- » We are a well-established, leading digital marketing agency in NAMIBIA for the past 9½ years.
- » 20+ years digital programming & development experience & expertise guarantees efficiency & effectiveness. We do not rely on AI to do the work, we strongly believe in hands-on personal diligence, paying special attention to every client and their specific needs.
- » 40,000+ verified bulk email subscribers in NAMIBIA - continuously updated with new, hand-picked interested parties.
- » Our campaigns are 100% compatible & responsive on ALL devices.
- » As a value-added service (free of charge), we also post the advertisements/newsletters on ALL our social media platforms (50,000+ monthly views/followers) and include them in our weekly flipbook publications. This is also done manually to target personalized audiences, not relying on AI to make random choices.

Fun Fact for this week

There is enough gold inside the Earth's core to coat the entire surface of the planet in 1.5 feet of precious metal.

All the gold ever mined would fit into a single cube measuring roughly 22 meters on each side, making it much rarer than diamonds.

There are an estimated 20 million pounds of gold dissolved in the world's oceans. Unfortunately, it is too diluted and expensive to extract cost-effectively.
