# Join the dedicated event for the UK's concrete community...

The UK Concrete Show 2026 will be returning for its 14<sup>th</sup> edition on the 25-26 March at the NEC Birmingham. UKCS is the only trade exhibition dedicated to serving the concrete marketplace in the British Isles. Proudly waving the flag for innovation, debate, best-in-class suppliers, and best practice in the specification, and implementation of concrete, across all of its uses.

Following The QMJ Group's acquisition of the show in 2023, the event has gone from strength to strength – increasing the number of exhibitors displaying and rebooking, whilst attracting 60% more visitors. Furthermore, the reach and influence of the event on senior figures in the industry has been notable. In 2025, over 40% of the visitors were c+ suite, with 69% having purchasing responsibility. Put simply, The UK Concrete Show has become *the* place for concrete professionals to do business, source new products, and meet suppliers, helping their businesses to stay as competitive and efficient as possible.

UKCS now works with all of the major UK concrete associations and trade bodies, playing host to numerous AGMs, regional meetings, and working groups. Specialist knowledge is also shared through a comprehensive CPD programme spanning 30 speakers over two days of free-to-attend seminars. This attracts visitors from across the UK marketplace.

The show acts as a melting pot for all facets of the trade, from mixing and batching plant owners, to ready mix businesses, repair specialists, civil engineers, flooring & screeding contractors, precast & block makers, groundworks contractors, general concrete production and more...

Beyond networking and discussing the latest topics, the show looks forward, shining a light on the future of the industry. The peer-nominated Emerging Talent Awards are presented on the second day of the event, rewarding the industry leaders of tomorrow.

Launches from the last 18 months are showcased at The New Products Hub, where visitors are invited to cast their vote for their favourite entrant. Further engagement is encouraged in the Demo Zone where attendees can experience a wide range of equipment in action, and even have a go themselves!

Concrete in the UK is estimated to have a market size upwards of £4.3bn, directly employing over 70,000 people, and playing a major part in every segment of construction and infrastructure. UKCS is the only event uniquely positioned to help businesses meet, influence, and educate this lucrative, but hard-to-reach industry. If you're looking to maintain relationships, find new partners, or introduce new products or services, there is no better place to do this...

**Paolo Rivolo,**  
Sales Director  
CIFA - Concrete Machinery

"What a fantastic show this year. We hear doom and gloom in the news everyday but The UK Concrete Show showed that we actually have a industry that is looking to invest and has lots of exciting projects going on across the whole country. This year's event was also the best organised yet, so a big shout out to the QMJ team!"

**Sean Warburton,**  
Managing Director  
Armcon

"We had a very good show with some high quality visitors over the two days"

**Darren Hughes,**  
Sales Manager

# Find your community

The UK concrete marketplace is made up of lots of small communities. From groundworks and civils, to readymix businesses and more. UKCS has developed unique relationships with a number of leading associations with the aim of helping to engage each of these visitor segments. Selected partners help to steer the direction of the event, contributing to show content, helping to understand the needs of businesses operating across various verticals. Each event partner can be found in our "Find Your Community" hub at the show, where visitors can find out more about each association.

If you are a member of an association or society who is not present, but could be a good fit for the event, please reach out to recommend them, contacting: David Fisher, Partnerships Manager: [david@concreteshow.co.uk](mailto:david@concreteshow.co.uk)

"It was an incredible event filled with inspiring conversations, idea exchanges, and the opportunity to build new connections. The show proved to be a fantastic platform for us to showcase our products, innovations and understand the needs of the industry."

**Mateusz Sosnowski,**  
Sales Engineer  
Lubas

The Concrete Society is a member based body, with no affiliation to Trade or corporate organisations and is proud to be recognised as independent. The Society has built on its technical base to become a leading provider of information serving the needs of clients, architects, engineers, specifiers, suppliers, contractors and users of concrete, with emphasis on quality and competitiveness.

The Institute of  
Concrete Technology

Promoting concrete technology as a recognised engineering discipline and advancing the professional status of practicing concrete technologists worldwide.

Bringing together contractors, material suppliers and service providers, ACIFC's key objective is to raise standards in flooring technology, and members are at the forefront of innovation in design, materials and construction techniques. With its breadth of representation, ACIFC is unrivalled when it comes to providing concrete industrial flooring experience.

Bringing together the Concrete Repair Association, Corrosion Prevention Association and Sprayed Concrete Association to provide a single co-ordinated voice, and source of reference for the structural concrete refurbishment and repair industry.

The  
Graphene  
Council

The Graphene Council is really pleased to work with the team at UKCS to help bring accurate and up-to-date information to cement and concrete professionals, helping them to understand how graphene is being used to reduce embedded carbon while improving concrete performance at the same time. We can also help the cement and concrete sector find suitable and qualified graphene suppliers to work with.

The Institute  
of Quarrying

Promoting the positive impact of the quarrying industry, the career opportunities available and supporting professionals working within it.

The Concrete Centre

The Concrete Centre, part of the MPA, provides material, design and construction guidance. Our aim is to enable all those involved in the design, use and performance of concrete and masonry to realise the potential of these materials.

Promoting the work of professional drilling and sawing contractors by highlighting the main advantages of cutting concrete with diamond tools, which include precision cutting within the shortest time scale, reduced noise, dust and debris and maintenance of structural integrity.

# Concrete Connect

Delivering 24/7 coverage  
for The UK Concrete Show

The first port of call for the UK concrete industry, **Concrete Connect** provides authoritative content on a 'free-to-view basis':

- Updated seven days a week
- Supported by a weekly E-Bulletin sent out to 31,500 named and opted-in industry professionals
- Tailored, streamed content through a daily 'alerts' service covering 14 different sectors of the concrete market
- Informative monthly guest blogs
- Commentary on the latest products & equipment
- Access to 1000's of news items, case studies and technical articles
- Breaking stories on company results, key appointments, and industry acquisitions
- All the latest news on The UK Concrete Show including exhibitor spotlights

Share your company news with the **Concrete Connect** editorial team at [newsdesk@concreteconnect.co.uk](mailto:newsdesk@concreteconnect.co.uk)

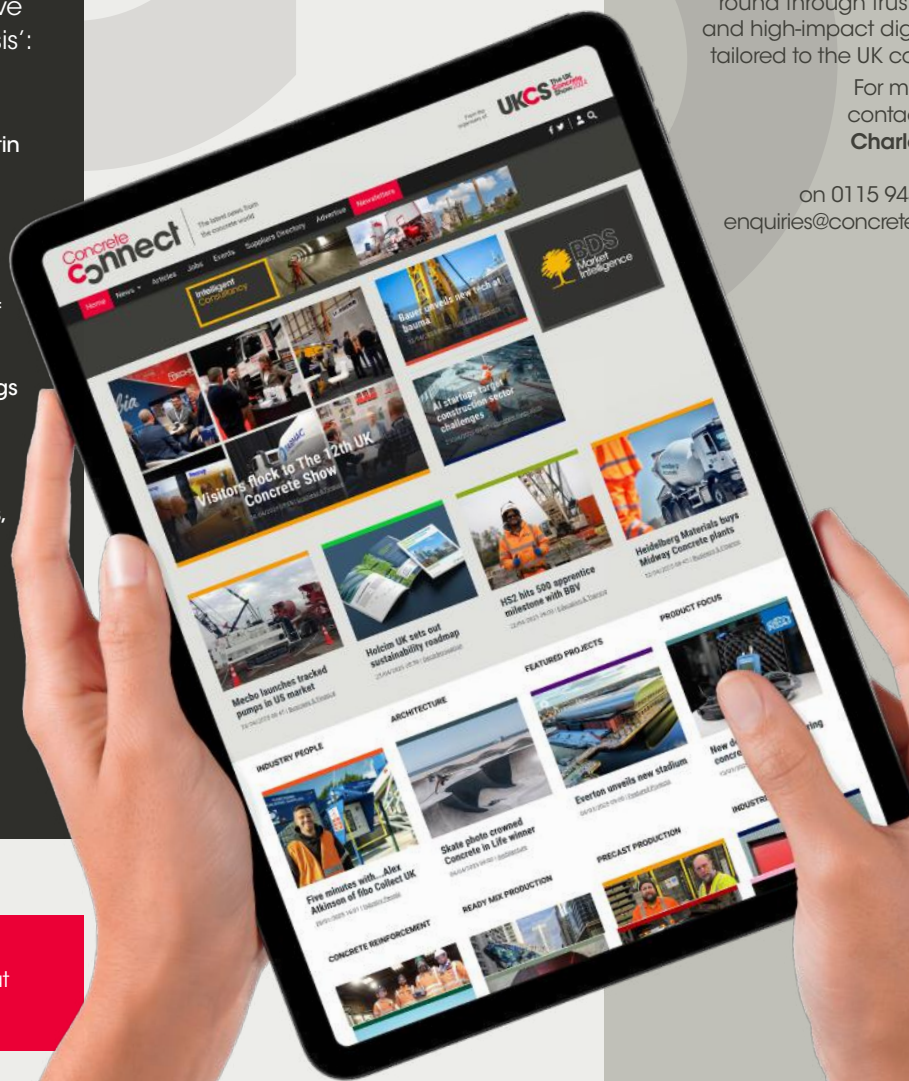

## Digital opportunities

Promote your brand with **Concrete Connect** – the UK's only platform offering full coverage of the concrete sector.

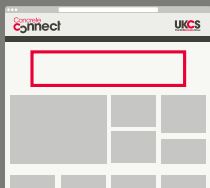

Reach 6,000+ unique website visitors every month and 31,500 weekly GDPR-compliant email contacts.

Engage industry professionals year-round through trusted news alerts and high-impact digital advertising tailored to the UK concrete market.

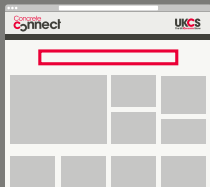

For more information contact **David Fisher**, **Charlotte Shacklock** or **Matt Dodd** on 0115 945 4376 or email [enquiries@concreteconnect.co.uk](mailto:enquiries@concreteconnect.co.uk)

## NEC Birmingham

The NEC, Birmingham is the UK's leading event space with over 40 years' experience hosting the UK's best shows.

Centrally located at the heart of the country, it's within 3 hours drive from 75% of the UK and offers accommodation, restaurants and much more.

The UK Concrete Show remains in Hall 17 for 2026, and includes an outdoor area for large plant.

**P** Parking is provided courtesy of the organisers

"A quick line to pass on my thanks for a great show this year – it was good to see so many attendees walking around with the KVM/ SKAKO carrier bags. For me the quality of the show has certainly increased over the last two years."

**David Wykes,**  
General Manager  
KVM UK LTD

**KVM**

**Air**

Located in close proximity to Birmingham Airport, simply take the free and fast air-rail link to Birmingham International Railway Station located at the upper level of Terminal 1. The train runs every two minutes and only takes 90 seconds. When you arrive just head straight through to the NEC.

**Train**

The NEC is located just a 5 minute walk away from Birmingham International Railway Station.

**Road**

Located in the centre of the UK's motorway network. Near junction 6 of the M42. The exhibition centre boasts over 16,500 parking spaces, which means less time searching for a spot, and more time enjoying our show.

**Accommodation**

There are over 8 nearby hotels to choose from, offering a variety of options and prices. Including The Moxy, The Genting, Novotel, Hilton Birmingham Metropole, Ibis, Premier Inn, Holiday Inn Express, Arden Hotel & Leisure Club to name but a few.

**Cycling**

The best and safest way to get to us by your own steam is to use the shared cycle footpath route to Birmingham International Railway Station and then the NEC is a short walk from there, it should take you about 10 minutes.

**Open times**

Show hours are

Wednesday 25 March 2026 –  
09.00 to 17.00

Thursday 26 March 2026 –  
09.00 to 16.00

**Information**

Information on all aspects of the show is available from **[www.concreteshow.co.uk](http://www.concreteshow.co.uk)** and the organisers can be contacted at:

**The UK Concrete Show 2026**

7 Regent Street  
Nottingham

# Book your stand

The UK Concrete Show is now taking bookings for the 2026 exhibition.

## Space Only £330 per m<sup>2</sup>

For exhibitors who wish to design and build their own stand space.

Carpet is provided if required, but furniture and electrics must be booked separately.

*Note, a charge of 5% is applicable to any stand with 2+ open sides.*

## Shell Scheme £405 per m<sup>2</sup>

The easiest way to exhibit.

This rate includes walls, carpet, nameboard, two chairs, and one table.

An electrical package for lighting and power can be added from just £205.

*Note, a charge of 5% is applicable to any stand with 2+ open sides.*

## Sponsorship

Exhibiting is the best way to make face-to-face connections and generate sales leads. But if you have a rebrand, product launch or line update, you may also want to consider a sponsorship package to secure a greater share of voice.

There are a number of exclusive opportunities available:

- Event bags
- Lanyards (to hold visitor badges)
- Networking café branding
- You Are Here boards
- Floor tiles
- Complimentary car parking

## Large Format £220 per m<sup>2</sup>

Minimum of 60m<sup>2</sup> must be booked as an island stand – open on four sides.

Carpet is provided if required, but furniture and electrics must be booked separately.

*Note, a charge of 5% is applicable to any stand with 2+ open sides.*
