Voxie Tactics x Immutable Partnership

Immutable and AlwaysGeeky Games Launch New Partnership to Bring Immutable Play Rewards to Voxie Tactics!

Voxie Tactics is now partnered with Immutable, a global leader in gaming and Web3. Voxie Tactics players will now be able to engage with Immutable Play, unlocking exclusive rewards, leaderboards and recognition tied to their in-game activity. This collaboration is powered in part by Immutable's long-standing alliance with Polygon, and follows Immutable's recent launch of the "Gaming on Polygon" hub within Immutable Play.

Through the Immutable Play integration, fans will now have fresh incentives to deepen their engagement: completing quests, climbing leaderboards, and participating in in-game activities will unlock rewards through Immutable's reward engine.

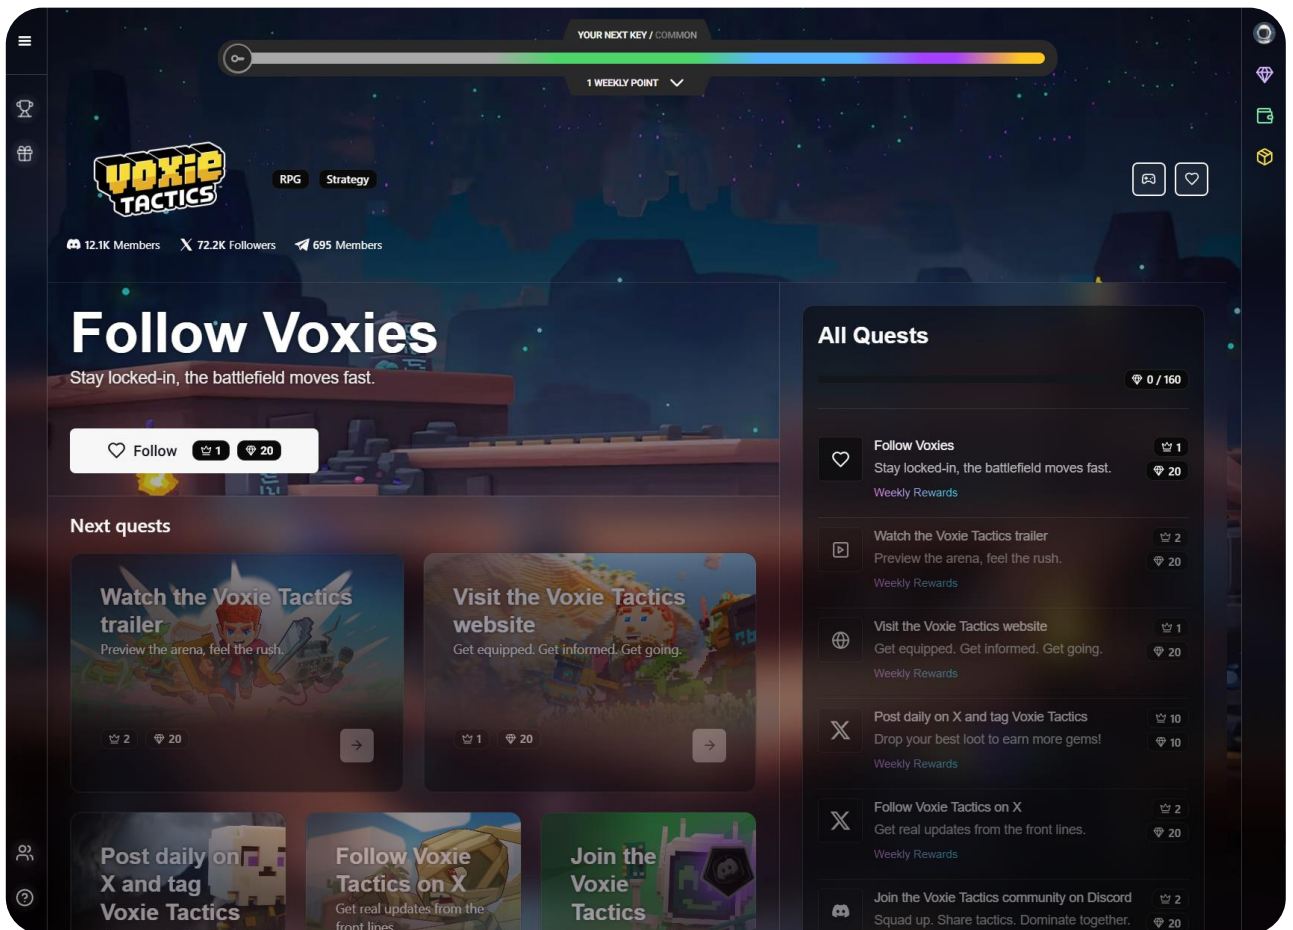

AlwaysGeeky Games is thrilled to team up with Immutable and Polygon for an exciting collaboration that celebrates Voxie Tactics players. Through Immutable Play, fans can now earn exclusive rewards and discover a whole new way to play, collect, and get recognized for their engagement.

AlwaysGeeky Games Founder and CEO, Steven Ball

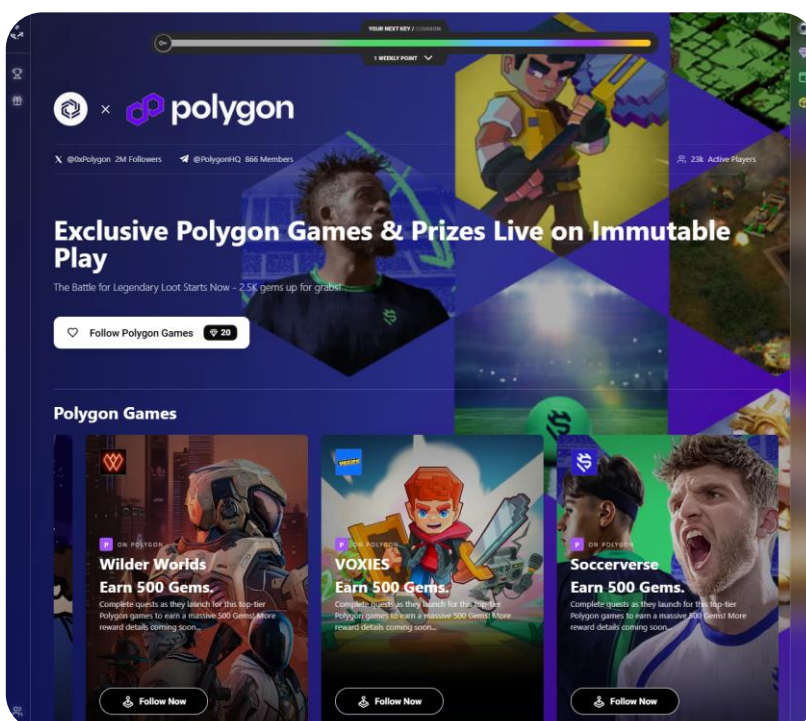

Message from Immutable Partnership [Press Release](#)

Voxie Tactics x Immutable Partnership (Continued)

The [Voxie Tactics page on Immutable Play](#) displays quests that players can clear which will reward Weekly Points and Gems. Immutable Play features the Weekly Draw which allows eligible users to redeem 500 Gems in exchange for a Key. This Key grants entry to a weekly rewards draw offering IMX tokens, bonus Gems and free draw entries, with Weekly Points increasing the Key tier for unlocking access to greater portions of the prize pool. Social quests are currently available on the page, with game-specific quests to be released in the near future.

Voxie Tactics is one of the 5 games featured in the release of the Polygon Hub on Immutable Play.

Completing all quests in each game yields 500 Gems per title. Top performers will gain an edge for the upcoming \$100,000 joint prize pool event on the hub.

Titan Xenof

Xenof is a ruthless time mage who leads the feared Temporal Legion across the cosmos. With his emerald-green skin, scarred face, and signature purple visor, this cold and calculating commander literally weaponizes space and time itself, obsessed with conquering Station Alpinda and claiming the Vox Flame to cement his legendary status. His Cease and Desist ability showcases his mastery over time – he can strike multiple enemies with devastating force while trapping them in temporal stasis, stopping time itself for those unfortunate enough to be caught in his attack. The most terrifying part? After being defeated once, Xenof vanished into the timestream and returned with a thousand years of preparation from his perspective, leading an even larger army and burning with an unrelenting thirst for vengeance.

Titan Claudio

Claudio is an eccentric alien archeologist whose towering intellect is matched only by his crippling cowardice. With his distinctive green skin and oversized circular goggles that gleam when inspiration strikes, this genius chemist and historian is obsessed with uncovering the secrets of ancient ruins – despite being absolutely terrified of skeletons, traps, and even the dark itself. His Inferno Burst ability showcases his brilliant chemistry knowledge, allowing him to craft and launch devastating long-range incendiaries that deal massive damage to single targets from a safe distance – because let's be honest, this guy would rather blow things up from far away than get anywhere near actual danger, usually running off screaming at the first sign of trouble.

Moonscaper here! I'm a Voxies and Voxie Tactics Items NFT holder and I've been a part of the Voxies community since June 2021.

Just a bit of a nostalgia trip: the Champions Tournament was held a year ago in November 2024, having a 1 Million VOXEL prize pool split between Extreme and Pro Arenas. In case you're new to the game or forgot about it, Pro Arena was like Extreme Arena but limited to Rare-rarity gears. VOXEL rewards were disabled during the tournament and leaderboard rank was based on Arena Points earned per battle or shared from % rental. I ended up rank 6 in Pro Arena mostly due to renting out rare Yew Bows. These Yew Bows are now in the rental contract for 1 year, waiting to be rented lol.
