Introducing Pren, a collection of freestanding lockers, wardrobes, and cupboards that make specifying your entire storage system refreshingly simple.

Pren, which is the Welsh word for wood, tells the story of how proud we are of our heritage and of our independence, having been based in South Wales since 1988.

With purpose beyond storage, Pren's freestanding units act as zone dividers throughout the office, creating defined neighbourhoods wherever you need. Contra-facing units are available at multiple heights, maximising storage throughout. And with the option of planter tops with sleek, oversailing panels, add mood-boosting biophilia to your space.

Spanning warm wood-effect tones and solid colour finishes, Pren is available in a wide range of finishes, co-ordinating with LockerWall's broad palette, allowing you to create symmetry for your storage.

Pren's storage is designed to be entirely secure with a range of locking options. From smart, contactless RFID locking solutions, to the classic key or combination locks, you can relax and continue with your day, knowing your belongings are safely stored.

Pren - loceri a cypyrrdau annibynnol.  
freestanding lockers, cupboards, and wardrobes.

# Why choose us?

## A Sustainable Bisley

View the our sustainability report to learn about our sustainability achievements and commitments.

### Manufacturing excellence that's engineered around you.

We're proud to be a full manufacturer that really is Made in Britain - we manufacture all our own steel and wooden furniture in our South Wales factory and export worldwide.

We practice Lean Manufacturing, and have recently invested over £2m in machinery to ensure we are using the latest manufacturing processes and technologies, continually seeking to improve our products and designs.

Our knowledge and expertise is unrivalled and continues to grow. Our team is here to guide you through all the options – from dimensions and finishes, to putting together a precise design specification. Whatever the project requirement, we're on hand to ensure you achieve exactly what you want.

We create furniture that lasts a lifetime for our customers; made from the highest quality materials, using the latest innovative technologies and processes with minimum impact on our environment.

Over 90 years of award-winning design expertise

Europe's leading manufacturer of steel storage with a state-of-the-art wood plant

15,000 products leave our South Wales factory every week

# Workspace essentials

## A perfect combination

Inspired by and designed to suite with our premium LockerWall range, Pren allows you to build upon your existing LockerWall installation, or complement it, without excess alterations and additional finishing panels.

You can even design your office space combining both Pren and LockerWall from the outset. Entirely freestanding, with a breadth of options, finishing touches and lock choices, Pren becomes an extension of LockerWall, integrating it throughout the office as space division, isolated storage zones and additional standing height work surfaces.

Both ranges share a laminate colour palette, with a choice of wood effect and neutral solid colours to bring warmth to your space. The palette has been designed to not only work seamlessly across Pren and LockerWall, but also offers contrasting finishes that work well together.

Pren combines perfectly with LockerWall to maximise your space and storage requirements.

## Purpose beyond storage

Create zones and wayfinding throughout your office with Pren. The contra-facing design allows for dual-sided access, maximising usable storage space, while oversailing decorative tops keep joint lines to a minimum.

The lower height units are perfect for space division and give open-plan workplaces defined neighbourhoods. Separate focussed working zones from collaborative or breakout areas with Pren's additional fixtures – wooden planters which incorporate mood boosting biophilia, and sleek tops that double up as standing height worktops.

Wherever placed in the office, Pren fulfils your storage requirements while shaping dedicated working zones, maximising productivity within your workspace.

### A systems approach to storage

Pren makes specifying an entire floorplate surprisingly simple. The extensive range covers all aspects of workplace storage; from personal storage lockers and drawers, cupboards for filing and technology, to a place to hang your coat.

Your storage can support multiple possibilities in the workplace - the various height options are perfectly suited to form subtle space division in open plan environments.

Blending desirable workplace aesthetics with practical storage, Pren's clean design means there is no need to specify extra finishing panels; you can achieve an entire, uncomplicated, storage system, without compromising on cost.

All Pren units are 500mm deep, meaning any combination can be placed side-by-side or contra-facing. And with a variety of locking options available, your workforce can rest assured that their personal belongings are safely stowed throughout the working day.

## Storage meets style

Perfect your boardroom or meeting room with a contemporary credenza to create a focal point, with a place to store technology or guests' belongings.

Pair lower height cupboards and lockers or opt for an oversailing top to create a luxurious addition to a meeting space. Pren cupboards feature round, solid wood handles for a smart, subtle design.

The palette of soft wood effect textures and modern neutrals available for Pren complement any colour scheme, and will blend beautifully with your brand colours, whether you are designing a new space or simply upgrading your storage.

## Extra information

- The entire Pren range shares the same 500mm depth, so lockers, wardrobes and cupboards can be neatly combined.
- Each unit includes full height finishing panels and a plinth meaning there's no need to specify additional materials. This also means that reconfiguration is easy should you choose to refresh your workspace, providing excellent value and longevity.
- Internal accessories, such as shelves with under shelf filing\* and coat rails are included. [Additional accessories](#) are available to order separately if you require them.
- Manufactured almost entirely at our factory in South Wales, keeping lead times to a minimum.
- The Pren range has a five-year guarantee.

\*available in cupboard units.

# Range overview

## Two-door cupboards

All cupboards are 462mm (18.2") deep.

715mm (28.1")

Internal measurements  
H 617mm (24.3")  
D 462mm (18.2")  
Includes 1 adjustable shelf  
Available with AB and standard no lock & M3

1018mm (40")

Internal measurements  
H 920mm (36.2")  
D 462mm (18.2")  
Includes 2 adjustable shelves  
Available with AB and standard no lock & M3

1210mm (47.62")

Internal measurements  
H 1112mm (43.8")  
D 462mm (18.2")  
Includes 2 adjustable shelves  
Available with AB and standard no lock & M3

1590mm (62.6")

Internal measurements  
H 1492mm (58.7")  
D 462mm (18.2")  
Includes 3 adjustable shelves  
Available with AB and standard no lock & M3

1970mm (77.5")

Internal measurements  
H 1872mm (73.7")  
D 462mm (18.2")  
Includes 4 adjustable shelves  
Available with AB and standard no lock & M3

Available in 800mm (31.5") wide.

Internal widths: 764mm (30")

Available in two widths: 800mm (31.5") & 1000mm (39.4")

Internal widths: 764mm (30") & 964mm (37.9")

Line drawings are for illustrative purposes only.

## Wardrobes

All wardrobes are 500mm (19.7") deep.

Available in two widths: 800mm (31.5") & 1000mm (39.4")

Internal widths: 764mm (30") & 964mm (38")

\*From coat rail to bottom shelf.  
Line drawings are for illustrative purposes only.

## Lockers - 1018mm (40") high

All lockers are 500mm (19.7") deep.

Available in 400mm (15.7") wide.  
Internal width: 364mm (14.3") per compartment

Available in 800mm (31.5") wide.  
Internal width: 364mm (14.3") per compartment

\*From coat rail to bottom shelf.  
Line drawings are for illustrative purposes only.

## Lockers - 1970mm (77.5") high

All lockers are 500mm (19.7") deep.

Available in 400mm (15.7") wide.

Internal width: 364mm (14.3") per compartment

\*From coat rail to base of Locker.  
Line drawings are for illustrative purposes only.

## Lockers - 1970mm (77.5") high

All lockers are 500mm (19.7") deep.

2 door

Internal measurements  
H 1186mm (46.7")\*  
D 462mm (18.2")

Above top shelf  
H 330mm (13")

Below bottom shelf  
H 260mm (10.2")

Includes 1 coat rail and  
2 fixed shelves

Available with AB, M2,  
M3, E4 & RFID locks

4 door

Internal measurements  
per compartment

per compartment  
H 455mm (17.9")  
D 462mm (18.2")

Available with AB, M2 &  
M3 locks

Available in 800mm (31.5") wide.

Internal width: 364mm (14.3") per compartment

\*From coat rail to base of Locker.  
Line drawings are for illustrative purposes only.

## Lockers - 1970mm (77.5") high

All lockers are 500mm (19.7") deep.

8 door, 2 drawers

Internal measurements per compartment  
H 360mm (14.2")  
D 462mm (18.2")  
Available with AB, M2 & M3 locks

10 door, 2 drawers

Internal measurements per compartment  
H 297mm (11.7")  
D 462mm (18.2")  
Available with AB, M2 & M3 locks

Available in 800mm (31.5") wide.

Internal width: 364mm (14.3") per compartment

Line drawings are for illustrative purposes only.

# Accessories

Additional laminate planters can be added to lower height units to introduce greenery and to subtly border different working zones. And oversailing tops can be applied to banks of units positioned together, minimising joint lines, while creating extra standing-height workspace.

## Internal shelves

MFC shelves for two-door cupboards are available in two widths: 362mm (14.3") & 371mm (14.6")

Steel shelves for Locker units are available in two widths: 800mm (31.5") & 1000mm (39.4")

## MFC Decorative Tops - 500mm (19.7") & 1000mm (39.4") deep.

Available in 7 widths: 400mm (15.7"), 800mm (31.5"), 1000mm (39.4"), 1200mm (47.2"), 1600mm (63") 2000mm (78.7") & 2400mm (94.5")

## Planters

All planters are 145mm (5.7") high and 500mm (19.7") deep. They are available in four widths: 400mm (15.7"), 800mm (31.5"), 1000mm (39.4") & 1200mm (47.2")

# Locking technology

## AB Lock

AB locks are a great, cost-effective option if you are looking for a straightforward, secure solution with user keys, ideal for both assigned and shared lockers.

## Combination locks

Combination locks seamlessly integrate with many of our products while providing enhanced security and protection. With both shared and assigned user options, combination locks are a reliable, cost-effective solution for personal storage.

## RFID locks

As personal storage solutions advance, the security element is following suit. Touch free, RFID locks are becoming increasingly popular for workspace installs as well as leisure and hospitality environments. Trading in lock and key entry for hassle free RFID access brings control and peace of mind to flexible workforces.

We design and manufacture the highest quality storage solutions, but we also have the knowledge and expertise on hand to advise you on the best lock choice.

Our standard range of secure locking options for Pren gives all employees – whether permanent, mobile, or nomadic – a sense of peace of mind while in the office.

Whether you opt for a traditional key lock or a more advanced mechanical lock that can be programmed depending on the user, we work with a variety of the most trusted lock providers to meet even the most challenging privacy and security requirements of the modern workplace.

**Specifying Pren alongside a LockerWall installation?**

Rest assured your lock choice can be integrated across both products, meaning your entire storage solution can operate under one secure locking solution.

# Finishes

Pren gives you the scope to create an efficient, multipurpose storage system for your entire workspace. The units can be specified in a variety of beautiful laminate finishes to bring warmth and softness to your office, and match seamlessly with your LockerWall installation and brand aesthetic.

### Handle finishes

Choose from 3 wooden handle finishes

Light  
847

Medium  
807

Dark  
808

\*Only available on two-door cupboards  
and wardrobes.

Optional finishing accessories  
e.g. decorative tops (shown)  
or planters. See page 26.

## Our commitments

**100%**

of wood materials used in manufacturing is FSC and PEFC compliant from sustainably managed sources.

As a proud British manufacturer, we take our responsibilities towards the environment very seriously, ensuring that sustainability runs through everything we do. Our dedicated sustainability team ensures that our facilities are as environmentally friendly as possible, while ensuring our products last and are sustainably sourced.

Bisley products are designed for functionality, durability, and a long service life. They are all tested rigorously to British and European harmonised standards for safety, strength and stability.

As for electricity, we source all of the electricity that powers our manufacturing activities through renewable energy tariff. We also participate in the Energy Savings Opportunity Scheme (ESOS), which has led to substantial investment in procurement and installation of energy efficient machinery and equipment.
