This information sheet is designed to support you in identifying, reflecting on, and documenting how your service operations and practices are linked to:

- Frameworks,
- NQS,
- Theorists,
- Developmental Milestones, and
- Exceeding Themes.

# OSHC WEEKLY PROGRAMMING AND REFLECTION DIARY

This diary is an indispensable tool for record-keeping and planning for compliance under the NQS. It teaches staff to be uniform and vigilant via a weekly format. This in turn reduces the stress and workload associated with the NQS.

## HOW DOES OUR DIARY HELP WITH COMPLIANCE?

### FRAMEWORKS

#### Principles

- **Partnerships with families** and **respect for diversity** are encouraged with weekly planning prompts, family input, displayed program, weekly reflections, extension planning, and a diversity dates calendar. **Secure, respectful, and reciprocal relationships** are promoted through a program that encourages **holistic planning** that prioritises nurturing relationships, interdependence, wellbeing, and connectedness. Embedding **Aboriginal and Torres Strait Islander Perspectives** and **Sustainability** is prompted through a weekly culturally responsive and sustainability planning column. The Creative Thinking Program is designed to support educators in their **commitment to equity, inclusion, and high expectations** in their program and practice. A weekly reflection spread captures **critical reflection and ongoing professional learning** as a principle. The Butler Method promotes **collaborative leadership and teamwork** through a program designed to capture the ideas and reflections of **all staff, families, children, and the community** to provide the best outcomes for children.

#### Practice

- **Holistic, integrated and interconnected approaches, play-based learning and intentionality, cultural responsiveness, and responsiveness to children** are encouraged through our box prompts in the weekly programming spread. The reflection spread prompts consideration of your **learning environments** and **continuity of learning and transitions**. **Assessment for learning** is captured in extension planning, individual observation record, photographic evidence, and reflections.

#### Learning Outcomes

- Supports your planning and reflection based on the **MTOP outcomes** with a weekly framework checklist and reflections for outcomes covered.
- Supports reflection on learning outcomes with **prompts that cover the MTOP outcomes**.

### COVERS:

- LO1: Children and young people have a strong sense of identity
- LO2: Children and young people are connected with and contribute to their world
- LO3: Children and young people have a strong sense of wellbeing
- LO4: Children and young people are confident and involved learners
- LO5: Children and young people are effective communicators

## HOW DOES OUR DIARY HELP WITH COMPLIANCE?

### THEORETICAL LINKS

- Erikson believed children move through 8 stages across their lifespan in their social and emotional development. Children are supported through a crisis to develop socially and emotionally when the environment and educators support their development. This can be done through **relationships, planning for children's skills, providing a variety of play experiences, and inviting children to contribute to the program**, which is supported and promoted by our planning boxes and critical reflection.
- Piaget believed children must master one stage before they could move on to the next stage of cognitive development. Planning for children's **individual skills, interests, and abilities** is prompted through **critical reflection** on learning data, the environment, resources used, and extension planning, as well as a record of observations captured.
- Vygotsky emphasised the importance of social interactions on development. Social interaction is planned daily through a Group Activity **planning box**.
- Gardner suggested there was more than one intelligence and placed importance on **arts and creativity in children's learning**, we captured this daily with a Creative Activities planning box.
- Bronfenbrenner emphasised the importance of interactions between environmental factors on children's development. **Interactions between parents and educators** are encouraged with family input into the program.
- Montessori pressed the importance of the environment and resources in children's learning. She believed children learn best when **using their senses and following their interests**. We have embedded this into our Weekly Programming and Reflection Diary with a **Children's Choice, Science / Environment, and Creative Activities** planning boxes and **reflections** on the **environments and resources used**.

# OSHC WEEKLY PROGRAMMING AND REFLECTION DIARY

## HOW DOES OUR DIARY HELP WITH COMPLIANCE?

### EXCEEDING THEMES FOR YOUR QUALITY IMPROVEMENT PLAN

#### THEME 1

##### Embedded in Service Operations

Our Weekly Programming and Reflection Diaries are designed to ensure **consistency of practice and provide evidence** for intentional practices that are being implemented by staff. The diaries are designed to support consistency in **daily planning and weekly reflections** to support extensions for the following week. An **ongoing cycle of planning** is promoted with weekly emerging ideas and extension planning prompts.

#### THEME 2

##### Informed by Critical Reflection

To ensure your practices are informed by critical reflection, our diary includes **weekly reflections and extension planning** to promote ongoing analysis and drive ongoing quality improvement. The **reflection prompts** you to think about different areas and critically reflect on improvements that can be implemented in the following week's program.

#### THEME 3

##### Shaped by Meaningful Engagement with Families and Community

Our diary supports meaningful engagement with families and the community by **encouraging family input** every week to embed in your program. Its design allows your program to be **displayed for families** so they can provide input and feedback on their children's learning. A diversity dates calendar and weekly column is included so you are **prompted to embed community and cultural events** and learning into your program.
