YOUTH

FINDING YOUTH IN MIND, BODY AND SPIRIT

FROM THE EDITOR

Beloved Seekers of Sanctuary,

When we talk about youth, it's easy to think in numbers. But this month, we invite you to step beyond the calendar and into a deeper truth: youth is not an age... it's an energy.

Youth is a spark in the eye, a soft defiance of weariness. It's the choice to keep growing, exploring, laughing, healing. In this issue, we explore what it really means to feel young – in your mind, your body, and your spirit.

You'll find rituals to revive your skin, a little daily magic, reflections to renew your mindset, and a bit about redefining what it means to glow from the inside out. Whether you're in your twenties or your seventies, youth is something you can return to – again and again – like a favorite song or a warm bath.

Here, we don't chase perfection. We seek radiance. We honor the sacred pulse of being alive in your body. And we believe that taking care of yourself – playfully, gently, intentionally – is one of the boldest acts of youth there is.

You'll also see this issue's a bit different. We love evolution. It keeps us young.

Let this issue be your invitation back to that spark.

With love and light,

Amber Champagne

All the ritual, radiance, and reflection you need.

WE'VE ENTERED A NEW CHAPTER

A NEW SEASON FOR CHAMPAGNE APOTHECARY + ETHYST® BEGINS

Hello friends,

This month looks a little different. After a big transition (closing our physical shop and stepping fully into the digital sanctuary) I wanted to bring you a simpler version of Sanctuary. One you can open quickly, breathe into, and carry with you.

June is youth. Not just in skin, but in spirit. In softness. In starting over. And that's exactly where we are. ♥

This isn't an ending... it's a new rhythm. One where ritual meets you where you are. **Where care arrives at your doorstep.** Where every order is packed with intention and love, just a little more digitally wrapped in twinkle lights.

Because you don't need a storefront to feel cared for. You just need the ritual. And we're still right here with you.

Here's to a summer of softness, sanctuary, and sacred self-care.

With deep gratitude,
Amber

WHAT YOUTH REALLY MEANS

KEEP YOUR GLOW GROWING

The Holy Grail is right!

I absolutely love this oil! I use it everyday and cannot believe how smooth my skin is. It does not leave your face feeling greasy and sits great under make-up.

Awesome Serum!

This serum has such a nice light feel to it when applied and has worked wonders for me. It isn't sticky like some other brands and I love using it!

Best cleanser

I really love this cleanser. It leaves my skin feeling soft and clean. I use this along with the exfoliating cleanser. They are the perfect pair!

Loving this Oil!!

The texture of this facial oil is divine - it's light yet rich, absorbing into the skin almost instantaneously without leaving any greasy residue. As someone with combination skin, I'm often wary of oils. However, this product strikes the perfect balance, offering deep hydration without clogging pores or causing breakouts.

Post-application, my skin felt incredibly smooth, supple, and radiant. The Holy Grail seems to work magic on fine lines; I've noticed a visible reduction in the appearance of those around my eyes, forehead and neck. Even my boyfriend commented that my skin is so soft and looks healthier.

Highly Recommend

I have been using this eye serum for the past year. My under eye area appears much more hydrated and bright since using this serum. You only use a tiny bit so the bottle lasts forever too!

Amazing products!

My better half has been looking for a toner that she likes for a while. She stated that the ETHYST Awakening Rejuvenating Toner is "rejuvenating" her skin. She appreciates the "smooth texture, and it is helping her complexion." It arrived a lot quicker than I expected! It was well packaged. The agent was extremely nice and informative. I recommend this product for you loved ones.

Amazing skin care.

I am so happy with my recent purchase. I have used the face cream in the past but never any other products until NOW! The cleanser is so gentle but effective, it cleans without drying. The serum and oil are wonderful. I am sensitive to scents and these products smell amazing! Light clean and earthy. 5 millions starts for everything.

Love it!

Love it all! The packaging, the quick shipping, but most importantly, the results!!!

ETHYST® CHANGES LIVES... AND YOU DON'T HAVE TO JUST TAKE OUR WORD FOR IT

I have been using Ethyst for almost 2 years now and am in love with the results. It's a perfect match for my skin and all the changes it's going through with hormones fluctuating and just aging. Amber is also an amazing human and is so passionate about her work. Please go see her and the shop. You won't be disappointed.

Hands down the best skin care product I've found in my entire life. I currently use the face cleanser, moisturizer, and sunblock in the morning. At night I use the anti-aging oil. I am simply in love with these products. My skin feels amazing and I have experienced healing in my skin too! (Less pigmentation, absence of dry skin). I don't know what else to say to convey what an amazing little place Champagne Apothecary is. If you have skin, this is the place for YOU!

Amber..... I'm literally OBSESSED with Ethyst. It's been one week of using the holy grail and the glycolic cleanser a couple times and my skin is already so much happier 🥰💖 it gives me a confidence boost lol. I'm going to buy the moisturizer and daily cleanser because I just know these products are what my sensitive skin will thrive with. You're the best!!

I am so glad I stumbled upon Amber! After reading about her in a local publication, I decided to give her virtual skincare consulting a try and it was such a great decision. Amber is incredibly knowledgeable about the dos and don'ts of skincare. You can tell how much time and effort she has invested into learning the intricacies of skincare, into her business, and into her new Ethyst skincare line! I started using her recommended products about 5 weeks ago and have been loving the results. While I love the products, the best part of the experience has been having Amber as a resource and knowing that I can reach out to her with any questions or concerns. I can't wait to stop into the Champagne Apothecary in person soon!

Also, your skincare... omg

Amber has the absolute most welcoming personality and she gets to know each and every one of her customers! I have felt like I belong in the store since the moment I first stepped in. She is so full of important skincare information and loves to share that knowledge with her clients. I have recently begun to use her skincare line - Ethyst - and have been SO impressed with the way it makes my skin feel and the improvements that I have seen. From face wash to lotion and eye serums, my face has never felt or looked so great. So grateful Amber's storefront made its way to Westfield and even more grateful I wandered in on a sunny Saturday afternoon. Go check her out, you won't be disappointed!!
