This bucket-list experience takes you deep into the rain forest for an eye-opening encounter with highly endangered mountain gorillas. Expect to walk between 2 and 8 hours in steep and sometimes muddy conditions, with showers often appearing. The trek can be tough and requires a degree of (average) fitness. When contact is made with the gorillas, you will be able to spend up to one hour with them. Watch them feed, move, play and wrestle.

# MOUNT GAHINGA LODGE

A luxury retreat set in the secluded foothills of Mgahinga Gorilla National Park, home to the golden monkeys and silverback gorillas of the Virunga volcanoes. Mount Gahinga Lodge is designed and constructed with traditional local building techniques, allowing it to blend with the local surroundings. Mount Gahinga Lodge's main building hosts a bar, a cosy dining room and a lounge area with an open circular fireplace, perfect for those cooler mountain evenings. At the rear of the lodge a spacious sun terrace takes in the volcano panorama of Mount Muhavura, Mount Gahinga and Mount Sabyinyo. Guests enjoy excellent levels of service, including a personal butler for the duration of your stay and a range of spa treatments including massages are available, the perfect post trekking remedy for tired muscles.

*"Mount Gahinga Lodge makes up a part of the Volcanoes Safaris portfolio. The lodge makes for a superb base from which not only to gorilla trek in Mgahinga Gorilla National Park, but also to embark on extensive hikes in the Virunga Volcano Range."*

# BEST TIME TO VISIT

## **DRY SEASONS:**

### **JANUARY & FEBRUARY & JUNE TO SEPTEMBER**

Although it's regarded as a year-round activity, the best time to visit Uganda for gorilla trekking is during the country's two dry seasons: January and February and from June to September. Game viewing in Uganda's savannah parks is best at the end of the dry seasons - February and March and September/early October - when wildlife is concentrated around water sources.

## **WET SEASONS:**

### **MARCH TO MAY**

March, April and May see the heaviest rainfall in Uganda, with shorter rains in October to November. This doesn't affect your chances of spotting gorillas, although be prepared for a soggy, slippery trek! Waterproofs, and waterproof boots, are essential. It's also believed that the gorillas linger on the warmer, lower slopes during wetter weather, so your trek may be shorter.
