ABOUT DELTA FOUNDERS ACADEMY

Delta Founders Academy is an **immersive, hands-on pre-incubator program** for high school students, providing them with the tools, mentorship, and resources to develop their own startups.

Over 8 weeks, students will go through a structured journey that includes →

Problem discovery & validation

Market research & competitive analysis

Prototyping & business model development

Go-to-market strategy & customer acquisition

Investor readiness & pitch coaching

A final Demo Day with real investors

OUR SUCCESS STORIES

Delta Institute has already developed a track record of identifying and nurturing some of the world's brightest young minds early on in their education journey. Here are the results of acceptances from our past alumni:

1850+

Students have joined Delta Institute programs worldwide

350+

Top University offers secured by Delta students

15+

Global companies in partnership with Delta Institute

"All in all, these 4 weeks have been an extremely exciting and knowledgeable journey for me. I will never forget the time I've had with all my mentors, colleagues and executives. I feel that I've got the perfect start for my future learning about what and how these multi-billion dollar companies work. I would definitely recommend this program to students who are willing to push their limits and come out of their comfort zone to become future leaders."

KEY PROGRAM FEATURES

Designed to **mirror the real startup journey**, the program combines hands-on learning, expert mentorship, and access to funding networks—**giving students a true taste of entrepreneurship**.

TEAM-BASED STARTUP DEVELOPMENT

Real-world experience in building, validating, and launching a startup.

EXPERT-LED WORKSHOPS & MENTORSHIP

Guidance from industry professionals, entrepreneurs, and venture investors.

HANDS-ON LEARNING & ITERATIVE DEVELOPMENT

Students work through the full startup cycle with structured feedback.

INVESTOR & ACCELERATOR EXPOSURE

Access to Icehouse Ventures and other funding networks.

INCUBATOR PLACEMENT

The top two teams receive direct support in continuing their startup journey post-program.

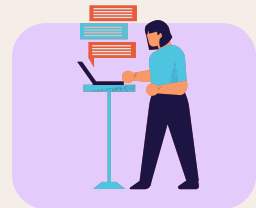

PROGRAM OUTCOMES

Graduates of Delta Founders Academy will:

Gain firsthand experience in identifying problems and building scalable solutions.

Develop core competencies in customer discovery, financial modeling, and startup execution.

Refine their pitching skills and investor communication strategies.

Receive potential funding and mentorship opportunities from Icehouse Ventures.

Be positioned for future opportunities in accelerators, incubators, and venture-building programs.

PROGRAM HIGHLIGHTS

Delta Founders Academy equips students with **the essential skills and experience** to thrive in the startup world and beyond. **Here's what you'll walk away with:**

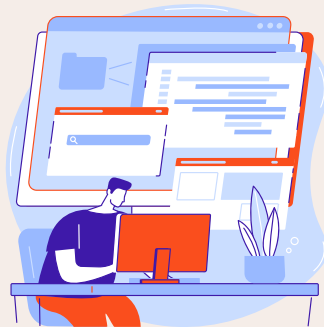

HANDS-ON STARTUP BUILDING

Work in teams to develop a real business.

EXPERT MENTORSHIP

One-on-one coaching from startup founders & investors.

NO PRIOR EXPERIENCE REQUIRED

Students work through the full startup cycle with structured feedback.

INVESTOR & ACCELERATOR EXPOSURE

Opportunity to join Icehouse Ventures Incubator.

PROGRAM TIMELINE

Delta Founders Academy is structured into distinct phases, each designed to mimic the early-stage startup journey:

PROBLEM DISCOVERY & TEAM FORMATION (WEEK 1-2)

- Learn about design thinking & lean startup methodology
- Identify a meaningful problem & conduct customer interviews

MARKET RESEARCH & VALIDATION (WEEK 3-4)

- Create a Minimum Viable Product (MVP) using no-code tools
- Develop a structured revenue model & monetization strategy

GO-TO-MARKET & GROWTH STRATEGY (WEEK 5-6)

- Build a brand & implement early customer acquisition strategies
- Learn about pricing models & sales techniques

INVESTOR READINESS & DEMO DAY (WEEK 7-8)

- Work with startup founders & investors for final pitch coaching
- Pitch to Icehouse Ventures & receive feedback from industry experts

During our program, **students attend weekly 4-hour sessions in 8 weeks.**

OUR SCHEDULE

Each week of the program is carefully structured to guide students through every stage of building a startup—from problem discovery to pitching to real investors.

The program runs **virtually** and is open to students across **United States, Europe, New Zealand, Australia, and Southeast Asia.**
