WELCOME

The Alzheimer's Association, Florida Chapters, serves all 67 counties in our beautiful state. We offer education, outreach, and support to everyone facing Alzheimer's and other dementias within our community, including individuals living with the disease, caregivers, professionals, families, and community members. Our commitment extends to advocating for the needs and rights of those confronted with Alzheimer's disease and promoting essential research towards treatment, prevention, and ultimately, a cure.

We provide programs through various formats: virtually, by telephone, on-demand, and in person. Most of our programs are offered at no charge, with some exceptions for professional programs. Additionally, we tailor programs for specific groups such as civic organizations, chambers of commerce, companies, and more. Please reach out to your local Community Engagement Manager to arrange a private and personalized program for your group or to invite us to your local event or health fair.

Volunteer with the Alzheimer's Association

Volunteers play a crucial role in positively impacting the lives of those facing Alzheimer's and dementia. By volunteering with the Alzheimer's Association, you become part of a dedicated network working to combat this devastating disease, honor loved ones, and provide care and support to those in need. INFORMATION & SUPPORT

Welcome to ALZConnected®

ALZConnected is a dedicated community where people with Alzheimer's, their caregivers, and others affected by the disease can share answers, opinions, ideas, and support. Learn more at alzconnected.org

Care Consultations

Living with mild cognitive impairment, Alzheimer's disease, or other dementia profoundly impacts multiple generations. Each person has a unique role, spouses, siblings, children of all ages, and friends—all contributing to the care team. This journey demands careful consideration, strategic planning, and above all, a well-thought-out plan.

Care Consultations from the Alzheimer's Association can help you to:

- Navigate difficult caregiving decisions and family issues.
- Assess current needs and anticipate future care challenges.
- Develop an effective care plan and problem-solve barriers.
- Receive supportive listening in a confidential, nonjudgmental environment.

Our professional staff has the knowledge to guide you through a variety of topics. People reach out for many different reasons. Not sure what to ask or where to start? That's okay, too. Just give us a call and we'll guide you from there. The service is free and is at no cost to you.

Consultations are available several ways:

- **Phone:** Call 800.272.3900 for 24/7 support; use 711 for TRS operator.
- **Live Chat:** Access via the green button on our website, available 8 a.m. to 8 p.m. ET, Monday to Friday. alz.org/help-support.
- **Online Form:** Fill out a [form](#) for assistance, with a response within 24 hours.

Build an Action Plan with ALZNavigator™

Whether you're a caregiver, a person living with dementia, or someone concerned about memory loss, find the support you need with ALZNavigator. Just answer a few questions about your situation and ALZNavigator will guide you to the resources and tools you need today and throughout each step of the disease — all in one place. alz.org/alznavigator

VIRTUAL PROGRAMS

VIRTUAL SUPPORT GROUPS

When you're facing difficult times, having a good support network you can turn to for advice and encouragement may help you feel connected and give you a sense of belonging and purpose. Connecting with others like you virtually may help put your own experiences living with the disease in perspective, and provide you with the support and encouragement necessary to move beyond your diagnosis. Call the 24/7 Helpline for instructions on how to log into the virtual meeting.

Although African Americans are more likely than Whites to have Alzheimer's or another dementia, studies show that they are less likely to have a diagnosis. And delays in diagnosis mean that African Americans, Hispanics and others are not getting treatments when they are most likely to be effective at improving quality of life.

Community Forums

As the American population ages and becomes increasingly more diverse, we are committed to identifying and addressing barriers that may prohibit members of these diverse communities from receiving important Alzheimer's diagnosis, treatment and resources.

Advancing Alzheimer's and dementia research starts with you. Help shape the next breakthrough with TrialMatch®.

It takes **everyone** to advance Alzheimer's research.

By joining research studies, you can help us develop the next generation of dementia treatments, diagnostic tools, care and prevention strategies.

Get involved through the Alzheimer's Association TrialMatch® — a tool for people with cognitive impairment, dementia, caregivers and healthy participants to quickly and easily learn more about research opportunities taking place throughout the United States and across the world. Confidentially search hundreds of drug and non-drug studies, sign up, receive email notifications about new opportunities or connect with research teams.

Participate in three easy steps:

1. Begin your journey by signing up on our dedicated TrialMatch platform.
2. Answer 10 simple questions about yourself or the person you're helping to sign up to help personalize your study matches.
3. Review your study matches to explore studies that may be a good fit.
