Top-tier genetics grown by your trusted supplier

- Together, Willowbrook and Bloomin' Easy are on a mission to deliver you and your customers the best experience in branded shrubs

Ask your Willowbrook Nurseries Account Managers about boosting your success with Bloomin' Easy today.

Terms and Conditions

Prices

Listed prices supersede all previous lists in circulation. Prices are listed for the wholesale trade only as we sell strictly to professionals involved in the green industry. Prices are subject to change without notice and are F.O.B. Fenwick, Ontario.

Terms

All pick-up and delivery orders are prepared on a cash basis, 30 day term is granted to those with established credit. Credit applications are available upon request and must be filled out at least one month prior to delivery or pick-up. A 2% per month (24% per annum) interest charge is applied to overdue accounts. Harmonized Sales Tax (HST) is charged on all orders except Quebec where GST will be charged. There will be a \$20.00 service charge for any cheques returned by the bank. Credit cards may be used if the payment is received within fifteen (15) days of delivery or pickup; we accept Visa & Mastercard.

Pick-Up Orders

It is advised that you place your order in advance so that it may be processed and ready upon your arrival. We pride ourselves on timely and accurate service for our customers; please allow us the opportunity to do so. Our shipping yard is closed daily from 12:00 pm to 12:45 pm. No minimum order required.

Delivery Orders & Packing

All prices are F.O.B. our nursery. Instead of angle stocking nursery product in trailers from floor to ceiling, we use a rolling cart system to prevent damage. For long distance loads we use wooden shelved racks specifically designed for one way trips. Plants are loaded on shelves and shrink wrapped to maintain quality in transit. This provides a quick and efficient way to unload product. Skids can be reused in the garden centre or returned to our nursery. Metal carts are to be returned to our nursery upon the completion of delivery. Lost carts will be charged to your account. Freight rates vary depending on the distance and the size of the order.

Please check with your sales rep to confirm delivery charges. You will be billed extra should the driver be at your dock longer than the time allotted. Freight companies customarily allow 1-1.5 hours free unloading time on part load trailers but charge \$50.00 per hour for additional time thereafter. When delivery is scheduled please have adequate staff ready to unload your order. All stock should be watered immediately upon receipt; plants can dry out/overheat during shipping.

Guarantee and Return Policy

We guarantee stock to be in good condition upon leaving our yard. We hold ourselves responsible, on proper proof, to replace returned nursery stock or refund the original amount paid. We shall in no instance be liable for any sum greater than the amount paid or quantity received at the time of shipping.

All claims for shortages, overages, damage in transit, etc. must be clearly marked on the driver's copy of the delivery receipt and reported to Willowbrook Nurseries Inc. within 5 days from receipt of shipment. Claims that occur after shipment has been received (e.g. stock failing to grow) must be reported by email or phone as soon as the problem arise, but not later that 30 days after the shipment is received.

Order & Order Acknowledgments

Spring orders are processed on a first completed, first reserved basis. We retain the right to pro-rate items that are of short supply or special interest. It is our intent to benefit as many customers as possible. Please review your acknowledgments carefully to approve any changes that may have been made. Mail or fax a signed copy with any revisions indicated or call your sales rep to discuss necessary changes. Crops are subject to growing conditions, inventory changes, crop failures and seasonal sales activity. We acknowledge all orders upon receipt and do our best to notify you of any changes.

Labels

Plants are shipped with a computer printed sticker, slip lock label and/or a price tag. Pre-pricing labels are offered at a nominal price.

Dear Friends and Customers:

With 2024 behind us, we pause to reflect and thank you for your business this past year. Business has slowed a bit, but all in all it was still a pretty good year. Our season started off with a cold, wet miserable April and like a bad cold seemed to hang around a bit all season long.

Shipping for our crews in April was a real challenge but they preserved through some nasty weather and despite the challenging weather, we broke a record reaching 30 semis a day on several days.

Summer was great planting weather for landscapers, with rain and cooler temperatures. That was great weather for planting projects that had a slow start in spring and allowed crews to work in decent weather all summer long. There was a flurry of activity in the fall to help round off a pretty good year.

We continue to review our production program. For 2025 we will again be introducing some of the latest and the greatest in new introductions in all of our categories - trees, shrubs, evergreens, perennials and more. Please take a few minutes to browse through our handy catalogue for these new introductions. Again, we appreciate your business this past year and look forward to continuing to serve you in 2025.

We are mindful that although our weather was a bit of a challenge at times, it is nothing compared to what has happened in the southern U.S. and the terrible damage and destruction to homes and the lives lost by Hurricane Milton and Helene. We continue to uphold them in prayer as they face the enormous task to rebuild, and grieve the loss of loved ones.

John Langendoen

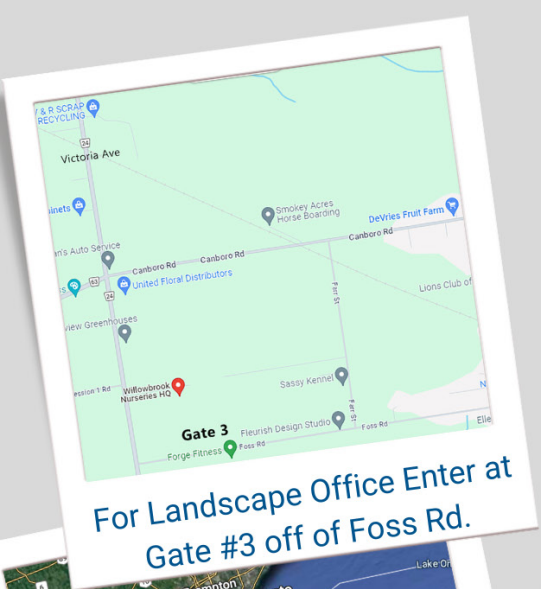

Psalm 23: The Lord is my shepherd; I shall not want. He makes me lie down in green pastures. He leads me beside still waters. He restores my soul.

Perennials

Achillea millefolium 'Strawberry Seduction'

Strawberry Seduction Yarrow

Height: 45-60cm Spread: 60-75cm Zone: 3

Full Sun
Upright

6-8 / Red
Bright Green

An excellent red garden flower. Performs well and attracts hummingbirds and butterflies. Heat loving and drought tolerant once established - ideal in warm, sunny beds and borders.

Product Codes: #1 Cont.: PEAST0001.7.25/6.95

Achillea millefolium 'Summer Berries'

Summer Berries Yarrow

Height: 45-60cm Spread: 25-30cm Zone: 3

Full Sun
Upright

6-8 / Assorted
Olive Green

This yarrow mix produces beautiful blooms in a range of colours including orange, red and pink. It is ideal for growing at the back of a mixed border, where the flat, colourful flowerheads will attract a huge range of pollinators.

Product Codes: 9cm Pot: PPACHSB09.2.30/2.20 11cm Pot: PQACHSB11.N3.75

Achillea millefolium 'Sunny Seduction' PP20808

Sunny Seduction Yarrow

Height: 45-60cm Spread: 60-75cm Zone: 3

Full Sun
Upright

6-8 / Yellow
Olive Green

This compact and hardy variety of yarrow has clusters of soft butter-yellow flowers with fern-like, fragrant foliage. It has a long bloom season and can tolerate hot, humid summers. Attracts butterflies!

Product Codes: #1 Cont.: PEASUSE01.7.25/6.95

Agastache 'Kudos Ambrosia' PP25614

Kudos Ambrosia Hyssop

Height: 60-120cm Spread: 30-90cm Zone: 5

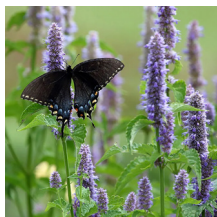

Full Sun
Upright

6-9/ Pink
Bright Green

A compact and busy, upright perennial forming a low tight mound of aromatic green leaves. From early summer until fall, it boasts airy spikes of creamy coconut, pale orange, and light rose-pink flowers.

Product Codes: #1 Cont.: PEAKA0001.7.25/6.95

Agastache foeniculum

Anise Hyssop

Height: 60-120cm Spread: 30-90cm  Zone: 4
 Part Sun/Part Shade  6-9 / Purple
 Upright  Bright Green

This upright, clump-forming perennial has attractive spikes of small tubular purple flowers from early summer to early fall. They are attractive to bees, hummingbirds, and butterflies.

Product Codes: 11cm Native: PQAFOEC11.N3.75

Agastache POQUITO™ 'Butter Yellow' PP30403

Butter Yellow Hyssop

Height: 35-40cm Spread: 50-55cm Zone: 5
 Full Sun  6-9 / Yellow
 Mounding  Dark Green

Showy dense heads of butter yellow flowers from spring to fall. Mounding habit, great pollinator and drought tolerant once established.

Ajuga Feathered Friends® 'Pleasant Pheasant'

Pleasant Pheasant Bugleweed

Height: 10-15cm Spread: 30-60cm Zone: 4
 Part Sun/Part Shade  5-7 / Blue
 Spreading  Orange

This fast growing, large leaved selection with leaves ranging from bright yellow, to amber, to nearly rosy-pink. Short spires of bright blue flowers bloom in late spring.

Product Codes: #1 Cont.: PEAFFPP01.9.25/8.95

Ajuga Feathered Friends® 'Tropical Toucan'

Tropical Toucan Bugleweed

Height: 10-15cm Spread: 30-60cm Zone: 4
 Part Sun/Part Shade  5-7 / Blue
 Spreading  Yellow

This vigorous evergreen perennial has large brilliant gold leaves, which quickly form a dense carpet. In spring and summer, the foliage is topped with pretty cobalt-blue flower spikes

Product Codes: #1 Cont.: PEAFFTT01.9.25/8.95

Ajuga reptans 'Catlin's Giant'

Catlin's Giant Bugleweed

Height: 15cm	Spread: 30-50cm	Zone: 3
 Part Sun/Part Shade	 5-6 / Blue	
 Spreading	 Bronze	

A fast growing groundcover of mounded rosettes with plum-coloured, evergreen foliage. Spikes of blue flowers in late spring.

Product Codes: #1 Cont.: PEACG0001.7.25/6.95

Alchemilla sericata 'Gold Strike'

Gold Strike Lady's Mantle

Height: 30-35cm	Spread: 40-45cm	Zone: 3
 Part Sun/Part Shade	 5-6 / Green	
 Mounding	 Dark Green	

Maintains a dense, compact form. Flowers are a bright chartreuse and grow upright.

Product Codes: #1 Cont.: PEAGS0001.7.25/6.95

Allium 'Millenium'

Millenium Ornamental Onion

Height: 40-50cm	Spread: 25-35cm	Zone: 5
 Full Sun	 7-8 / Lilac	
 Upright	 Dark Green	

A compact, upright clump of glossy, thick, green leaves with lilac balls appearing just above the foliage in mid to late summer. Flowers are attractive to butterflies.

Product Codes: #1 Cont.: PEALLMI01.8.15/7.80

Amsonia tabernaemontana 'Storm Cloud' PW

Storm Cloud Bluestar

Height: 60-75cm	Spread: 95-105cm	Zone: 4
 Part Sun/Part Shade	 5-6 / Blue	
 Mounding	 Olive Green	

Grows best in full sun to part shade and slightly moist soil. Moderately drought tolerant. Thrives in most gardens with little care.

Product Codes: #1 Cont.: PEATASC01.11.50/11.15

Anemone canadensis

Canada Anemone

Height: 30-60cm Spread: 25-90cm  Zone: 3
 Part Sun/Part Shade  4-6 / White
 Spreading  Dark Green

This robust perennial produces masses of upward-facing, brilliant white flowers, adorned with a bouquet of contrasting yellow stamens. A vigorous ground cover for a difficult wet spot.

Product Codes: 11cm Native: PQACAEC11.N3.75

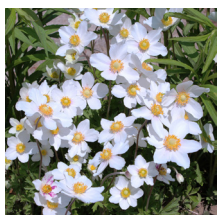

Anemone Fantasy™ 'Pocahontas' PP25352

Pocahontas Japanese Anemone

Height: 30-45cm Spread: 45-60cm Zone: 5
 Part Sun/Part Shade  7-9 / Pink
 Mounding  Dark Green

Frilly, double pink flowers sway on slender stems above deep green foliage. A long bloomer with a robust, vigorous habit that provides late summer colour.

Product Codes: #1 Cont.: PEAFP0001.9.25/8.95

Anemone sylvestris

Snowdrop Windflower

Height: 30cm Spread: 30cm Zone: 3
 Part Sun/Part Shade  5 / White
 Mounding  Bright Green

A spring blooming anemone with fragrant satiny white nodding flowers. A fast spreader and known to bloom in the fall.

Product Codes: 9cm Pot: PPANS09CM.2.30/2.20 #1 Cont.: PEANS0001.7.25/6.95

Aquilegia cae. Kirigami™ 'Deep Blue and White'

Deep Blue and White Columbine

Height: 35-60cm Spread: 30-50cm Zone: 4
 Part Sun/Part Shade  5-6 / Dark Blue
 Mounding  Dark Green

Sturdy upright flower stems top the bushy mound of deeply-cut green foliage, supporting large, deep blue & white upward-facing flowers. Blooms are nearly twice the size of the average columbine. Excellent for mixed borders and rock gardens.

Sempervivum Chick Charms® 'Silver Suede™'

Silver Suede Hens and Chicks

Height: 5-8cm	Spread: 25-30cm	Zone: 3
 Full Sun	 7-8 / Pink	
 Spreading	 Silver	

Has pink and silver coloured leaves in early spring, and turns more silver coloured as the temperature rises in the summer. In the winter, the silver changes to more of a soft lilac colour. These do great in rock gardens, retaining walls, and even in garden planters.

Product Codes:

#1 Cont.: PESCCSS01.8.15/7.80

Sempervivum Chick Charms® 'Strawberry Kiwi™'

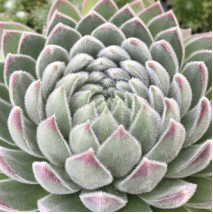

Strawberry Kiwi Hens and Chicks

Height: 5-8cm	Spread: 25-30cm	Zone: 3
 Full Sun	 7-8 / Pink	
 Spreading	 Red	

Forms clusters of large rosettes with rich burgundy red leaves with green bases. Is a great addition for rock gardens, wall plantings, borders, ground covers and in patio planters.

Product Codes:

#1 Cont.: PESCCSK01.8.15/7.80

Sempervivum Chick Charms® 'Sugar Shimmer™'

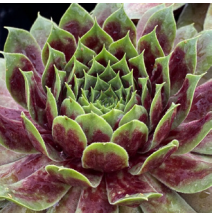

Sugar Shimmer Hens and Chicks

Height: 5-8cm	Spread: 25-30cm	Zone: 3
 Full Sun	 7-8 / Pink	
 Spreading	 Silver	

Has silver leaves with little hairs that give it a shimmer look. In warmer temperatures, the leaves are more blue green with a light silver overlay. In the winter, they have a pink tinge on the edges of the leaves that eventually changes to lavender.

Product Codes:

#1 Cont.: PESCCSU01.8.15/7.80

Semp. Chick Charms® Giants 'Emerald Explosion™'

Emerald Explosion Hens and Chicks

Height: 5-7cm	Spread: 25-30cm	Zone: 3
 Full Sun	 8-9 / Red	
 Spreading	 Red	

Large, tropical-looking rosettes are deep maroon, with each leaf edged in grass-green.

Product Codes:

#1 Cont.: PESCCEE01.11.50/11.15

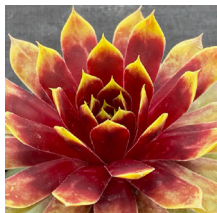

Semp. Chick Charms® Giants 'Glacier Blue'

Glacier Blue Hens and Chicks

Height: 5-7cm Spread: 25-30cm Zone: 3
 Full Sun Spreading 8-9 / Purple
 Purple

Large rosettes of purple with overlays of smoky blue and grey.

Product Codes: #1 Cont.: PESCCGB01.11.50/11.15

Semp. Chick Charms® Giants 'Gold Mine'

Gold Mine Hens and Chicks

Height: 5-7cm Spread: 25-30cm Zone: 3
 Full Sun Spreading 8-9 / Red
 Red

The large rosettes are vibrant shades of red, orange, and yellow. Cold temperatures bring out the best colouring.

Tiarella cordifolia (Foam Flower)

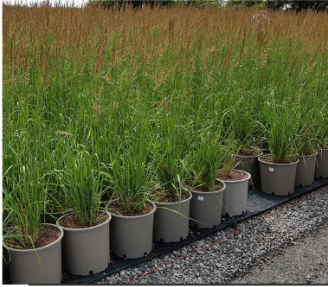

BRING BACK NATURE!

Native plants are often more hardy, more resistant to disease and aid in providing food sources or shelter to Ontario native pollinators and animals. By selecting a native plant you are helping to return a space to a more natural state and increase local biodiversity!

Salt Tolerant

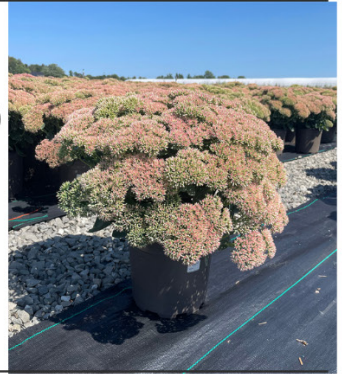

HIGH SALT TOLERANT PERENNIALS

Part Sun/Part Shade
Spreading

5-6 / Blue
Dark Green

A dense mat of glossy dark green leaves smothered with blue flowers in spring. Very shade and drought tolerant once established.

Product Codes: 9cm Pot: GCVBO09CM.2.30/2.20 10 Pack: GCVBOPC10.10.35/9.85

GROUNDCOVER

Guide

GROUNDCOVERS WILL SPREAD ABOUT AN INCH PER MONTH; PLANT 6 INCHES APART AND AN AREA SHOULD BE CARPETED IN 6 MONTHS.

Spacing of Plants (Centre to centre)

Garden Space (Length X width)	4"	6"	8"	10"	12"	15"	18"	24"
25	225	100	57	36	25	16	11	6
50	450	200	114	72	50	32	22	12
75	675	300	170	108	75	48	33	19
100	900	400	227	143	100	64	44	25

AN EXAMPLE:

Spacing the plants 6" apart on 50 square feet, meet at their intersecting points, 200 plants are needed for the space.

To do your own math:

Figure out the area of space (length x width)

How many inches apart do you plant to plant?

Multiply the square footage by the multiplier (chart below) that coincides with the spacing.

AN EXAMPLE:

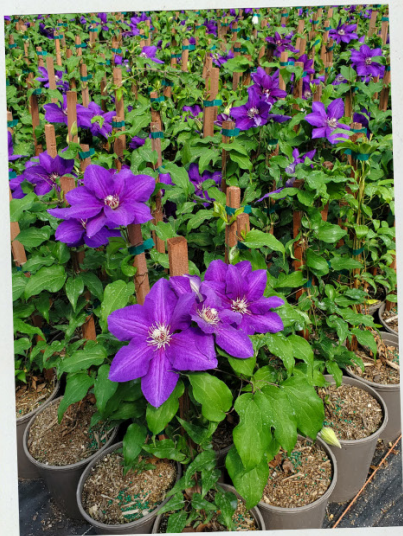

8 foot by 8 foot garden space (8X8=64)

plant at 9" apart

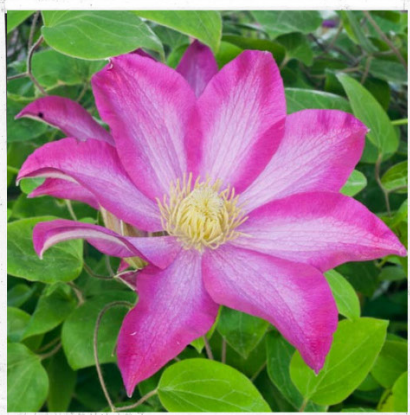

64X0.8=52 (52 plants are needed for the space)

Spacing	9"	12"	15"	18"	24"	30"	36"
Multiplier	1.8	1	0.64	0.44	0.25	0.16	0.11

Bright Green

This very erect upright deciduous shrub blooms from July to September with rosy-pink, single flowers.

Product Codes: #2 Cont.: FSHSW0002.16.20/15.45

HYDRANGEA CARE

COLOUR

For Macrophylla hydrangeas the pH levels of the soil determine the colour of the blooms. For blue flowers a lower pH is required, this is accomplished by adding aluminum sulfate, coffee grinds, tea bags, or egg shells to the surrounding soil.

FLOWERING

To insure flowering of your hydrangeas, know when to prune your hydrangea (see pruning guide below), cover your hydrangeas that flower on old wood when there is going to be a late frost in spring, ensure they are getting sufficient sunlight.

PRUNING

- 1. Hydrangeas that flower on new wood, can either be cut to the ground (hydrangea arborescens), or cut back hard (hydrangea paniculata)*
- 2. Hydrangea that flower on old wood can be pruned by removing finished blooms and dead or damaged wood midsummer (hydrangea macrophylla or quercifolia)*
- 3. Hydrangea that flower on old and new wood, they can be pruned in late summer, but do it after they are done flowering but before freezing temperatures arrive (Endless Summer or Magical series)*

NORTH POLE®

Thuja occidentalis 'Art Boe' PP#22,174; CBR#3912

Native species | Fast-growing | Narrow

	Evergreen	USDA 3-8
	10-15' tall + 3-5' wide	

Bring structure and year-round color with North Pole® arborvitae, a fast-growing, narrow evergreen. Its dark green foliage and slim, dense form make it ideal for privacy screens and landscape accents, offering a more compact profile than 'Emerald Green.'

Available from Proven Winners® ColorChoice® growers - www.provenwinners-shrubs.com
