Turnkey Game Rooms at No Cost to You

Game Rooms make money. Seamlessly embedded into your experience or as a stand-alone getaway, the right games in the right place with the right technology put a smile on guests' faces and profit on your books.

We put 45+ years of experience to work for you, with classics like Pac-Man® and Galaga® to the latest first-person shooter and racing games. Add in claws, card-based redemption, the right merchandise, solid maintenance and a dash of promotion to reap the rewards of the VENU+ recipe.

We Help You Level Up

Not all game space is the same. Nor is how VENU+ recommends running one. Audience, expected traffic and location all influence the ideal game room. Regardless of size or staffing needs, we have a package that fits.

Drive Conversions with Unique VENU+ Technology

Turn every photo moment into measurable business impact. Our intelligent retail and reporting technology delivers real-time insights that optimize performance, boost conversions, and drive revenue growth. With VENU+ Vision, your data-driven dashboard transforms every photo program into a smarter, more connected, and more engaging experience.

Smart Booth Staffing

Operates with staff during peak days & switches to self-service mode via monitor wall technology during slower periods.

VENU+ Vision Dashboard

Monitor top-performing photographers, cashiers, packages & capture points—all in one place.

Automated Alerts

Set performance-based alerts, like daily refund thresholds by cashier, to stay ahead of issues.

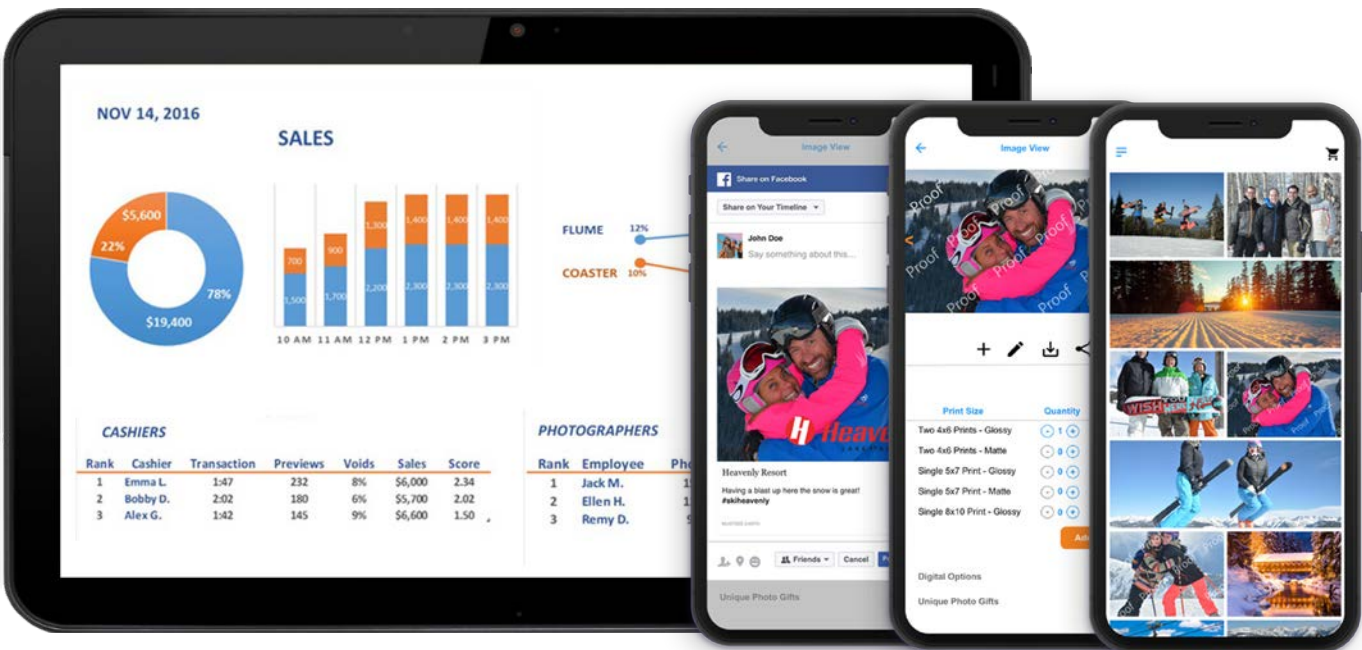

Smart Photo Album

Guests can download, share or discover additional photos using facial recognition & smart search tools.

Facial Recognition

Quickly surfaces guest photos (no barcodes, tickets or manual searching!), shortens transaction times & enhances satisfaction by making it easier for guests to find/purchase their images.
