At Construction In Focus magazine, we are dedicated to providing you with insights into the dynamic world of North American construction and industry, *month after month*.

Our digital platforms serve as your go-to source for staying informed about the latest projects, technologies, and trends making their mark on the built environment. Through exclusive interviews with industry leaders, we delve into the stories behind their triumphs, delivering their stories directly to you.

With a commitment to showcasing the wisdom and experiences of top firms throughout North America, we offer a clear and comprehensive perspective on the entire construction landscape. At FMG Publishing Inc., we are dedicated to bringing the intricate tapestry of the North American construction sector into focus.

FMG Publishing Inc. is the parent company of industry focused trade publications - Business in Focus, Construction in Focus, and Manufacturing in Focus.

Our publications are your premier source for insights into North American business and industry. Through exclusive interviews and in-depth articles, we keep you informed about industry trends, success stories, and challenges. From boardrooms to factory floors to arenas for public policy, we shine a light on the stories that impact you.

Your Storytelling Partner

Our publications are published both as online magazines and high-quality, printed hard copies. By publishing online, we are able to extend readership beyond simply a one-month cycle, keeping our articles available and Google indexed for a minimum of two years. We never hide our content behind a subscription paywall, so our clients and readers can easily access and share content and reach the widest possible audience. We print and distribute a full gloss printed edition every month, and provide a complimentary copy to each of our valued feature companies and advertisers.

We also work closely with our content partners to create a digital standalone brochure with a custom front and back cover, a powerful, independent marketing tool that allows you to directly reach your audience with your company's story and any talking points you'd like to highlight.

“DEDICATION IN ACCURATELY CONVEYING THE STORY”

Cassandra Troutman, Marketing Manager
Boudreau Pipeline Corporation

“I have worked with Wendy and the Construction in Focus team on two articles about our company here at Boudreau Pipeline. We have had a great experience and have loved the quality of the entire written article and layout design. Construction in Focus has been able to capture a great essence of our team, projects, and culture that we strive to be at Boudreau. Out of all the press we have participated, they have been by far our favorite. We have used their articles to show off to our employees, clients and vendors. If you get the chance to work with them, I highly suggest it!”

**“IF YOU GET THE CHANCE TO WORK WITH THEM,

 START TO FINISH”**

David M. Lersch, Vice President of Administrative Operations
Miller Bros. Const., Inc.

“We couldn’t be happier with the article that was written about Miller Bros. Const., and our 75th anniversary in the construction industry. The article truly captured who we are as a company and our commitment to our employees and their families. Focus Media Group’s design team also did a great job incorporating our pictures and ads to make our article look top-notch. This will be a piece that we’ll use to showcase the pride we have in our company at future events and meetings.”

Your Advertising Partner

Our philosophy is simple: the effectiveness of advertising thrives with reach and sustained exposure. At FMG Publishing Inc., your advertisements will enjoy extensive visibility through our monthly print and digital editions, as well as a sustained presence on our website where they will be featured for a minimum of two years. Partnering with us means access to our skilled in-house design team who can craft your advertisement at no extra cost. Plus, unlike other publications, you retain full reproduction rights for your custom advertisements beyond our platform.

At FMG Publishing Inc., it is our business to help promote your business. Our subscriber base is one of the strongest in the North American market, giving your ads a broad reach at a competitive price. Our informative corporate profiles and thought-provoking features grab the interest of both vendors and potential clients, bringing the two together in a winning combination for advertisers.

INTEC Energy Systems

Everybody at INTEC Engineering GmbH who was involved in the cooperation with you regarding the placement of our ad within the Polyplex publication was pleased with the way we worked together and appreciated your support and quick responses to our questions and requests. Most of all, we were glad about your free of charge advertisement design service which was a big help for us in a busy time and with a tight schedule. And when we could only send you our picture rather late and then also had some last-minute requests for modifications, we valued a lot that all of this wasn't a problem for you. We are definitely looking forward to working with you again when the opportunity arises.
