GET READY FOR ROCKCAST!®

RockCast, a product of Reading Rock, Inc.® one of the nation's largest cast stone producers, is developed with a spirit of continuous innovation and tested with the highest standards in the industry. Our complete line of RockCast Architectural Stone products; Architectural Masonry Veneer, Thin Veneer, Lightweight Series, Custom Cast Stone, Architectural Cast Stone, and Ashlar Series are created from similar mix designs giving you design solutions that are more consistent in color, versatile, more economical, and ready when you need them.

ROCKCAST READY — A CUSTOM LOOK WITHOUT THE WAIT!

For a custom look on your project, use **RockCast Ready** and select your profiles from this RockCast Ready Shape Catalog. With **RockCast Ready**, we offer a large selection of pre-engineered, standard-length pieces available in the fastest delivery time.

During peak season or for large projects, lead times could fluctuate slightly. Please contact a RockCast Sales Market Manager or Project Manager for current lead times.

ABOUT READING ROCK

Since 1947, Reading Rock has had a passion for manufacturing quality building material products and providing exceptional services. While our level of dedication began on a small scale as a block manufacturer, today Reading Rock is recognized for solutions and services including: hardscapes, tile, architectural stone, brick, thin veneer, CMU and hearth. From the plant floor to the job site, we are committed to enhancing our customer partnerships through quick product turnaround, on-time delivery and our resolute focus on continuous improvement. At Reading Rock, we never relent on ways to improve our processes to ensure we exceed expectations. With state-of-the-art technology, certified technicians, in-house LEED® APs and GAs and engineers, we're confident you'll experience the Reading Rock difference by receiving the right products, on time, every time.
