Recent Notable Heavy Haulage

The Big Church Move

Follow the unique move of Kiruna church, from the old town center to its new location, five kilometers away.

The large church move took two days and is part of the extensive urban transformation.

The iconic church is 40 meters wide, 35 meters high and weighs 672 tons.

The work required extreme precision.

Chairman's Corner

Shipping Line Contacts

Dear Network Members. Listen up. Yangming Line in Taiwan (sail with ONE AND HMM) are also strong in Breakbulk and OOG cargo via container vessel. I asked for their regional reps for this but they have centralised it in Taiwan. They are forwarder friendly normally. So here is a copy of the email exchange I have had on behalf of our network. Read it and contact Brian in future if you got OOG/BBK inquiry to place on Yangming Line.

Begin quote:

Dear Drewsen,

It's pleasure to receive your mail by showing your great interests in cooperating the OOG/BB shipment with YML. And thanks to Nelson, he is introducing you the right team, Commercial Special Dept., who is dedicated to handle those products in global of active reefer, DG, and all kinds of special equipment.

YM provides global services to those mentioned markets for OOG/BB shipments. You may access the Long Term Schedule of each service by following <https://e-solution.yangming.com/e-service/schedule/LongTermSchedule.aspx#ASI-AUS>. The operations of loading/discharging ports will be quite varied depending on the dimensions of the shipments, which will be led the decisions to take or not.

Please let me know if you need of any further assistance or information. Hope to receive your further inquiry in near future.

Best Regards,

Brian Su
