COLLECTION***

PREFACE BY VILLY KLEPPE

Music has the power to connect, heal and inspire.

As an independent artist, I create music from the heart, supporting every step of the journey myself.

As a quiet thank you to those who choose to support my work, this exclusive collection is shared with listeners who support my music through the Support Villy page, with a minimum contribution of \$3.

Your support helps keep independent music alive and allows it to continue reaching those who find comfort in it.

Thank you to everyone who listens, supports and walks this path with me.
