# Socks with Purpose!

For decades now elite athletes have been utilising the power of compression to aid with recovery and performance, pushing the limits of what we previously thought possible.

**Here at OS1st, we have a secret for you...**

You don't have to be a professional athlete to benefit from **compression**. We believe movement is life. From socks that ease Plantar Fasciitis, Bunions, DVT from travelling, or just compression performance to get you going day-to-day we want to get you moving again! (For a surprisingly affordable price)

You may not think about your socks often, but these socks are thinking about you. Try them today and feel the benefits tomorrow.
