MARCH

2026

Editor's Note

Two weeks ago, we hosted our Global Conference in Bangkok—thank you to all members who attended.

March 2026 has brought a significant shift in geopolitics, with the destruction of major oil and gas infrastructure in the Middle East. This development may have a more lasting impact on global oil supply than the temporary closure of the Strait of Hormuz. We remain hopeful that the overall impact will be limited.

What stood out to me at the conference was the shared sense of focus and resilience. Despite the uncertainty, the positive, forward-looking energy was both reassuring and motivating. Thank you for maintaining such a strong and proactive outlook.

Uppcoming chances to meet-up in person are as follows:

- Intermodal South America – Sao Paulo
- Breakbulk Europe – Rotterdam
- Breakbulk Americas – Houston

For Breakbulk Americas we are hosting a day of one-to-one meetings including a lunch.

The event is scheduled for the 21st of September, just before the Breakbulk Americas event. We are allowing two participants per member company to attend free of charge with a maximum number of companies set at 32.

One Day of Meetings
+
A Networking Lunch
@ THE HOUSTON CLUB HC
21st September 2026
(Ahead of Breakbulk Americas)
09:00 - 17:00

Please register for the event [here](#).

Let us know if your company would like to sponsor the beverage service for the event.

As for our next Global Conference in 2027 we are looking at holding it somewhere in Europe but we will not rush the decision, we will keep you posted.

In network news we are happy to share member movements related to: Brazil, Chile, UAE, Philippines and Uruguay. We also announce a new Service Provider (Port Operator) in China and new members representing Germany and Chile.

Herein find photos of meetings with members at WBX in Shanghai and the upcoming online one-to-one meeting schedule. Please [email Heidi](#) to reserver your spot

Unimar Coordinated the Unloading of Three Cranes in Manaus, Brazil

This project required precise planning, port coordination and millimetric execution. It was a highly complex operation carried out in partnership with BBC Chartering and Super Terminals.

Roro Shipping Company : A milestone for connectivity between Asia and Uruguay

Last Tuesday, a historic event materialized with the arrival at the Port of Montevideo of the ship Grande Texas, from Grimaldi Group, starting the direct service between Taicang and Montevideo, with a transfer connection to Asuncion.

This new service, with a monthly frequency and a transit time of 37 days, represents a significant advance for the country's logistics, allowing to reduce transit times, optimize costs and improve the efficiency of commercial flows. It also strengthens the positioning of Montevideo as a strategic hub for Ro/Ro cargo and boosts the Uruguayan automotive export platform.

From KMA Uruguay, as representatives of Grimaldi Group, celebrate this important achievement that reaffirms the trust and commitment of the shipping company with Uruguay and Paraguay.

With more than 25 years of uninterrupted presence, Grimaldi Lines continues to stop monthly in Montevideo, consolidating the port as a key hub for cargo bound for Paraguay.
