## FROM OUR PREVIOUS STUDENT LEADERS

Over the years, Aspirant India Initiative has conducted several events, trained more than 5000 students all over India and imparting them with experiences that last a lifetime. Here are the words of a few students who have been trained by us:

"Aspirant India Initiative, a place where we were not only given knowledge about professional working and ethics but also debating and communication that helped me boost my confidence."

**-Labhanshi Mittal**  
(Shyama Prasad Mukherji College)

"At Aspirant India Initiative, my experience as a team member has been astounding. Communication is one of the most important professional skills and that I developed here."

**- Monalika Jayani**  
(Jesus and Mary College)

"I at Aspirant India Initiative learned a lot about various domains and excelled in many of them. The YouLead Programme is one of the best student leadership programme to build leaders that work for the change in the society and the world. The whole team is quite supportive, and the workshops conducted turn out to be very helpful for holistic development."

**- Rohit Singh**  
(IIT Indore)

"Conclusively, internship and training at Aspirant India Initiative has been an indiscriminate aspect in my growth towards soft skills, towards holistic personality development, towards building up of viable perspectives, and towards achieving persistent endeavors."

**- Gayatri Kar**  
(The Maurya School)

"My journey with Aspirant has been an amalgamation of learning, fun, new experiences, tears, and most of all, love. The environment here is of a family and we treat each other like one. Aspirant has contributed so much to both my professional and personal life. I've seen myself and others grow with this organisation, which is a warm feeling that exceeds words for me."

**- Agrima Gupta**  
(DAV Public School)

"I really did love the programme, the initiative and the people there, it was such a humane space, where it really doesn't matter who or what you are, spending just a couple of hours with the initiative. I actually felt belongingness which I rarely felt for any other institutions that I've been to or I'm a part of. Thank You, that's all I really can say."

**- Krishnasheesh Datta**  
(Amity University, Noida)

# What is Aspirant?

We at Aspirant India Initiative strive to render a learning platform to a larger section of the society by putting a kaleidoscopic range of conventional concepts into perspective with our unconventional apparatus while encouraging the young minds to transcend the boundaries of their course syllabi.

Our vision as an educational enterprise is to innovatively cater to our audience, while providing them with an opportunity to be a part of the change we strive to bring about. With state-of-the-art methods, we aim at helping young adults believe in the power of knowledge and wisdom by helping them bridge the gap between theory and practice.

“We, at Aspirant, aim to promote a model of holistic and all-round learning in order to better prepare school as well as university students by providing them training and professional consultation on soft skills, critical thinking and make them better equipped for the future.”

**MR. PRIYANSHU GROVER**  
PRESIDENT AND CEO,  
ASPIRANT INDIA INITIATIVE

# Courses Offered

## Promoting a blend of skill enhancement and NEP

This is an educational program that aims to provide training that will assist an individual's knowledge and skills in extracurricular areas of their academic life, in accordance with the New Education Policy.

### PUBLIC SPEAKING SKILLS AND DEBATING TECHNIQUES

Skills that will assist an individual in gaining confidence while focusing on speaking in order to facilitate and enhance oneself into a good public speaker.

### LEADERSHIP, INNOVATION & CRITICAL THINKING

This seeks to develop perspectives and assist individuals in delivering strong ideas when leading initiatives.

### LIFE SKILLS AND PERSONALITY DEVELOPMENT

Discussing and educating about many areas of life, such as setting goals and working wisely towards them.

### READING AND LITERARY WRITING SKILLS

Aims to improve creative understanding, which aids in the development of innovative and cohesive thinking while writing.

### IR, MUN AND YOUTH PARLIAMENTS

Strengthening the skill set necessary to participate in various debate styles such as writing, thinking, and reasoning.

### COMMUNICATION SKILLS AND PROFESSIONAL DEVELOPMENT

To present and interpret information quickly and properly while aiming at good verbal communication.

### RESUME BUILDING AND INTERVIEW SKILLS

This focuses on how to write resumes and discussing key conversational skills to present during an interview.

### ACADEMIC WRITING AND RESEARCH

Understanding academic and research writing, providing publication possibilities, knowing about research sources, and the ability to develop informed conclusions.

### CAREER COUNSELING, ENTREPRENEURSHIP & UNCONVENTIONAL CAREER OPTIONS

Exploring new opportunities while discussing vision, new ideas, and creativity to work towards a career with an unconventional approach.

### HELPING STUDENTS GAIN WORK EXPERIENCE AND PROMOTING SOCIAL RESPONSIBILITY

This program will therefore assist students in gaining extensive job experience in addition to their academic learning and will foster a sense of responsibility in all aspects of life such as emotional, social, physical, and so on.

---

# Clubs & Programmes

## **PITCH PERFECT : A club for Entrepreneurs**

Innovative new ideas through the young minds, are given an opportunity to be brought into action by getting knowledge regarding marketing, finance, content curation and Startups.

## **MODEL UN CLUB: Preparing global citizens**

By giving delegating opportunities to young minds in the perpetual crisis driven world, this club focuses on creating confident, focused and optimistic future foreign diplomats.

## **Research and Publication Cell**

Finding solutions to unparalleled questions through proactive thinking and constant perspective building, is the main crux of this club where an opportunity of getting articles/research published is also provided.

## **PUBLIC SPEAKING AND DEBATE CLUBS**

This club aims at imbibing effective implementation of thoughts and ideas through constructive speaking skills and deliberation upon relevant topics in the contemporary world through cyclic opportunities.

## **LEADERSHIPS AND SOCIAL SERVICE CLUB**

With the main aim of doing something better for the society, this club provides an opportunity to the young leaders to contribute their time for social service.

## **LITERATURE SOCIETY**

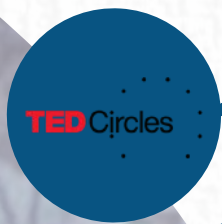

By helping create a strong literary background, this club aims to impart knowledge about structuring and formation of groups of words, through reading and writing.

# Events & Projects

National / International

## **TEDx and TED Circles**

TED Circles is a community-led discussion about TED themes and ideas.

## **Campaigns and Fundraisers**

Events that cover up a variety of SDGs and focus on providing change by spreading awareness about less discussed issues such as Shakti: Power to Scars and You4education.

## **Model United Nations**

It is an academic simulation of the United Nations where students delegate to different countries and solve real world issues.

## **Talkshows and Panel Discussions**

Organising live session to contribute perspectives and views to causes with working professionals and team members.

## **Entrepreneurship: Start-Up Competition**

A platform for young minds to shape their business ideas into a reality.

## **Career Counselling Camp**

A platform that bring together students, career practitioners and experts from various industries to bring students closer to their passion and helps them in identifying pertinent career opportunities, guidance and work experience.

## **Open Mic/Open Forum**

A platform to voice out opinions robustly, share experiences and put perspectives into shape while creating a safe space with the live audience.

## **Debates and Charcha/Group Discussion**

Creating a forum for safely voicing one's opinions and preparing young orators for opportunities at National Level and platforms like the World Debating Championship.

# Progress Evaluation of Students

## STEP 01

### GETTING STARTED - ENROLMENT, RAPPORT, ICE-BREAKING

Apply and grab the opportunity to discover more of yourself and expand your horizons beyond the academic syllabi via

<https://www.aspirantindiainitiative.com/work-with-us>

### CONTINUOUS TRAINING AND ASSESSMENT

Various Training Modules covering various quintessential skills with daily assessment and feedback to keep you on track!

## STEP 02

## STEP 03

### LEARNING BY PARTICIPATING IN AND ORGANISING EVENTS

'Learn & Work with Us': Providing hands-on experience by allocating opportunities to organise various events, campaigns and fundraisers with us!

### PROGRESS EVALUATION

The monitoring and assessment provide information on the program's impact. It aids in determining whether goals are being met and identifying areas that may require improvement, which is critical in the scaling-up and replication of interventions.

## STEP 04
