### What's in a name? Council has revised its Place Naming Policy and invites you to comment on the draft.

Council often receives requests for naming of streets, parks, reserves, facilities, and plaques. The policy helps Council make decisions about requests.

The policy now includes reference to plaques and memorials and also reflects Council's commitment to reconciliation and gender equity.

Naming places, features and localities can be an important way to recognise and celebrate Traditional Owners and preserve First Nations languages, and to celebrate diversity.

Tell us your thoughts on the draft policy. Read more about it via [surfcoast.vic.gov.au/placenaming](http://surfcoast.vic.gov.au/placenaming) and have your say by 7 May.

# Winchelsea Probus visits Ingleby

Linda Carter

After the April meeting 21 members of Winchelsea Probus drove out to Ingleby.

Many thanks to Cheryl for organising, and to Georgie and her Mum for allowing us to look around the grounds and the house and telling us a little of the fascinating history.

It was a trip down memory lane for our President Margaret who grew up on the property as her father worked there.

It is a beautiful house but will be a big job to bring it back to its former glory which they are hoping to do.

It just goes to show what good land it must be around here for all those pastoralists to have settled here and built such beautiful homesteads.

# Catching COVID

Mick O'Mara

Some of you long time Winchelsea residents may remember Dave Williams from days gone by when, he, Ricky Campbell, and I ran a used car business on Willis St. where the Winchelsea Veterinary Hospital operates now. After we sold the property Dave moved to Tassie to be with his daughters who lived in Hobart.

Dave's brother-in-law, Donny, died recently from cancer and it was decided to have a commemorative wake a couple of Sundays ago at Chelsea Yacht Club. (We were all yachts' people and Donny was a boat builder).

We all had a great time and Donny was farewelled in a suitable manner.

However, on the Monday night I had frequent coughing fits and on the Tuesday, I felt quite ill. I tested myself and, "Yes", I had Covid 19. A phone call to the Medical Clinic was most helpful. It was arranged for a prescription to be sent to the Pharmacy and my daughter picked it up.

Each day, until I recovered, Barwon Health contacted me to see how things were going. They were very reassuring and helpful. I had to stay in isolation for 5 days.

I contacted Dave to let him know that I had covid. He informed me that a large number of people at the Wake had been infected, including him and his family.

Why hadn't I had the vaccine? Well it was just on 6 months since I had the previous jab and I was booked in for the next but it hadn't happened.

I was very lucky. Many people my age have had very serious consequences from covid. A lot have passed away. I was some what inconvenienced and have recovered ok. However, I will make sure my vaccines are up to date in future. I now realise the covid virus transfers very easily.

# Winchelsea Lions' Casserole Night

## Photos and story Linda Carter

Last Wednesday Winchelsea Lions held a casserole night at the Golf Club where everyone brought a wonderful array of casseroles and desserts, just delicious, something for everyone,

Coincidentally it also happened to be Lion Ashwani's birthday. Madhu, Sukoon his beautiful wife and two children came along to celebrate with an enormous cake.

The club had pleasure in welcoming new member Ann Moresby into the family.

Our speaker Charlie Earl filled us in on the recent developments in the Bendigo Bank.

He also gave an emotional and thought provoking talk about his plans to run a similar event to one that he and a few other Winchelsea residents took part in recently in Cape York. "Conquer the Corrugations" is a 42km walk in aid of mental health awareness and suicide prevention. This will be a walk from Winchelsea to Inverleigh and return towards the end of May.

I am sure there will be publicity about it soon, in the meantime for more information just put Conquer the Corrugations into the Google machine.

## Textile Exhibition Winchelsea

Jill Evans

The Winchelsea Community House will be holding a textile exhibition in the Winchelsea Shire Hall building in July this year, 2023.

This is a call out to any local people who would like to be involved to get in touch with Jill Evans, shirehall@winchhouse.org.au

There are many creative people who produce wonderful work - knitting, crochet, patchwork, bobbin lace making, - this invitation is extended to anyone who would like to be involved. The more work on exhibition the better

This photo shows a beautiful piece of work called a persian tile, crocheted by Virginia Anscombe (Vee). Vee will be demonstrating how she works this magic.

Let's celebrate the skill and patience dedicated to these precious crafts.

# 80% of over 50s hit by cost-of-living

New research from National Seniors Australia and Challenger reveals 80% of older people are feeling the impact of higher living costs. The number 'severely' impacted is expected to rise over the next 12 months.

The National Seniors Social Survey (NSSS) of 5,700 people aged 50 and over also asked people about their concerns around cost-of-living increases.

The results show 90% of survey respondents are 'concerned' about keeping up with rising living costs, with one quarter 'extremely concerned'.

Health costs, energy prices and groceries are the three top worries. Housing affordability is also a concern, particularly in the long term.

Severe cost-of-living impacts are felt across all income levels and age groups. However, certain types of older people are hit hardest:

- renters
- low-income households
- people in their 50s
- larger households (3+ people)
- people in rural and remote areas

National Seniors Australia Chief Advocate Ian Henschke said the survey results confirm what we have long suspected, "If you're an older person renting or on a low income, you're more likely to be hit hard by rising living costs."

"Older people in rural and remote areas, those in larger households (3+) and people in their 50s are more likely to be struggling."

The findings reinforce National Seniors' federal budget call to index the Age Pension quarterly during times of high inflation. "The Age Pension is adjusted twice a year in March and September. Rather than have pensioners wait six months, government should increase payments quarterly when inflation is high," Mr Henschke said.

"Another key measure would be to exempt work income from the income test for all government payments, so recipients can work more without penalty. Simply let people work, pay tax, and get Centrelink out of the way.

# Happy Easter from Winchelsea Playgroup

Melissa (Mel) Oberin

On Thursday 6th April, we had pre-Easter fun, playing with bright pink playdough making shapes with moulds, toy scissors and wavy cutters. We showed our creative side by painting plaster Easter eggs in yellows, greens, blues and pinks. Two of our children enjoyed it so much that they painted their egg twice - both times a beautiful masterpiece! We also used our imaginations with our sensory tubs filled with bright green grass and little nests (shredded paper), fluffy little toy chicks and plastic speckly eggs - we put our ear to the speckly eggs and tried to listen really, really hard, but we didn't even hear one tiny "peep" coming from inside the eggs; maybe the babies chicks waiting inside were busy sleeping!

Thank you to one of our dads (Nathan), for making a really fun Easter game for us - a cheeky bunny with a BIGGG appetite for easter eggs!! We emptied our Easter basket LOTS of times by aiming many special Easter eggs into his big hungry mouth. One child managed to sneak behind the bunny and look out of the bunny's big mouth making us giggle. Our toy kitchen had us cooking lots of yummy Easter treats - we made lovely roast carrots to nibble on (I'm sure it's the Easter Bunny's most favourite snack!).

Our next session, on Thursday 20th April, is "ZOO Animals". You're welcome to come along (most suited for children 0-5yrs) at St Thomas Anglican Church Hall, 10am-12pm for \$5 per family per session. Call/text me (Mel) on 0456181268 if you have any questions - please leave a message if I don't answer when you call.

PSSST... for our Zoo theme we're going to do a Lion craft activity that needs autumn leaves (can you guess what for?!)  
- can you maybe help us by collecting some? Leaves not lions!!

# VALE Rev Margaret Hagans

Helen Rolls

Rev Margaret Hagans was the associate Anglican Minister at St Thomas', Winchelsea and at Barrabool & Deans Marsh churches from mid 2015 to December 2017. She was much loved and her gentle, loving and caring ministry was appreciated by everyone. Margaret was also a wonderful and compassionate Prison Chaplain at a Women's prison in Melbourne for many years. Her husband Rev Marvin Hagans was the Minister at Scots Presbyterian Church in Colac for many years until his death in March last year.

Sadly Margaret died recently in Qld where she had moved to be near her daughter.

Rev Margaret Hagans and her husband Marvin

Our loving sympathy is extended to their children Jonathan, Rhoda, Stephen and Carys and their families.

# Winchelsea RSL: ANZAC Day

Tuesday 25 April 2023 10.30am Eastern Reserve

Chris Alsop

Winchelsea RSL is pleased to announce Tuesday, April 25th ANZAC Day 2023 at the Eastern Reserve 10.30 am. All welcome, flowers and wreaths can be placed during the ceremony. Join the RSL for morning tea after the service.

This is an important part of life in Winchelsea, we commemorate the sacrifice and remember the service of so many from all walks of life. The promise of the young who went, many buried on foreign soil, never to come home to our shores again. This is why we take the time out of our busy lives to remember and pay tribute.

## The two brothers

The story we thought this year to retell is of two brothers, they were close in age and came from our tight community. The reason these tragedies affect the whole town is the close ties of relationships and neighborhood. A small country town is a microcosm of Australia and how these issues were highlighted nationwide.

### Bernard Michael ALSOP

Bernard, sometimes known as "Barney" or "Bern" was born at Winchelsea on the 25th of January, 1896, the eighth child of the fourteen children of George and Ann Helena Alsop nee Wright. He was born when the family lived at "Fairview Villa" in Austin Street Winchelsea. He attended the Winchelsea State School and later worked as a boundary rider on "Wormbete Station" on the Deans Marsh Road. On the 29.07.1915 he took the

initial medical at Winchelsea with Dr. Eddie, the local doctor.

Enlisting in Melbourne on the 04.08.1916 he trained at Geelong, embarking on the "Port Melbourne" on the 21.10.1916, arriving in England on the 28.12.1916. Training with the 4th Division Machine Gun Company. On the 07.09.1917 he proceeded to France. Barney and his brother Frederick transferred to be together in the same company. He was with his brother, when Frederick was killed in action on the 17.10.1917 on the Western Front. He returned to Australia on the "Miltiades", disembarking in Melbourne on the 05.09.1919 and was discharged on the 13.09.1919. On returning to civilian life, he went to work at Bourke Street, Myer, Melbourne as an apprentice hairdresser. He married Hilma Mathison in 1924 and opened his own hairdressing business in Oakleigh. Bernard and Hilma had four children, two sons and two daughters. He died in Melbourne on the 16.02.1976 and is buried at Bulla Cemetery, Melbourne.

### Frederick Benedict ALSOP

Frederick who was called "Ted" was born at Winchelsea on the 15th of February 1897, the ninth child of the fourteen children of George Bernard and Ann Helena Alsop nee Wright. The family lived at "Fairview Villa" in Austin Street, Winchelsea. Ted attended Winchelsea State School, he then went to work in Geelong. He enlisted at Winchelsea on 08.07.1916 and had his medical with Dr.

Eddie, he had to produce a letter from his parents giving him permission to enlist.

Attached to the 2nd Machine Gun Company. He embarked on the "Port Lincoln" on the 20.10.1916, arriving in England on the 28.12.1916 then on France on the 07.09.1917. Just over a month later, Ted was killed in action holding the line, on the 17.10.1917 by shell fire at Passchendaele Ridge on the Western Front. When news of his death reached Winchelsea the flags at the Shire Office in the Main Street flew at half-mast. His brother Bernard who was with him when he died and was affected very badly by his death. In 1921, his mother requested a photo of Ted's grave, but the Army could still not find it in 1923. He is commemorated at Ypres Cemetery Menin Gate Memorial, West-Vlaanderen, Belgium – grave reference panel 31.

# The Climate Report

Judy Cameron

## What is the main goal of the Intergovernmental Panel on Climate Change (IPCC)?

The IPCC was created to provide policymakers with regular scientific assessments on climate change, its implications and potential future risks, as well as to put forward adaptation and mitigation options. Through its assessments, the IPCC determines the state of knowledge on climate change.

## Why can the IPCC be trusted?

Key to the IPCC's credibility is the fact that this is a science-driven process and the rigorous peer-review process ensures its reports cannot be politically motivated. Essentially the IPCC's reports provide the science that governments can use to guide and justify their own climate action.

## Is Australia part of the IPCC?

The IPCC appointed more than 700 experts from 90 countries to develop the Sixth Assessment Report. Australia is well represented in the author teams, with 40 Australian experts invited to participate. Australian experts are also invited to review draft reports.

## What are the conclusions of the IPCC Sixth Assessment Report?

The report outlines that climate changes will increase in all regions of the globe over the coming decades and that even with 1.5°C of global warming, there will be increasing heat waves, longer warm seasons, and shorter cold seasons – which will become more intense at 2°C of warming.

The report finds that every tenth of a degree of additional warming will escalate threats to people, species and ecosystems. Even limiting global warming to 1.5 degrees C— a global target in the Paris Climate Agreement — is not safe for all.

## What are the 5 main effects of climate change?

- Hotter temperatures. As greenhouse gas concentrations rise, so does the global surface temperature. ...
- More severe storms. ...
- Increased drought. ...
- A warming, rising ocean. ...
- Loss of species. ...
- Not enough food. ...
- More health risks. ...
- Poverty and displacement.

## Galaxy Song Last 3 verses Monty Python

*Our galaxy itself contains a hundred billion stars  
 It's a hundred thousand light years side to side  
 It bulges in the middle, sixteen thousand light years thick  
 But out by us, it's just three thousand light years wide*

*We're thirty thousand light years from galactic central point  
 We go 'round every two hundred million years  
 And our galaxy is only one of millions of billions  
 In this amazing and expanding universe*

*The universe itself keeps on expanding and expanding  
 In all of the directions it can whizz  
 As fast as it can go, the speed of light, you know  
 Twelve million miles a minute and that's the fastest speed there is*

*So remember, when you're feeling very small and insecure  
 How amazingly unlikely is your birth  
 And pray that there's intelligent life somewhere up in space  
 'Cause it's bugga all down here on Earth*  
 (Songwriters: Eric Idle / Trevor Jones)

# COVID-19 Weekly Data

## Chief Health Officer Update

There were 5,772 COVID-19 cases reported in Victoria this week, an increase of 11 per cent on the previous week.

## Steps to protect yourself and others

With increasing cases and hospitalisations, now is an important time to take steps to help reduce transmission and the impact on the health system. Now is the perfect time to get your 2023 booster vaccine if you're eligible.

Protecting yourself from getting infected is the best way to protect yourself and the community. If you don't get Covid, you can't spread Covid.

These six steps can help you stay ahead of Covid:

1. Wear a mask: a high-quality and well-fitted mask can protect you and others from the virus
2. Get your 2023 booster: new bivalent vaccines targeting Omicron variants

are available at your GP or local pharmacy. To find out if you're eligible for your next booster, visit the Coronavirus website

3. Let fresh air in: open windows and doors when you can, it reduces the spread of the virus
4. Get tested: if you have symptoms, take a rapid antigen test
5. Stay at home: if you have Covid, you should stay at home for at least five days and until you have no symptoms
6. Talk to your doctor: if you are at risk of falling very sick, you may be eligible for COVID medicines

## 2023 boosters

Eligible Victorians who have not had a Covid vaccination or confirmed infection in the past six months can now receive their 2023 booster. This is irrespective of how many prior doses a person has received. The national eligibility change follows advice from ATAGI. Vaccination continues to provide the best protection

against becoming severely unwell or dying from COVID-19.

For those not infected or vaccinated in the past six months, a 2023 booster is recommended for:

- All adults aged 65 years and over
- Adults 18-64 years who have medical comorbidities or disability with significant or complex health needs

For those not infected or vaccinated in the past six months, a 2023 booster should be considered for:

- Adults 18-64 with no risk factors for severe Covid
- Children and adolescents aged 5-17 who have medical comorbidities or disability with significant or complex health needs

Victorians are encouraged to book a free booster appointment through their local GP or pharmacy. You can find your nearest vaccination provider through the Vaccine Clinic Finder.

## Apply for free Council-run kinder: 2024 enrolments open 10 April 2023

Families are invited to apply for a place at a Surf Coast Shire Council-run kindergarten for 2024, with enrolments to open Monday 10 April.

Council offers three-year-old and four-year-old programs, which are free thanks to Victorian Government funding.

Council-operated kindergartens are Anglesea Kindergarten, Helen M Kininmonth Pre-School Winchelsea, Jan Juc Pre-School, Kurrabee Myaring Kindergarten in Torquay, Lorne Kindergarten and Torquay Kindergarten.

Kurrabee Myaring Kindergarten's Anni O'Brien teaches three-year-old and four-year-old programs.

"There are so many benefits for a child to attend three-year-old kinder," she said. "It's their first start in developing a love of learning, which they'll carry with them for life. It also supports them to be able to build connections and to be OK saying goodbye to their families."

Four-year-old programs offer 15 hours across different session models, including Bush Kinder.

"All programs are based around the children's interests, as this is how they learn best: with experiences that are of interest to them," said Anni, who has a kindergarten career spanning 23 years.

"We are able to support their early social development skills and ensure that these are well developed before they head off to school.

"Kinder also supports children to be able to follow routines and directions from

other adults, and we are able to work alongside them to develop other important skills that they need before they start school. It all happens in a fun and interactive way."

For information and apply for a place at a Council-run kinder for 2024 from 10 April,

visit [surfcoast.vic.gov.au/kinder](http://surfcoast.vic.gov.au/kinder).

Families are encouraged to apply before Sunday 18 June 2023, when first round enrolments close.

The application form will remain open for second and third round offers.

## Good prospects for Easter gold hunt

It's a great time to get out and search for gold on the back of recent discoveries across western Victoria.

Last month a prospector using a metal detector discovered a 4.6kg nugget in Victoria's Golden Triangle in the state's west. The find is valued at around \$240,000. A gold nugget worth about \$200,000 was also discovered in the same area in 2019.

In Victoria, hobby gold hunters must

possess a miner's right, allowing them to keep any gold they find. There are over 76,000 active miner's rights in Victoria and the rush to get involved shows no sign of slowing with almost 4,000 purchased in during 2023. A miner's right can be purchased for \$26 from Services Victoria.

With more Victorians hunting for gold, it's important that prospectors are doing the right thing, keeping safe and protecting the environment.

It is important prospectors understand the access requirements of their preferred location, keep up to date on

weather forecasts and are aware of local road conditions.

They should always tell someone where they are going, when they will return and should always be beware of any old mine shafts in the area.

Fossicking and recreational prospecting is permitted in state forests and in designated areas of some national, state, historic and heritage parks. The use of mechanical equipment or explosives is not allowed, vegetation and Aboriginal objects must not be removed or damaged.

# LETTER TO THE EDITOR

## Name and Address supplied

This lovingly restored bench seat was offered to our council as a donation to our dog walking common as a comfortable and more pleasing addition to the eye than the current unused "bench seats out in full sun overlooking?

Heather Wellington keenly went to council on our behalf to make this offer official.

We suggested as part of this donated offer that it be up to us where it was situated and that it needed to be concreted in to prevent it from being stolen.

Part of the suggestion included a shady area, and as this seat has a back and sides, it is breastfeeding mother friendly and elderly friendly in design.

The excuses given to me today for this "donation" to NOT be accepted by our council did not surprise me but made me question them again.

These Included -

Insurance,  
Not fitting for the area,  
The upkeep,  
Maintenance,  
The risk of theft or damage....  
bla bla bla etcetera

Initially I did not want to make this public knowledge as we did not want any big deal about donating it.

It was pointed out that we seem to have second or even third rate/left over standards imposed on us no matter our outcries as to what is given to us.

The standards here can't be lifted even when "donated".

# Why do i see and smell smoke?

With fire restrictions easing in some parts of the State, and calm autumn conditions, hundreds of private resident burn-offs, agricultural burns and planned burns are expected to take place over the coming weeks.

While current conditions are ideal for burning, weather patterns may cause smoke to linger over parts of the state overnight and through to early morning.

FFMVic Chief Fire Officer Chris Hardman said our climate is changing and that means finding the right days for safe and effective planned burning is also changing. Planned burns are a critical part of a statewide bushfire risk management program.

"Reducing fine fuels such as grass, leaves, bark, shrubs and fallen branches means fires are less intense and slower to spread, making it more likely that firefighters can keep bushfires small and contained before they pose a risk to communities.

"We must go ahead with the planned burning program while conditions are suitable, and it is safe to do so to avoid an increased fire risk in the future.

"Smoke could be a result of private resident burn-offs, planned burns and agricultural burns. "Victorians can also sign up for planned burn notifications to prepare for any impact on their health or activities."

CFA Chief Officer Jason Heffernan urged Victorians to conduct private burn-offs safely.

"While the Fire Danger Period has ended in some areas, it is still important that residents check the local conditions are safe and appropriate for burning off – both on the day and the days following," he said.

"We ask the community to register their burn-off as this ensures if someone reports smoke, the incident can be monitored and acknowledged early.

"If possible, landowners should also notify their neighbours and others nearby who may be sensitive to smoke."

## Yarra Valley tour to Lilydale 2-4 April 2023

### Jessie Gardiner

Setting out after turning our clocks back an hour, we pick up our loyal Colac passengers, back to Winchelsea to complete our list. 1st stop Bundoora where Tony's wife Debbie prepared a lovely morning tea. Next stop Yarra Glen Market with plenty of exciting stalls to choose from. On we go through the rolling hills of the Yarra Valley to Healsville, where most of us went for a stroll around extremely busy little village. On through too Woori Yallock, Seville into Lilydale settling into our comfortable rooms at York Motel. Two course dinner in the dining room.

Day 2. After breakfast in the Bellbird room, back down retracing our steps to Launching Place, Yarra Junction. Down through this beautiful scenery following the Yarra River to Warburton, Westburn, Millgrove admiring the beautiful ferns back to Yarra Junction. Next Blue Lotus Gardens for a homemade morning tea even though it was out of season, still a beautiful place

On to Emerald for lunch. Going through the forest with the very tall trees,

Sassafras, Olinda we pass the Cuckoo Restaurant now operating again to Mount Dandenong visiting the sky high lookout, taking photos over City. Back down the mountain overlooking the Warburton Valley and the Silvan Dam, to our York Motel.

Day 3. After a comfortable night and a filling breakfast it was all aboard, town Canterbury Road to Heathmont. On to the Eastlink with a traffic bank up, (who would live in Melbourne). Mornington Peninsular to Frankston. Next Mornington with a sea mist coming over. Down to Mornington Pier Beach. Having our group photo taken with the sun shining through. On to the Briars Homestead at Mt Martha, learning about the Briar and Balcombe Families early settlers in this area. On to the Rye R.S.L. for a two course lunch. Then to Blairgowrie Sorrento to catch the ferry. After another smooth crossing we came to Queenscliff. Back through Geelong to Winchelsea, saying goodbye to our friends then on to Colac. We thank Tony and Debbie from Spirit Tours for another marvelous holiday also for dropping in to deliver our card to Peggy who is not well

# World Health Day

This year marks 75 years of the World Health Organization. In 1948, countries across the world came together and founded the World Health Organization to promote health, keep the world safe and serve the vulnerable to ensure that everyone, everywhere can attain the highest level of health and wellbeing.

Health For All envisions that all people

Hesse runs exercise and walking groups across our catchment area.

- Monday - Beeac exercise group @ 10am, walking group @ 11am.
- Tuesday - Rokewood walking group @ 9am.
- Wednesdays - Winchelsea walking group @ 9:30, exercise group @ 10am.
- Thursdays – Inverleigh exercise group @ 11am.

These sessions are all followed by a cuppa and a chat so feel free to come along.

have good health for a fulfilling life in a peaceful, prosperous and sustainable world.

The right to health is a basic human right and everyone must have access to the health service they need, when and where they need it without experiencing financial hardship

This World Health Day, we want to acknowledge the work being done at Hesse Rural Health and shine a light on the health services available to the community. Hesse is an integrated health-care service with sub-acute and urgent care provided at the Winchelsea site, whilst community nursing which includes services such as District Nursing, Hospital in the Home and post-natal care provided within the community in an individual's own environment. Also located at the Winchelsea site is our Residential Aged Care. Further down from Residential Aged Care you'll find Community Health which is home to our community nurses and allied health staff. Hesse currently has an Occupational Therapist, Dietitian,

Physiotherapist, Diabetes Educator and a Counsellor who can be seen in the clinic or out working within the community. Working alongside the allied health professionals, is the Health Promotion Team. Our Health Promotion Team works to ensure our community has the right knowledge, skills and opportunities to increase control over and improve their health.

Last but certainly not least, around the corner from the main Winchelsea site, you'll find Home Care Packages and Social Support. Hesse offers a variety of Social Support Groups for older people or for younger people who for various reasons are at risk of social isolation. These groups facilitate opportunities for outings, friendships and social connection.

If you've got a question or there is something in particular you wish to see from Hesse please reach out.

## WELCOME TO BLUE'S NEWS

Welcome to Blue's news where it is hoped everyone has enjoyed their Easter break with family & friends, now it's back to business for the Blue's Footballers & Netballers as they prepare for Round 2.

This week the Winchelsea Blues will host Bell Post Hill Panthers at Eastern Reserve on Saturday in another twilight game, the Reserves kicking off at 3.30pm, followed by the Seniors at 5.30pm.

The Blues look forward to the challenge of playing Bell Post Hill who are always hard to get a win against. The last time these 2 sides met at Bell Post's Myers Reserve last season the Blues had a victory and the Panthers will be wanting to reverse that result.

The Club welcomes everyone to come and make some noise for the Reserves and Seniors as they endeavour to continue the good form of Round 1. There's a big possibility everyone will need to get out the winter woollies and rug up if current weather conditions prevail.

## JUNIOR FOOTBALL:

The Juniors will be back at training on Thursday at 5pm after the Easter break.

## THE BLUE'S BISTRO:

It was fun and games last Thursday afternoon with the Catering volunteers battling the second freezer failure in the Kitchen in a matter of weeks as well as having to wait for the food delivery van to arrive. Usually the van delivers to Eastern Reserve around lunch time but due to sheer traffic volume and other unforeseen circumstances the van arrived at 5.35pm. Libby Leak did a wonderful job along with the catering team volunteers to have dinners ready by 6.30!!

The W.F.N.C. welcomed back the "Bus to the Hub" patrons last week for season 2023 and we thank everyone for their understanding and good humour!

Thanks to Coach Christian Shaw and Senior Footballers who helped load up the downstairs freezer at the end of the night.

It was great to see so many familiar faces as well as new faces to the Winchelsea area – welcome!

This week we have

- Mary's Famous Battered Fish
- The popular Porcupine Balls and favourite
- Chicken Schnitzel/Parmi.

NON MEMBERS - \$20.00 MEMBERS & BUS TO THE HUB PATRONS - \$15.00

OUR SMALL SERVE \$12.00

CHICKEN NUGGETS & CHIPS & GRAVY \$5.00

DESSERTS \$5.00 / ICE CREAM & CHOICE OF TOPPING \$2.00

The heaters will be on and the Bar will be open.

Thanks to all our fabulous Volunteers, Amanda & Kim for assisting with Social Memberships & to Ash Gemmill, for jumping in to the Bar in Scott's absence – great job!

## Dogs seized from alleged illegal breeder near Geelong

RSPCA's Major Investigations Team has just concluded a second law enforcement operation in under a week after receiving a new confidential tip-off from the community.

Inspectors attended a rural property near Geelong on Thursday and seized six dogs for animal welfare concerns under a Prevention of Cruelty to Animals Act 1986 warrant.

The warrant was executed as part of an investigation into an alleged illegal puppy breeding operation with serious animal welfare concerns.

The animals were found in unsanitary, unsafe conditions and required medical attention upon arriving at RSPCA Victoria's vet clinic. Charges have not yet been laid while investigations are ongoing.

RSPCA Victoria Inspectorate Team Leader – Major Investigations, Lisa Calleja, said "The welfare of these animals was very poor when we found them, and we are now caring for them while we investigate further."

"The reports and tip-offs provided by members of the public to RSPCA Victoria are sources of vital information that are crucial in assisting our investigations into alleged animal welfare offences.

In Victoria, dogs and cats must be sold from a registered domestic animal business, a private residence, or a place where an animal sale permit is in place.

It is an offence under the Domestic Animals Act 1994 to sell animals in public places such as parks, roadsides, and car parks in Victoria.

Offences under the DAA carry a penalty of 164 units for individuals, equating to \$30,326.88. Offences under the Prevention of Cruelty to Animals Act 1986 carry a penalty of 250 penalty units, equating to \$46,230 or imprisonment for 12 months.

All reports made to RSPCA Victoria's Major Investigations Team must be lodged via <https://rspcavic.org/tip-off-form> or by calling 9224 2222.

Facebook messages and emails through unofficial channels do not constitute an official cruelty report.

## You're in Safe Hands With Peter Lindeman Delivering Exceptional Results for Over 20 Years

If you're thinking of selling a Rural or Lifestyle acreage property on the Bellarine, the Barwon or beyond then think Peter Lindeman. Peter spent 20 years managing farms before jumping the fence to sell them; and over the last 20 years he's helped clients achieve extraordinary results, more often than not surpassing their expectations. Why not let Peter show you how he can help you achieve an outstanding result for your property.

**Peter Lindeman**  
RURAL AND LIFESTYLE SALES MANAGER – ELDERS GEELONG

**P: 0418 525 609 E: peter.lindeman@elders.com.au**

### WARNOCOORT 12 TRASKS ROAD

★★★★★ **Seller review**

“ The sale of Kelowna was quick, painless and brilliantly handled by Peter Lindeman, from Elders Geelong, and we can't thank him enough. Peter came highly recommended, by a friend, and he certainly lived up to his impressive reputation. He's such a lovely chap. Easy to chat with. Has years of experience. And genuinely cares about his clients and buyers. Plus he turned a load of heritage quinces, from our orchard, into the most delicious jelly and paste. Is there no end to the man's talents! If you think you can't use an Agent from out of town, think again. We did. And we couldn't be happier. Elders are very lucky to have this Geelong Team! ”

★★★★★ **Buyer review**

“ Peter Lindeman was an absolute gentleman throughout the negotiation's for a property I recently purchased in the Western District. It was a difficult few days to get through but Peter was kind caring and honest! What more can you ask for from the agent when purchasing something that means so much to you. I'd like to take this opportunity to thank you sincerely Peter for helping me achieve my dream of owning this property that I have loved and held so dear to me since I was a small boy :- ) ”

### BARRABOOL 215 ANDERSONS ROAD

★★★★★ **Seller review**

“ Peter was our agent for a farm sale. We had engaged him with other transaction, and as with the others he did not disappoint. He gave us all he had to get us a great result. Having been in a large number of property transactions over the years he is unquestionably the best agent we have had.

We couldn't recommend him highly enough. ”

★★★★★ **Buyer review**

“ We really couldn't say enough about how professional/helpful Peter Lindeman was during and after our search for a property in Victoria. We were very particular what we wanted and where; location is key! Peter Listened to what we wanted never wasted our time showing us properties that didn't fit our needs. Tricky negotiation, but thanks to Peter it all turned out very well. ”
