EMPOWERING DREAMS

Universiti Tun Abdul Razak (UNIRAZAK) stands in a class of its own, not just for the education it imparts but for the boundless empowerment it bestows upon every student, transcending backgrounds and challenges. Our convocation theme, “Empowering Dreams,” encapsulates our commitment to nurturing the academic aspirations of every student who walks through our doors.

UNIRAZAK recognises that dreams know no bounds. For the Class of 2023, our dedication to fostering these aspirations is evident in the diverse mix of graduands, which includes the pioneer batch of students from the community, the scholars under

the BUDI PNB UNIRAZAK programme, and the working adults under the Centre of Continuing Education. We understand that each individual’s journey is unique, and we are determined to provide an inclusive and supportive environment which enables dreams to flourish.

BRIDGING ASPIRATIONS AND ACHIEVEMENTS

For our BUDI PNB UNIRAZAK students, we stand as a beacon of hope. Our partnership with Permodalan Nasional Berhad (PNB), the country's leading investment house, empowers these talented individuals to realise their potential and contribute meaningfully to society. We believe in the transformative impact that education can have on their lives and the lives they touch.

The working adults who pursue their dreams at our Centre of Continuing Education embody resilience and determination. At UNIRAZAK, we provide a flexible and conducive learning environment that recognises and caters to the unique needs of these individuals, allowing them to upskill, transition, and explore new horizons.

In embracing the community, we provide a platform for those who have had their dreams disrupted by circumstances beyond their control. By offering educational opportunities, we restore hope and empower them to rebuild their lives and contribute to their host communities.

It forms the foundation upon which students flourish and transform their dreams into reality.

However, it is not just the university empowering dreams; it is a reciprocal relationship. Our students collectively contribute to realising our vision – to be a leading university in Malaysia. Their dedication, passion, and pursuit of excellence inspire us to constantly push boundaries and provide the best possible education. Their successes amplify our mission and reaffirm our commitment to fostering a dynamic learning environment that engenders success.

As we gather for this Convocation, we celebrate the culmination of years of hard work, dedication, determination and perseverance of the students and their lecturers who made it possible and the strong support of our partners who facilitated the entire journey. Through the theme “Empowering Dreams”, we honour our students’ achievements and the ethos that drives our institution.

Welcome to Universiti Tun Abdul Razak’s 22nd Convocation – the manifestation of our Empowering Dreams.

THE UNIVERSITY MACE

Historically, the mace is a symbol of authority dating from medieval times when knights carried them during processions with their kings. As the tradition grew, the mace became a ceremonial symbol of peaceful leadership, and maces were embellished with jewels and metals. Today, a university's mace is carried before the president or chancellor and platform-party dignitaries during commencements, inaugurations and other academic ceremonial processions.

THE TORCH engraved on the top end of the mace, adapted from the logo of UNIRAZAK, symbolises the ultimate role of the University as a beacon of light that spreads knowledge throughout the national, regional and global communities. The five facets of the mace symbolise the five pillars of the 'Rukun Negara' or National Commandments which are constantly upheld under any circumstances.

The name of the University is engraved around the base of the torch in Roman script, signifying the unity of the whole university community.

THE CHALICE portrays the main function of the university in pursuing knowledge. The name of the university engraved in Jawi script represents determination and faith which are the basic and fundamental thrusts of university education.

The motifs of gold thread 'songket' at the lower part of the chalice express the university's aspiration to continue its knowledge dissemination while upholding Malaysian traditional values.

THE LOGO of the university which is surrounded by carvings of Malaysia's official national flower, the Hibiscus, signifies the philosophy of the University and the dynamism of the various academic programmes offered.

THE SHAFT symbolizes the readiness to contribute knowledge and expertise for the advancement and development of the people and the nation.

The Qur'anic verses from the Surah Al-Mujadalah (58:11) and Az-Zumar (39:9) contain the call for courage in seeking knowledge and upholding the truth, which reminds us of our unending responsibility to nurture, protect and celebrate academic achievement among students, faculty and staff. The 'Pending' or Malay belt buckle depicts energy, power and ability in producing dynamic scholars who are pragmatic, creative and innovative to contribute towards the advancement of Malaysian society and the country.

“Knowledge is power you can exercise only over people who know less - not over people who know more. You must work hard and show effort. About the only thing that comes to us without effort is old age.”

CHANCELLOR AWARD

Annur Syafira Binti Khairus

School of Accounting and Taxation (SAT)

Annur Syafira, from Tanjong Malim, Perak, grew up in an academically oriented family. Her parents, Khairus Bin Alias, now retired and Sabariah Binti Yahya, who still actively teaches, are dedicated high school teachers specialising in mathematics and biology, respectively. Annur Syafira, the second among four siblings, embarked on her academic journey at UNIRAZAK in 2019. She enrolled in the Foundation in Business programme and thereafter pursued a Bachelor's in Accounting (Hons) degree with CPA Australia accreditation. Her focus and understanding of financial principles led to a strong CGPA, setting a sturdy groundwork for her career in accounting.

Presently, she is an Audit Associate at Ernst & Young Malaysia, where she applies her knowledge to ensure accuracy and uphold professional standards in auditing. Her experience at UNIRAZAK has equipped her well for real-world challenges in this dynamic field.

What factors do you believe contributed to your selection for the Chancellor's Award besides your exceptional CGPA? What do you think made you stand out as the recipient?

I believe my selection as the recipient of the Chancellor's Award extends beyond just my CGPA, as UNIRAZAK emphasises a holistic approach to life as a Razakian. My active participation in various clubs and taking on leadership roles, such as serving as the Social Media Strategist for

the UNIRAZAK Tax Club and holding the Treasurer position for Razakian Buddies, would have played a pivotal role in my being considered for this recognition. As the Social Media Strategist, I was responsible for formulating a strategic and innovative plan to raise awareness of the UNIRAZAK

“

UNIRAZAK empowered me to overcome challenges, participate in and benefit from being a part of a vibrant community, and achieve the seemingly impossible. ”

Tax Club and its activities. Meanwhile, over at the Razakian Buddies, managing the club's finances and my responsibilities as its Treasurer underscored my commitment to putting into practice the principles of effective organisational management. I am grateful to the Senate for the recognition of my contributions to the UNIRAZAK community.

It has been years since the pandemic hit us. Can you share some of the challenges you went through during those difficult times?

One major challenge during the pandemic was the switch to online learning. It took me some time to get used to the interface of the Google Meet platform, which has been the main medium for classes in UNIRAZAK. The absence of face-to-face interactions and the most common complaint during that time was primarily connectivity issues, contributing to the complexity of comprehending intricate accounting concepts. The entire experience at that time demanded a greater level of self-motivation and discipline. Nonetheless, this has helped me become more flexible and taught me to become more adaptable to new changes and environments.

What was your favourite part about studying at UNIRAZAK?

My time at UNIRAZAK was truly enriching, and if I had to pinpoint a favourite aspect, it would undoubtedly be the vibrant and inclusive community. The university provided more than just a learning environment but also a dynamic atmosphere, with ample opportunities for engagement with local and international students, lecturers, and staff. Moreover, the location of UNIRAZAK, which is at the heart of Kuala Lumpur, is indeed a bonus point because I can explore the beauty of the country's capital city after class.

Which lecturer(s) influenced you most?

Every lecturer at UNIRAZAK played a critical role in shaping my academic journey, and it is genuinely challenging to single out specific names as each one contributed significantly to my success. Their collective dedication, passion, and commitment to imparting knowledge have been instrumental in my academic and personal growth. To all my instructors at UNIRAZAK, I wish to extend my heartfelt thanks for your tireless efforts, diverse teaching styles, and unwavering support. I am truly fortunate to have had the opportunity to learn from such a dedicated and inspiring group of educators.

How has UNIRAZAK empowered you in pursuing your aspirations, and what motivates these dreams?

UNIRAZAK played a crucial role in realising my dreams, particularly in helping me overcome the challenges of completing my CPA papers. The unwavering support and guidance from lecturers instilled the confidence needed for success. My deep passion for accounting and the desire to make a positive impact drive me to mentor and inspire others in the field. Through dedication and passion, I aim to show that one can make significant contributions to society, both professionally and personally.

My internship experience at Ernst & Young Malaysia ignited my enthusiasm for auditing, as it emphasised the indispensable role of accountants in ensuring organisational financial health. Leveraging my UNIRAZAK experience, I aspire to excel in my career while sharing knowledge and mentoring young talents. I aim to positively contribute to the accounting profession and the broader community.

Any other experiences, anecdotes or advice that you wish to share with current and future Razakians?

To my fellow Razakians, seize UNIRAZAK's growth opportunities through active participation in clubs and activities for a well-rounded skill set. For those facing uncertainties, such as the challenges of online learning, remember that resilience is the key. Seek support from the lecturers and peers to gain innovative solutions for your hurdles. Last but not least, make the most of your time at UNIRAZAK, as the skills, experiences, and connections you cultivate will undoubtedly contribute to a successful academic and professional journey.

Sharon Arul Dhas

School of Education and Humanities (SEH)

Sharon Arul Dhas, who hails from Kluang, Johor, is the eldest of two siblings. Unfortunately, her father, Arul Dhas A/L Palaniandy, passed away four years ago, and her mother, Regina Santhi A/P Ramasamy, previously employed at Courts Mammoth, lost her job during the challenging period of the COVID-19 pandemic. Despite these hurdles, Sharon achieved an outstanding CGPA in her Bachelor of Education and eagerly looks forward to her future role as a public school teacher. With a perpetual thirst for knowledge, Sharon aspires to pursue a master's degree and ultimately aims to become an educator. Her aspiration to educate children in the government schools embodies her commitment to nurturing the next generation of leaders. Her journey mirrors a dedication to personal development and empowering future minds.

What factors do you believe contributed to your selection for the Vice-Chancellor's Award besides your exceptional CGPA? What do you think made you stand out as the recipient?

Receiving the Vice-Chancellor's award is an incredible honour for me. I have always been active in co-curricular activities at UNIRAZAK. I joined the UNIRAZAK Indian Club (UIC) where I was the President during my final year, as well as the badminton club. In the classroom, I was always eager to volunteer answers and collaborate effectively with diverse groups. I fostered connections with peers and lecturers alike, building strong relationships which have been

instrumental in shaping my educational journey.

It has been years since the pandemic hit us. Can you share some of the challenges you went through during those difficult times?

“

Education serves as the guiding compass, leading us on a journey of personal growth and empowerment, turning aspirations into achievements.

”

The pandemic disrupted five semesters of traditional classroom, yet it also spotlighted UNIRAZAK's lecturers' exceptional skills in delivering captivating online lessons. Despite the challenges of working on group assignments digitally, we transformed challenges into triumphs through the dedication of our team members. This experience taught us invaluable lessons in collaboration and adaptability within this new educational setting.

What was your favourite part about studying at UNIRAZAK?

At UNIRAZAK, the most cherished aspects for me encompass the invaluable connections forged with friends, the enriching guidance from lecturers, and the convenient campus proximity to the LRT station. These elements significantly contribute to my educational experience.

Which lecturer(s) influenced you most?

Dr. Farhah Aziz is an incredibly caring, approachable, and supportive lecturer whom I deeply respect. Her guidance instils confidence and allows me to enhance my communication skills. Although I did not have the opportunity to meet Dr. Nagalingam in person, his teaching techniques in mathematics were exceptional, and I really wish I could have met this admirable lecturer face-to-face during my time at UNIRAZAK.

Moreover, our counsellor, Encik Syafiq, is incredibly friendly and easy to approach. His classes are not to be missed; they are engaging and enriching, making him one of the most remarkable educators I have ever encountered.

How has UNIRAZAK empowered you in pursuing your aspirations, and what motivates these dreams?

Earning the Vice-Chancellor's award at UNIRAZAK crowns my three-year academic journey and is such a satisfying culmination of my dedication and efforts. My self-motivation drives my dreams, and it plays a vital role in my life's journey. To quote a singer that I adore, Dolly Parton, "You can't have a rainbow without a little rain," - this embodies my perseverance through tough times. Despite the setbacks, I have persisted, fuelled by this belief.

Any other experiences, anecdotes or advice that you wish to share with current and future Razakians?

Dear Razakians, with flexible schedules and encouraging lecturers by your side, continue your relentless pursuit of great accomplishments. Persist in your endeavours, striving steadfastly towards your aspirations and ambitions.
