Greetings Brothers of Upsilon Epsilon Chapter,

Ricky L. Lewis
Grand Basileus
[rickylewis@earthlink.net](mailto:ricklewis@earthlink.net)

I want to first and foremost thank you for entrusting and electing me as your 42nd Grand Basileus of our beloved Fraternity. The mantra of men of strong will and Manhood, Scholarship, Perseverance and Uplift continue to define us and serve as our guideposts as we uphold the precepts of our founders!

Congratulations to the legacy of Upsilon Epsilon Chapter and the 9 charter members on the 75th Anniversary of service in the Jackson, MS. community and on the campus of Jackson State University. We thank you for your continued commitment to the tenants of our beloved Founders. I commend Brother Zuri Williams for his leadership for chairing the 75th Anniversary celebration.

When I sought to become the 42nd Grand Basileus, I said to you that “**Excellence Is My Starting Point.**” I said that integrity and character are paramount. We are keeping that commitment.

In our communities world-wide, we have our mandated programs and we have our recently added programs. We actively do these things – Fatherhood Initiative and Mentoring is now a mandate, searching for and Illuminating Young talent and providing scholarship support – and we do these things not for ego or personal gain – but instead because it is our duty and our charge. Science, Technology, Engineering and Mathematics (STEM) is now a mandate, teaching our young men the importance of embracing technology.

During my administration, we are here to serve you and our communities. We are asking you to serve our communities and make a difference. We shall not lose the common touch!

Number 1. Save Our Sons through mentoring, STEM, scholarship offerings and tutoring.

Number 2. Help fathers to be better fathers through our Fatherhood Initiative.

Number 3. Stay engaged with our brotherhood through (BYOMM): Call a brother.

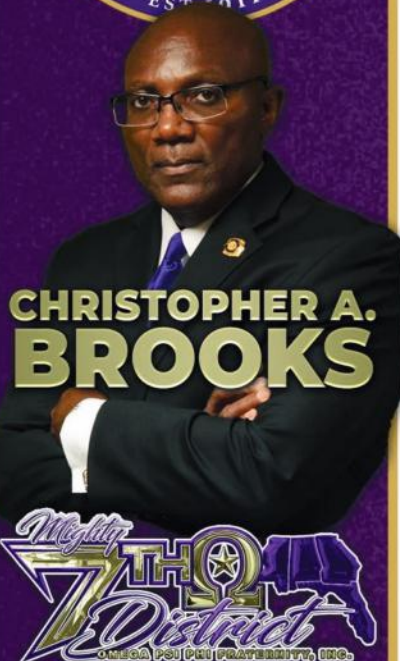

Number 4. Save our HBCUs through regular and consistent contributions.

Number 5. Invest in Omega; pay your fraternity dues and reclaim just one additional brother.

If we resolve to do these five things and do them well, we will continue to see the undeniable fulfillment in our communities.

Ricky L. Lewis,

Grand Basileus

THE ORIGIN OF THE UPSILON EPSILON CHAPTER

OF OMEGA PSI PHI FRATERNITY INCORPORATED

At Jackson State Teachers College, the establishment of the Upsilon Epsilon chapter marked the beginning of a friendship like no other. The chapter would become a hive of industry and enthusiasm, contributing significantly to the cultural and academic fabric of Jackson State University. Prior to its inception, Phi Beta Sigma was the sole fraternity on campus. However, a youthful group of men knew that was not the right choice and craved for a different kind of brotherhood, one that aligned more closely with their aspirations and ideals.

In 1948, John A. Peoples Jr., a freshman who had demonstrated remarkable academic prowess, earning straight A's, was invited by Dean H.T. Sampson for a commendation. It was during this meeting of minds that Dean Sampson thought Peoples' would be interested in joining Omega Psi Phi, a question met with enthusiastic affirmation. This conversation sparked a series of events, ultimately leading to the establishment of the Upsilon Epsilon Chapter at Jackson State College.

To facilitate this endeavor, Dean Sampson sought and obtained permission from the national office of Omega Psi Phi and Tougaloo College. This allowed for the initiation of two Jackson State students, John A. Peoples Jr. and Lawrence Jones, into Rho Epsilon at Tougaloo in spring 1948.

Come fall, Peoples and Jones undertook the duty of selecting and preparing the first pledges for Upsilon Epsilon. These initiates, characterized by their academic excellence and active participation in campus life, laid the foundation for a legacy of scholarship and leadership. The chapter was officially chartered in the spring of 1949, with the first initiation taking place on March 25th, 1949. Brother Willie Roy Patton, a respected professor of liberal arts at Jackson State, became the inaugural sponsor to help grow the chapter.

From its inception, Upsilon Epsilon assumed a distinguished role on campus, excelling in academics and student politics. Brother Lawrence Jones, epitomizing leadership, and nobility, served as the first Basileus. Dr. John Peoples, a symbol of intelligence and restraint, not only served as Basileus and SGA President for two years but also as President of Jackson State College. His athletic prowess was evident as a defensive back on the football team and a sprinter on the track team.

Over the past 75 years, Upsilon Epsilon has continued to embody the cardinal principles of Omega Psi Phi Fraternity Incorporated: Manhood, Scholarship, Perseverance, and Uplift. Its members have consistently displayed ingenuity in their endeavors, approached challenges with nerve, and upheld the chapter as a bastion of truth, forever guiding its members and those influenced by its profound legacy.

75TH DIAMOND ANNIVERSARY

Verses of Brotherhood: Poetic Reflections on Our Journey

If By Rudyard Kipling

If you can keep your head when all about you
Are losing theirs and blaming it on you,
If you can trust yourself when all men doubt you,
But make allowance for their doubting too;
If you can wait and not be tired by waiting,
Or being lied about, don't deal in lies,
Or being hated, don't give way to hating,
And yet don't look too good, nor talk too wise:

If you can dream—and not make dreams your master;
If you can think—and not make thoughts your aim;
If you can meet with Triumph and Disaster
And treat those two impostors just the same;
If you can bear to hear the truth you've spoken
Twisted by knaves to make a trap for fools,
Or watch the things you gave your life to, broken,
And stoop and build 'em up with worn-out tools:

If you can make one heap of all your winnings
And risk it on one turn of pitch-and-toss,
And lose, and start again at your beginnings
And never breathe a word about your loss;
If you can force your heart and nerve and sinew
To serve your turn long after they are gone,
And so hold on when there is nothing in you
Except the Will which says to them: 'Hold on!'

If you can talk with crowds and keep your virtue,
Or walk with Kings—nor lose the common touch,
If neither foes nor loving friends can hurt you,
If all men count with you, but none too much;
If you can fill the unforgiving minute
With sixty seconds' worth of distance run,
Yours is the Earth and everything that's in it,
And—which is more—you'll be a Man, my son!

Invictus by William Ernest Henley

Out of the night that covers me,
Black as the pit from pole to pole,
I thank whatever gods may be
For my unconquerable soul.

In the fell clutch of circumstance
I have not winced nor cried aloud.
Under the bludgeonings of chance
My head is bloody, but unbowed.

Beyond this place of wrath and tears
Looms but the Horror of the shade,
And yet the menace of the years
Finds and shall find me unafraid.

It matters not how strait the gate,
How charged with punishments the scroll,
I am the master of my fate,
I am the captain of my soul.

Verses of Brotherhood: Poetic Reflections on Our Journey

LIVE YOUR CREED

by Langston Hughes

I'd rather see a sermon than to hear one any day.
I'd rather one should walk with me than just to show the way;
The eye is a better pupil and more willing than the ear;
Advice may be misleading but examples are always clear.

And the very best of teachers are the ones who lives their creeds
For to see good put into action is what everybody needs.

I can soon learn to do it if you'll let me see it done
I can watch your hand in motion, but your tongue too fast may run.

And the lectures you deliver may be very fine and true
But I'd rather get my lesson by observing what you do.
For I may misunderstand you and the fine advice you give,
But there's no misunderstanding how you act and how you live.

THE BRIDGE BUILDER

W. A. Dromgoole

An old man going a lone highway
Came at an evening, cold and gray,
To a chasm vast and wide and steep,
With waters rolling cold and deep.

The old man crossed in the twilight dim,
The sullen streams had no fear for him;
But he turned when safe on the other side,
And built a bridge to span the tide.

"Old man," said a fellow pilgrim near,
You are wasting your strength with building here.
Your journey will end with the ending day,
You never again will pass this way.
You've crossed the chasm, deep and wide,
Why build you this bridge at evening tide?

The builder lifted his old gray head.
"Good friend, in the path that I have come," he said,
"There followeth after me today
A youth whose feet must pass this way.
The chasm that was as nought to me
To that fair-headed youth may a pitfall be;
He, too, must cross in the twilight dim-

SEE IT THROUGH

by Edgar A. Guest

When you're up against a trouble,
Meet it squarely face to face:
Lift your chin and set your shoulders,
Plant your feet and take a brace:
When it's vain to try and dodge it,
Do the best that you can do:
You may fail, but you may conquer,
See it though!

Black may be the clouds about you
And your future may seem grim,
But don't let your nerve desert you;
Keep yourself in fighting trim.
If the worse is bound to happen,
Spite of all what you can do,
Running from it will not save you,
See it through!

Even hope may seem but futile,
When with troubles you're beset,
But remember you are facing
Just what other men have met.
You may fail, but fall still fighting;
Don't give up what e'er you do.
Eyes front, head high to the finish,
See it through!

The Bridge Builder
BY WILL ALLEN DROMGOOLE

An old man going a lone highway
Came, at the evening cold and gray,
To a chasm vast and deep and wide,
Through which was flowing a sullen tide
The old man crossed in the twilight dim,
The sullen stream had no fear for him;
But he turned when safe on the other side
And built a bridge to span the tide.

“Old man,” said a fellow pilgrim near,
“You are wasting your strength with building here,
Your journey will end with the ending day,
You never again will pass this way;
You’ve crossed the chasm, deep and wide,
Why build this bridge at evening tide?”

The builder lifted his old gray head;
“Good friend, in the path I have come,” he said,
“There followed after me to-day
A youth whose feet must pass this way.
This chasm that has been as naught to me
To that fair-haired youth may a pitfall be;
He, too, must cross in the twilight dim;
Good friend, I am building this bridge for him!”

Our approach is rooted in understanding the delicate recovery process, offering daily guidance and support. Whether it's physical exercises, nutritional advice, or mental wellness strategies, every step is tailored to help you regain control and confidence in your body. Join us on this patient, transformative journey, and take a step each day towards a stronger, healthier you.

I believe in sustainability over all else! Sure, there are great "12-week programs, 1-month challenges, 90-day transformations", but by the end of the day, when you finish that, what's next?

Another 12-week program? When working with clients, I like to build from the ground up. Instead of handing you a meal plan, I teach you how to build your own.

LONG LIVE FRANK 3-09-KD

We do not know why God takes our most precious loved ones at times that may seem unfair, but there is purpose in everything - even pain. Over the course of 30 years, Francis "Frank" Avrett McDaniel (7/16/88-6/20/19) impacted many lives in ways only purpose could be attached to. We build upon a mission Frank started, a mission to uplift his community and the youth within it, and we honor him by finishing the race.

-Long Live Frank!
