

## HOW TO REACH THE HOTEL COMING FROM THE SOUTH

Exit the highway A1 at Florence South.

After the toll, drive ahead of you until you reach the end of the street and at the traffic light turn left, following the stream of the River Arno. Follow the road until, at a traffic light, you will have to compulsorily turn right into the main boulevards, the Viali. The first part is Viale Amendola. Move forward towards the left and at the first traffic light turn to the left and left again to proceed towards the River Arno again. You will see a medieval door in front of you. Take the street to the right of the door to reach again the River Arno.

Follow the Lungarno della Zecca Vecchia until you will meet a small square hosting the National Library. Here you will have to take the street to the right, passing under the ZTL camera and taking thus Corso Tintori. Drive ahead until the traffic light and turn to the right into via dei Benci. You will cross Piazza Santa Croce with its wonderful church and the street will change name into Via G. Verdi.

Drive ahead until you will meet a square Piazza Salvemini. At the traffic light turn towards the left and, at the traffic light, you will see a junction in front of you with the Duomo at the end. Take the street to the right, via Sant'Egidio. You will pass in front of the oldest hospital still functioning in Europe: Hospital of Santa Maria Nuova. The street changes name into via M. Bufalini. The first intersection to the right you will meet after the Hospital, is via dei Servi. Take it and turn right at the first street you meet, driving into Via del Castellaccio and cross the square ahead of you, Piazza Brunelleschi.

Driving out of the square, you will find a small pedestrian street ahead of you: via dei Fibbiai. Although it is pedestrian, since you are reaching the hotel, you can drive through it and reach our square: Piazza Santissima Annunziata. We are below the Loggia, on the left, in relation to the equestrian statue of Ferdinando de' Medici.

You have arrived, now relax we'll take care of the rest: the bellman will help you downloading the car, the parker will drive the car away to park it and register it in the ZTL system at the cost of € 30.00 for 24 Hours.

Please, follow the route on the GPS or on a map.
