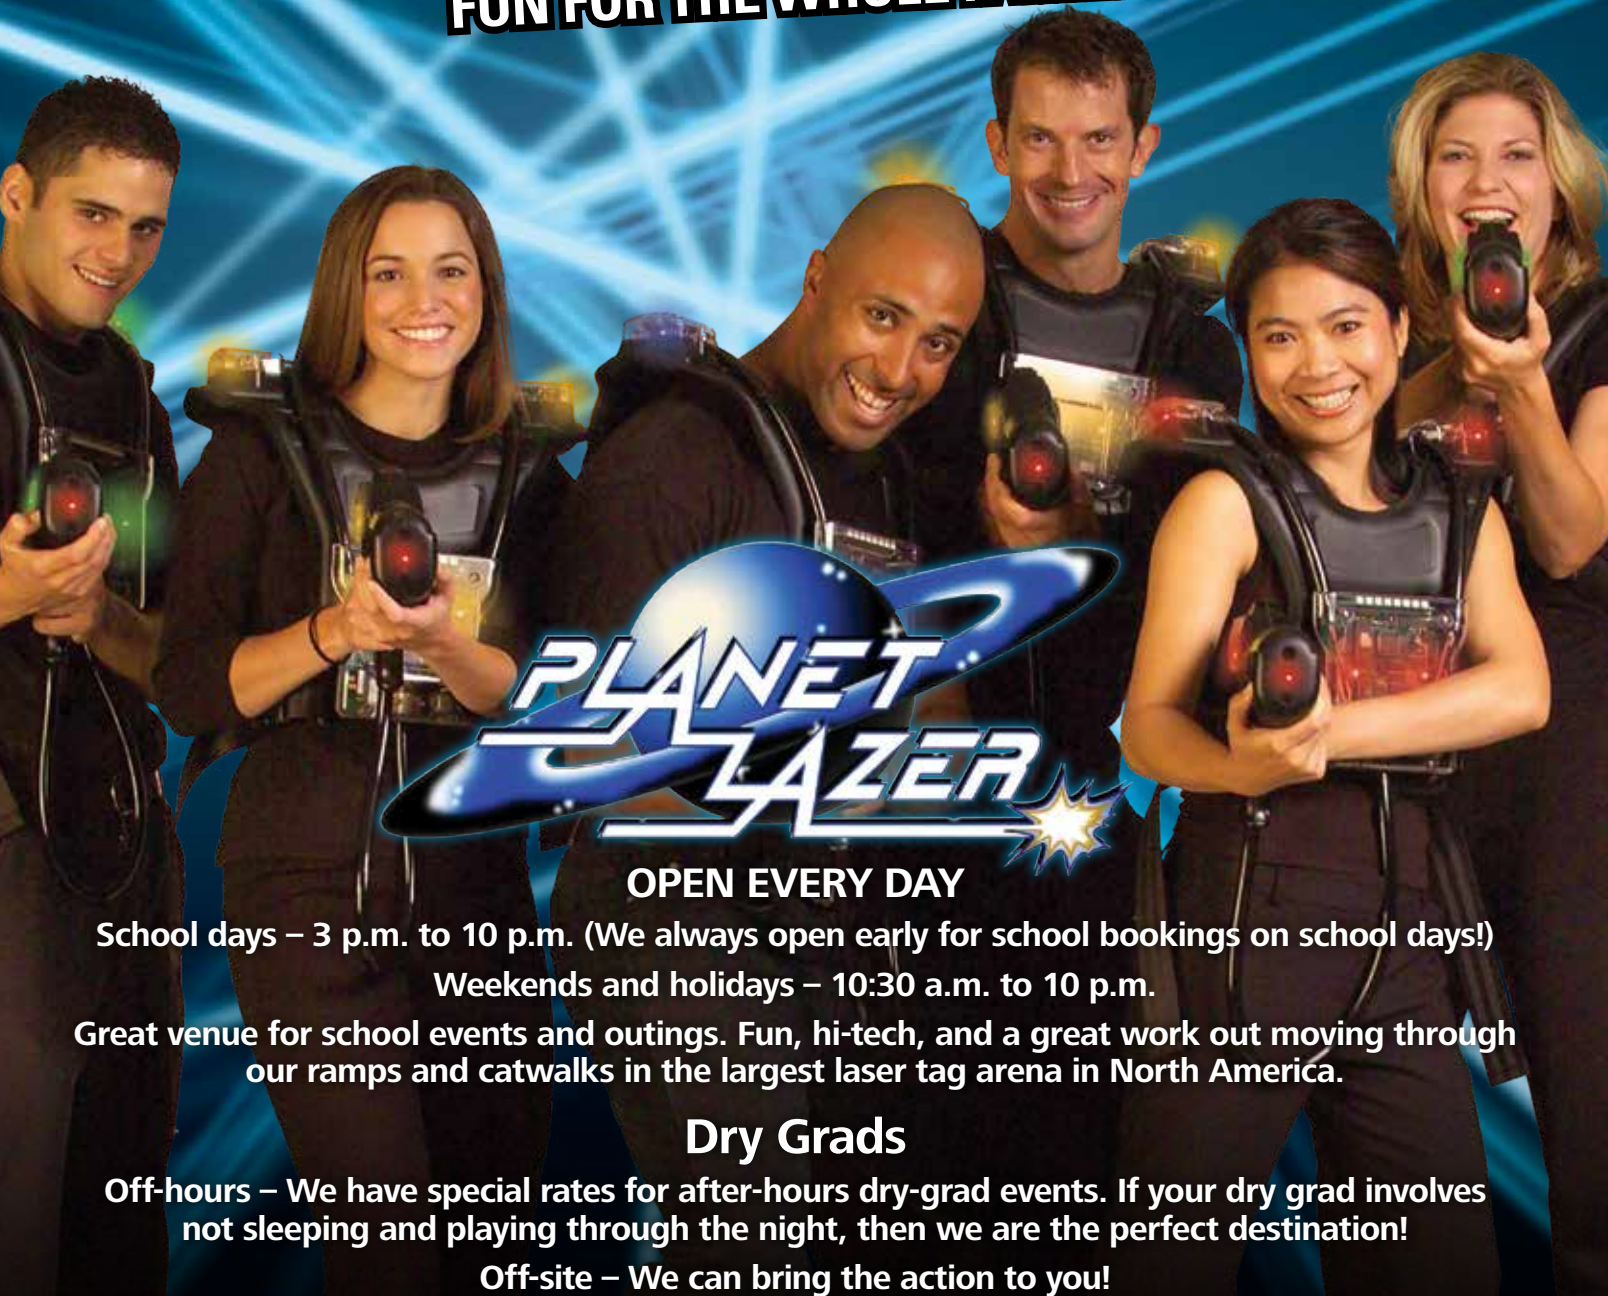

As part of UBC, we have access to cutting-edge science. Our goal is to inspire your students to see a future for themselves in STEM through curriculum-based learning experiences.

Experience the wonder & majesty of Vancouver's Hidden Gem!

PLANETLAZER.NET

EXTREME LASER TAG

LARGEST LASER TAG ARENA IN CANADA! UP TO 50 PLAYERS PER GAME
WEEKLY SPECIALS, DROP-INS, BIRTHDAY PARTIES, GROUP EVENTS
FUN FOR THE WHOLE FAMILY!

OPEN EVERY DAY

School days – 3 p.m. to 10 p.m. (We always open early for school bookings on school days!)

Weekends and holidays – 10:30 a.m. to 10 p.m.

Great venue for school events and outings. Fun, hi-tech, and a great work out moving through our ramps and catwalks in the largest laser tag arena in North America.

Dry Grads

Off-hours – We have special rates for after-hours dry-grad events. If your dry grad involves not sleeping and playing through the night, then we are the perfect destination!

Off-site – We can bring the action to you!

We will bring our gear and you can add laser tag to your dry-grad activities at your school or venue.

**OPEN
EVERYDAY
10:30AM-10PM**

Discover the Port of Vancouver

Book our **FREE** field trip for grades 4-6 students. Learn what happens at the port and how it connects to your everyday life. To find out more about our field trip experiences and online resources visit portvancouver.com/education.

Book your class today at:
604.665.9038 or education@portvancouver.com

DISCOVER CANADA'S LARGEST PORT

The Vancouver Fraser Port Authority's school program helps students build awareness about the port, the role it plays, and how it connects to their everyday life.

The field trip experience offers memorable, interactive and fun learning for classes.

The program is specifically designed to support grade four to six students' curriculum guidelines, as outlined by the British Columbia Ministry of Education.

Students will learn about Canada's largest and most diversified port through activities that encourage:

- learning through doing, watching, hearing and reading
- reflection and inquiry
- thinking critically and creatively
- communicating through listening, actions, words and pictures

See what teachers have been saying about our program:

"The presentation was extremely well run: excellent pacing, interactive, informative, and very engaging."

"I was so impressed with this program. Been teaching 25 years and I have to say it was one of the most organized, clearly laid out and interesting field trips I've been on."

Book our **FREE** field trip experience at: 604.665.9038 or education@portvancouver.com.

To find out more about the presentation and online resources visit portvancouver.com/education.

SASAMAT
OUTDOOR CENTRE

Sasamat Outdoor Centre is located an hour east of Vancouver on Sasamat Lake in təmtəmixʷtan/ Belcarra Regional Park. A member of the Association of Neighbourhood Houses B.C., Sasamat Outdoor Centre provides both day camp and overnight camp opportunities for schools. Experienced leaders provide skills training in a variety of outdoor activities designed for student success and geared to the age of the participants. Participants build confidence, self-reliance and personal skills, and learn leadership and positive values – the core aspects of all of Sasamat Outdoor Centre's camp activities. Health and fitness go hand in hand with strong personal skills, and Sasamat Outdoor Centre has much to offer – good nutrition, social interaction, physical challenges and safe, supervised programs in a lakeside environment.

THREE VALLEY LAKE CHATEAU AND THREE VALLEY GAP HERITAGE GHOST TOWN

Nestled between the clear waters of Three Valley Lake and sheer cliffs of the Monashee Mountains, Three Valley Lake Chateau is an extraordinary Revelstoke resort destination. Whether you are looking for Revelstoke accommodations or attractions, Three Valley Lake Chateau is the place to visit.

Our hotel boasts over 120 comfortable guest rooms, including family suites, loft rooms and specialty suites. Experience our resort: indoor and outdoor gardens, lake and sandy beach, indoor swimming pool and hot tub and family dining room. Just 19 km west of Revelstoke, on the Trans-Canada Highway, our location is ideal for an overnight stay, a relaxing weekend, or mid-week holiday away from the pressures of your everyday world. Make our hotel and resort a part of a wonderful vacation where there's a wide variety of accommodation, attractions and recreation.

Come back into history with us!

Three Valley Gap Heritage Ghost Town, is a unique attraction adjacent to Three Valley Lake Chateau. A visit to our Ghost Town will bring you back to the pioneer days of a typical 1800's British Columbia western town. During your visit, you will tour more than 30 rescued and restored historic buildings, an Antique Auto Museum* featuring automobiles dating from 1902, and our Railway Roundhouse, complete with turntable, locomotives and rail cars.

You'll welcome the change, our hospitality will warm you, and our spectacular scenery will impress you. We welcome school groups to visit our Historic Ghost Town as well as stay the night in our Hotel.

SOMETHING FOR ALL AGES

A one-of-a-kind attraction that takes you back to the pioneer days of the typical 1800's British Columbia Western Town. During your self-guided visit you have the opportunity to tour more than 30 rescued and restored historic buildings, an antique auto museum and Railway Roundhouse & Turntable.

Group pricing available, open daily Mother's Day to Oct 1st, 8am until dusk.

Step back in time with us!

THREE VALLEY LAKE CHATEAU

We offer special school group rates for room in our hotel during mid-May to end of June, plus September in our unique resort. Indoor Pool, balconies & patios, lake & garden views.

***Lots of Bus Parking Available.**

LEARN, EXPLORE AND DISCOVER THE ARTS

About the Vancouver International Children's Festival

Ignite your students' playful joy at the **Vancouver International Children's Festival!** Enjoy spectacular shows from around the world for kids and families of all ages from **May 29 to June 4**. The 2023 Festival will offer a mix of **In-person** (on Granville Island) and **Online** performances featuring circus arts, puppetry, theatre, dance, music and lots of arts activities created just for children.

For over 45 years, the Festival has played host to the world's most renowned performers from iconic Canadian children's singers Fred Penner and Charlotte Diamond to Quebec's spectacular acrobatic Afrique en Cirque, and acts from as far away as Australia and Norway. It leads the way not only in theatre for very young audiences, but in First Nations art forms, whether it's the Wild Moccasin Dance Sisters performing powwow forms or in hands-on Indigenous Art Workshops. There is also a strong component of French-language programming.

The Festival is constantly searching out new, different, and culturally diverse work that pushes the boundaries for young audiences—ranging all the way from six months to 13 years of age.

Don't miss this beloved annual arts and culture event!

Benefits of the Performing Arts

Now more than ever, there is an incredible need to experience the joy of the arts.

By delivering new and diverse world-class live performances, the Festival opens a world of creative possibilities for your students. Through sharing all stories and learning empathy, kids can see, hear, feel, think and imagine their potential and a better tomorrow.

The Festival is a great way to introduce your students to theatre, live music, circus and puppetry that's created specifically for them all while establishing a lifelong love of the arts.

“

“I think everyone came out of the theatre with much to think about. For most in my class this was the first time they had ever seen live theatre. It is so much better than a movie. Thank you so much.” BC Educator

”

In-Person

Fun, Wonder and Whimsy INCLUDED! Your Show tickets include free wristbands to enter the Festival's Activity Village where you and your students can get creatively playful at over 15 hands-on art stations!

Online

If you don't live in Metro Vancouver, you can take part virtually through the Festival's Online Shows. We are thrilled to offer **Online** shows to schools across BC. The Vancouver International Children's Festival's exceptional music, theatre, dance and storytelling are now accessible to all BC communities.

Now's the time to plan your In-person or Virtual day at the Festival, the not-to-be-missed annual arts and culture event for School Groups!

For more information, please visit **ChildrensFestival.ca** or call **604-708-5655**.

BE CURIOUS - THERE IS SO MUCH TO LEARN!

Urban Safari Rescue Society offers a unique educational experience for students of all ages. We will come to your classroom with a team of two animal educators and 15 to 17 animals and teach the students about the natural world in an hour long presentation of exotic animals. We focus our presentations on conservation of animals, animal characteristics, habitat, adaptations, behaviours, and more. We can also adapt our presentation to support any lesson plan or curriculum you are teaching. Your class can also visit our facility for an hour long guided tour of all the hundreds of animals at our rescue facility. Your students will learn about insects, arachnids, reptiles, mammals, birds, fish.

Vancouver Lookout

Travel 168m above street level in a glass elevator.

Once on deck, students discover the spectacular and ever changing 360-degree view of Vancouver, the North Shore Mountains and beyond. Located across from Waterfront station, the Vancouver Lookout is the perfect stop before or after your visit to the Port of Vancouver. As a stand-alone experience, explore topics such as urban sprawl, transportation and neighbourhood development.

One of North America's largest literary festivals, the Vancouver Writers Fest is back in-person with 40+ events for youth from K-12—each curated with the BC Curriculum in mind.

After two years, we are excited to bring back youth events in-person with distinguished and multiple award-winning authors **David A. Robertson, Kenneth Oppel, Ashley Spires, Sarah Ellis, Kevin Sylvester, S. K. Ali, Xiran Jay Zhao, Buffy-Sainte-Marie, Julie Flett, Heather Smith**, and more!

In addition, the Writers Fest has curated **Pro-D Day** events specially for teachers with **Omar El Akkad, Marsha Lederman, Elif Batuman, Douglas Stuart, Shelagh Rogers**, and more. From talking about journalism in the 21st century and stories that centre Indigenous values and knowledge to the power of poetry and humour to deal with the turbulent times we live in, these events will leave teachers with thought-provoking new ideas and topics for classroom discussions.

Writers in the Classroom – our popular series of workshops that brings authors into classrooms – continues in-person and virtually with a fantastic lineup of 13 authors.

Join us for inquiry-based learning events and the chance to interact with renowned authors in a stimulating, community atmosphere that students love.

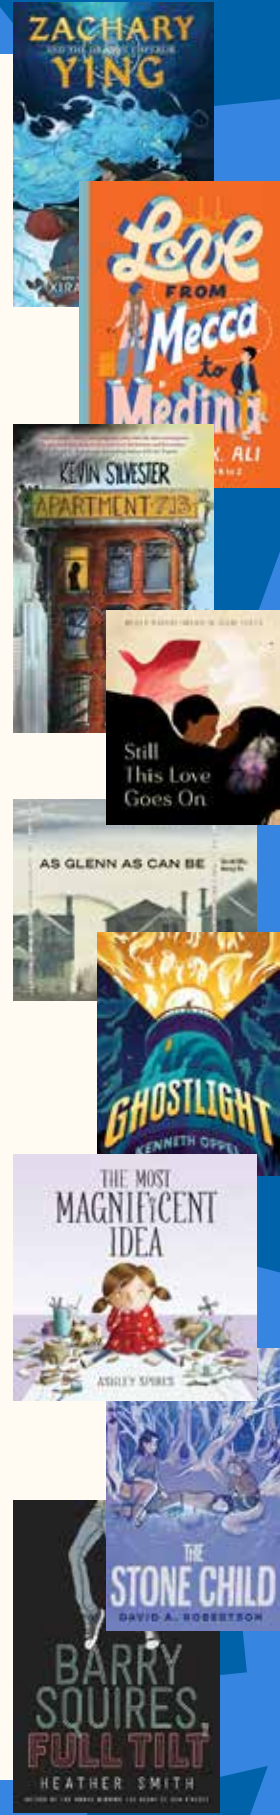

Other attractions include: Kids Market; duck pond; Granville Island Public Market; Aquabus and False Creek Ferries; galleries; public murals and street art.

Youth and accompanying adult tickets just **\$10 (inclusive of taxes)**

Ticket and Bus Subsidies Are Available

Tickets on sale: September 09 at 8:00am.

For the full list of events and details on subsidies, visit writersfest.bc.ca.

PENTICTON  GALLERY

199 Marina Way, Pentiction BC

PENTICTON ART GALLERY is a place of inquiry, interest, and enjoyment, and is an integral part of the artistic life of the South Okanagan. PAG presents contemporary and historical exhibitions of both established and emerging artists, as well as regularly highlighting it's permanent collection in exhibitions.

The Pentiction Art Gallery is also a hub for community events, including workshops, lectures, and shows.

PAG exists to exhibit, interpret, preserve, and promote our collective artistic and cultural heritage as expressed through the visual arts.

CANADA'S HIGHEST FREESTYLE ZIPLINE [381FT.]

We are the highest freestyle zipline in Canada, offering a safe, but exhilarating adventure experience for youths and adults.

Our activities fulfill most of the Prescribed Learning Outcomes for Physical Recreation as defined by the BC Ministry of Education.

We offer an experience with a high perceived risk, but an extremely low real risk. In this environment we can give your students a safe environment for them to test their nerve and learn to overcome fear.

We can accommodate up to 120 students at a time, and with a group of this size, activity will take three to four hours.

SEA TO SKY GONDOLA

At the Sea to Sky Gondola, we seek to transform the educational experience and to engage, thrill and inspire young minds with hands on learning and interactive demonstrations.

Our curriculums are designed to meet the British Columbia Ministry of Education's prescribed learning outcomes for each grade level and to enhance traditional curriculums by bringing education to life. We're excited to have your students dive into the unique Sea to Sky Gondola world of science, engineering, wildlife education and backcountry awareness. We are committed to integrating language development with science, environmental and cultural studies.

HIGHER EDUCATION 885 METRES HIGHER

Come to Rope Runner Aerial Park this season to experience the unique aerial activity! Rope Runner provides a safe environment for students to push their limits, gain self-confidence, develop problem-solving skills, communication and team spirit. While simultaneously building on their curriculum core competencies.

SCHOOL GROUPS

Rope Runner offers a safe, inclusive, and active outdoor experience for students and youth groups. WE CAN ACCOMMODATE UP TO 50 PARTICIPANTS FOR EVERY 2-HOUR SESSION.

CLIMBING REQUIREMENTS

For a student to climb they must be:

- At least 7 years old and be 124cm (49 inches) tall*
- At least 10 years old and be 139cm (55 inches) tall to climb alone in the park**

**The child to adult chaperone ratio for children under 55 inches tall is 2:1*

*** Children under 19 years of age must have a consenting parent or legal guardian sign their release of liability waiver.*

ALBERNI HERITAGE

DISCOVER *your* PLACE *in* HISTORY

You're in for a BIG DAY
TIME TRAVELING *through the*

ALBERNI VALLEY MUSEUM'S SCHOOL PROGRAMS!

Explore BC History through engaging school programs at the:

**McLean Mill National Historic Site
Maritime Discovery Centre
Alberni Valley Museum**

All programs are linked to the BC Social Studies curriculum and are available throughout the school year!

VISIT **www.Alberniheritage.com**
CALL **250 720 2523**

ALBERNI VALLEY MUSEUM

Hands - On - Heritage

The Alberni Valley Museum offers a variety of school programs for Kindergarten through Grade 12 classes. Interactive and engaging programs are offered at three sites: the Community Museum, McLean Mill National Historic Site and the Maritime Discovery Centre. Opportunities to discover Port Alberni and provincial history, from First Nations culture and pioneer experiences to forestry and maritime heritage, our programs address many of the prescribed learning outcomes of the Social Studies curriculum.

The McLean National Historic Site is a restored 1920s steam sawmill and lumber camp. Step back in time and discover the early days of BC's logging and forestry industry and experience what mill camp life would have been like.

At the Maritime Discovery Centre visit a lighthouse and gallery. Located on the waterfront in the centre of our active deep sea port, exhibits focus on the history of lighthouses, navigation and exploration of the west coast, the 1964 Tsunami and the contemporary work of Neptune Canada.

The Alberni Valley Museum is a regional history museum utilizing a unique visible storage display system. Collections include First Nations art and culture, folk art, agriculture and modern history. Our Temporary Exhibits Gallery hosts new exhibits every year.

Programs and tours are available throughout the school year and can be combined to create a half- or full-day experience. All twelve of our core programs are presented by our experienced staff and volunteers and are linked to the BC Social Studies curriculum.

For more information, please contact the Museum's Education Curator at 250-720-2523 and visit us at www.alberniheritage.com.

Courtenay and District Museum

The Courtenay and District Museum and Palaeontology Centre, located in downtown Courtenay, is B.C.'s premier marine fossil destination for students from around the province. With a mandate of natural and cultural history of the Comox Valley, the museum offers year-round fossil tours and programmes featuring 80-million-year-old marine fossils such as the Puntledge elasmosaur, mosasaurs and other ocean-dwelling vertebrates and invertebrates. Visits to the local rivers lead students to explore the past and understand Vancouver Island's ancient history.

The 14,000-square-foot galleries also hold First Nations, settlement and changing exhibition galleries. The museum also has a well-stocked and busy gift shop with items for residents and guests from around the world. If you're planning to stay for a few days, the museum also runs a 1,400-square-foot heritage home on seven acres with great accommodation rates.

QUALITY SCHOOL PROGRAMS IN VICTORIA BC

In Victoria, Discover the Past has been a leader in quality tours and activities for twenty-four years. Our popular programs take place throughout the year. We employ multiple guides so we can divide a large group into smaller sections, ensuring all students maximize their tour experience. We can customize a tour for your specific visit, or we can offer a variety of tours that have remained in demand over many years. General history, cultural diversity, Chinatown, Old Town, Gold Rush, Emily Carr's James Bay and Ghostly Walks are some of our most frequently requested tours. Discover the Past also now offers distance talks, tours and workshops live on Zoom. For information or reservations, call (250) 384-6698 or email john@discoverthepast.com

The Horticulture Centre of the Pacific

Our gardens are located on southern Vancouver Island, near Victoria, BC on 9 acres of demonstration gardens, and surrounded by 103 acres of woodland, conservation area and wetlands. We are a hub of life-long learning, conservation and research, offering an internationally recognized botanical garden, horticulture college, community education and events throughout the year.

Territory Acknowledgement

We at HCP gratefully acknowledge that we occupy unceded territory of the W̱SÁNEĆ and Lək̓ʷəŋən peoples. We recognize these lands and ecosystems are not our own. We recognize our role in the continuing process of dispossession, colonialism, and reconciliation. We recognize the need to do better. We humbly welcome all to join in this learning journey.

HCP Schools

We offer outdoor learning opportunities for educators, their students and home learners in our community. Visit us for a morning or afternoon nature experience with your class or group.

We also provide mentorship in school gardens and help build relationships and stewardship to support our natural systems.

For booking information, please email youthprograms@hcp.ca or visit www.hcp.ca

U'MISTA CULTURAL CENTRE

U'mista's Potlatch Collection tells an epic story of resistance and resilience. The Centre opened in 1980 to house repatriated Kwakwaka'wakw ceremonial regalia that had been seized by government authorities in 1922. One of the most complete and important collections of its type in the world, U'mista's Potlatch Collection is a source of great joy and pride for the Kwakwaka'wakw community.

U'mista welcomes all class visits.

BC'S BEST NEW PRO-D DAY CAMPS!

SEPT - NOV

IN MAPLE RIDGE, NANAIMO & VICTORIA

PARENT TESTIMONIAL: 10/10

She was proud of herself, which doesn't come naturally. She became more outspoken, willing to express her concerns and successes, and able to share her experiences with me. These are huge leaps and bounds for my child who has autism and anxiety.

Thank you Wildplay for bringing out the child in my child!

Fun and interactive learning experience for school groups

1461 Benvenuto Avenue—5 Minutes from Butchart Gardens!

butterflygardens.com

Come explore the tropical jungles of Victoria Butterfly Gardens with your class! Escape into the world of exotic creatures like our Caribbean Flamingo, Poison Dart Frogs, Koi Fish, Atlas Moths, and Zebra Butterflies. You'll also get to see exotic plants like Tropical Lillies and Bamboo. With over 50 unique species of plants and creatures, there's so much for your students to see and learn. Make sure to stop by and say 'hi' to Little E, our friendly Eclectus Parrot—he'll be so excited to meet you!

Observe amazing insects in our insectarium like our Leafcutter Ant colony up-close. Wander through the enclosed habitats and get a glimpse into their unique worlds. You can also find printable scavenger hunts on our website to help guide your group through the gardens. Make sure you don't miss anything!

Can't make it out to the gardens in person? We also have a virtual tour you can book! Experience a 45-minute in-depth tour of our tropical oasis led by our experts, all from the comfort of your classroom. Learn about the stages of a butterfly's life cycle, the creature's behaviours, our amazing tropical plants, and a variety of invertebrates from around the world. Your students will also get the chance to ask questions during the 15-minute live Q&A session at the end of the tour. Visit our website at butterflygardens.com to book your field trip today!

Outdoor Education Opportunities at Camp Thunderbird

Located in the beautiful Sooke Foothills on Vancouver Island, just outside of Victoria, Camp Thunderbird offers overnight and day programs for schools, home-schoolers, and community groups.

Students engage in hands-on, experiential learning in the outdoors by learning new skills, building their teamwork and leadership capacity and challenging themselves. Aligned to the new BC curriculum, programs include: rock climbing, canoeing, kayaking, SUP, archery, ecology focused wide games, and other outdoor pursuits, nature education, as well as newly-developed Grade 7 lessons on climate change and evolution.

Balanced, nutritious meals are served family style. Accommodations range from modern, heated and fully serviced cabins, to rustic cabins and newly added yurts. Financial assistance is available.

Get in touch to learn more:

Alpine Bus Lines has been offering charter services for over 30 years. We specialize in field trips and are not restricted with pick up and drop off times. We provide transportation within the Greater Vancouver area and over to Vancouver Island. We also offer charters for daycares, preschools, sport teams, and private groups. Our school buses can hold 50 people over the age of 9 to 75 if they are under 10 years old. Email your trip details and we would be happy to provide a quote.

BOOK YOUR CLASS TODAY imaxvictoria.com/schools

**No minimum requirements to attend a film on the daily schedule.*

Our mission is to teach the wonder, spirit and worth of people and the natural world through outdoor pursuits.

Strathcona Park Lodge is the renowned destination for exceptional outdoor education programs for schools from Vancouver Island, Vancouver and beyond. Located on the traditional territories of the Laichwiltach, Mowachaht/Muchalaht and K'ómoks First Nations, on the shore of Upper Campbell Lake, Strathcona Park Lodge is surrounded by snow-capped mountains and hugged by the dramatic vistas of the Elk River Valley.

Connect – Respect – Ripple Effect

Every decision we make is born out of one of our three themes: to connect our students and guests with each other and the natural world, to build respect for each others' differences and the natural environment, and to carry what we learn here out into the world to create a positive ripple effect in our communities.

Designed With Intention

Strathcona Park Lodge isn't a single lodge building, but rather a collection of eclectic cabins, chalet buildings, and, indoor and outdoor events spaces perfect for group programs, teams, retreats, and gatherings. Our 160 acre property includes lakefront, hiking trails, spectacular viewpoints, rock climbing bluffs, beautiful flower beds, fruit trees, gravel paths, and authentic hospitality. From small meeting spaces to large indoor and outdoor gatherings, our accommodation, dining and facilities provide a welcoming venue for school gatherings, workshops, conferences, retreats, training camps, celebrations, and other group events.

**Inquire about availability
or connect with our
Program Manager at programs@strathconaparklodge.com or 250-286-3122.**

www.strathconaparklodge.com

Exceptional Experiences

Our expedition-based outdoor school programs and camps inspire and enlighten youth in a positive and exciting environment. Adventure Programs for grades 6-12 include low and high ropes challenge courses, tree climbs, rock climbing, kayaking, hiking and an overnight canoe trip. Unparalleled Specialty Programs for secondary students include sea kayaking, whitewater canoeing & kayaking, rock climbing, canoe tripping, ocean canoeing, hiking, mountain biking and more.

Instructors

Strathcona Park Lodge instructors have relevant lived-experience, skills and formal education that adds depth and individuality to our programs. Instructors often come to Strathcona Park Lodge with a degree or diploma in outdoor education, adventure guiding certifications, and many are graduates of our own COLT outdoor leadership semester program. They are outstanding role models, caring leaders and demonstrate a high level of technical skills and group facilitation techniques.

SPACE CENTRE FIELD TRIPS

Our range of field trips provide grade-specific programming with personal experiences that allow your students to interact with the content and our staff in order to enhance learning.

From Earth and space science to social studies to language arts focuses, we are continually updating our programs to introduce new options for out-of-classroom learning. Packages are customizable and include hands-on workshops, live science demonstrations, Planetarium Star Theatre shows and time in the Cosmic Courtyard exhibit space.

Planetarium Star Theatre

The star of the Space Centre! Lie back and journey through the cosmos in our 360-degree dome theatre. From extreme environments to characteristics of the Moon to the historical and cultural stories of the night sky, explore the farthest reaches of our universe in this state-of-the-art planetarium theatre.

GroundStation Canada Theatre

Learn the fascinating facts and latest discoveries in astronomy. How do astronauts live in space? What are the mechanics behind rockets? How do astronomers discover planets? Find answers to all of your students' cosmic questions with these live science demonstrations.

Cosmic Courtyard

Visit our space-themed, hands-on exhibit space. Students can enjoy a range of activities like morphing themselves into aliens, trying to lift a meteorite, and driving a rover on Mars.

Want us to come to you?

Portable Planetarium

Let us bring the universe to you! With Polaris our portable planetarium, your students will be able to stand on the Moon and look back at Earth, experience a Martian sunrise, discover what the Milky Way galaxy looks like, and explore nighttime sky constellations.

The Portable Planetarium is a large, inflatable dome, where we can host up to six classes of 30 children each for 30-minute, live planetarium shows. Since our staff control what you see, each show is unique and customizable to your group!

Virtual Field Trips

Do your students have challenging questions about space science and astronomy? We have the answers!

Our staff are ready to connect with your students, on the platform of your choosing, and share their passion and knowledge. Your virtual field trip will include a science demonstration and a Q & A session with our staff.

FIELD TRIPS THAT ARE OUT OF THIS WORLD!

Take a bold step into the future with our range of field trips and educational programs. Your students will experience a universe of learning!

School Programs Include:

- Live Science Demonstrations
- Planetarium StarTheatre Shows
- Hands-on Workshops
- Cosmic Courtyard Exhibit Space

Curriculum Connections:

We continuously update our school programming to meet new curriculum changes and provide opportunities for students to apply curricular competencies.

Our booking staff are happy to discuss options and find the perfect field trip package for you.
