Afternoon sun finds you asleep. You are all there, even the cat. Good morning, Spot! You are going to spend the whole day in your favourite place.

Spot will delight you with its elegant and light form and will help you organize your bedroom, living room and dining room better.

This is a recipe for a good day... and for pancakes!

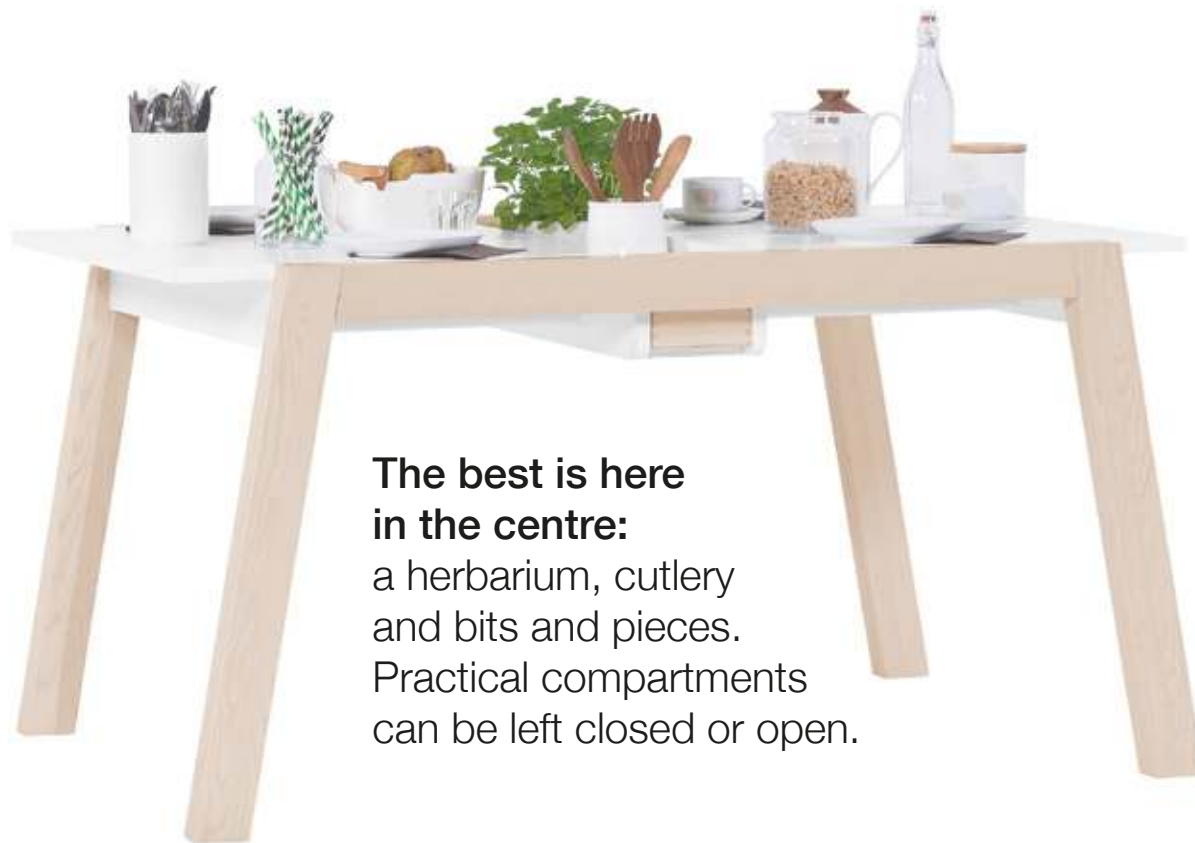

The robust, wooden structure of the glass cabinet is A shaped.

You can see what you have in there. Four shelves with sliding glass doors and light.

Hide what you want. The bottom shelf is equipped with tilting door.

A table is not enough. Spot offers a meals command centre for the whole family.

**The best is here
in the centre:**
a herbarium, cutlery
and bits and pieces.
Practical compartments
can be left closed or open.

Spot means something
more than just an
exceptional look
for your dining room.

**How much space
do you need?**
Slide the table top
apart to a desired length.

Light wood legs match
the whole Spot collection.

You never get tired of pleasant colours and comfort of the Spot collection.

Light wood and white coloured fronts guarantee idyllic atmosphere. A perfect incentive for a lazy morning!

How many stools can you see?
What's hiding there in the buffet?
Take a look. And you're going
to get a surprise.

The aesthetic appearance of the Spot collection goes hand in hand with brilliant solutions. You can arrange your stools into a chest of drawers easily. Tableware, wine and table cloths will find their place in the buffet.

Spot is full of secret compartments and places for storing things.

The Spot bench is comfortable and spacious. You can store many objects of everyday use there.

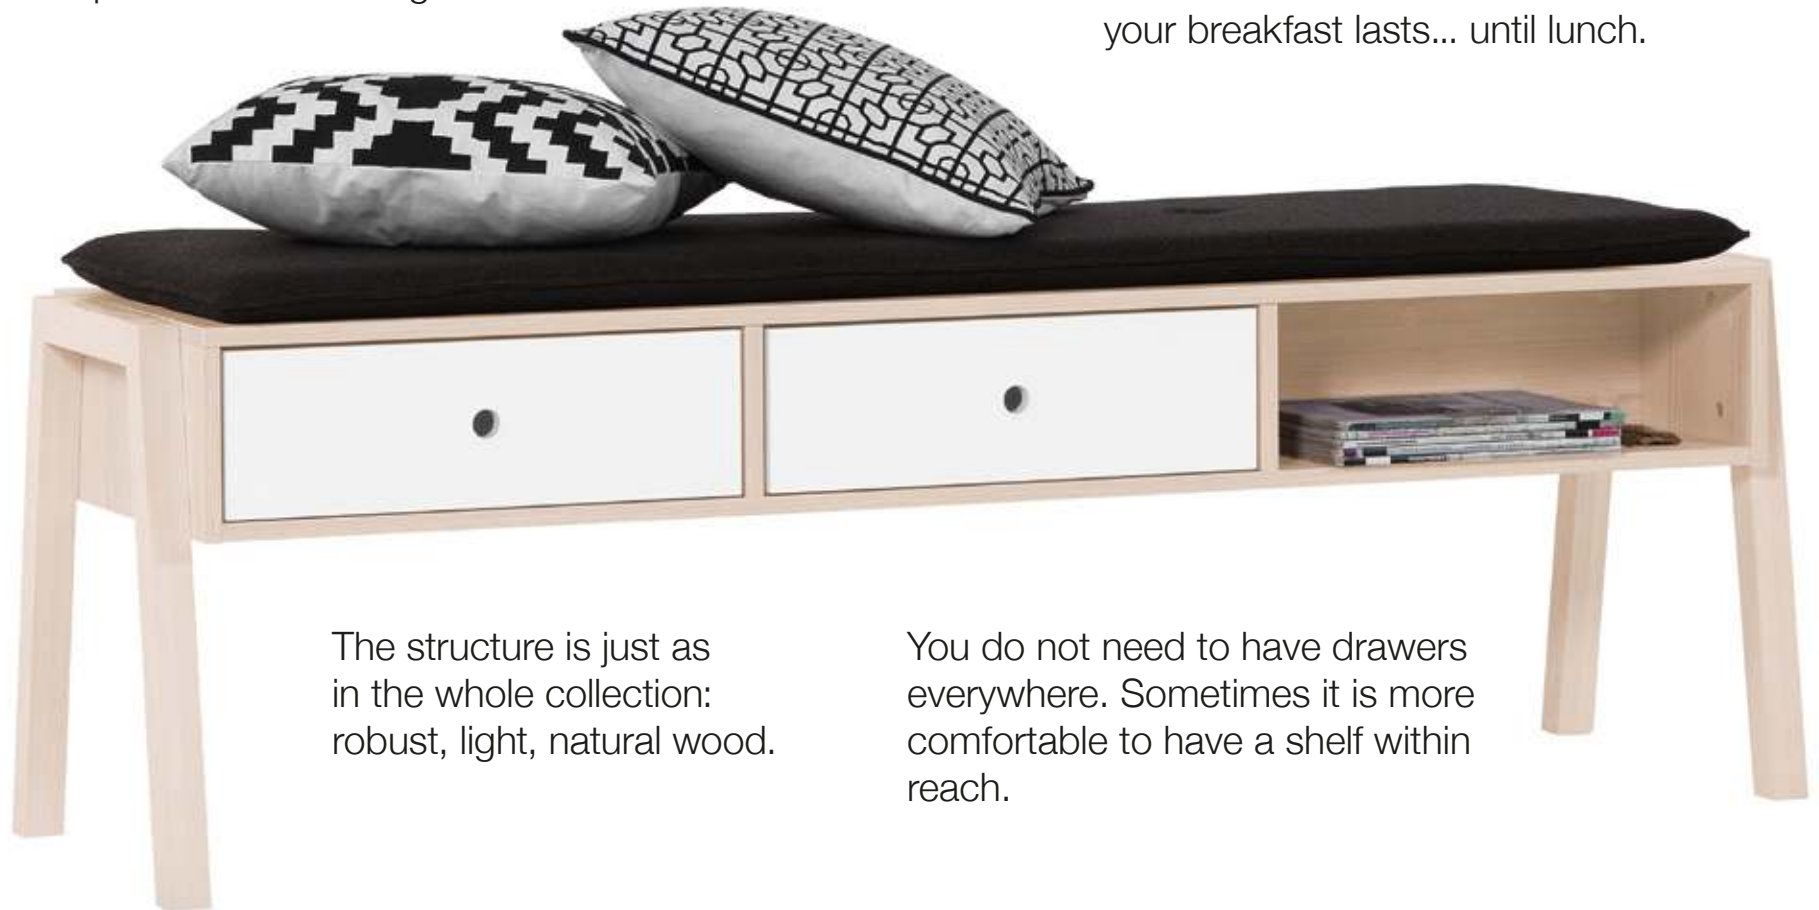

You can nest Spot stools and there you have a chest of drawers.

This is a Spot bench-cabinet. It has shelves and drawers as well as a soft seat.

Such a Spot piece looks good and helps a lot in the dining room.

Pillows made of high quality wool increase comfort when your breakfast lasts... until lunch.

The structure is just as in the whole collection: robust, light, natural wood.

You do not need to have drawers everywhere. Sometimes it is more comfortable to have a shelf within reach.

When you feel like having a rest, there is no better place than a Spot bedroom.

Spacious wardrobes, chest of drawers, storage compartments in the headboard. A bed with a drawer for bedclothes sliding from the side or head of the bed. Spot has enough room not only for your dreams.

Change accessories

Compartments especially designed in the headboard will successfully store e.g. a bedspread.

Match your Spot

Hang it and keep more
and less important bits
and pieces there.

There is enough room
for your favourite books
on the Spot shelf.

It is not a coincidence
that the angle of the
Spot headboard is
most comfortable.

Headboard options and accessories will help you arrange your dream Spot even better.

The headboard with removable upholstery has a comfortable angle. You will appreciate it once you have started using it.

A bed with the headboard ideally matches the bedside table, which can also serve as a stool in the dining room. A new place — a new function. This is what Spot actually is!

Spot makes your day pleasant from early morning until evening.
