IN OUR EXPERIENCE...

A home isn't a dream home because of its size.

It's about how you feel when you walk through the front door, and the way you can instantly envision your life unfolding there.

This is about more than real estate - it's about your life, your dreams and your desired outcomes. Working with home buyers is not a one-size fits all process, so we approach each one of our clients individually, taking the time to understand their current situation, unique needs and lifestyle. We understand we are helping our clients open a new chapter of their lives, which is why we work so diligently to find the perfect home and handle every last detail of the home buying process.

We are honored to guide you through this process and excited to help you find that perfect home!

Visualize your dream scenario for selling your home.

What's the one thing that has to happen to make that dream scenario a reality?

How can I make that happen for you?

Why is that important to you?

If we could add just one more thing to make this process even better, what would it be?

Why is that important to you?
And then, if we could add just one more thing to make this process even better than that, what would it be?

Why is that important to you?

BREAKING DOWN THE PROCESS

1. GET PRE-APPROVED

By getting pre-approved prior to beginning your home search, this will allow you to determine what you can comfortably afford and allow us to move quickly once we find the right home.

- Pre-approval shows that you are a serious buyer
- Saves you time
- Gives you leverage in a multiple offer situation

2. NEEDS ANALYSIS

- Describe your perfect home
- What are your "must haves?"
- When do you need to be in your home by?

3. SELECT & VIEW PROPERTIES

- All brokers have access to the same information
- If you see a home on a website, at an open house, at a new construction development, etc... **CONTACT US!**
- Our average buyer looks at #? properties before finding the right HOME
- Communication is key to finding the right home quickly!

4. WRITING AN OFFER

- Be prepared to move quickly once we have found the right home
- Understanding a Seller's Market vs. Buyer's Market
- Earnest Money Deposit
- Proof of funds for your down payment and closing costs
- Pre-approval letter
- Letter to the seller

5. NEGOTIATE

After we present your offer to the listing agent, it will either be accepted, rejected, or the seller will make a counter-offer. This is when we will use our knowledge of the market & expert negotiating skills to negotiate the terms of the contract on your behalf.

CONTRACT TO CLOSE

6. CONDUCT APPLICABLE INSPECTIONS

Once seller has accepted your offer to purchase their property, it is time to bring in a professional home inspector to ensure the property meets the required standards. Any serious issues that arise will be brought to the attention of the seller and we will help you negotiate who will be responsible for fixing the noted repairs.

7. REMOVE CONTINGENCIES

- Financing Contingency - If financing the purchase, the contract will state that it is contingent on the home appraising for the contract price and financing.
- Inspection Contingency - Purchase is contingent on the property being professionally inspected and repairs done by the seller.
- Home Sale Contingency - Selling your current home.

8. MORTGAGE LENDER

- Credit Check
- Underwriting
- Survey
- Appraisal
- Insurance

9. CONDUCT TITLE SEARCH

- Remove any encumbrances
- Obtain title insurance

10. OBTAIN FUNDS FOR CLOSING

11. FINAL WALK THROUGH

12. CLOSE ON THE PROPERTY
