HARVIESTOUN BREWERY SCOTLAND

Based at the foot of the Ochil Hills in Alva, they produce award-winning, natural brews combining local ingredients and pure Scottish water with some of the finest hops from around the world. They are proud of the fact that roughly 80% of the malt they use comes from a local farm within 8 miles of the brewery, and the spent grain finds its way back to another local farmer as feed for his cattle.

BITTER & TWISTED

WHY PINS OF BEER HELP YOUR LOCAL PUB

A pin is a smaller cask of beer (about half the size of a normal one), and it makes a big difference:

- **Fresher Pints** - smaller casks empty faster, so every pint tastes its best.
- **More Choice** - pubs can offer a wider range of beers without worrying about waste.
- **Supporting Pubs** - less spoilage means less money down the drain, helping your local stay thriving.
- **Safer for Staff** - lighter to move and easier to handle behind the bar.

So when you see beer being served from a pin, it's not just good news for your pint – it's good news for your pub too.
