HANDY INFORMATION FOR YOUR STAY AT THE MARATHON COACH SERVICE DEPARTMENT

Endless Elegance, Exceptional Durability.

Marathon Coach works with a wide variety of the finest hardwood flooring materials to match the best wood to the coach interior. When considering which flooring material to use, color and texture are usually compared to the coach's laminate to create a tone-on-tone or contrasting look. Other details to consider include the hardness of the wood and its resistance to moisture. Harder woods tend to be more scratch resistant and some wood finishes have several coats that are designed to last for years.

One of the most popular and durable flooring options is Bamboo Strand. As the fastest-growing plant on Earth, bamboo boasts a tensile strength comparable to steel. Once crafted into flooring, it offers a stunning, resilient, and eco-friendly solution. Thanks to its beauty and sustainability, bamboo is rapidly becoming a top choice for residential and commercial spaces alike.

Many of our recent coaches feature Luxury Vinyl Tile (LVT) to achieve a timeless wood floor look while benefiting from its superior durability and water resistance. This high-quality, versatile flooring option is designed to mimic natural materials like hardwood and is much less heavy than traditional wood flooring.

Ready to upgrade your coach with stunning, durable hardwood floors? Give us a call — our expert team is here to assist you!
