

CLAM™ A PEARL OF LIGHT

Fritz Hansen introduces two new versions of the Clam™ with the floor and table lamp, launching a full family for the signature ambient lighting series.

FRITZ HANSEN

CLAM™

AHM & LUND, 2019/2024

The Clam™ lighting series is now extended to include both a floor and a table lamp. The transcendent lampshade design stands out in its use of genuine materials and exquisite craftsmanship. Brushed brass and mouth-blown opal glass shades are shaped with remarkable dimensions. Emitting a warm, glare-free light, these signature lamps enchant with their soft glow.

Designed for multiple purposes, each version within the series harmoniously works together to achieve a connected look and feel. The Clam™ series offers a cohesive and stylish lighting solution for various settings.

Designed in 2019 by contemporary Danish designers, Ahm & Lund, the award-winning Clam™ lamp design is inspired by a seashell and, like a shell hides its pearl, it 'hides' its light source. Its diffused light creates beautiful atmosphere and ambiance.

USPs

- The opal glass shades are mouth-blown and shaped with remarkable dimensions that require exceptional skill to achieve.
- Exquisite details in brass will patinate beautifully to develop a unique character.
- All pieces in the Clam™ series are made to complement each other and work well together.
- The clear geometric shapes of the original Danish design from 2019 have achieved a notably timeless expression.
- The opal glass shades emit a soft glare-free light that gives a cosy atmospheric feeling.
- The table lamp version works well as a reading lamp in a home office or as a more sculptural addition to living spaces.
- The table lamp version has a seamless on/off twist-switch at the base in textured brass.
- The floor lamp works beautifully to set the mood in lounge areas and dining spaces.

SURFACE SELECTION

All Clam™ lamps come in untreated brass with an opal, glass shade and a black textile cord.
