

2025

LX

Can rocket science make a seat
more comfortable?

Can technology get you closer
to nature?

Can having the best of all worlds
lead you to discover more of yours?

To craft the most amazing machines, you don't start with machines at all. You start with people.

The 2025 Lexus LX

LX PREMIUM

This is the definitive statement of flagship luxury. It starts with a powerful 409-horsepower¹ twin-turbo engine, Full-Time four-wheel drive and Adaptive Variable Suspension—all engineered to work in concert with you for a superior driving experience both on- and off-road.² And with interior amenities that include heated and ventilated front seats, a combined 19.3 inches of touchscreen access and power-folding third-row seating, this SUV indulges with comforts ready for every journey.

LX LUXURY

Building upon the LX Premium, and available with gas or hybrid powertrains, the LX Luxury rewards you and your passengers with massaging front seats and heated and ventilated second-row outboard seats—all trimmed in soft semi-aniline leather. The 25-speaker Mark Levinson^{®3} Reference Surround Sound audio system enables you to unlock a deeper appreciation of music. And one-touch auto-arrange power-folding seats and an auto door closer make everyday tasks effortless.

LX ULTRA LUXURY

Experience the epitome of craftsmanship for the senses. An intelligent suspension with Active Height Control provides an invigorating and refined ride. Inside, a four-seat configuration indulges with massaging rear-seat captain's chairs that recline up to 48 degrees.⁴ Trimmed in diamond-stitch semi-aniline leather, they also feature world-class accommodations, including a power-retractable ottoman,⁴ personal tray table and wireless charger.⁵

LX F SPORT HANDLING

The LX F SPORT Handling pairs provocative style with exhilarating handling. Its aggressive front and rear fascia are punctuated by striking 22-inch forged F SPORT wheels. And inside, bolstered F SPORT seats and race-inspired details can be found throughout. An exclusive Torsen^{®6} limited-slip rear differential, front and rear performance dampers, and standard Active Height Control combine to ensure this SUV delivers performance worthy of its F SPORT badge.

LX OVERTRAIL

Built exclusively atop the powerful LX 700h, the first-ever LX Overtrail is equipped with a host of proven upgrades designed for off-road² driving, including rugged 33-inch all-terrain tires, a robust skid plate and front- and rear-locking differentials. And with details that include a Matte Gray grille, 18-inch wheels and darkened exterior accents, this SUV is sure to make a powerful impression on any road—paved or not.

LX Overtrail shown in Earth. Off-roading is inherently dangerous. Abusive use may result in personal injury or vehicle damage.

A BOLD PARADIGM OF PERFORMANCE

When superior on-road agility combines with heightened off-road capability and confidence, a new world of possibilities unfolds.

Crafting a driving experience around the driver's senses means there is no meeting halfway. It means going all in on a powerful twin-turbocharged engine. Amplifying performance with an innovative hybrid powertrain. Engineering a lightweight platform with a low center of gravity, and pairing it with a strong, rigid frame. And developing handling systems to make every road, or off-road,² more exhilarating than ever. It's the best of all worlds, crafted for one purpose: to empower you to discover more of yours.

THE FIRST-EVER LX 700h

*More power. All the capability.
This is the next generation of
flagship luxury.*

Not just a hybrid. A Lexus. The first-ever LX 700h takes luxury to even greater heights with a newly developed electrified powertrain. Engineered for effortless response on-road and durability off-road,² this parallel hybrid system pairs the powerful twin-turbocharged V6 engine with a proven nickel-metal hydride (NiMH) battery pack and high-torque electric motor. The result: a mighty 457 net combined horsepower¹ and 583 lb-ft of torque—making the 700h our most powerful LX ever.

LX Ultra Luxury shown in Manganese Luster

THE LX OVERTRAIL

*Experience the bolder side of
flagship luxury*

Taking the renowned off-road² prowess of the LX to an even higher level, the all-new 700h Overtrail is equipped with proven upgrades designed to help you take your adventures further. With its front- and rear-locking differentials, 18-inch wheels wrapped in 33-inch all-terrain tires and a robust skid plate, this SUV is ready to take on challenging terrain.

Outside, the LX Overtrail stands apart with distinct features that include a Matte Gray grille, darkened exterior accents, black overfenders and an available Earth exterior color. While inside, this SUV rewards with luxuries that include semi-aniline leather-trimmed seating and Black Open-Pore Wood-trimmed accents.

LX Overtrail shown in Earth

LX Overtrail shown in Earth. Never tow beyond a vehicle's published towing capacities.

PURE POWER. PURE EXHILARATION.

Pairing the strength of a potent powertrain with the agility of a handling system so advanced it changes with every curve, the LX empowers like no other.

TWIN-TURBOCHARGED V6

Elevating performance on all roads, every 2025 LX features a mighty twin-turbocharged V6 engine. In the LX 600 models, this engine delivers 409 horsepower¹ with 479 lb-ft of torque and is paired with an intelligent 10-speed Direct-Shift automatic transmission. And with every LX featuring Trailer Sway Control⁸ and an impressive 8,000-lb towing capacity,⁹ this world-class flagship is primed and ready for even more possibilities.

HYBRID DURABILITY

Beyond offering additional refinements on-road, the hybrid powertrain of the LX 700h is engineered to handle the demands of off-road² driving. Its powerful electric motor can be utilized in low-range driving scenarios for added throttle precision when traversing challenging terrain. And its main hybrid battery is housed in a waterproof structure that allows this SUV to wade through up to 27.5 inches of standing water.

ACTIVE HEIGHT CONTROL

Offering four unique height settings, the standard Active Height Control system takes the driving experience further. On rough roads, this system partners with off-road² driving functions to make height adjustments to each individual wheel, allowing for greater wheel articulation to help you confidently travel difficult terrain. At highway speeds, the system defaults to a lower center of gravity for optimized stability and handling. By integrating both the front and rear suspensions, the system can even detect a sharp turn of the steering wheel as you enter a curve and automatically respond to help reduce body roll.

ADAPTIVE VARIABLE SUSPENSION

Responding to drivers as well as the road, the driver-selectable Adaptive Variable Suspension intelligently responds to changing driving situations thanks to instantaneous damping force. This smooth and precise control results in enhanced on-road agility and ride comfort for ideal composure throughout the cabin, even reducing rocking of the vehicle when traversing rough terrain.

8,000-lb

towing capacity with Trailer Sway Control

ENGINEERED FOR ADVENTURE

Every LX pushes the boundaries of off-road capabilities. The only question is: Where will you go first?

MULTI-TERRAIN SELECT

An innovative Multi-Terrain Select system provides more integrated control of the drive force and suspension, further enhancing off-road² capability and control over varied landscapes. The operating range of controls has been optimized for use on a wide variety of terrains, from snow-covered roads to intensive off-road driving. And Auto mode can select the optimum mode using sensors combined with the driver's braking and throttle inputs.

LX Ultra Luxury shown in Manganese Luster⁷

CRAWL CONTROL WITH TURN ASSIST

Activated with just the press of a button, Crawl Control¹⁰ with Turn Assist is designed to automatically maintain an optimal slow and steady pace over challenging terrain. It can also tighten your turning radius by adding brake force to the inside rear wheel, help keep you going when the going gets tough.

FULL-TIME FOUR-WHEEL DRIVE

The Torsen^{®6} torque-sensing limited-slip center differential with electronic differential lock efficiently distributes engine power between the front and rear axles, optimizing traction in a wide variety of conditions. Four-wheel Active Traction Control helps keep you on course and feeling secure by using sensors to detect and help prevent wheel slippage.

LX Luxury shown in Atomic Silver

When compromise is not an option and the driver is all that matters, this is the result. Delivering the ultimate in strength and refinement, a robust platform serves as the foundation for five distinct and stunning models of the LX. Purposefully designed for those who recognize that the true measure of style is the substance beneath, the LX features a dramatically sculpted hood and Premium Triple-Beam LED headlamps—to help enhance visibility. Its distinctive grille design optimizes cooling performance. And the sleek, full-width Blade Taillamp isn't just captivating—its brilliance ensures that the LX always stands out.

THE DEFINITIVE STANDARD OF LUXURY

Thoughtfully engineered to elevate your driving experience to unprecedented heights, this is our uncompromising vision of flagship luxury.

LX Ultra Luxury shown with Black semi-aniline leather and *Takanoha* Wood interior trim

INCOMPARABLE INDULGENCE

Experience the extraordinary comforts of the four-seat LX Ultra Luxury.

While every aspect of the spacious LX interior was designed to reward the senses, the LX Ultra Luxury offers the epitome of world-class comfort. It's comfort that could only come by looking somewhere outside of the world itself. Using NASA research on neutral body posture in certain zero-G applications, Lexus crafted the reclining captain's chairs and ottoman⁴ to position and hold passengers in their natural, relaxed state.

Impeccable craft continues throughout. Beyond their uniquely contoured headrests, the seatbacks have specially engineered cushions to absorb vibrations, while providing support uniquely optimized for each part of the body. Intuitive technology embodies the ultimate in gracious hospitality, with a digital control panel that lets you personalize your seating position and then saves your preferences. Rear-seat entertainment displays can fold out of view when not in use. Even the air is made more accommodating. An advanced climate system with strategically placed vents, including in the ceiling, showers rear-seat occupants with soothing air set to their preferred temperature.

LX F SPORT Handling shown in Ultra White⁷

LX F SPORT HANDLING

Command attention and the road with the LX F SPORT Handling. Forging a more visceral connection, unique tuning optimizes the LX's low center of gravity for greater agility and boasts a Torsen^{®6} limited-slip rear differential for further enhanced cornering, traction and straight-line stability. Lower and more dynamic front and rear fascias pair head-turning style with optimized aerodynamics. An aggressive black mesh grille takes the signature F SPORT grille design even further by enhancing cooling performance. And 22-inch forged F SPORT wheels punctuate its athletic stance while keeping unsprung weight low for precise handling.

The distinctive design continues inside, where you'll find exclusive F SPORT upgrades, including performance-inspired instrumentation. F SPORT front seats are engineered to grip you through high-G turns and feature enhanced bolsters and badged headrests. And for added distinction at every touchpoint, you'll find a perforated leather-trimmed sport steering wheel and shift knob, aluminum pedals and more.

GET AWAY FROM IT ALL AND TAKE IT ALL WITH YOU

Discover uncharted spaces in a spacious interior filled with thoughtful accommodations. From available power fold-flat third-row seating to automated seating configurations that offer more space for more spontaneity, the LX offers the adventurer everything but compromise.

FOLD-FLAT THIRD ROW

Power-folding 50/50-split third-row seats can be reclined for added comfort when in use and, in LX 600 models, folded flat into the floor when more space is needed. For fast, convenient access to a more expansive cargo area,¹¹ simply press the button adjacent to the rear door to automatically fold or unfold the seats.

AUTO-TUMBLE SECOND ROW

Enjoy seamless access to and from the third-row seats. Pressing a button on the second-row shoulder temporarily moves the driver's seat forward while the second-row seats automatically tumble forward and out of the way.

AUTO-ARRANGE FUNCTIONALITY

With just the press of a single button, this available feature enables you to configure all the seating automatically to provide maximum cargo space. First, the front seats temporarily move forward, then both second and third rows fold down.

CARGO SHELF SYSTEM

LX 700h models feature a configurable cargo shelf located behind the third-row seats. Designed with a load capacity of up to 175 pounds,¹¹ this shelf can also be folded out of the way to allow taller items to be stored in the rear. And with the third-row seats folded down, this shelf can be lowered to help create a fully flat cargo-area floor.

LX Overtrail shown with Stone Brown semi-aniline leather and Black Open-Pore Wood interior trim

LX Luxury shown with Black semi-aniline leather and Black Open-Pore Wood interior trim (left); LX interior shown with Apple CarPlay¹² integration for iPhone^{®13} (right)

The greatest technology is that which takes the least effort to understand—technology so intuitive that having more of it actually feels like less. Case in point: Lexus Interface¹⁴ seamlessly connects you via touchscreen—or voice—to the many benefits of an active Drive Connect¹⁵ trial or subscription. Its Intelligent Assistant feature gets smarter over time, and Cloud Navigation offers more accurate directions. Lexus Interface also wirelessly integrates with Apple CarPlay^{®12} for your iPhone,^{®13} or Android Auto^{™16} for your Android[™] phone. It's the convenience of more than 19 inches of screen access, including a lower display that's designed to inform, not distract. The product of relentless imagination and human-centered design, this is technology as it should be.

AN ADVANCED DEFINITION OF CONNECTIVITY

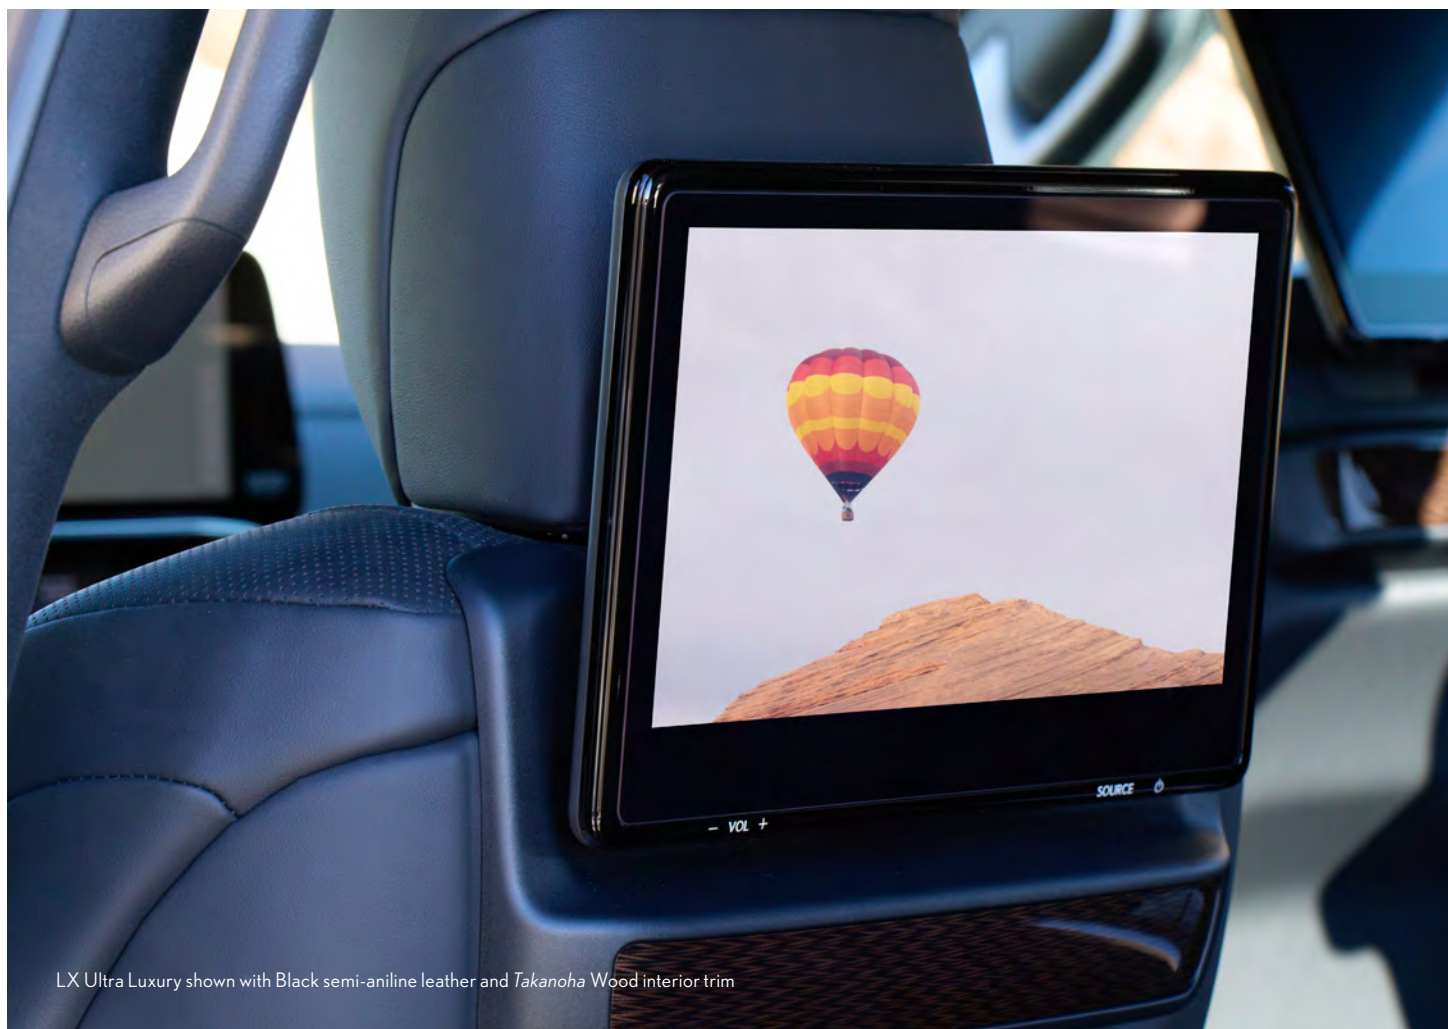

Experience next-generation technology so intuitive and personal, it feels like an extension of you.

SEE AND DO MORE. EVEN WHILE INSIDE.

Designed for the senses, the LX offers the pinnacle of thoughtful convenience and impeccable refinement.

REAR-SEAT ENTERTAINMENT SYSTEM

The LX Luxury and Ultra Luxury offer a dual-screen Rear-Seat Entertainment System that enables two video sources to be viewed at the same time on the 11.4-inch LCD screens—with individual or mirrored screens—that fold out of view when not in use. For added convenience, an HDMI port is included with the two standard USB¹⁷ charging ports in the back of the center console.

LX Ultra Luxury shown with Black semi-aniline leather and *Takanoha* Wood interior trim

MULTI-TERRAIN MONITOR

For greater visibility during off-road² excursions, the advanced Multi-Terrain Monitor uses the upper display to show a variety of distinct camera views from under the vehicle to keep the driver informed. The innovative Underfloor View and Back Underfloor View provide images of the area underneath the vehicle and around the rear wheels. While the lower display shows pertinent information like throttle inputs, vehicle tilt and more.

MARK LEVINSON REFERENCE SURROUND SOUND

Unlock a deeper appreciation of sound and experience music in its highest fidelity with available Mark Levinson^{®3} Reference Surround Sound. Boasting 2,400 watts and 25 speakers meticulously positioned throughout the cabin, this bespoke system envelops you in a three-dimensional soundscape that's crafted by the same masters who engineer six-figure home audio systems.

LEXUS INTERFACE

Lexus Interface¹⁴ connects you like never before. Among the benefits of an active Drive Connect¹⁵ trial or subscription, Intelligent Assistant lets you use everyday, casual speech to control most in-car features. Cloud Navigation offers more accurate directions and can provide real-time route information. And the Profiles¹⁴ feature allows different drivers to create personalized settings that can go from vehicle to vehicle.

DELIVERY AND TECHNOLOGY SPECIALISTS

To help you get the most out of these and other features in your new Lexus, a Vehicle Delivery Specialist will walk you through nearly every setting and function you desire. And to answer questions that arise after delivery, a Vehicle Technology Specialist can offer expert guidance in person or without you ever leaving the driveway via camera-enabled apps like FaceTime.[®] Learn more about these services at lexus.com/specialists.

PEACE OF MIND, STANDARD.

Lexus Safety System+ 3.0 includes an integrated suite of standard advanced safety equipment and convenience features.¹⁸

PRE-COLLISION SYSTEM WITH PEDESTRIAN DETECTION

Pre-Collision System with Pedestrian Detection¹⁹ can alert you to certain potential collisions and may automatically brake.

FULL-SPEED RANGE DYNAMIC RADAR CRUISE CONTROL

Dynamic Radar Cruise Control²⁰ helps maintain a preset distance from the vehicle ahead of you, from highway speeds down to a full stop.

LANE DEPARTURE ALERT WITH STEERING ASSIST

Lane Departure Alert with Steering Assist²¹ may alert you to inadvertent lane departures and make minor steering corrections to help keep you in your lane.

LANE TRACING ASSIST

Lane Tracing Assist²² helps keep your vehicle within its lane. Lane Tracing Assist with Dynamic Radar Cruise Control²⁰ is also available.

LEXUS SAFETY SYSTEM + 3.0

LANE ASSIST

Lane Assist helps you center the vehicle while Dynamic Radar Cruise Control is active.

ROAD SIGN ASSIST

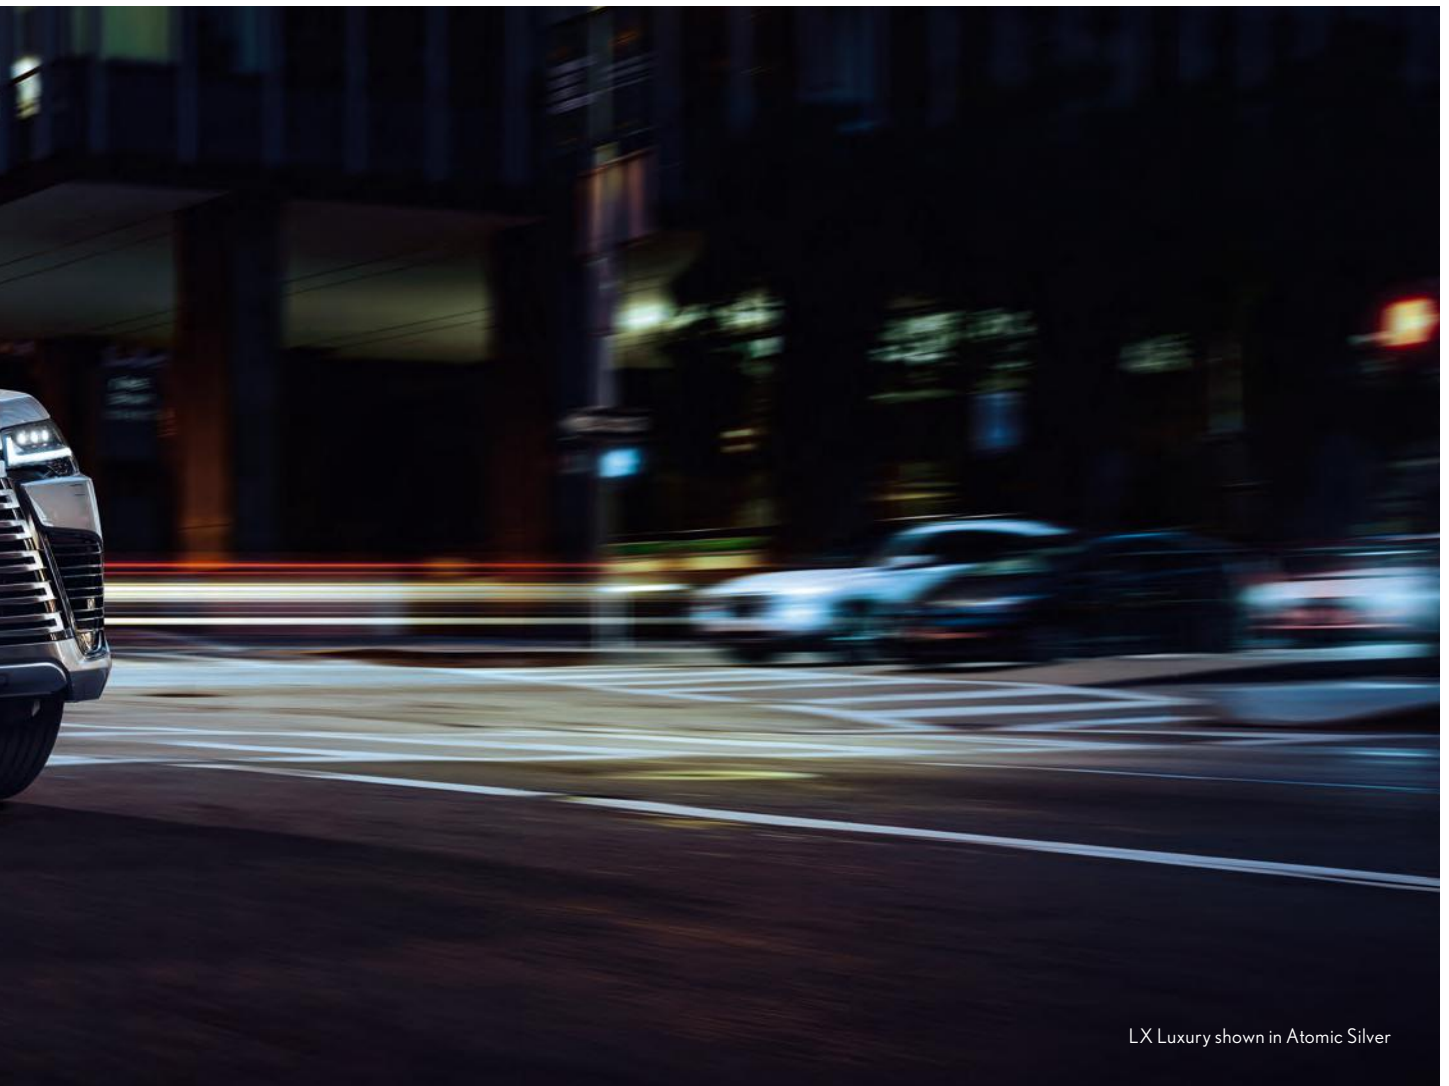

Road Sign Assist²³ can recognize certain road signs and display them to you inside the vehicle.

AUTOMATIC HIGH BEAMS

Automatic High Beams²⁴ can automatically toggle between high and low beams based on the vehicle's surroundings.

PROACTIVE DRIVING ASSIST

Proactive Driving Assist²⁵ may provide gentle braking and/or steering to help control distance between your vehicle and a vehicle, pedestrian, or bicyclist ahead of you.

DISCLOSURES

WARRANTY Four-year/50,000-mile Lexus Limited Warranty, Six-year/70,000-mile Powertrain Warranty, Six-year/unlimited-mileage Corrosion Perforation Warranty, Eight-year/100,000-mile Hybrid System Warranty, Ten-year/150,000-mile Hybrid Battery Warranty. All warranties with zero deductible. See the *LX Warranty and Services Guide* at your Lexus dealer for details.

1. Ratings achieved using the required premium unleaded gasoline with an octane rating of 91 or higher. If premium fuel is not used, performance will decrease. 457 net combined horsepower for LX 700h. **2.** The Lexus LX is designed to meet most off-road driving requirements, but off-roading is inherently dangerous and may result in personal injury or vehicle damage. Lexus encourages responsible operation to help protect you, your vehicle and the environment. **3.** Mark Levinson is a registered trademark of Harman International Industries, Inc. **4.** Do not recline the lounge chair with ottoman/reclining seat when vehicle is in motion. Reclining the seat might negatively affect the fit of the seatbelt and increase the risk of death or serious injury. See *Owner's Manual* for limitations. **5.** Wireless charging may not be compatible with all mobile phones, smart devices, tablets, e-readers, MP3/WMA players and like products. **6.** Torsen® is a registered trademark of JTEKT Torsen, Inc. **7.** Eminent White Pearl, Manganese Luster and Ultra White available for an additional charge. **8.** Trailer Sway Control (TSC) is an electronic system designed to help the driver maintain vehicle control under certain conditions. It is not a substitute for safe driving practices. Factors including speed, road conditions, weather and driver steering input can all affect whether TSC will be effective in preventing a loss of control. See *Owner's Manual* for limitations. **9.** Never tow beyond a vehicle's published towing capacities. **10.** Crawl Control is designed for driving on difficult terrain at low speeds and assists the driver by controlling acceleration and braking, allowing the driver to focus on steering. See *Owner's Manual* for additional limitations. **11.** Cargo and load capacity limited by weight and distribution. Always properly secure cargo and cargo area. **12.** Apple CarPlay requires a compatible iPhone with an active data plan. Check compatibility at <https://www.apple.com/ios/carplay/>. Operability depends on network availability, a cellular connection and GPS signal. Services vary by vehicle and are subject to change at any time without notice. Data charges may apply. To learn more, go to <https://lexusconnectedservicesupport.com/lexus/home>. To learn more about Lexus' connected services data collection, use, sharing and retention practices, please visit <https://www.lexus.com/privacy>. Apple CarPlay and iPhone are registered trademarks of Apple Inc. **13.** iPhone is a registered trademark of Apple Inc. All rights reserved. **14.** Lexus Interface Services vary by vehicle and are subject to change at any time without notice. Services depend on 4G network availability, a cellular connection and GPS signal. Without any one or more of these things, operability may be limited or precluded, including access to response center and emergency support. Further, if and when 4G network changes or is discontinued, or the underlying technology required to support service becomes obsolete, then the Connected Services will not work, and Lexus will need to discontinue impacted services. Services require account registration through the Lexus app and acceptance of the Connected Services Terms of Use at [Lexus - Connected Services Terms of Use](https://www.lexus.com/privacy) and Master Data Consent. Data charges may apply. For Lexus Interface Services' vehicle-generated data collection, use, sharing and retention practices and agreements, see <https://www.lexus.com/privacy>. All trials begin on original purchase or lease date of new vehicle, with the exception of Wi-Fi for which trial begins at time of activation. Paid subscription required after trial (if applicable). For Safety Connect, stolen vehicle police report required to use Stolen Vehicle Locator. Automatic Collision Notification activates only in limited circumstances. Remote start/stop and/or lock/unlock and other features of Remote Connect are only available on select models. Use only if aware of circumstances surrounding vehicle and it is legal and safe to do so (e.g., do not remotely start a gas-engine vehicle in an enclosed space or if vehicle is occupied by a child). Drive Connect service not available in every city or roadway. For Service Connect, information provided is based on the last time data was collected from vehicle and is not real-time data. Wi-Fi Connect service not available everywhere or in every vehicle. Valid in contiguous U.S. and Alaska. Up to 5 devices supported. Integrated Streaming requires subscription for third-party provider services. Wi-Fi Connect trial (if applicable) begins at time of enrollment and expires the earlier of: 3GB of data is used or 30 days after enrollment. **15.** Cloud Navigation, Intelligent Assistant, and Destination Assist (on select models) require a trial or subscription to Drive Connect. Drive Connect services may vary and are subject to change at any time without notice. Availability and accuracy depend on 4G network availability, a cellular connection and GPS signal. Without any one or more of these things, operability may be limited or precluded. Further, if and when 4G network changes or is discontinued, or the underlying technology required to support service becomes obsolete, then services will not work, and will need to be discontinued. Services require account registration through Lexus App and acceptance of Connected Services Terms of Use at [Lexus - Connected Services Terms of Use](https://www.lexus.com/privacy) and Master Data Consent. Data charges may apply. For Lexus Interface Services' vehicle-generated data collection, use, sharing and retention practices and agreements, see <https://www.lexus.com/privacy>. Trial period begins on original purchase or lease date of new vehicle. Services may vary and are subject to change without notice. Requires app download/registration, acceptance of Terms of Use and subscription after trial (if applicable). Data charges may apply. **16.** Wireless use of Android Auto requires a compatible Android 11.0+ phone and compatible active data plan. Check [g.co/androidauto/requirements](https://www.google.com/android/requirements) for compatibility. Operability depends on network availability, a cellular connection and GPS signal. Services vary by vehicle and are subject to change at any time without notice. Data charges may apply. To learn more, go to <https://lexusconnectedservicesupport.com/lexus/home>. To learn more about Lexus' connected services data collection, use, sharing and retention practices, please visit <https://www.lexus.com/privacy>. Android and Android Auto are trademarks of Google LLC. **17.** Charging may not be compatible with all mobile phones, smart devices, tablets, e-readers, MP3/WMA players and like models. **18.** Lexus Safety System effectiveness depends on many factors including road, weather and vehicle conditions. Drivers are responsible for paying attention to their surroundings and driving safely. See *Owner's Manual* for limitations. **19.** The Pre-Collision System (PCS) with Pedestrian Detection (PD) is designed to help reduce the crash speed and damage in certain frontal collisions involving a vehicle, a pedestrian, bicyclist or motorcyclist. PCS w/PD is not a substitute for safe and attentive driving. System effectiveness depends on many factors, such as speed, size and position of vehicle, pedestrian, bicyclist or motorcyclist, and weather, light, and road conditions. See *Owner's Manual* for limitations. **20.** Dynamic Radar Cruise Control is not a substitute for safe and attentive driving. See *Owner's Manual* for instructions and limitations. **21.** Lane Departure Alert with Steering Assist is designed to read visible lane markers under certain conditions. It provides a visual/audible alert and slight steering force when lane departure is detected. It is not a collision-avoidance system or substitute for safe and attentive driving. Effectiveness depends on many factors including road, weather and vehicle conditions. See *Owner's Manual* for limitations. **22.** The Lane Tracing Assist (LTA) lane centering function is designed to read visible lane markers and detect other vehicles under certain conditions. It is only operational when DRCC is engaged. See *Owner's Manual* for limitations. **23.** Road Sign Assist only recognizes certain road signs. See *Owner's Manual* for limitations. **24.** Automatic High Beams operate at speeds above approximately 21 mph. See *Owner's Manual* for instructions and limitations. **25.** Proactive Driving Assist (PDA) is designed to detect certain objects or curves in the road and provide gentle braking and/or steering support. PDA is not a substitute for safe and attentive driving. System effectiveness depends on many factors, such as speed, size and position of detected objects and weather, light, and road conditions. See *Owner's Manual* for additional limitations and details. **26.** The Panoramic View Monitor does not provide a comprehensive view of the area surrounding your vehicle. Look around to confirm clearance. See *Owner's Manual* for limitations. **27.** Service will automatically stop at the end of your trial subscription period unless you decide to continue service. Trial is non-transferable. If you do not wish to enjoy your trial, you can cancel by calling the number below. All SiriusXM services require a subscription, each sold separately by SiriusXM after the trial period. Service subject to the SiriusXM Customer Agreement and Privacy Policy, visit [siriusxm.com](https://www.siriusxm.com) for complete terms and how to cancel which includes online methods or calling 1-866-635-2349. Some services and features are subject to device capabilities and location availability. Satellite service not available in AK & HI. Content varies by SiriusXM subscription plan. All fees, content and features are subject to change. SiriusXM and related logos are trademarks of Sirius XM Radio Inc. and its respective subsidiaries. **28.** Digital Key requires a trial or subscription to Remote Connect. Use only if aware of circumstances surrounding vehicle and it is legal and safe to do so (e.g., do not remotely start a gas-engine vehicle in an enclosed space or if vehicle is occupied by a child). Remote Connect services vary by vehicle and are subject to change at any time without notice. Services depend on 4G network availability, a cellular connection and GPS signal. Without any one or more of these things, operability may be limited or precluded. Further, if and when 4G network changes or is discontinued, or the underlying technology required to support service becomes obsolete, then the services will not work, and will need to be discontinued. Digital Key also requires Bluetooth connectivity. Services require account registration through Lexus App and acceptance of the Connected Services Terms of Use at [Lexus - Connected Services Terms of Use](https://www.lexus.com/privacy) and Master Data Consent. Data charges may apply. For Lexus Interface Services' vehicle-generated data collection, use, sharing and retention practices and agreements, see <https://www.lexus.com/privacy>. Trial period begins on original purchase or lease date of new vehicle. Paid subscription required after trial (if applicable). Terms of Use apply. **29.** Water, weather, dirt, and other conditions may cause the hands-free power liftgate sensor to not operate properly. See *Owner's Manual* for limitations. Installation of a tow hitch receiver or other accessories located near the rear bumper or side door kick sensors, may require disabling or removing the kick sensor, and the sensor operation setting in your vehicle should be turned off. See *Owner's Manual* for limitations. **30.** Cool Box function requires front air conditioning to be on. Cool Box may not operate when outside temperature is 32°F or below. Keep Cool Box closed while driving to help avoid injuries. See *Owner's Manual* for details. **31.** HomeLink and HomeLink® house icon are registered trademarks of Gentex Corporation. **32.** Do not rely exclusively on Blind Spot Monitor. Look over shoulder and use turn signal. See *Owner's Manual* for limitations. **33.** Intuitive Parking Assist (IPA) may warn drivers of front and rear collisions with certain objects when traveling at low speeds. Drivers should visually confirm clearance during use. See *Owner's Manual* for limitations. **34.** Do not overly rely on the Front Cross-Traffic Alert system. Always visually confirm that it is safe to proceed. See *Owner's Manual* for limitations. **35.** Traffic Jam Assist is not an automated driving system, requires driver supervision at all times, and is designed to function on controlled access freeways at speeds of 25 mph or less. Use this system in accordance with applicable laws. Requires an active subscription to Drive Connect that depends on 4G network availability and other factors. Service requires account registration through Lexus App and acceptance of Connected Services Terms of Use at [Lexus - Connected Services Terms of Use](https://www.lexus.com/privacy) and Master Data Consent. Data charges may apply. Before operating, refer to *Owner's Manual* for instructions and limitations. **36.** Lexus provides complimentary maintenance for your first two scheduled visits at the earlier of 6 months/5,000 miles and 12 months/10,000 miles. See *Warranty and Services Guide* for details. For Lexus vehicles registered and normally operated in the continental United States, U.S. territories and Canada. **37.** Rated for 2,400 watts for a single three-prong outlet. See *Owner's Manual* for limitations. **38.** Do not overly rely on Advanced Park and use only in accordance with applicable laws. Remain attentive to surroundings during use. When using Remote Park, operator must have their key fob, continuously interact w/ smartphone w/ Bluetooth connectivity and ensure safe clearance around vehicle. Before operating, review *Owner's Manual* for instructions and limitations. **39.** This floor liner or floor mat was designed specifically for use in your model and model year vehicle and SHOULD NOT be used in any other vehicle. To avoid potential interference with pedal operation, each liner or mat should be secured with its fasteners. Do not install a floor liner or mat on top of an existing floor liner or mat. **40.** EPA-estimated 17 city/22 hwy/19 comb MPG rating for 2025 Lexus LX 600. Use for comparison purposes only. Your mileage will vary for many reasons, including your vehicle's condition and how/where you drive. See www.fueleconomy.gov. **41.** EPA-estimated 19 city/22 hwy/20 comb MPG rating for 2025 Lexus LX 700h. Use for comparison purposes only. Your mileage will vary for many reasons, including your vehicle's condition and how/where you drive. See www.fueleconomy.gov. **42.** Accessories may vary by model year, not be available in all regions of the country, or require a special order. Please see your dealer for availability. **43.** For accessories purchased at the time of the new vehicle purchase, the Lexus Accessory Warranty coverage is in effect for 48 months/50,000 miles from the vehicle's in-service date, which is the same coverage as the new vehicle Basic Warranty. For accessories purchased after the new vehicle purchase and installed by a Lexus dealer the coverage is 12 months for the parts and labor, regardless of mileage, from the date the accessory was installed on the vehicle, or the remainder of any applicable new vehicle warranty, whichever provides greater coverage. Accessories purchased over the counter are covered for 12 months from the date of purchase. Refer to your Lexus accessory limited warranty or documentation that accompanies accessory purchase for coverage and conditions. **44.** Dashcam may not record under certain conditions. Use in accordance with applicable laws. See dashcam *Owner's Manual* for details. **45.** Genuine Lexus Paint Protection Film by 3M™ is designed for specific sections of the vehicle most prone to chipping which may vary depending on vehicle model. Select applications may require an additional charge. Lexus Genuine Accessory Warranty only applies when installation is performed by a trained Lexus-approved installer. See Lexus dealer for details. **46.** Disclaimer of warranty and liability: This product is not a genuine Lexus part or accessory and was not designed or manufactured by Lexus. Lexus has not fully evaluated this product to determine its overall impact on the performance or safety of any Lexus vehicle onto which it is installed or to determine whether installation would render the vehicle illegal for operation on public roadways in any states. Installation of this product may impact your vehicle's warranty. This product is not warranted by Lexus, and Lexus expressly disclaims any warranty for this product, including without limitation, any implied warranties of merchantability and of fitness for a particular purpose. Lexus also disclaims all liability for direct, indirect, special, incidental or consequential damages, including but not limited to, damage to or loss of personal or commercial property, loss of use, cost of purchase of replacement goods, or claims of customers of any Lexus dealer that result from the use of this product. This product is not available in Hawaii. Shipping charges not included. **47.** ARB is a registered trademark of ARB Corporation.

Lexus strives to build vehicles to match customer interest, and thus they typically are built with popular options and option packages. Not all options/packages are available separately, and some may not be available in all regions of the country. Lexus Interface display shown may not reflect most recent over-the-air enhancements. See lexus.com for information about options/packages commonly available in your area. If you would prefer a vehicle without any or with different options, contact your dealer to check for current availability or the possibility of placing a special order. Specifications, features, equipment, technical data, performance figures, options, and color and trim are based upon information available at time of publishing, are subject to change without notice, and are for mainland U.S.A. vehicles only. **Vehicles shown may be prototypes, shown using visual effects and/or shown with options. Actual models may vary.** Colors depicted may vary based on multiple factors, including ambient lighting and the format in which they are being viewed (e.g., computer, mobile device, or print). See your Lexus dealer for details. Lexus reminds you to wear seatbelts, secure children in rear seat, obey all traffic laws and drive responsibly. For more information, call 800-USA-LEXUS (872-5398) or visit lexus.com. To learn more about your financing options, contact your Lexus dealer or call Lexus Financial Services at 800-874-7050.
