Welcome

@naimmuhammad.photography

Hi, I'm Hailey!

I am the Owner, Lead Wedding Coordinator and Hand Letterer of The Crafty Designs, LLC. I love working with our clients to bring their vision to life for their special day or special event! I am based out of Northern, VA and adore my amazing Husband (who is a photographer!) and sweet pup. If I am not working, you will find me on our living room couch binge watch reality TV with some wine in hand in my comfy clothes!

We understand how important the details are for your special day. We take pride in the products and services we offer our clients for coordinating and managing their wedding day, bringing their vision to life with custom hand lettered signage or renting products from our inventory collection. Let us take your stress away and let's work together for a memorable special day.

Our Services

Month of Coordination

Our Month of Coordination package is for couples who plan their wedding but want a professional to finalize the details and coordinate a stress-free wedding day. We provide our clients with a peace of mind as no detail will be left beyond and we are passionate about serving our couples with a day to remember.
