

WFSUPPLIES

We Deliver for Fit-Outs

**We deliver
for all your interior
fit-out needs**

PRODUCT CATALOGUE - **ISSUE 46**

WF Supplies deliver everything you need for your interior fit-outs.

From plasterboard and stud & track to insulation and suspended ceilings, WF Supplies delivers nationwide, straight to site.

Established in 1972, we've proudly supported the interior fit-out and construction industry for over 50 years. What began as a fixings specialist has grown into a trusted partner with over 4,000 key product lines in stock and ready for dispatch.

We get you -
what you need,
when you need it,
wherever the job takes you.

Covered Aquasafe Long Shackle Padlock

Abus 701B series Brass Marine grade padlocks have a solid brass body sealed in a protected vinyl cover with a shock absorbing material designed to protect the cylinder against water and dirt.

Code	Size (mm)	Shackle Size (mm)
442981	45	67

Combination Heavy Duty Padlock

- Hardened steel shackle
- Double bolted locking mechanism
- 4 dial resettable combination
- Rust free internal components

Code	Size (mm)
443141	50

Brass Combination Padlock

- Solid brass body for added corrosion resistance
- Resettable 4 digit combination

Code	Size (mm)
443441	40

Hardened Steel Closed Shackle Padlock

- Corrosion-resistant, marine-grade stainless steel construction.
- Anti-Pick
- 5-Pin Tumbler Locking Mechanism
- Stainless Steel Body
- Round Stainless Steel Shackle
- Suitable for Outdoor Use
- Rust-Free Internal Components

Code	Size (mm)
781971	55

Abus 65 Brass Padlock KA

- Hardened steel shackle
- Double bolted locking mechanism
- Solid brass body
- 5 pin cylinder with anti-pick mushroom pins
- Paracentric keyway

Code	Size (mm)
783461	40
783481	50

WHERE **TOUGH** MEETS PRECISION

From rugged woodscrews that bite deep to drywall screws that grip without tearing, SKRÜ delivers unmatched strength and reliability.

Need speed? Our collated screws keep you moving fast without jams.

- ✓ **Coarse or fine threads** – for the perfect hold in any material.
- ✓ **Full range of sizes** – no project is too big or too small.
- ✓ **Engineered to perform** – relentless holding power.

SKRÜ IT RIGHT. SEE PAGES 75 - 90

Reisser R2 Countersunk Pozi Woodscrew Yellow passivate

REISSER

25° needle point gives the ability to penetrate almost all timbers without a pilot hole and the sharp, wide deep thread with unique lubrication gives up to 40% less driving resistance and easy penetration.

Yellow tropicalized coating gives superior corrosion resistance compared to standard BZP coating.

HeadLOK Structural Wood Screw

- Flathead woodscrew without countersinking.
- Self-drilling screw.
- Ideal for wood-to-wood applications including decking, fences and more.
- Sharp gimlet point for fast installation into wood and OSB.
- Aggressive thread for holding and withdrawal strength.
- Chamfer under head for increased strength.
- Spider Drive™ offers highest level of bit engagement and drivability.
- Wafer head eliminates need for washer and offers dramatically-increased pullthrough strength.

Resin Anchors

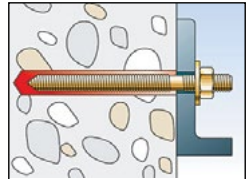

1. Drill hole to correct diameter & length for stud size being used.

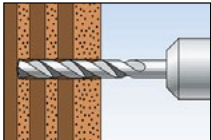

2. Thoroughly clean hole with brush or pump.

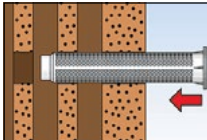

3. Remove cap & plug from resin, fit nozzle. Dispense until even colour in nozzle. Pump into hole.

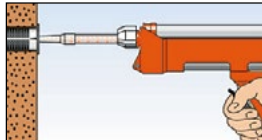

4. Insert stud or socket with a twisting action. Leave the anchor undisturbed until resin has set. Attach fixture.

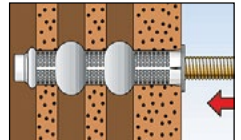

1. Drill hole to correct diameter and depth for stud being used. Thoroughly clean hole with brush or pump.

2. Fit sleeve for hollow brickwork or blockwork.

3. Position cartridge in gun, lightly engage by pulling trigger. Dispense waste until an even colour. Pump in resin to fill sleeve, withdrawing nozzle whilst pumping.

4. Insert stud or socket with a twisting action. Leave the anchor undisturbed until the resin has cured, then attach fixture.

Epoxy Resin

Pure epoxy resin that is suitable for use in dry, humid and submerged holes.

111821	SC9 60C	60	300

P370 Cartridge

Spit offers a range of calibrated cartridges to meet specific needs.

The wide range of cartridge strengths available allows successful fixings to a variety of base materials.

Pins are driven into the substrate by a piston using an explosive cartridge.

Always use the lowest level of power to achieve an acceptable fix

Code	Cartridges	Strength	Calibre	Box Qty
111921	Red	High	6.3/10	100

VC8 Vapour Control Layer

Novia VC8 Reflective is an airtight vapour check membrane that has a designed Sd value of 8m which will improve indoor air quality. Novia VC8 Reflective won't suffocate the construction or trap any water vapour which could lead to mould or damp. In fact, the vapour check membrane will manage interstitial water vapour condensation whilst offering better u-values and r-values and minimising air leakage.

Designed specifically for insulated timber frame walls, roofs and floors, it is recommended that this product is installed with a 25mm air gap for maximum performance.

Code	Size (m)

Building Chemicals

Mortar Admix Feb Alternative

Mortar Admix replaces lime in the mix to provide a butter-like consistency. Prevents shrinkage, cracking and crazing during the setting process.

Code	Details	Size (Ltr)
290711	Mortar Admix	5
290781	Mortar Admix	25
290851	Opti-Mix Mortar Plasticiser	1

Febmix DH Mortar Plasticiser

An alternative to lime or supplement to lime to aid mortar workability.

Code	Size
291281	250 Sachets

Carlton High Strength Ready To Use Concrete 40N

A quick, easy and ready to use out of the bag pre-blended High Performance Concrete suitable for forming the base for domestic garages & driveways.

Code	Size (kg)
297041	20

Premcrete Teknodure GP

A cementitious non-shrink grout which is mixed with water to produce a flowable grout with a good compressive strength. Suitable for placement under structural elements and is designed for use in thicknesses between 10 mm and 100 mm. Non-shrink properties ensure that plastic settlement and shrinkage are negated. Free from chlorides, making is suitable for application in contact with steel

Code	Size (kg)
413901	25

Evermix 3-in-1

A triple action admixture which waterproofs, plasticises and retards to assist workability, reduce water penetration and allow larger areas to be covered in one application.

Code	Size (Ltr)
412681	5

Self Level Floor Compound

Self Level Floor Compound is a cement based product used to level out uneven floors and screeds prior to laying ceramic tiles, thermoplastic tiles, lino, wood block flooring or carpet.

Code	Size (kg)
412931	20

Reinforced Floor Leveller

Ideal for levelling up to 50mm, including over underfloor heating and challenging substrates like timber. Creates an optimal base for resilient flooring. Ideal for high-traffic environments, including offices and retail environments.

Code	Size (kg)
1000619	20

Floor Flex Plus

A premium rubber based latex additive for use with Self Level Floor Compound and powder tile adhesives to both strengthen the mix and provide a limited degree of movement capability in the sub floor. Ideal for use when covering sound timber floors.

Code	Size (Ltr)
412971	5

Strike Release Oil

A highly effective release agent to enable concrete shuttering to be removed easily, leaving the edge of the concrete structure clean and well formed

Code	Size (Ltr)
413021	5

Brick Acid

A fast acting acid based formula that dissolves mortar and cement stains and ingrained dirt and paint on most mineral surfaces

Code	Size (Ltr)
413051	5

SBR Bond

A water resistant bonding agent and admixture for use in areas subject to humidity, dampness and continuous water contact. Improves water resistance of cement mixtures

Code	Size (Ltr)
413091	5

Integral Liquid Waterproofer

Liquid additive that provides long term water protection to mortar, concrete and rendering. Reduces water permeability and is suitable for all applications

Code	Size (Ltr)
413201	5

Bitumen and Flash Primer

A thin black primer used to give a key prior to applying bitumen paints, roof coatings and flashing.

Code

417141

Size (Ltr)

5

All Weather Roof Coating

A brushable bitumen general purpose roof coating designed for general waterproofing in all roofing applications, guttering and structural steelwork.

Code

461171

Size (Ltr)

5

Accelerator and Frostproof

Accelerates setting and hardening times of mortar, concrete screeds and render. Provides frost protection

Code

422321

Size (Ltr)

5

Black Jack DPM

An odourless rubber enriched bitumen emulsion which provides a highly effective sandwich damp proof membrane

Code

461221

Size (Ltr)

5

Black Bitumen Paint

A solvent based, full bodied black bituminous paint. When dry, the product forms an odourless and taint free black film suitable for metal protection, and overcoating wood and felt.

Code

461041

Size (Ltr)

5

Evercyl Instant Roof Repair

Evercyl is a resin based, fibre reinforced roof repair compound which is effective on all common roofing surfaces, giving instant roof repairs even in the wet and on wet surfaces

Code

461451

Size (kg)

5

Thompsons Water Seal

Forms a breathable membrane that allows moisture vapour inside the substrate to evaporate whilst protecting against water penetration and damage

Code

922111

Paint**Quick Dry Wood Primer Undercoat**

A fast drying, water-based wood primer with good opacity and excellent adhesion that does the work of both a primer and an undercoat. Suitable for both interior and exterior use.

Code	Size (Ltr)
161191	2.5

**Floor Paint**

Low viscosity, heavy duty alkyd resin based paint designed to provide a clean hard wearing finish to concrete, stone and wooden floors subject to light traffic, including fork lift trucks, scissor lifts etc.

Code	Colour	Size (Ltr)
461391	Grey	5

Red Oxide Primer

A primer with excellent adhesion and rust inhibiting properties that prevents the spread of corrosion. It is suitable for use on both interior and exterior ferrous metal surfaces.

Code	Size (Ltr)
161201	2.5

High Gloss Brilliant White Paint

High gloss finish with excellent durability. Suitable for use on interior and exterior wood, metal and suitably primed masonry surfaces.

Code	Size (Ltr)
161211	2.5

Durable Matt Paint

A tough and durable matt finish that is ideal for high traffic areas. It is scrubbable and offers good stain resistance. Suitable for all normal interior wall surfaces.

Code	Size (Ltr)	Colour
161251	5	White

Eggshell Paint

low odour, solventbased mid-sheen finish offering ease of application and excellent durability. Suitable for use on most interior plaster, masonry, wood and metal surfaces.

Code	Size (Ltr)	Colour
161271	5	White

Smooth Masonry Paint 7.5L

Armstead Trade Smooth Masonry Paint is a professional quality, smooth exterior emulsion paint. It has an attractive high build finish and provides excellent coverage and application.

Code	Size (Ltr)	Colour
161301	7.5	Brilliant White

Durable Acrylic Eggshell Paint

A tough, durable and quick drying mid-sheen finish with good flow and application properties. Suitable for all normal interior wood, plaster and masonry surfaces.

Code	Size (Ltr)	Colour
161281	5	White

Vinyl Matt White Paint

A high opacity emulsion for interior use on plaster surfaces. Ideal for walls and ceilings.

Code	Size (Ltr)	Colour
161231	7.5	White

Aqua Satin White Paint

A low VOC content mid sheen finish.

Code	Size (Ltr)	Colour
161232	5	White

Multi Surface Paint

All surface, all purpose, internal and external self-priming paint.

Code	Size (Ltr)	Colour
161233	2.5	Black
161234	2.5	White

Stain Block

Permanently covers a great number of different stains, such as nicotine, soot, rust, grease, ballpoint pen and lipstick.

Code	Size (Ltr)	Description
161351	2.5	Liquid
161361	0.5	Aerosol

Clear Wood Preserver

Cuprinol Ultimate Garden Wood Preserver has a superior formulation that works in 3 ways: UV filters give long lasting colours for up to 5 years, added waxes and resins provide advanced weather protection and active ingredients penetrate deep into the wood to protect against rot, decay and blue stain. It can be used on all types of rough or planed wood such as sheds, fences, summerhouses, gates and arbours.

Code	Size (Ltr)
161471	5

Brush Cleaner and Thinners

As well as cleaning brushes and equipment it will remove dirt, grime, salt and loose rust from metal surfaces. Thins Hammerite Paints for spray application.

Code	Size (ml)
161451	250

Plasterers Gripcoat

Plasterers Gripcoat is a high performance, plasterers grip coat bonding agent specifically designed to provide an improved key to smooth surfaces. provides a mechanical key to backgrounds such as plaster, concrete, painted surfaces, textured surfaces and ceramic tiles. One coat application, coloured blue to indicate coverage.

Code	Size (Ltr)
413581	10

Ultimate Repair Wood Hardener

Cuprinol Ultimate Repair Wood Hardener is a rapid drying formulation for use in the repair of decayed wood and is ideal for use outdoors and indoors.

Code	Size (ml)
161461	500

Contractors Matt White Emulsion Paint

Decorative coating providing a flat finish for use on walls and ceilings. Can be applied to coated plaster surfaces without thinning.

Code	Size (Ltr)
440551	10

The Z Factor

Sticks-Z doesn't mess around.

From high-performance adhesives to expanding foams - it's got the Z Factor.

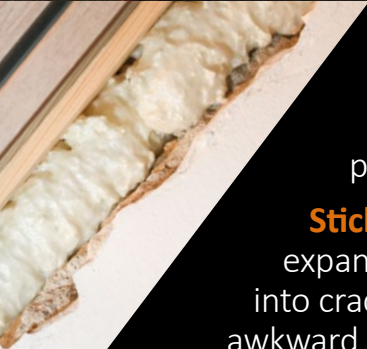

Sticks-Z Adhesive and sealant

sticks to pretty much anything, rain or shine. Can also be painted over.

Sticks-Z Expanding Foam

expands like it means it- into cracks, gaps, and awkward spots. Perfect for sealing insulation board joints.

Sticks-Z Quick cures in hours and doesn't flinch at the weather. Full strength in up to 4 hours.

No drama. No nonsense. Stick with Z.

Dow Corning 785

A one-part silicone sealant that gives excellent adhesion to most non-porous surfaces and contains fungicide to resist mould growth.

Code	Size (ml)	Colour	Box Qty
415601	310	White	12
415611	310	Clear	12

Mirrormate White

A one component solvent free adhesive based on MS Polymer technology that is specially formulated for bonding mirrors to most common surfaces.

Code	Size (ml)	Colour	Box Qty
416841	290	White	12

Caulk White

A fast-drying flexible decorators filler and sealant that remains permanently flexible.

Code	Colour	Size (ml)	Box Qty
417671	White	400	12

CT1 Sealant Adhesive

Unique adhesion on virtually any material in most applications without the need for additional fixings. CT1 is the ultimate solution for sealing.

Code	Colour	Box Qty
819831	Brown	12
819881	Beige	12
819931	Black	12
819951	Grey	12
820001	Oak	12

820151	White	12
820301	Blue	12
820321	Anthracite	12
820341	Clear	12

Firemate Sealant White

An intumescent acrylic sealant that swells when exposed to temperatures in excess of 125°C to prevent the passage of fire and smoke and has a fire rating of up to 5 hours in certain joint configurations. Fire rated to EN1366-4 (2006). Acoustic rates to BS EN ISO 140/3. Tested for air permeability to EN13141-1.

Code	Box Qty
416151	25

Expanding Foam Tape

This is a pre-compressed sealant. Expands slowly and evenly, bridging extreme joint tolerances.

Code	Width (mm)	Length (m)	Weather Seal (mm)	Dust Seal (mm)
425431	12	4	5 - 9	10 - 14
425441	25	4	10 - 20	22 - 30
425471	35	3	16 - 32	34 - 48

Silicone Repair Tape

A new silicone self-fusing tape that can be used to repair almost anything from an emergency repair to a water hose or air pipe to insulating electrical wires or connections.

Code	Roll Length (m)	Colour
416731	3	Black

Adhesive

Sticks-Z

A high quality elastic hybrid adhesive and sealant, can be applied in wet or dry conditions will bond to most materials in the construction industry such as wood, metals, glass, UPVC, stone, concrete, can also bond and seal natural stone

- Suitable for interior and exterior applications
- UV and Chemical resistant
- Can be over painted
- Solvent and Isocyanate free
- Bonds damp substrates
- Flexible
- Multi – use

Sticks-Z
sticking made easy

WF Favourite

Code	Colour	Box Qty	Tube Size (ml)
414641	White	25	310
414651	Clear	25	310

Sticks-Z Quick

- Full strength in upto 4 hours
- Interior and exterior all weather use, will even seal underwater.
- Chemical resistant and overpaintable
- Flexible, solvent and Isocyanate free
- Fast curing time.

Sticks-Z
sticking made easy

Code	Detail	Tube Size (ml)
414631	Single Tube	310

Gripfill

Gives excellent adhesion and bonding strength to most solid building materials. Bonds plasterboard, skirting boards, electrical conduit, stone, ferrous and non-ferrous metals.

Code	Type	Box Qty
414021	Gripfill Original	12
414151	Gripfill Solvent Free	12

Stixall

The ultimate combined building adhesive and sealant, based on hybrid polymer technology with the most Extreme power to both bond and seal virtually EVERYTHING to ANYTHING in virtually all conditions, even under water or in the rain!

Code	Colour	Box Qty
414481	White	12
414511	Clear	12
414591	Black	12

Sticks Like

Sticks to almost anything. Bonds to porous, non-porous and wet surfaces and works under water. Solvent-free.

Code
414601

Cascamite One Shot

Specially formulated for exterior joinery exposed to the weather. Use internally and externally where high bond strength/ gap filling / water resistance is required.

Code	Size (kg)
412331	3

Power Grab 'n' Bond

A unique solventfree construction adhesive with an exceptionally high initial grab followed by an incredible waterproof bond.

Code	Size (ml)	Box Qty
909811	290	12

PVA Bond

- Primer and sealer
- Multipurpose bonding agent
- Cement and plaster admixture
- Adheres to most building materials
- Internal / external use

Code	Size (Ltr)
419891	5

D4 PVA Wood Adhesive

New hybrid resin Totally waterproof Water clean up Dries clear

- Initial set in 10 minutes
- Internal / external use

Code	Size (Ltr)
419461	1

Gorilla Glue

The Gorilla polyurethane glue formula bonds materials that typical allpurpose adhesives will not hold, including wood, stone, metal, ceramics and glass. Waterproof and temperature resistant.

Code	Details	Size (ml)
865651	Gorilla Glue	500

PU Wood Adhesive

One component, ready to use, polyurethane based liquid adhesive. Excellent water resistance. Easy application. Professional quality. Foaming penetration action to fill bond cavities. Extra fast drying and strength build up. Water resistance: D4 (DIN EN 204). Can be used on damp wood. 5 or 15 minute open times.

Code	Details	Size (ml)
412511	30min PU Wood Adhesive	750
412521	5min - PU45	750
412591	15min - PU40	750

PVA Wood Adhesive

A one-part PVA emulsion adhesive, specially formulated for all wood bonding where a fast set and high bond strength is needed.

Code	Size (Ltr)	Box Qty
412361	1	12
412391	5	4

Truebond Black Rubber Hose

Code	Size (m)
413711	4

Truebond Spray Gun

- Huge time saving compared to hand applications
- Self contained, fully portable
- Requires no external air or power source
- Dries almost immediately (1-2 mins)
- Fast curing, cross linking adhesive with superior high temperature and delamination resistance

Code	Details
413741	Truebond Spray Gun

Contact Adhesive

Code	Size	Details

420051	750 ml	Everbuild Contact Adhesive

5 Min Wood Adhesive Gel

Thixotropic, gap filling gel

- Transparent
- Waterproof
- Use on most building materials
- Internal/external use

Code	Details	Size (ml)
419991	5min Wood Adhesive Gel	310

Contact Adhesive

Sprayable contact adhesive (webspray). For the bonding on both sides of many different materials.

Code	Size (Ltr)	Details
413751	22	Spray Contact Adhesive

Spray Contact Adhesive

Code	Size (ml)	Details
413571	500	Spray Contact Adhesive

Superglue

One pack contains: 1 x 50g Superglue 1 x 200ml Activator Rapid setting adhesive for cornice and mitres In two parts Sets in 10 secs.

Code	Type	Size (g)
413621	Superglue	50
413701	Activator	200
413721	Glue/Activator	50/200

Araldite Precision

A strong, solvent-free adhesive suitable for all materials. Ideal for durable bonding and repairs. Perfect for complicated jobs which require adjustment thanks to a long working time.

Code	Types
788011	Syringe Pack

Araldite Rapid

A strong, long-lasting solvent-free adhesive which is water resistant and can be painted or sanded.

Code	Types
788221	Syringe Pack

Metabo Glue Sticks

699651	Clear	500

Draper D222 Thread Lock

Code	Description	Size (ml)
892571	Lock n Seal	50

Soudal Paraquet Flooring Adhesive

S-30P is a solvent and water free universal parquet adhesive based upon MS Polymers. Ideal for bonding parquet floors on to suitable indoor substrates.

Code	Size (kg)
412871	16

Expanding Foam

Sticks-Z Expanding Foam

Sticks-Z Expanding Foam is a polyurethane-based, moisture-cured, single-component material designed for filling and insulation.

B3. Gun Grade.

Code	Size
417792	750ml

Soudabond Fixing Foam Panel Adhesive

The Soudabond PU adhesive is a ready to use single component self expanding polyurethane adhesive foam. The product has been developed for clean, efficient, economic and permanent bonding of insulation panels and lightweight decorative elements in wall and roof areas. Key Benefits: Very good initial bond, even at low temperatures

- Suitable for horizontal and vertical applications
- Maintains flexibility
- Fast curing
- Does not age or rot

Code	Size (ml)	Box Qty
202031	750	12

Standard Expanding Foam B3

An expanding foam ideal for filling, sealing and insulation of joints and gaps in a variety of building and construction applications.

Code	Size (ml)	Type	Box Qty
417771	750	Hand Held	12
417791	750	Gun Grade	12

Fire Stop Foam

Four-hour rated PU foam. Suitable for filling, sealing and insulation of joints and gaps in a variety of fire-rated construction applications.

Code	Size (ml)	Type	Box Qty
418011	750	Gun Grade	12
418251	750	Hand Held	12

Removers & Cleaners

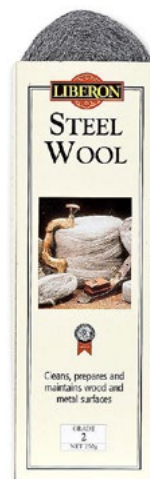

Contact Adhesive Thinner / Cleaner

Code	Size (Ltr)
413501	5

Steel Wool

High quality wool for cleaning and preparing wood and metal surfaces before re-polishing, waxing, varnishing or painting.

Code	Size (g)	Grade
424591	250	Ultra Fine Grade 0000

Silicone Eater

A chemical that removes all types of silicone sealant by digesting and breaking up the sealant. Harmless to most surrounding surfaces.

Code	Size (ml)
416241	150

Sugar Soap Liquid

Concentrated solution which when diluted with water effectively removes grease, grime and nicotine from painted surfaces to ensure improved adhesion.

Code	Size (ml)
460981	500

Gun and Foam Cleaner

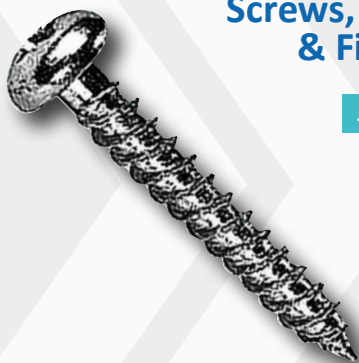

Unique multi-function cleaner designed to digest and remove uncured PU foam from the majority of gun grade and hand held PU foam applicators. For use with Foam Gun.

Code	Size (ml)
418321	500

Screws, Bolts & Fixings

see p. 71

Graffiti Remover

Low odour, spray applied viscous liquid designed to safely remove paint, felt tip and biro marks. Suitable for use on most common surfaces including brick, stone, metals, concrete and most plastics. Due to its thickened formula and aided by its slow evaporation rate, Graffiti remover penetrates deeply into graffiti and after a few minutes, marks are easily and safely removed by rinsing with water.

Code	Size (ml)
819971	400

Peel Tec Paint Remover

Peel Tec acts fast. Simply spray and, in less than ten minutes, watch that paint peel away.

Code	Size (ml)
819981	500

Multisolve Multi-Purpose Solvent

MultiSolve removes: Wax, Paraffin, Printing Ink and Adhesives, Sealants, Oil and, Grease.

Code	Size (ml)
819991	500

Tapes and Sanding Rolls

Grey Scrim

Grey Scrim 50mm

Plasterers' drywall scrim - self adhesive, fibreglass mesh tape.

Code	Size
459052	50mm x 90m

Wide (100mm) Scrim Tape

High tack, self-adhesive fibreglass mesh tape. Ideal for joint finishing in drylining and all plasterboard applications, crack and hole repairs.

Code	Width (mm)	Length (m)	Box Qty
459091	100	90	12

411041	White	4kg	No 4
411191	Hardener	Hardener	-

Polyfilla One Fill

A lightweight filler designed to fill deep gaps in one application without sagging or slumping - even on ceilings.

Code	Size (Ltr)
161381	1

Timber Resin

Timbabilis is a two-part thixotropic 1:1 ratio mix solvent free, epoxy based wood filler. For large and extensive repairs to areas of damaged timber.

Code	Description
201641	Timber 2 Part Repair Resin
201851	Timber Epoxy Primer / Stabiliser

Bonda Super Soft

A superb two part quick setting wood filler. The fine particle size provides a dense smooth surface.

Code	Colour	Size (kg)	Pack No.
411241	Cream	1.3	No 4

Bonda Body Light Filler

An extra light filler, 30% lighter than normal body filler. This makes mixing easier and quicker and allows closer tolerances to be achieved.

Code	Size (Ltr)
412241	5

European Oak Pellets Tapered

Code	Size (mm)	Pack Quantity
412251	12.7	100

Bonda Woodstop

A one-part wood and grain filler suitable for internal and external use.

For filling small holes and splits.

Code	Size (ml)	Colour
411491	250	Mahogany
411551	250	Pine
411571	250	Light Oak
411611	250	Redwood
411621	250	White
411791	250	Dark

Liberon Wax Filler Sticks

Repairs cracks, splits and small to medium size holes without sanding or having to strip the finish. Made from a base of hard wax and natural pigments.

Code	Size (g)	Colour
422701	50	Light Oak
422721	50	Mahogany
422761	50	Dark Mahogany
423121	50	Medium Oak

Mixed Colour Wax Set

Code	Size	Colour
420431	Set of 10	Mixed

Liberon Re-Touch Crayon

Fill and mask superficial scratches and nail holes on finished wood.

Code	Colour
423581	Pine
423601	Mahogany
423631	Oak
423771	Pine

**Sealer & Varnishes****Lumberjack Triple Action**

Penetrates deeply to give long-lasting protection from damage caused by wet/dry rot, fungi and wood boring insects.

Code	Size (Ltr)
419261	5

Multi Purpose Linseed Oil Putty

Made from a blend of natural waxes, including Carnauba wax, Black Bison gives good resistance to finger and water marks.

Code	Colour	Size (kg)
421347	Natural	1

Boiled Linseed Oil

A traditional wood treatment used to replace the natural sheen in aged/tired wood. Quicker drying than raw linseed oil. May also be mixed with mastic sand to make trowel grade pointing mastic.

Code	Size (ml)
421345	500

Liberon Knotting Pale

Helps to prevent seepage from knots in resinous woods prior to painting or varnishing.

Code	Size (ml)
419311	250

MF Ceiling

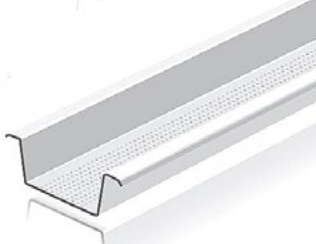

MF (Metal Frame) ceiling systems use metal components to create a suspended ceiling framework that supports plasterboard. It includes three main parts: MF5 ceiling channels, MF6A perimeter channels, and MF7 primary channels, all working together to form a strong and stable ceiling structure.

Perimeter Channel MF6A

Code	Length (m)
102711	3.6

Plasterboard

Plasterboard Types

Type	Description	Best Used For
1 Standard Board	General-purpose plasterboard for dry environments. Easy to cut and finish.	Everyday walls and ceilings in dry, low-risk areas.
2 Moisture Board	Contains silicone additives for moisture resistance. Helps prevent mould.	Bathrooms, kitchens, and areas with occasional moisture exposure.
3 Acoustic Board	Higher density and fibreglass core for soundproofing.	Ceilings and partitions to reduce sound transmission between rooms or floors.
4 Flexiboard	V-cut or radius board with grooves that allow bending.	Curved walls, columns, arches, and other complex architectural features.
5 Fire Board	Enhanced fire resistance with specialised core materials.	Emergency exits, stairwells, basements, elevator shafts, and fire-rated walls.
6 Foil-Backed Vapour Shield	Standard board with a foil backing to block vapour.	Areas needing a vapour barrier (e.g., behind kitchen units, utility rooms).
7 Multi-Board	Combines fire, moisture, acoustic, and thermal performance in one board.	Multi-regulation zones where performance in all areas is required.

Build on us.

Knauf Wallboard

Standard plasterboard to meet all drylining requirements. Made from aerated gypsum core, with premium paper liners on either side. Tapered edge.

Code	Size (mm)	Thickness (mm)
158232	2400 x 1200	12.5
158652	2700 x 1200	12.5

Knauf Fire Panel

Improved fire protection when used as part of a full Knauf system. Fire Panel can be used in applications that require greater fire protection in systems such as shaftwalls, I stud linings and partitions. Tapered edge.

Code	Size (mm)	Thickness (mm)
158242	2400 x 1200	12.5
158762	2400 x 1200	15.0

Knauf Soundshield Plus

Ideal where sound reduction is of particular importance. Its high mass gives an enhanced acoustic performance, excellent fire resistance and severe duty impact rating when used on Knauf systems. Tapered edge.

Code	Size (mm)	Thickness (mm)
159096	2700 x 1200	12.5

Knauf Moisture Panel

A high performance plasterboard for use in internal areas of high humidity. Suitable for wall and ceiling installations. Tapered edge.

Code	Size (mm)	Thickness (mm)
159122	2400 x 1200	12.5

Knauf Ceiling Board

Standard plasterboard in a manageable size ceiling fixing. Tapered edge.

Code	Size (mm)	Thickness (mm)
158982	1800 x 900	12.5

Multiboard

A flexible glass-reinforced plasterboard that gives additional fire resistance, impact protection, and moisture resistance. It also bends for stunning curved walls and ceilings.

Code	Size (mm)	Thickness (mm)
158211	1200 x 2400	6

Core Board

High-performance moisture and fire-resistant plasterboard used for the protection of shafts and voids in multi storey buildings.

Code	Size (mm)	Thickness (mm)
161061	3000 x 598	19

Gyproc Fire Strip

A soft extruded linear intumescent gap sealer to maintain fire resistance located directly to the underside of the soffit when forming a deflection head.

Why choose ROCKWOOL® stone wool insulation?

There's more to ROCKWOOL than our non-combustible stone wool insulation. Make the most of our support and resources, all readily available to help you improve fire safety in your projects:

Fire team

Benefit from project support, product guidance, or advice for every stage of specification and construction, by talking to our specialist fire team.

Specification resources

Access key resources to help you specify and install with confidence – from our FirePro® Book to our Fire-stopping Standard Details Guide.

On-site support

Invite us to site walks and joint project meetings so we can better understand your requirements, and help you achieve your performance targets.

On-demand CPD

Progress your professional development whenever and wherever it suits you, with modules covering compartmentation and fire-stopping available on ROCKWOOL Learning.

Start your journey:

Power Tools

Sympafix Nail Gun

SYMPAFIX
serious fixings

Built for efficiency and reliability on-site, this gas-powered tool is your go-to solution for securing drywall track and more.

GT C45 for fastening metal studs, brackets, wood and steel to brick, concrete and steel. Nail lengths up to 45mm.

GT C70 for heavier applications, deeper penetration or harder surfaces. Nail lengths up to 70mm.

Features:

- Removable magazine
- Wide range of nails makes it suitable for many applications
- Robust design minimising maintenance times and associated costs

Accessories supplied:

- 2 x batteries
- Fast charger
- Safety lenses and ear plugs
- Carry bag

Terms & Conditions

1. All prices are exclusive of V.A.T. and are subject to alteration without notice; however, we will always endeavour to notify any price increases in advance of their being applied.
2. Goods are sold and services provided on the understanding that payment in full is due not later than the last working day of the month following the month in which the goods were supplied; however, 2.5% of the Invoice Goods Total may be deducted if payment is made within 14 days of invoice date.
3. Special Order items are non-returnable.
4. Delivery shall be deemed to have occurred:
 - (a) on the date agreed between the parties;
 - (b) when the purchaser is notified the goods are available for collection.
5. All title to and property in the goods remain with Wessex Fixings Ltd until paid for in full, irrespective of any conflicting terms on customers orders, and in the absence of any written declaration to the contrary, customers will be deemed to have accepted this condition. However, in the event of goods having to be recovered because of non-payment, we reserve the right to claim the difference between the sale price and the second hand price of the goods in cases where the goods have been used by the customer, and in every case we reserve the right to claim the cost, expense or other loss incurred as a result of such recovery.
6. On the account becoming overdue, further supplies are liable to be withheld and we reserve the right to take appropriate action to secure all monies outstanding. Interest may be charged at the rate of 2.5% per month, accruing each day, from the due date for payment until the actual date of payment.
7. Carriage is charged on all orders less than £100 net ex. V.A.T.
8. All the specifications, illustrations, drawings, images, diagrams, price list, dimensions, performance figures and other technical data furnished by Wessex Fixings Ltd in respect of the goods, whether in writing or not, are furnished only on the basis that they will not form part of the contract to be relied upon by the purchaser for any purpose unless and to the extent that they expressly warranted or guaranteed in writing by Wessex Fixings Ltd and are, as such, expressly stated by Wessex Fixings Ltd to form part of the contract.
9. If the goods or any part of them are to be manufactured or supplied in accordance with any specifications, measurements or other instructions furnished by the purchaser, the purchaser shall have no claim of any nature whatsoever against Wessex Fixings Ltd and shall keep Wessex Fixings Ltd indemnified from:
 - (a) any loss or damage sustained by the purchaser as a result of any error, discrepancy or defect in the specifications, measurements or other instructions provided;
 - (b) if the goods in question are not suitable for the purpose for which they were required, whether those purposes are known to Wessex Fixings Ltd or not;
 - (c) all damages, costs and expenses to which Wessex Fixings Ltd may become liable by virtue of the work done in accordance with the buyers specification involving any infringement of a registered design or payment.
10. Wessex Fixings Ltd shall be exempted from and shall not be liable under any circumstances whatsoever for any indirect or consequential damage of any nature or any loss of profit or special damages of any nature and whether in the contemplation of the parties or not which the purchaser may suffer as a result of any breach by Wessex Fixings Ltd of its obligations under the contract.
11. Wessex Fixings Ltd does not give any warranty or guarantee or make any representations whatsoever in respect of the goods or the fitness of the goods or any part thereof for any particular purpose, whether or not that purpose is known.
12. Liability in respect of any defect in or failure of the goods delivered is limited to replacement or the cost of replacement (as the case may be) of the goods or the portion thereof which are defective where the defect, under proper use, arises from faulty materials or workmanship within 12 months of the date of delivery. This warranty is in lieu of and to the exclusion of any conditions, guarantees or warranties expressed or otherwise implied by law.

DATA PROTECTION ACT:

In processing your application for credit facilities we may make enquiries of credit reference agencies or other third parties who may record those enquiries. We may also disclose information about the conduct of your account to credit reference agencies or other third parties. The information obtained from or provided to credit reference agencies or other third parties may be used when assessing further applications for credit terms, for debt collection, for tracing and for fraud prevention.

WATTS
Power

AMPS
Current

VOLTS
Potential

To convert kW to kVA multiply by 1.25

To convert kVA to kW multiply by 0.8

Watts power is sometimes referred to as VA or kVA.

Note: 1kVA is equivalent to 1000 Watts power.

To calculate missing value, cover required figure with finger.

e.g. find VOLTS = $\frac{\text{WATTS}}{\text{AMPS}}$
