

RUGBY SCHOOL  
THAILAND

# MUSIC

## SCHOLARSHIP

*Information for Applicants*

**Music** is a thriving part of life at Rugby School Thailand. We strongly promote performance as a means of developing confidence. Concerts are held at the end of every term as well as regular lunchtime concerts, the annual House Music competition, and events such as the 'Battle of the Bands'. A significant percentage of pupils take lessons in at least one of a wide variety of instruments on offer, including singing, and many study two instruments. Most instrumentalists also play in a wide range of ensembles and sing in choirs that rehearse weekly. The majority of our visiting instrumental teachers are members of the Bangkok Symphony Orchestra.

### **We expect our scholars to:**

- maintain a good minimum average diligence/effort grades in all subjects;
- receive consistently good attainment and diligence/effort grades in music;
- uphold the values of RST and be an excellent role model to other students in all aspects of school life, but particularly in their approach to commitment in music;
- involve themselves fully in the co-curricular provision for music;
- in most cases, to study music as a specialist subject for IGCSE and A-Level.

The purpose of scholarship awards is to recognise outstanding ability. Scholarships may be awarded with or without fee remission attached. If the main reason to apply for a scholarship is to obtain a fee remission, please talk to the admissions department about the school's bursary scheme.

*Scholarships are reviewed annually.*

## Scholars' Programme

All scholars follow a tailored programme and work closely with a specialist mentor.

Scholars will benefit from opportunities such as:

- taking part in the Scholars' Showcase;
- events which bring together scholars from each area. These events may include a formal dinner, symposium or trip;
- collaborating with fellow scholars from their subject areas to create an assembly presentation;
- the opportunity to undertake an independent research project.

Music scholars will benefit from:

- specialist teaching by music staff and opportunities to try out other instruments;
- regular concerts;
- leadership roles in musical groups, such as choir and orchestra;
- directing House Music (supporting the elected House Sixth).

## Assessment Process

Applications are accepted throughout the year from students aged 11+ who demonstrate exceptional ability in their field.

Applicants must first complete and pass the standard admissions process. Following initial screening, comprising a review of achievements, cognitive tests, and an interview with the Head of School, qualified applicants may be invited to undertake further department or subject-specific assessments; plus add additional information to their application to support the application for scholarship.

To apply, please begin **HERE** or contact **<admissions@rugbyschool.ac.th>** for further information.

*Please note that internal candidates (students already attending the School) must be recommended by their teachers in order to apply. Eligible current students will be notified accordingly and are encouraged to discuss this with their tutors if needed.*
