WHAT'S ON CAMPUS

With millions spent on the campus in recent years and more than £10 million being spent on a major redevelopment right now, there has never been a better time to study with us. Well-equipped facilities and cutting-edge virtual reality technology support our students' journeys to their chosen careers.

Cutting-edge virtual reality equipment

Fully-equipped gym, 3G pitch and sports hall

Hair and beauty salon

Exceptional professional training kitchens

Dedicated student support services

Wide choice of food options available to students

Main bus routes between Penzance and Truro passing the campus – buses every 10 minutes

Designated bike shelters

Free parking and electric car charging

Go beyond your course with varied student enrichment options

TOUR THE CAMPUS

Pick your pathway

We have lots of different courses to choose from, but how do you know which is the right one for you?

Don't worry, we can help you narrow down the option that is best suited to you. Here's a quick rundown of the different pathways on offer.

Full-time study programmes

What are they?

- They typically last between one and three years and lead to qualifications such as vocational certificates, diplomas or extended diplomas
- They focus on the practical skills and knowledge linked to a range of subjects, such as art and design, business, health and social care, engineering and many others
- They are offered at different levels depending on your experience
- You'll be assessed through coursework, practical observations, and external exams
- After completion, you can either progress to a higher level study programme, enter the world of work or move on to study at university level

Choose this if...

- You're looking for work skills to enter a particular industry, such as healthcare or construction
- You learn best by getting hands-on
- You want to progress to the workplace, further study or onto university

T Levels

What are they?

- T Levels last two years and are centred on one subject
- They focus on vocational skills linked to the specific career path you've chosen
- One T Level is the equivalent of three A-levels and has UCAS points, which support applications to higher education
- They combine college study with a significant industry placement working with a real employer

Choose this if...

- You already know what job you want to do
- You want to get practical, knowledge-based learning and on-the-job experience
- You want to progress to the workplace, further study or onto university

T-LEVELS

Apprenticeships

What are they?

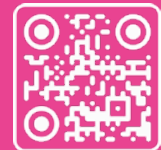

- An apprenticeship lets you gain work-based skills while earning a real salary
- The majority of the time will be spent learning on-the-job with an employer, with additional training at college
- You'll be assessed at both college and in your workplace

Choose this if...

- You already know what job you want to do
- You prefer to learn in the workplace rather than the classroom
- You want a professional qualification to support your work experience
- You want to earn while you learn

Course levels and entry requirements

It is important to choose the correct level of course after your GCSEs. The choices available to you will depend on whether you meet the entry requirements, how you like to study and what you would like to do after your time with us.

Please use the table opposite as a general guide to our entry requirements. Some courses may require further specific qualification grades due to the nature of their content. Acceptance on a course will also depend on a successful interview.

Please note:

- Some specialist courses may have extra entry requirements; please see website for details
- If you are considering taking on an apprenticeship, we'll ask you to complete an initial assessment in English and Maths, along with a Skills Scan. This will help us to determine your current skills and knowledge, and chose the right level of apprenticeship for you
- If you do not achieve your expected grades, please don't panic. Contact us, and we will help you find an alternative course, normally in the same subject area of interest

Entry level

Study Options: Entry Level qualifications

Typical Entry Requirements: No formal qualifications are required

Progression: Next Entry Level or Level 1 course

Level 1

Study Options: Level 1 qualifications, including certificates and diplomas

Typical Entry Requirements: Two or more GCSEs at grade 2 or above, or successful completion of Entry Level qualification

Progression: Level 2 course, an apprenticeship or employment

Level 2

Study Options: Level 2 qualifications, including diplomas and apprenticeships

Typical Entry Requirements: Three or more GCSEs at grade 3 or above, or successful completion of a relevant Level 1 qualification

Progression: Level 3 course, an apprenticeship or employment

WHAT LEVEL
IS RIGHT
FOR ME?

Level 3

Study Options: Level 3 qualifications, including diplomas, apprenticeships and T Levels. Our programmes are delivered as two one-year courses: Year 1 – Diploma, and Year 2 – Extended Diploma

Typical Entry Requirements: Four or more GCSEs at Grade 4 or above including English and/or Maths, or successful completion of a relevant Level 2 qualification and a grade 4 or above in English and/or Maths

Progression: University study, an apprenticeship or employment

- Careers advice
- Additional learning support caseworkers
- Quiet room
- Progression to further education, supported internships or employment

Supporting you at college

Transport

If you are aged 16-18, and need help with transport to college, it's really important to apply for your bus pass during the months of June and July. This will guarantee that you'll have your pass in time for the start of term in September.

Depending on where you live, your bus pass could be provided by Cornwall Council, Devon Council or through the College's own transport network.

We do have bursaries available that can support eligible learners with the cost of travel. If you have any questions about travelling into college, please email bursaries@cornwall.ac.uk

FE Bursary funding

If you are under 19 years old on 31 August, your course won't cost you anything. For students aged 19 and over who may have to pay fees towards their tuition, guidance is available.

We offer a FE Bursary to support eligible students financially with access to transport, childcare, equipment and free college meals. If you have any further questions regarding financial support with your studies, please email bursaries@cornwall.ac.uk

Student Support

The College provides a supportive learning environment focused on student success and personal growth. Engagement and Progression Officers (EPOs) help with academic and personal challenges, and staff in learning centres offer study support and resources.

Students can take part in personal development activities such as trips, guest talks, and skill-building sessions. Health and wellbeing are also prioritised, with tailored activities across campuses to support mental and physical wellness.

Career guidance is available year-round through Careers Officers, who support university progression, job opportunities, and further training. Students also have access to online tools like Moodle and Teams.

The College values inclusivity and safety, offering SEND support, financial aid, and accommodation options. The Students' Union helps shape the student experience through representation and events.

Our amazing alumni

After training in Bricklaying at Camborne, **Tegan** became the first female bricklaying apprentice to qualify with Corbey Construction Ltd. Breaking barriers in a male-dominated trade, she inspires other women in construction.

Tim is head chef at Outlaw's Fish Kitchen and studied professional cookery. He has returned to help current students with the Outlaw's pop-up restaurant!

Since studying both Art & Design, and Photography at Cornwall College Camborne, **Christian** is now studying a Photography Degree at the university of his dreams: Falmouth University.

How to apply

So you've decided which course is for you:

NOW IT'S TIME TO APPLY

1

Apply

Complete an application form

You can apply through the relevant course page on our website using an online form. If you'd prefer a paper copy of the application form, call us and we can send one out to you.

2

Interview

We can't wait to meet you

You'll receive an invitation to meet with the course lecturer at an interview. This is likely to be at one of our scheduled interview events on a weekday evening. It's a perfect opportunity to talk about the course you're interested in and find out how it can help you achieve the goals you have for the future.

3

Accept your offer

You made it! Your college place is waiting

Exciting! Reserve your place as soon as possible. Please note, the offer you get may be conditional on you gaining certain GCSE grades. If you end up not getting the results you expected, there's no need to panic. Just get in touch and we'll help you to look into any other options available to you.

4

Start course

Welcome to your local, outstanding college

We'll see you in September for your induction week!

GET IN TOUCH

If you have any other queries, please contact our main enquiries line on **0330 123 2523** or email **enquiries@cornwall.ac.uk**
