NEW

The luxurious Dolce sunlounger combines sleek modern design with timeless comfort, delivering bold style and enduring durability for any outdoor space. Available in a sophisticated aluminum bronze and dune finish.

Designed by
Made Studio

Made Studio

"Balancing the rational and emotional."

Made Studio was founded in 2017 by Borja García and Laura Ros, emerging from their shared professional journey in industrial design and architecture. Their team balances function with emotion, crafting products and spaces that enhance daily life. With over a decade of experience, the founders of Made Studio present a manifesto of precision, from concept to detail. They take pride in transforming ordinary moments into extraordinary experiences through thoughtful design, ensuring that their creations not only serve but inspire.

The Boho Collection

Inspired by the artisan craftsmanship of curved hand-woven panels with intricate rope techniques and the elemental shapes of 1970s design, the Boho collection embodies Made Studio's philosophy of balancing rational and emotional aesthetics. Each piece is refined yet comfortable, reflecting Made Studio's mindset that design should support everyday experiences. With careful attention to every detail, the collection blends beauty and a natural touch, adding warmth, sophistication, and a sense of connection to any outdoor setting.

The Polo Collection

Designed to evoke comfort and serenity, Polo draws its inspiration from the sculptural simplicity of traditional ice cream sticks. The idea for Polo was born from our desire to create a design that embodies slow living. We envisioned long, sun-drenched days spent in balance: listening to music, reading, sipping coffee and reconnecting with nature. The side panels became the signature element of the collection, embracing generous cushions that invite you to relax. The tubular frame adds a sense of lightness and honesty, resulting in a design that feels both essential and welcoming.

The Dolce Sunlounger

With Dolce, we set out to capture the essence of timeless design: rigour, proportion and balance. These values are expressed through soft, honest forms that invite serenity and sophistication. The journey began with a search for a gentle, fluid profile. A subtle tilt in the backrest introduces grace and ease, transforming solid geometry into something light and elegant. Generous proportions offer a broad, welcoming seat, a place of comfort and repose. The interplay between structure and softness gives Dolce its distinctive voice.

UNWIND IN STYLE

Let the Dolce sunlounger transform your garden or terrace into a serene escape. With its sleek aluminum frame and soft Sunbrella® cushion, Dolce invites you to stretch out, relax and soak up the sun in pure comfort. It is your perfect companion for peaceful moments in your garden, patio or on your terrace.
